Su Yang once traveled to the world of pirates and became the captain of the seventeenth division of the Whitebeard Regiment.

Not assigned to team members, it doesn't matter, fortunately the summoning system is activated.

Madara, Black Dragon, Tornado, Misaka Mikoto, etc. are all members of Su Yang's Seventeenth Division.

Warring States: "I'm numb, it's more difficult to play a team than Whitebeard."

81 Lucky Chest, Eight Inner

Gates?

Just thinking about it, Su Yang looked at the blond old man.

"But...it seems that he didn't give me this time."

Su Yang murmured inwardly.

The blond old man is strong, if Su Yang gets distracted in the middle of the fight.

The result, obviously, required a fight, and, with the Conqueror's Haki he used, the power of the attack was far superior to normal.

Maybe.. don't know if it's fate or what.

Suddenly, at this time, a World government officer in a black suit came here with a phone bug.

When Su Yang saw this scene, he felt that the opportunity had come, and immediately recited in his heart.

"System, open the lucky treasure chest. 39

[Ding... The command is received, it is opening. □

[Ding.....Congratulations to the Host for obtaining Taishu, from the

Hokage world' Eight Inner Gates (modified version)', please check the detailed introduction in the Host panel. . □

With the fall of this voice, the memory of using Eight Inner Gates entered Su Yang's mind.

But fortunately, there is no discomfort.

Eight Inner Gates?

And is it a modified version?

At this moment, Su Yang's eyes seemed a little dull.

But...the heart has been 413 gradually excited.

Yes.

Eight Inner Gates is a good thing.

Moreover, the one he got now is still a modified version.

Taking advantage of this time, Su Yang immediately opened his property panel.

Host: Su Yang

Binding: Whitebeard Pirates Episode 17

Abilities: Tough body, Conqueror's Haki (Conqueror's Haki awaits awakening)

Special abilities: Wood Style, Sage Body, Eight Inner Gates modified version 10% (with the increase of unlocking degree, the use will reduce the body loss, 100% will be no damage, the final gate opening will consume its own physical strength, and will not consume Vitality. Note: The damaged body will appear a day later.)

Summoning value: 0 (0/100) (dropped by random people or things encountered in Host)

Summoned characters: Uchiha Madara (52%) Diablo (37%), Ace Kano (42%) Tornado (32%) Giorno Chopper (30%) Unlock progress does not affect moves, The unlocking progress reaches 60 and reaches the peak

strength of the original world. If it exceeds 60, the summoned character will surpass the peak strength of the original world. The unlocking progress (baeg) is related to several events. .

Warehouse: None at this time.

Seeing this modified version of Eight Inner Gates, Su Yang shouted silently in his heart, the system is awesome.

Indeed, in the original Hokage, because Eight Inner Gates is an explosion of the ultimate ability of the body.

Then how much power it has exploded, how much damage the body will inevitably suffer.

No matter how strong the body is, it can only reduce the degree of this kind of injury as much as possible, but cannot completely eliminate it.

And, once the final door is opened, the final price is...death.

However, after the modification of the system, although the loss mechanism exists, as long as the unlocking degree is improved, there is no damage at all.

Moreover, there is another one that uses the damage to one's own body, which will be inherited the next day, which is also beneficial. After all, if it is used up, damage will occur immediately.

Even after defeating the enemy, sometimes it is not easy to escape.

Of course, the most important thing is that after systematic modification, opening the final door will not cost life.

"Okay, I know.

The blond old man hung up the phone bug with a serious face, and handed the phone bug back to the man in black suit beside him.

"Then, I'll take my leave first." The man in the black suit said.

The blond old man nodded, and after he left, his eyes fell back to Su Yang, and the killing intent in his eyes was a bit heavier than before.

Obviously, the phone bug just now conveyed Im's instructions, and the intruder didn't stay.

"Although I already knew the winner and loser from the beginning, but, arrogant kid, I'll give you a chance to use the strongest move you're proud of. The blond old man stretched out a hand and said calmly.

The purpose of the blond old man is also very clear. He wants to let Su Yang know that his proud and strongest move is vulnerable in front of him.

Let Su Yang know that going to the Holy Land Mariejois is the most regrettable and desperate decision he has ever made in his life.

"Um?"

To be honest, Su Yang was quite stunned after hearing what the blond old man said.

"After the battle just now, you must have already understood that you, who can't even wrap the Conqueror's Haki, can hurt me? How can you leave scars on my body, which is exhausted? Kid, you I don't know anything about power."

"Okay, old man, that's all you want."

In fact, Su Yang was still thinking about how to buy time to open Eight Inner Gates.

After all, no one will stand and wait for Su Yang to fully open the Eight Inner Gates before playing, and will definitely stop it in the middle.

But..... I never thought that the blond old man would open the time directly to Su Yang, then he would naturally be rude.

Of course, if the Eight Inner Gates really can't pose a threat to him, then Su Yang will choose to retreat.

"Eight Inner Gates.... First gate, open, open! 35

"Second Gate, Hugh Gate, open!

"The Third Gate, the gate of life, open!"

"The Fourth Gate, the injury gate, open!"

"The Fifth Gate, Dumen, open! 35

When driving to the Fifth Gate, Su Yang's body was instantly covered with a layer of green light.

However, Su Yang did not stop and continued.

"The Sixth Gate, the King's Gate, open!"

"The Seventh Gate, start the gate, open!"

With the opening of the Seventh Gate, a powerful surge centered on Su Yang spread directly in all directions, and the body began to emit blue steam produced by the evaporation of sweat.

Watching the surrounding movement, the golden old man paused, and immediately felt a bad premonition.

"This guy...why does he have such power???" The golden old man looked unbelievable. Of course, he changed his words now, but he didn't intend to continue to do this to Su Yang, and immediately attacked.

"You are really in a hurry!!!"

Seeing the golden old man rushing over, Su Yang also gave up the idea of opening the Eighth Gate.

Kneeling and begging for flowers, monthly passes, and rewards.  
subscription.

82 The Opening of the Final Door

However, although Su Yang has only opened the Seventh Gate, his attack, speed, and strength have all been increased many times.

Facing the attack of the blond old man, this time, in Su Yang's eyes, it seemed to slow down many times.

"call!"

Looking at the fist that was approaching him, Su Yang leaned slightly,

and the blond old man's fist brushed past Su Yang's head directly, hitting the air.

However, due to the impact of the fist, it still caused a huge airflow.

After dodging, Su Yang naturally returned a punch, but the blond old man's luck was not as good as Su Yang's, and his midsection was straight.

"boom!"

"Pfft!!

The blond old man spurted a mouthful of blood directly from his mouth, and flew backwards at an extremely fast speed.

"Boom..."

"Boom....99

After passing through many castles in a row, the impact was neutralized.

He quickly climbed up, and when he saw Su Yang slowly walking towards him, he breathed a sigh of relief.

Yes, he was afraid that Su Yang was doing those weird moves that could instantly boost his strength.

"What the hell did this brat do? He can make his power skyrocket so terrifyingly in a short period of time."

"Even without Conqueror's Haki, it can do damage with its own strength."

The blond old man frowned and said, he has lived for so long, and he has seen many examples of soaring strength, but it is the first time he has encountered someone like Su Yang who has risen to the ultimate level.

"Eight Inner Gates...never heard of it. 35

The blond old man was uneasy just now, but at this moment, he actually felt a slight sense of crisis.

Suddenly, the blond old man seemed to have noticed something, and his eyes immediately turned towards the front, while Su Yang was rushing towards him at a very fast speed.

The speed is fast enough to drive the air and shake the dust on the ground.

The blond old man did not sit still, and immediately waved his fist.

"boom!"

The two punches didn't hit each other at all, but...a huge airflow was generated.

The surrounding castle collapsed in an instant, and the ground cracked.

The first half of the Grand Line.

A warship is sailing at a very fast speed.

And standing at the front of the warship, naturally Sengoku, Garp, and the three cranes.

Sengoku looked at the clock in his hand with a very complicated look in his eyes. On the one hand, he was worried about the Holy Land Mariejois, and on the other hand, he was afraid of Su Yang and they escaped.

However, on the other hand, he was afraid that even if he arrived, because of the Holy Land Mariejois, he could only watch Su Yang and the others escape.

He only occupied the time, while Su Yang and the others occupied the location.

"call."

Sengoku sighed softly and put the clock in his pocket in his pocket.

"Since boarding the ship, you have sighed five times, Sengoku, I think you should know best yourself, but we can only accept things like this unexpectedly."

Crane stood beside Sengoku with a kind reminder.

"I know."

Sengoku picked it up, and then continued: "I'm just thinking, even if we

arrive this time, I'm afraid we won't do much, because the destination is the Holy Land Mariejois, and we can't fight for us at will. ."

Crane shrugged, spread out his hands, and said with a hint of kindness on his face: "So don't think too much, everything is left to fate, you have to learn a lot from Garp. 99

Saying that, Sengoku and Crane looked at Garp standing on the left at the same time. At this time, he was already lying on the chair, sleeping soundly, grinding his teeth from time to time.

"NanNan.....

Sengoku chuckled and shook his head, then said calmly: "Perhaps, I also refused to be promoted at the beginning, maybe I can be as free as this old bastard Garp used to be."

"Unfortunately, there is no chance. The bigger the official position, the greater the responsibility. Sengoku, work hard. When the time comes, if you can't work anymore, then retire." Crane patted Sengoku on the shoulder and said with a joking smile.

Of course, Sengoku also directly ignored Crane's jokes. He looked at Crane and asked.

"How long will it take us to arrive at this speed.

·0 for flowers.....

"If there is no accident, half an hour will be almost the same."

"Half an hour.

Sengoku's eyes flickered, as if thinking of something, he nodded.

On the Holy Land Mariejois, whether it was Uchiha Madara, Diablo, or Ace Kano, their battles became more and more intense.

The area of damage to the holy site Mariejois is getting bigger and bigger.

However, it is worth mentioning that the Five Elders who were chasing

the ship also managed to catch up, and were engaged with Tornado and Giorno Chopper.

On Su Yang's side, since he opened the Seventh Gate, the tide of battle has turned.

However, although opening the Seventh Gate can compete with the blond old man, it is still a bit difficult to defeat the blond old man in a short period of time.

And he can't delay too much time here, otherwise, it will be more and more unfavorable to their side.

"Bang bang bang .

"bang bang bang""

"Boom..."

With the final punch, both sides retreated dozens of steps.

They both reached out and wiped the blood from the corners of their mouths at the same time.

"For a long time...for a long time, no one has been able to play against me like this, although I don't want to admit it, but kid, you are one, but I am very curious, your sudden surge in physical skills should be very good. Use up your own stamina.""

"You don't have to worry about that."

"Ha ha ha ha ha"

The blond old man laughed, then continued: "That should be it, even in this state, you can't kill me, but after I wait for your state, I can kill you.

"You're right, then I'll change my state.

Ask for subscription, ask for monthly pass, ask for self-determination, some free data.

83 Kamui Reappears, Five Elders

Die

"Change status???"

As soon as the blond old man heard Su Yang's words, his face changed dramatically.

The treacherous smile that hung on his face before disappeared instantly without a trace, replaced by a solemn look on his face.

"You Eight Inner Gates, can you still increase?"

The blond old man asked tentatively, and now he didn't know whether Su Yang was bluffing, or whether he could really increase.

Su Yang grinned, and then said gently: "You would say he is Eight Inner Gates, of course there is Eight Gate, and now I only open Seventh Gate."

"I won't give you time to turn it on. 35

The blond old man snorted coldly. The reason why he was given time in front of him was because he didn't know that Su Yang had such a stunt at the bottom of the box.

If time could go back, no matter what he did, "Four-One-Three" wouldn't let Su Yang start this terrifying thing.

Su Yang just smiled and didn't care, because, no matter whether the blond old man gave time or not, he could open the final gate of Eight Inner Gates.

"You can't stop it.""

"You can try!!"

Su Yang did not continue to pay attention to him, and put his hand on the acupoint of the dead door, and the blond old man rushed over immediately after seeing Su Yang's move.

"I will never let you enter the last door."

"It's too late!"

Su Yang sneered: "The Eighth Gate, Dead Gate, open!"

As soon as the words fell, the blond old man had come to Su Yang and

had already raised his fist.

"Boom!!!!

Accompanied by a loud sound, huge smoke and dust rose from the sky in an instant, and then spread out in all directions like a tide.

When the smoke and dust gradually became thinner, two figures appeared faintly inside.

"call

The smoke finally dissipated as a light wind blew by.

At this moment, Su Yang has changed from the blue steam to the blood-colored steam, the hair and the eyebrows have turned red, and, just now, he took the punch from the blond old man.

"I said. You can't stop it." Su Yang turned his head slightly and looked at the blond old man.

"Damn...

The blond old man scolded, and beads of sweat appeared on his cheeks.

"are you ready?

Su Yang said lightly.

"Little devil, don't be proud of me, it's unclear who wins and who loses?

35

The blond old man roared, Conqueror's Haki wrapped his right foot directly, and then kicked Su Yang with a sweep.

The corners of Su Yang's mouth raised slightly, at his kick.

Su Yang didn't plan to dodge at all, and saw that he raised his fist and punched the blond old man directly.

Seeing Su Yang, the blond old man who didn't play cards according to the routine, was also stunned.

"boom

Su Yang's fist hit the blond old man's abdomen, and the blond old man's

foot has kicked Su Yang's arm.

In the next second, Su Yang moved a few steps to the side, and the blond old man flew out.

He kept rubbing on the ground, anyway, there would definitely be potholes where he rubbed.

Flying out a long way upside down, the blond old man finally stopped using the 'handbrake'.

The next second, with a 'poof' sound, a large mouthful of blood spit out from his mouth.

In the abdomen, there was a severe pain, and it was obvious that the inside was severely damaged.

"Cough cough..."

Now, he is still coughing up blood.

"I didn't expect that Conqueror's Haki plus Armament Haki's defense would still not be able to offset the attack of this punch?"

The blond old man murmured.

At this moment, he suddenly understood the meaning of Sengoku's sentence "We can't stop it at all".

"Tap Tap... 35

At this moment, a sonic boom came into the ears of the blond old man.

He looked up and saw Su Yang stepping on the void and leaping forward.

"Flying ability? No, Moonwalk?"

When running to a certain distance, Su Yang used Eight Inner Gates' 'Elephant Evening' move.

Xixiang is an advanced physical technique used after opening the Eighth Gate of Eight Inner Gates, the Gate of Death.

Burns blood and produces red steam on the body surface, creates powerful air cannons by hitting the air, and the speed is continuously

increased from 1 to 5.

In the original Hokage, Might Guy used this trick to break the horn on Uchiha Madara's head in Six Paths state.

And, a punch at five-speed directly hit Uchiha Madara to the point of vomiting blood.

If at this moment, Uchiha Madara is here, he must be able to recognize at a glance that the move that Su Yang is using now is the move used by the man he recognized back then.

However, the load on the body was so severe that Might Guy started to crack in the bones of his arm the first time he used one speed.

However, for Su Yang's modified version of Eight Inner Gates, naturally there will be no bone fractures, but there will be physical damage, but he doesn't need to worry, because the physical damage will be capped.

"One foot!"

As Su Yang threw this punch, an invisible force rushed towards the blond old man at an extremely fast speed.

Originally, the blond old man wanted to resist and released Armament Haki, but the result was obvious, and it had no effect at all.

When that invisible force directly hit his body, he was directly impacted by the air pressure, his face seemed to be deformed, and blood flowed wildly.

"Two feet!"

"Three legs! 99

"Wanted!"

Only after four consecutive strikes, Su Yang could clearly see that the blond old man's body had already deformed, but he would not be relentless and continued to strike his final blow.

"Wuzu! 35

"Boom."

Su Yang punched his abdomen, hit the ground, and then kept rubbing away.

On the ground, leaving a huge, deep ditch.

Smoke billowed up.

And the surrounding movement, it seems that 4.6 also quieted down after Su Yang hit the final blow.

At the end of the deep ditch, Su Yang has returned to his original state.

"Whirring whirring..."

He sucked the air greedily.

"Sure enough... With your current physique, is it still too reluctant to use Eight Inner Gates?"

He murmured, and now he is a little afraid that it is time to inherit his body injury tomorrow.

His eyes were fixed on the blond old man lying on the ground, whose body had been seriously deformed, and he said in a deep voice.

"Looks like... I won?"

Brothers, the cold is much better this afternoon, and the normal update will start tomorrow.

84 Our old friend died in battle....

(please complete order)

"Cough cough..."

Just after Su Yang's voice fell, the blond old man coughed a few times, and blood couldn't stop flowing from his mouth.

Seeing this scene, Su Yang was quite surprised. He didn't expect his vitality to be so strong, his body was already like this, and he still had a breath.

"I've been through all kinds of wars, but...I have survived, I didn't

expect...today... But it fell into the hands of a kid...hahahahaha.

When the blond old man said this, he couldn't help laughing at himself, yes, maybe no one would believe it.

A generation of kings actually fell into the hands of a little devil.

"Cough cough..."

Laughing and laughing, the blood gushed out again, and in the end, he didn't take a breath, and there was no movement.

This time, the blond old man was really killed.

Su Yang didn't say anything, just stared at his body for a while, then turned to leave.

After all, the time he stayed here has exceeded his expectations.

However, just as Su Yang turned around, suddenly, in his ear, a familiar reminder sounded.

[Ding... Detect nearby summon fragments!]

"Um?"

Su Yang was slightly surprised, and involuntarily glanced back, sure enough, beside the blond old man's body, there was a white fragment of light.

"White light?"

Su Yang's eyes flickered slightly. In the past, the summoned fragments exuded a golden light, but this time, it was indeed an exceptional white light.

After muttering, Su Yang didn't think much about it. Anyway, he picked it up first and waited until it was safe to study what was special about it.

□Ding.....Congratulations to Host for getting Summon Fragment X1□

After the system's notification sound fell, Su Yang jumped, took out the phone bug while running, and dialed.

Soon, the tornado was connected.

"Are you there?"

"We were chased by an old guy and flew out of the Holy Land Mariejois, and now we are on an island." Tornado responded.

"Old guy? 35

Su Yang paused for a while, and without thinking much, he naturally knew that it was one of the Five Elders.

"And now?" he continued.

"Since we left the Holy Land Mariejois, the old guy has turned back. Now, we are docked on a coast. How is the situation on your side? Do you need us to help? I have played against those old guys before, and their strength seems to be Very strong." Tornado asked worriedly.

Up front, Tornado and Giorno Chopper took on him as soon as the Five Elders caught up.

However, the battle did not last long, Giorno Chopper chose to retreat, and Tornado agreed.

Of course, the Five Elders naturally wouldn't let go so easily and continued to pursue, but when the ship left the Holy Land Mariejois, he turned back.

"I have already experienced the strength of those old men. By the way, have you contacted others?"

Su Yang asked worriedly. The main concern was whether the Five Elders had any weird tricks or something.

As for the power aspect, I don't care much, because they are all very strong, and even if they can't beat them, it is not difficult to escape.

"Well, they have all been contacted, and everyone is evacuating."

"Evacuate?"

Su Yang was a little surprised. Originally, he was thinking, if there is a need for help, should he help himself in the past, but now...it seems that

there is no need for it.

"Mmmm, after you're done with the solution, just evacuate, Su Yang."

"okay, I get it."

Hanging up the phone bug in his hand, he put it back in the bag, and immediately followed, he jumped to the heights.

Looking around, there was also the sound of fighting in the direction of the distance, but the direction of the explosion was not fixed in one place.

According to this reasoning, the situation should be a chase and a run.

"It seems...it is indeed retreating."

After muttering, Su Yang continued to run towards the gate of the Holy Land Mariejois.

Meanwhile, Uchiha Madara's side.

Because the common direction was the gate of the Holy Land Mariejois, he joined Diablo, Ace Cano and others when they were in one place.

The three Five Elders were desperately chasing after him.

"Boom...."

"Boom."

The explosion sounded incessantly, Ace Kano said with a smile while carrying the axe.

"These old guys really don't give up, if it wasn't for Su Yang's explanation that he couldn't stay here for too long, I would definitely decide the outcome with him.

"Before, I always felt that fighting back and forth was very comfortable, but...it seems that this kind of feeling is also very good. 413 Diablo leaked a rare smile.

Uchiha Madara glanced at the two of them out of the corner of the eye, and said calmly: "Hurry up and meet, according to Tornado, as long as

they leave the Holy Land Mariejois, they will not chase after them.

"Look, that figure is Su Yang!!!"

Diablo suddenly shouted.

"What a coincidence, I didn't expect to bump into Su Yang again. 39

And suddenly at this time, another Five Elders directly blocked the pursuit of Uchiha Madara and the other three Five Elders.

The three Five Elders immediately stopped and cursed in confusion.

"what are you doing???"

"Do you know that when you did this, you let the three of them go.

"Damn, leave him alone, or catch up quickly, otherwise, we won't be able to deal with Lord Im."

"Stop chasing...""

The old man standing in front of them said solemnly.

The other three old men looked at him suspiciously.

He continued: "Just now, we have an old friend whose life card has been reduced to ashes. 99

Ask for a subscription.

85 Su Yang: Sengoku, Garp, we meet again (please ask for full order)

The three old men were shocked when they heard it, and the expressions on their faces instantly became stiff.

"What are you kidding, do you know what you are talking about?" one of the old men asked.

"Yeah, the life card turns to ashes, which means it's coming to an end."

Another old man followed suit.

After all, in their eyes, those who attacked the Holy Land Mariejois were nothing more than a bunch of little devils. Who among them could

threaten the lives of the five of them?

The old man who stopped them did not explain, but the two lines of hot tears flowing from the corners of his eyes were the best explanation.

"Impossible...impossible, absolutely impossible, who are we? We are the top leaders of the World government, and they are just a small team under the Four Emperors."

One of the old men wandered and shouted, but his eyes were always on the old man who stopped them.

At this moment, there is no doubt in his heart that the old man who stopped them said that everything he just said was a joke.

However... not.

He was anxious, he walked directly to the old man who stopped them, put his hands on his shoulders, and then questioned.

"Hurry up and tell me, hurry up and tell me it's all fake!!!!"

"It's all...it's true!"

As soon as these words came out, the old man slumped directly on the ground, with an extremely complicated expression on his face, like smiling but not smiling, like crying but not crying.

However, soon, his eyes became moist, his eyes began to be confused, and pea-sized tears fell to the ground.

"Why? Why? They are just a small team under the New World Four Emperors. Why do they have the ability to kill us."

The other three old men did not reply, their hearts were also very complicated, and their eyes were moistened.

Yes, how to put it, that was also a partner who used to fight side by side.

Before they, although there were often different opinions, everyone had already regarded each other as brothers.

"Let's go~!"

One of the old men patted the old man who was slumped on the ground and said softly.

In the end, the four old men rushed to the other side of the battlefield, and after a few minutes, they managed to find the place where Su Yang fought before.

Looking at the degree of destruction around them, their faces became even more ugly.

"Here...what kind of battle happened before!!!"

"Unexpectedly, it has been destroyed to such an extent."

"What is the origin of the Seventeenth Division of the Whitebeard Pirates?"

"Does a single team have such strength? It's really incredible."

"Now.... things seem to be getting more complicated. 99

"Ah ah ah ah ah ah ah!!!!!!"

Suddenly, the old man's cry came from the other side.

Everyone heard the sound and looked at them, and then jumped quickly.

The three old men all came to the edge of the deep ditch. The scene that appeared in front of them made them pale in shock.

Yes, what caught their eyes was the blond old man whose body had been severely deformed.

"This... what kind of power can make the body of Lao Jin (probably named) become like this. 35

"We were wrong...we were completely wrong."

"We totally underestimated the power of these guys!!"

"Yeah...is it the captain of Whitebeard's Seventeenth Division, Su Yang?"

"You can't go wrong, the three we're chasing are just team members.""

Meanwhile, Su Yang's side wasn't so lucky.

When Su Yang and the others arrived at the gate of the Holy Land

Mariejois, they met Sengoku, Garp, and Crane who came to support them.

"Yo, Sengoku, Garp, didn't expect us to meet again so soon.

Su Yang stood at the front, with a smile on his face, he waved at Sengoku and them.

Compared with the natural expressions of Su Yang and the others, the expressions of Sengoku and the others were extremely difficult to see.

"You...you madmen!!!!!" Sengoku roared, clenching his fists tightly.

"Marshal Sengoku, we all learned this from you! Shouldn't you, have you forgotten so soon? However, it doesn't matter, we can just remember. 35

Su Yang raised his mouth slightly and said calmly.

As soon as Su Yang's voice fell, Sengoku immediately rushed towards Su Yang, and then Armament Haki covered it.

'Boom!'

With a loud noise, the surrounding smoke billowed up, and in the next second, Sengoku flew upside down.

Garp and Crane shot immediately, supporting Sengoku's shoulders, which made him stop.

"Sengoku, calm down.

The crane stared at the smoke and reminded.

"You bastard, call me reckless, I don't think you'll be any better." Garp said calmly.

However, when Garp's voice fell, suddenly, a blue giant rose from the ground, and this was Uchiha Madara's full body Susanoo.

"Is it this way again?"

Looking at the Susanoo in front of him, Sengoku recalled the True Several Thousand Hands used by Su Yang when he was on the island.

"Everyone be careful.. delay"

Sengoku shouted.

"This time has not yet come, the last time you suddenly attacked us and the account has not been settled, wait for the next time, I will pay it all back to you, Sengoku. Su Yang stands on Susanoo's shoulders, shouted at Sengoku.

Immediately, he said to Uchiha Madara: "Let's go, Madara!"

Uchiha Madara nodded, then controlled Susanoo to fly, and finally, passed directly over the heads of Sengoku and Garp, and slowly disappeared from their field of vision.

This time, Sengoku and the others, did not intend to pursue.

"I didn't expect..... We would have such a day." He said deeply while stepping.

"Xiaohe is right, even in the era of Roger, Roger was not so crazy. 35

Garp also caught up and said.

Calvin is uncomfortable, good brother, please make a decision.

86 Sengoku: I'm numb,

how long has it been since there are new players (please order all)

Sengoku was sluggish in place for dozens of seconds, and then slowly started to catch up.

Although they were all prepared in their hearts, when they arrived at the Five Elders, they were still somewhat shocked when they saw the scene in front of them.

"I never imagined.... The madmen of the Seventeenth Division can be so crazy with their revenge? 39

Crane walked to a relatively intact stone wall, glanced at the surrounding ruins, and sighed softly.

"It's impossible, we couldn't have rushed to the Holy Land Mariejois for

support in such a timely manner." Garp stood behind Crane and said.

And just when Sengoku was about to speak, suddenly, a group of tall men in black suits came over.

"Mr. Sengoku, please send all the Marine soldiers who came with you to the gate of the city."

Hearing the words of the World government officials, Sengoku was slightly startled, and he glanced around, just meeting the eyes of the other four Five Elders.

In an instant, Sengoku felt as if something bad had happened 413.

"Um!"

Sengoku nodded, turned around and shouted, bringing himself to the Marine soldiers who supported the Holy Land Mariejois, and all retreated to the city gate.

"What about Garp and Tsuru? Or should I quit together?" Sengoku asked.

"No need, Mr. Sengoku, all three of you are Marine veterans, all of whom have made great contributions to the World Government."

"Also, please Mr. Sengoku, Mr. Garp, and Staff Officer Tsuru, please come with me."

Although Garp, Crane and Sengoku were confused, they still followed the people from the World government.

After a while, they came to the front of the four Five Elders.

Sengoku is the person who arrives before the sound.

"It must be something big that even Marine didn't let know.

"You can see everything by yourself." The old man wearing a dark blue suit with long straight white hair and a long beard said solemnly.

Soon, under the guidance of the World government personnel, Sengoku and the others all looked at the blond old man whose body was severely deformed in the deep ditch.

"This is.."

At the same time, Sengoku, Garp, and Crane all had expressions of surprise on their faces.

"That's right, as you think, in this battle of the Holy Land Mariejois, our World government not only lost face, but even suffered huge losses." One of the old men said solemnly.

Another old man carefully picked up the blond old man's body from the deep ditch, and then added: "Aside from everything, we... also lost an old partner.

Garp, Crane, fell into silence, did not make a sound.

Sengoku said with a worried look: "So, what are you going to do?"

"In the long run, the threat to us from the Seventeenth Division of Whitebeard has far exceeded our budget." Wearing a black suit, he has white curly hair, a fluffy white beard, and a flat hat. The old man with a scar on his face said calmly.

"And, Sengoku, there is one thing I need to confirm, how many members of the Seventeenth Division of Whitebeard there are.

"Led by Su Yang, the team members are Uchiha Madara, Diablo, Ace Kano, Tornado, Emily, and Anna, a total of seven." Sengoku said calmly.

However, after speaking, Sengoku seemed to think of something and asked again: "What's the matter? Could it be that the information is wrong? It shouldn't be possible. The last time we fought, we had already made all the inquiries (baeg) clear. .

"call!

The old man who went to chase the tornado before sighed deeply, and then said solemnly: "It's not wrong, it's just that this time, there are a total of eight people who participated in the battle of the Holy Land Mariejois, except what you said. , On their boat, there is also a blond

guy, and he is also Devil Fruit ability, his ability is not yet clear.

No doubt, Sengoku and Garp and Crane were shocked when they heard what the Five Elders had to say.

After all, it is.

quick...

7.....

In such a short period of time, a new team member was recruited.

Not surprised, it must be false.

"This guy Su Yang..., what kind of magic power does he possess to recruit such a powerful guy every time. 33 Sengoku frowned, unable to calm down for a long time.

"Yeah, I can't figure it out, how come there are so many strange powerhouses recruiting him, it's not long after that, and a new teammate has been added.

Crane is also puzzled. You said that it would be better if you recruited a few weak ones. However, all of them are outrageously strong, and their abilities are even more diverse in Eight Gate.

"This kid named Su Yang probably did it under the name of Whitebeard, so everything went so smoothly." At this time, the Five Elders on the side gave an explanation.

However, Sengoku and Garp disagreed with his statement.

"Impossible, I think this matter should have nothing to do with Whitebeard, but Su Yang, who must be hiding some big secret." Sengoku speculated.

"The Seventeenth Division of Whitebeard is outrageous. It even gives me the feeling that this division is more difficult than the Rocks Pirate or the Roger Pirates." Garp gave a very good evaluation.

"I agree with what you said, Garp. Even, if I had a choice, I would rather

fight with Whitebeard and the others than with his seventeenth division."

Sengoku said calmly.

"Ugh!

The Five Elders around him sighed.

"You seem to have lifted Whitebeard's Seventeenth Division a little high."

One of the old men said,

At this time, Sengoku wanted to say, do you have no points in your heart? One of the Five Elders has been slaughtered.

However, he didn't say that, but said: "This is the point, it's useless to say more, let's quickly clean up the battlefield and start rebuilding the damaged part of the Holy Land Mariejois.

87 The bounty of the 17th

Division has been changed again

(please complete the order)

Soon, World government personnel and Marine soldiers began to clear the battlefield.

The result of this battle, no doubt, is that the World Government lost its wife and lost its troops, lost face, killed many Celestial Dragons, and even lost one of the World Government's top leaders.

Two hours after the incident, the Five Elders were summoned by Im.

The Void Throne stands tall on the solemn hall, and below it, the red and yellow color scheme is used, solemn and sacred.

And in front of the throne are full of swords and sabers.

At the same time, sitting on the Void Throne is the leader of the Celestial Dragons, the mastermind behind the World government, and the master of the Void Throne....Im.

Below, there were the four Five Elders who had just received the order

and went here. They all knelt down on one knee and lowered their heads.

"Five Elders...come to meet, Lord Im."

The sound resounded throughout the hall, and Yimu, who was sitting on the Void Throne, opened his eyes slightly and looked at them.

"As the top leader of the World government, to be so embarrassed by a group of little devils, this is really a big joke!

Im's voice was low, but the Five Elders could hear it clearly.

After listening to Yimu's words, the Five Elders looked solemn, their backs were cold, and their spirits were also tense.

"Sorry, Lord Im, for disappointing you."

"The 800-year backlog of the World government has been swept away by you today. It's not even if you don't keep people. You even got a top leader of the World government. It's ridiculous, it's ridiculous."

The four Five Elders bowed their heads and said nothing. Everything Im said was true, so they had nothing to explain.

Im slowly stood up and walked slowly to the side of the Five Elders, which made the four of them even more nervous.

"This is the end, it's useless to say more." Yimu took out a stack of wanted notices from his arms, and was still on the ground.

She continued: "Who? Ended his life?"

The old man who was close to the wanted notice found Su Yang's one from the stack of wanted notices, and handed it to Yimu, calmly said.

"The Whitebeard Pirates, the captain of the seventeenth division, Su Yang, as for the way this kid was killed, we don't know."5

"Su Yang?"

Yi Mu's eyes flashed slightly, and the killing intent gradually leaked out.

"Lord Im, this Whitebeard's Seventeenth Division is a mystery, and everyone seems to have a great secret.

"Yes, Lord Yimu, I believe that Lao Jin's defeat may also be due to Su Yang's strange moves. 35

For what the Five Elders said, Im felt a little weird, but he completely believed what the Five Elders said.

"Is it possible...in this world, something beyond my knowledge has appeared?"

After Yimu muttered, he walked slowly to the Void Throne again, sat down, and said solemnly.

"No matter how much it costs, we must capture a member of the Seventeenth Division of the Whitebeard Pirates alive.

"Lord Yimu, this time, we will not disappoint you.

"Go back! 99

"Yes!!

Immediately after the Five Elders left, Im's eyes flashed slightly, and then he said softly: "Will you... have the answer I want in your mouth?"

The next day, for some reason, the news that Su Yang and the others attacked the Holy Land Mariejois was published in the newspapers.

For a time, the news that the 17th Division of the Whitebeard Pirates attacked the Holy Land Mariejois was rumored in the New World.

New World, a certain sea area.

On the Moby Dick.

Marko looked at the newspaper he just bought from Newbird, and his hands were shaking.

In the next second, he couldn't help but yell.

"Su Yang.. Su Yang the bastard.""

Yes, anyone, no one is numb, Marco told Su Yang a few days ago to be honest recently, don't waver.

·0 for flowers ·

Verbally, he kept nodding his head and saying yes, and in a blink of an eye?

"What's the matter, has something happened?"

The captain of the 16th division of the Whitebeard Pirates, Izuku asked worriedly after seeing Marco's expression.

Marko looked at him and said softly: "That kid Su Yang went to attack the Holy Land Mariejois.

"Oh, it's not the Holy Land...

Mariejois hadn't said it yet, and Izang was relieved for a moment, and she said in horror: "You...what did you say? Su Yang went to attack the holy place Mariejois????"

Marco nodded, and Yi Zang hurriedly avoided the newspaper with one hand, and the wanted bounty clipped on the newspaper was scattered all over the place.

"The 17th Division of the Whitebeard Pirates attacked the Holy Land Mariejois, and then under the siege of Marine and the World government, the 17th Division of the Whitebeard Pirates fled in embarrassment and collapsed.

Yi Zang read the contents of the newspaper, and then couldn't help but scolded: "Su Yang, this guy is crazy, right???? Holy place Mariejois is the headquarters of the World Government? With his strength, he rushed to attack?"

"However, fortunately in misfortune, Su Yang was lucky not to be caught by Marine, otherwise, things would be troublesome."

Having said this, Yi Zang sighed and glanced at Marco, only to see Marco half-squatting, holding a wanted warrant in his hand, looking at it, and even had a feeling of petrification.

"Marco? And...what's the matter? It doesn't seem like a good thing to see

you like this.

Yi Zang took the reward and wanted notice from Marco's hands in a daze, and when he looked around and saw Su Yang's avatar, he muttered: "Isn't it Su Yang's wanted notice, as for how fascinated he is? ?"

However, when he saw the string of bounties, Izang was dumbfounded.

"This...how is this possible? Why...why is Su Yang's bounty so high?"

88 Kaido's plan, the arrival

of the three major disasters

(please complete the order)

For the first time, Izang thought he had read it wrong, wiped his eyes, and counted again.

"One, ten, one hundred, one thousand... Ten million, one hundred million, one billion?"

"1.568 million Bailey???"

Izang's eyes widened, looking at Marco in disbelief, and finally, he laughed frivolously.

"Marco? Isn't this a problem? Su Yang.... How could Su Yang have such a high bounty, don't you think?"

When Su Yang offered the bounty a few days ago, Marko and the fifth division captain Bista, because they were afraid of their father's worries, hid the matter of Su Yang's bounty.

So, for now, on the Moby Dick, in everyone's impression, Su Yang only has a bounty of several hundred million.

Marco didn't answer "Four-One-Three", he picked up all the bounty orders scattered all over the ground, and handed them to Yi Zang.

Although Yi Zang looked suspicious, he still took it. Finally, when he looked around, his face became more and more ugly.

"A member of the Seventeenth Division of the Whitebeard Pirates, Uchiha

Madara, with a bounty of one billion and fifty million Baileys."

"A member of the Seventeenth Division of the Whitebeard Pirates, Diablo, with a bounty of 853 million Baileys. 99

"Part 17 of the Whitebeard Pirates, Ace Kano, bounty, 1.145 billion Bailey."5

"The Seventeenth Division of the Whitebeard Pirates, Tornado, Bounty, 300 million Baileys.

"Emily, 100 million, Anna 100 million."

When I said this, Izang felt that his brain had been paralyzed.

He continued to flip through it, and turned to the last one. The wanted notice was printed with only a hand-drawn drawing and the names of the members of the Seventeenth Division of the Whitebeard Pirates, but there was no name.

However, the initial bounty was 150 million Bailey.

"This...this...Marko, look, what's going on here? What's going on with the Seventeenth Division? 35

Yi Zang didn't know whether to laugh or cry, thinking it was some kind of conspiracy by the World Government.

After all, it is indeed a bit unbelievable. As the captain of the first division of the Whitebeard Pirates, Marco joined the Whitebeard Pirates very early.

At present, the bounty is also around 1.3 billion.

And what about Su Yang? When she was on the Moby Dick, there was no bounty.

And, how long has it been out?

The bounty rose from nothing to 1.5 billion Bailey.

What's even more outrageous is that his team members are all in units of 100 million, and the top two have broken one billion.

You must know that the number of one billion is already higher than most of the captains of the Whitebeard Pirates.

Take him as an example. Although he is the captain of the 16th Division of the Whitebeard Pirates, the bounty is only 510 million Berry.

Marco was at a loss for words. When he saw the bounty the other day, he was still a little worried. At this speed, Su Yang might not be able to surpass himself with the bounty in a few months.

result.....

Still sloppy.

What months?

Special mother, it has only been a few days, and it has already surpassed.

Now, in the Whitebeard Pirates, except for Whitebeard, Su Yang's bounty is currently the second highest.

"Yizang, don't ask, I don't know where to go. I want to know the truth of the matter more than you now, what the hell is this 17th division?"

Marco said with some autism in his heart.

"I'm going to tell my dad about it now.

As Izang said, he took the newspaper already wanted notice in his hand, turned around and left.

This time, Marco didn't stop it, because, compared to the days before, Whitebeard's complexion was much better.

The time has come to noon.

at this time.

Wanokuni, the island of ghosts.

"Ahahahahahaha"

A burst of laughter broke out.

"This guy Su Yang is really unbelievable. He attacked Marine and finally fled. He attacked the World Government Headquarters. He was beaten to

pieces.

Jack looked at the newspaper in his hand and couldn't help but tease.

Since being beaten by Su Yang, Jack has been injured for a while, and then, just today, he returned to Wanokuni.0

And beside Jack, there are the fire disaster 'Jin' and the plague 'Quinn', who are also known as the three major disasters like him.

6

"So, Jack, you bastard, you brought us here just because of this??"

Quinn's anger rose significantly, looking at Jack with an idiot's eyes.

"Even if he's so rude, Jack, he's the guy who beat you." Jhin said calmly.

Although Jack's character is ruthless and ruthless, he does not accept negotiation and negotiation, and everything can be solved by force.

But...for the Beasts Pirates, they are dutiful and loyal, and they are humble, respectful and hard-working to the two elder brothers Jhin and Quinn and the Governor Kaido, who are also the three major disasters.

"I asked Jack to call you here.

At this time, Kaido, who had been silent in front of him, spoke up.

"Governor Kaido..."

Jhin and Quinn's eyes moved slightly upwards and landed on Kaido.

"Jack, talk to them both.

Jack nodded obediently, and then said: "Governor Kaido thinks that the old thing Whitebeard has been active in everyone's sight too often recently, I'm afraid he is planning some conspiracy, so we have to make some moves in advance. ." 4.6

"what should we do?"

Jhin looked at Kaido and asked.

"Jack, take out that old Whitebeard's 17th Division bounty.

Jack nodded, then quickly handed Jhin the wanted list of the Whitebeard

Regiment's Seventeenth Division, and added.

"Though these guys have repeatedly challenged Marine and the World government, they have failed, but the bounty is surprisingly high.

Although Jack's words gave Jhin a precaution, Jhin still paused after seeing the bounty offered by Su Yang and all the staff.

"A reward of 1.5 billion.....???"

Quinn on the side was obviously stunned after hearing about 1.5 billion.

"When did the Whitebeard Pirates still have such a high bounty??"

89 Sengoku: Your special mother

is really talented (please ask for

full order)

Not only Quinn, but even Kaido, who was sitting above, blinked when he heard the reward of 1.5 billion.

"1.5 billion? Isn't that old Whitebeard's 17th division just recently established? That kid named Su Yang has already been offered a reward of 1.5 billion??"

Kaido was a little surprised at the speed of Su Yang's bounty increase.

"Governor Kaido, this guy named Su Yang is indeed offering a reward of 1.5 billion, but his strength is not worthy of the 1.5 billion, I guess, the reason why the World government can give him such a reward.

"It's that the actions of these guys were too crazy. They attacked Marine at one time, and the Holy Land Mariejois at another time. The most important thing is that they escaped safely every time."

Jack's excellent speech directly skewed the judgment of Kaido and his party. They all nodded, thinking that what Jack said was reasonable.

If 10 Sengoku and the others were here, they would give a thumbs up and praised: "As expected of you, Jack, you have guessed this special girl, you are really a talent."

"Continuously provoking the World Government's face, this can indeed increase the bounty quickly, but will it increase a little more?" Although Jhin agreed with Jack's statement, he did not fully agree.

After all, he doesn't think that provocative face, without strength, can get a bounty of 1.5 billion.

"I know too little about that old Whitebeard's Seventeenth Division, so I don't have much to say." Quinn also spoke at this time.

"Brothers, you are too cautious, those guys are just... a squad of that old Whitebeard, how strong can they be?"

"If I hadn't been careless last time, how could I have ended up so embarrassed. Jack said confidently.

"Grumpy gurgle..."

Kaido held a large jug in his hand, kept pouring fine wine into his mouth, and then slowly said: "What is the purpose of that old Whitebeard? Shouldn't he, he also wants to be the Pirate King?"

After all, Kaido threw the bottle in his hand on the ground in anger.

Seeing this, Jhin didn't even think about it, and said to Kaido: "Governor Kaido, although I don't know the purpose of the Seventeenth Division of the Whitebeard Regiment, but as long as we destroy the Seventeenth Division, What they want to do, they can't threaten us."

"Brother Jhin, there are already many members of the Seventeenth Division. Let me follow you on this mission. Besides, I also want to kill the guy named Su Yang with my own hands." Jack said decisively.

Jhin nodded, but agreed to Jack's request. After all, to be honest, he was not so confident that he was asked to deal with three over one billion, and a few others close to one billion.

Even if it is true as Jack said, this bounty is very high, but there will definitely be some advantages.

"Quinn, let's go too, this way, I'll be more at ease, don't let me down!

After all, this time, the Beasts Pirates have the highest combat power."

Kaido ordered.

"Don't worry, Governor Kaido, no matter what the old Whitebeard is planning, we won't let him succeed. Jack, Jhin, and Quinn said in unison.

Sabaody Archipelago.

coast.

Usually a small boat.

Emily, Anna and the group of Tornado were all standing at the door of Su Yang's room.

At the same time, Su Yang was lying on the floor of the room, he breathed greedily, and dense beads of sweat had gathered on his forehead.

Yes, in this situation, it is the price of "damage" to my body yesterday by using Eight Inner Gates

0

Now, his feeling is that every pore in his body is like being pricked by a needle, and every place is like being bitten by an ant.

"Damn, there is an upper limit for losses and injuries, otherwise, I really can't hold on anymore." Su Yang groaned inwardly.

However, there is another advantage that, because Eight Inner Gates is a modified version of the system publication, Su Yang can repair the damage caused to the body by using Eight Inner Gates in one day.

"Sir Su Yang, are you alright.

Outside, came Anna's worried cry.

"I said, I'm fine. You can do whatever you need to do, and do what I told you to do as soon as possible. Su Yang reminded.

Of course, what he explained, naturally, was to build a powered boat. He

used Wood Style to make it, and it was always a hull.

Outside the door, you look at me, I look at you.

"What the hell is going on here? Why did Su Yang suddenly get sick?"

Diablo asked curiously.

"Me too... I'm not too sure, it's quite sudden." Emily explained.

Uchiha Madara stretched, turned around and left, muttering, "Su Yang even said that there is no need to worry, then there is nothing to worry about, I'll go look for the boat."

"I remember Su Yang said, Giorno Chopper's medical ability?" Diablo looked at Giorno Chopper and asked.

As soon as these words came out, the eyes around him also turned to him.

Giorno Chopper just smiled, he is indeed very capable of medical treatment, however, he can only cure serious diseases.

For example, if you have a heart problem, he can create a heart for you and press it.

But...ordinary sickness is unnecessary, and neither will he.

"I can treat it well, as for ordinary illnesses, I have no way." Giorno Chopper said calmly.

"Okay, okay." Diablo nodded, then said to Anna and Emily: "You two, pay attention to Su Yang, and if you encounter something you can't handle, call us."

"Yes, Lord Diablo!!!"

"Okay, let's not stay here, as Su Yang said, just do what we need to do."

I beg to subscribe, I beg to subscribe, I beg to subscribe.

90 Unexpected Joy, Wood Style

Awakens? (please ask for full order)

The time has come to midnight.

Using Eight Inner Gates yesterday, the lasting damage to the body is now over.

Su Yang slowly climbed up from the floor and touched his clothes.

Because he sweated a lot, his clothes still felt a little damp now.

"It's really terrible. It's a shame that I opened Eight Gate without any waves yesterday. Otherwise, it will take longer to end this bad inheritance of physical damage."

Su Yang secretly rejoiced, came to the mirror, looked at himself in the mirror, his face was a little pale, he looked a little haggard, and even his hair was messy.

He smiled bitterly: "I didn't expect that it was not the enemy who made him look like this, but himself, hahahaha..."

After complaining for a while, Su Yang opened the door with bare feet.

Now he is going to take a bath and then have a full meal. Because of his health, he hasn't eaten much all day today, and his stomach is already full. It's been a long time since I called the old man up.

When he opened the door, the two bodies of Anna and Emily fell down instantly, and then woke up.

Yes, the two of them have been guarding here for a long time. Because they were too sleepy, the two of them leaned against the door and narrowed their eyes.

The moment Su Yang opened the door, the two of them fell down.

"Su..... Lord Su Yang."

Emily and Anna stood up and sorted their clothes.

"What are you two doing here?"

"You're sick, and we can't share it for you, so... just waited outside." Anna explained.

Although he didn't need any help, the actions of the two of them still warmed Su Yang's heart.

"Are you feeling better?" Emily asked with concern at this time.

"Well, I'm all right now, go and help me prepare dinner, my stomach is already screaming~\* Su Yang asked.

When Emily and Anna heard Su Yang's words, they immediately became happy.

"Okay, Mr. Su Yang, it's great that you've recovered from your illness.

What do you want to eat, I'll go and prepare it right away."

Anna looked elated, with the sadness on her face before, when she learned that Su Yang was alright, she had already disappeared without a trace.

"Is there anything else I need help with?" Emily on the side also asked.

Su Yang shook his head, then walked towards the bathroom in a diametrical manner.

Said to be a bathroom, in fact, it is not at all, because the inside of this boat is empty.

Of course, there is no such thing as hot water, and some only have simple fresh water.

As for Su Yang, there are no requirements, as long as she can take a bath.

After taking a bath and eating a hearty meal, Su Yang came out of the boat alone and sat on the guard rail of the boat.

The moon is beautiful tonight, and the sea is sparkling.

There was no noise around, only the sound of sea water hitting the reef.

For some reason, Su Yang always felt that in the dead of night, his mood was inexplicably cheerful.

Su Yang just sat there quietly, letting the sea breeze blow his wet hair.

After a while, he remembered that there was one thing that had not been

done.

He opened his own virtual panel and glanced away.

Host: Su Yang

Binding: Whitebeard Pirates Episode 17

Abilities: Tough body, Conqueror's Haki (Conqueror's Haki awaits awakening)

Special abilities: Wood Style, Sage Body, Eight Inner Gates modified version 20% (with the increase of unlocking degree, use will reduce the loss of body, 100% will be no damage, the final gate will be opened fixed consumption of its own physical strength, will not consume Vitality.

Note: The damaged body will appear a day later.)

Summoning value: 0 (0/100) (dropped by random people or things encountered in Host)

Summoned characters: Uchiha Madara (53%) Diablo (38%), Ace Kano (43%) Tornado (35%) Giorno Chopper (31%) Unlock progress does not affect moves, The unlocking progress reaches 60 to reach the peak strength of the original world. If it exceeds 60, the summoned character will surpass the peak strength of the original world. The unlocking progress is related to several events.

Warehouse: White Summoning Fragment X1

Su Yang glanced at it roughly, and the unlocking degree in all aspects has improved a bit. Of course, what he cares most about is the white summoning shard.

"White Summoning Fragment?"

Su Yang murmured, the Summoning Fragments that he had picked up in the past had only the four characters of Summoning Fragment, but this time, the word 'white' was added.

As for the meaning, Su Yang is not clear.

Can't guess.

In the next second, Su Yang did not hesitate to use it directly.

`System, use white to summon shards. ""

[Ding. Are you sure to use the white summoning shards!]

"Yes!

[Ding...Congratulations to the successful use of the Host, get 100

Summoning Points, get Awakening Card X1 (can awaken any ability of oneself, after awakening, all aspects will be improved.)]

When Su Yang heard this prompt, he was stunned for several seconds.

Not only did I get summon points, but I also got an awakening card that can awaken my own abilities???

At this moment, Su Yang didn't even bother to summon the program.

Just clicked the awakening card.

[Ding....whether to use the awakening card. □

"Yes!

□Ding.....Please choose Host. □

[1, Host has not awakened Conqueror's Haki for the time being, using this card can (is it good) awaken Conqueror's Haki directly. □

[2, Tough body awakens, defense, and strength to a higher level. □

[3, Wood Style awakening, attack, defense, etc. are all improved, and it can turn the surrounding things into wood. How far it can reach depends on the user. □

Looking at the three awakening plans proposed by the system, Su Yang's eyes were dull.

He never imagined that such a useful thing could be opened from this white summoning shard.

At this moment, Su Yang shouted involuntarily.

The system is awesome.

While Conqueror's Haki is important, it's not so important when compared to Wood Style Awakening.

As for the second plan, since Su Yang learned Haki, he doesn't pay much attention to it.

So, Su Yang this time, from the moment he saw the system plan, he planned to choose Wood Style Awakening Yan.

91 Black Dragon, Akunorolia

(please complete order)

"System, I choose 3!

[Ding..... Command received, is awakening. □

□ding.....Wood Style awakened successfully. □

The voice that accompanied the system fell.

Su Yang only felt a warm current pouring into his body around him.

Finally, until the whole body, the feeling of muscle soreness in the whole body due to the side effect of Eight Inner Gates, disappeared without a trace at this moment.

And, at this very moment, it gives Su Yang a feeling of being reborn in Nirvana.

In addition to the warm current, there was also a brand new memory integrated into his mind.

There is no doubt that this new memory is naturally the usage of Wood Style after awakening.

"This feeling...it's wonderful."

Su Yang closed his eyes and sighed with emotion.

Finally, he opened his eyes, his eyes moved down a little bit, and what caught his eye was the sparkling sea.

At this moment, a bold idea also sprang from Su Yang's mind.

He stood up slowly, closed his eyes, leaned slightly, and finally fell into

the sea.

However, in the next second, the sea surface emitted a faint light, yes, at this moment, the sea water around Su Yang had turned into wood.

Moreover, this wood is not the same as its 413, it has become very soft and soft. (Explanation: It can be hard or soft, controlled by the user.)

Su Yang looked at his body and was slowly being held up by the wood, feeling a little surprised.

After Wood straightened his body, Su Yang started to walk on the sea.

With every step, the surrounding sea water turns into soft wood.

In the end, he walked to the shore, and to his surprise, the sand on the edge turned green.

Immediately after, the grass and some saplings grew at a speed that the naked eye could see.

"Obviously I didn't use the power of awakening, but grass grows on the ground?"

Su Yang murmured slightly in surprise, and in the next second, he began to use the ability to awaken Wood Style. The ground beneath his feet, just like when he was on the sea before, emitted a faint green light.

Immediately afterwards, the ground turned directly into wood.

Then, after Su Yang's tossing, he finally figured it out.

After Wood Style is awakened, as long as he uses the power of awakening, when he is on land, he enters the standby state, (baeg) he can evoke the vitality of the ground. Of course, he can also use his willpower to prevent the vitality of the ground from arousing.

"The effect looks very good, but I don't know how the actual combat effect will be.

Su Yang murmured, then jumped and returned to the deck of the ship.

Next, he did not idle, but started the summoning procedure.

"I hope to have a gentle and beautiful woman with a hot body.

Su Yang thought to himself.

After all, for now, most of the summoners were men, and the only one was a woman, who also brought Tsundere.

"System, summon."

[Ding... Command received, is calling. □

[Ding....Successful summoning, consumes 100 summoning points. □

[Ding...Congratulations to the Host for getting Akurolia from "Fairy Tail".

□

Hearing the system's words, Su Yang instantly froze in place, his eyes sluggish for a while.

Yes, Su Yang is still impressed by this one called Akurollia.

In the original Fairy Tail, Aknorollia was a dragon slayer more than 400 years ago. In the case of continuous slaying of dragons, her teeth turned into fangs, and her body gradually grew dragon scales. While being a dragon, he has dark wings that do not belong to a dragon, becoming the first dragon in history to be transformed from a human.

As for strength, there is no need to question, in his world, he is called the King of Dragons.

Of course, in Su Yang's eyes, Akurolia is also a guy who doesn't worry too much.

Because... he hates human beings and dragons extremely, disdains them, and doesn't even want to communicate and communicate with them.

However, for this, Su Yang believes, the system should make a difference.

And just as Su Yang pondered this skill.

The white light escaped from Su Yang's body and fell aside.

Immediately after, the group of white rays of light divided into a group, and slowly turned into a human shape, accompanied by him opening his

eyes.

The white light on the human figure began to fall off little by little.

Immediately after, a man with long dark blue hair draped around his waist and a pair of vicious eyes appeared in Su Yang's field of vision.

He has brown skin, tattoos, a black cape, a topless body, bare feet and a necklace around his neck.

Su Yang looked at Akunorolia and was about to say something when Akunorolia suddenly burst into laughter.

Su Yang: 46

"Hahahaha...Is this really a whole new world? Hmm? A world without magic? A world without dragons? 35

Su Yang quickly refuted Akunorolia's words.

"You are right, this world is indeed a world without magic, but there is one thing, you are still wrong, this world has dragons!"

"Um?"

After Akunorolia paused, the corners of his mouth raised slightly, but soon, the expression on his face became natural again: "Forget it, this is already another world, there are dragons, but there are no dragons. , have nothing to do with me.

However, listening to Akunorolia's tone and the current performance, Su Yang can roughly conclude that he does not have the extreme hatred of humans and dragons in the original book, and he dismisses them, and even does not want to play with them. Communication and communication character.

However, this is still Su Yang's guess. In fact, Akunorolia regards Su Yang as her own kind, and of course, the same is true for those who were summoned by Su Yang.

"Anyway, Akunorolia, I welcome you on behalf of this brand new world. I

believe that with you, this world.....will become more exciting." Su Yang said calmly with a smile on his face.

Of course, there is one thing that Su Yang is definitely not wrong, that is, after the arrival of Acunorolia, the strength of his 17th division has been improved again, and the world has become a great place because of his arrival. Wonderful.

92 The Sabo gang who came to visit (please ask for full order)

In the next time, Su Yang was bored, and directly told Akurolia some more detailed information about the world.

To Su Yang's surprise, Akurolia quietly listened to what Su Yang said.

In the second half of the night, Su Yang couldn't stand it any longer. After arranging accommodation for Akurolia, he went back to sleep.

It was just dawn.

Anna and Emily had already got up and prepared a rich breakfast for Su Yang and the others.

"who are you?"

On the ship's hall, Akurolia stared badly at Anna and Emily who were holding tableware.

Anna and Emily are also quite confused, after all, suddenly there is a strange place in their own place, and then they ask themselves ~ who are they?

Is this anti-customer?

Emily blinked at Anna, you look at me, I look at you, and finally her eyes were fixed on Akurolia's body.

"You... who are you?"

"Forget it, it doesn't matter, the intruder, just kill it." Aknororia sneered.

These words directly scared Anna and Emily, and 10,000 grass and mud

horses were galloping in their hearts.

I just wake up early and make breakfast like I always do and become an intruder?

However, at this moment, Anna seemed to have remembered something, and immediately said anxiously: "That...Sir, are you a new partner recruited by Su Yang?"

"Oh? It seems to know a lot, you two are not sent by Marine to inquire about the news?" Akunoroli asked.

Late last night, Akurolia heard Su Yang say that Marine is scheming and often does shameful things.

Anna:

Emily:

"We....we are also Lord Su Yang's companions. 35

The two of them explained.

And when Acunoroli was about to say something, a hand suddenly placed on his shoulder, followed by a deep voice.

"The two of them are indeed."

Acunorolia looked back, and what caught his eye was a burly man, and he was Ace Kano.

From Ace Kano's body, Akurolia can clearly perceive that he exudes the same smell as Su Yang's.

As for what her own kind said, Acunorolia undoubtedly... had no doubts.

"Forget it, although I don't like it, but if I kill it, it's not easy for me to explain to Su Yang." Akurolia said boringly.

"Beautiful lady, you don't have to prepare breakfast for this newcomer at all.

At this time, Diablo also came out and said with a smile.

"Ace Kano-sama....

"Lord Diablo...

Anna and Emily looked at the two of them with aggrieved faces. If the two of them came out later, it is estimated that they never dreamed that one day they would die on their own boat.

"Go to Su Yang for this kind of thing, he can vent your anger." Diablo explained.

Just as these words fell, suddenly, a soft voice sounded outside.

"Is anyone there? Is anyone there?"

Anna and Emily recovered their frustration, and then put the tableware in their hands on the table.

"I'll go out to see who it is, breakfast is ready, you can take your seats and enjoy it. Also, please, Lord Diablo, go and call Lord Su Yang."

After leaving these words, Emily and Anna trotted out. As for the others, they didn't care who came outside at all.

For them, the people who come from outside are not as important as this breakfast.

Soon, when Emily and Anna came to the boat guardrail outside, the two of them looked around and saw a group of people in casual clothes.

There were two leaders, a man and a woman.

The man has wavy blonde hair, a scar on his left eye, and a confident smile on his face.

The woman has orange hair and is wearing a short dress, high heels, and a small hat with goggles.

·0 Seeking flowers.....

Yes, the two of them are Sabo and Koala of the Revolutionary Army.

Their purpose is to discuss things with Su Yang.

However, their original plan was that Koala would come alone, but Sabo couldn't rest assured and came along with him.

"Who are you? Is there anything?" Anna asked.

Sabo took a step forward, then pointed to the flag with the number 17 written on the pole, and asked.

"I'm asking, are you... the 17th division of the Whitebeard Pirates??"

When asked, Anna and Emily both paused and looked at Sabo with strange eyes.

.....0

Obviously, they were afraid of Sabo and they were not good people, so, for a while, they chose to be silent.

And Sabo seemed to see what Anna and Emily were thinking, and smiled:

"Sorry for bothering us, we have no ill intentions, we came here just to meet Su Yang, the captain of the Seventeenth Division of Whitebeard, and discuss something with him.

Of course, with Sabo's one-sided words, Anna and Emily still didn't dare to say anything more.

"You wait here for a while."

When the words fell, Anna continued to stay here, while Emily hurried in.

"It's not good, my lords, a group of people came outside and said they were looking for Su Yang." Emily said with some worry in her heart.

Who knows, everyone just looked up.

"Of course you have to find Su Yang for this kind of thing."5

"Yes, yes, it's useless for you to find us. If you say there's a fight outside, maybe we can help you a little bit."5

"Lord Diablo, did Lord Su Yang get up?" Emily continued to ask.

"Well, it's estimated that this will work, and it should come out.""

Sure enough, just as Diablo said these words, Su Yang's room door opened with a click.

Su Yang yawned and walked out slowly.

Emily walked quickly to Su Yang and said.

"Lord Su Yang, a group of people came outside and said they were looking for you."

93 Su Yang: Unfortunately, I am not interested (please order all)

"A group of people came looking for me????"

Su Yang paused, originally a little sleepy, but after hearing what Emily said, he was much more energetic.

But if he thinks about it carefully, Su Yang is a little puzzled. After he crossed into the world of pirates, he has never contacted anyone other than the Whitebeard Pirates.

So the question is, who is looking for him? How did he know he was in the Sabaody Archipelago?

The more Su Yang thought about it, the more chaotic it became.

"Yes, Lord Su Yang."

At this time, Emily nodded her head and gently judged.

"who are they?"

Su Yang asked.

Emily's eyes were blank for a few seconds, she had been wondering if Sabo and the others were bad people, and she completely forgot to ask the name "430"

0

"Su..... Lord Su Yang, I..... I forgot to ask. 35

"Then... go out and have a look.

In this way, Su Yang put the washing and washing things behind, and walked towards the outside.

Of course, this is not because they are very important, but Su Yang's pure

curiosity, he has no communication in this world, who will come to him.

After a while, Su Yang was already outside.

Su Yang was a little surprised when Sabo and Koala were reflected in Su Yang's eyes.

He never imagined that the people who came to look for him would be the revolutionary army Sabo and Koala who had never met or even heard of the names in this world.

Su Yang was lying on the guardrail of the boat, looking at Sabo and Koala with great interest, and said calmly.

"I heard? Are you looking for me?"

Sabo looked at the newspaper in his hand and checked with Su Yang.

After confirming that it was correct, he put away the newspaper with a gentle smile on his face.

"I've admired it for a long time, Whitebeard Pirates.... Captain of Division 17, Mr. Su Yang."

On the other hand, Koala, who was standing beside Sabo, cast an admiring look at Su Yang.

The reason for admiration is naturally because Su Yang and the others attacked the Holy Land Mariejois and the Celestial Dragons.

Because of this, Su Yang has become one of the few people that Koala admires.

Of course, the reason why Koala has such an idea is still from her childhood experience.

Koala is a resident of Forchart Island, captured by human traffickers and made a slave to the Celestial Dragons.

Due to being abused by Celestial Dragons for a long time, she can only greet everyone with a smile on her face. Whenever she is maliciously abused, under pressure, or when she is suddenly nervous and

overwhelmed, she will kneel down and wipe the floor.

Although he was rescued later, the resentment for Celestial Dragons has always been hidden in the deepest part of his heart.

But Su Yang, no matter what World government nobles or World government headquarters, launched the attack directly.

Although the world is huge, there are very few people who dare to do such a thing.

"I'm quite curious, I remember, the Whitebeard Pirates have nothing to do with the Revolutionary Army!" Su Yang continued.

Hearing the words "revolutionary army", whether it was Sabo or Koala, they were obviously stunned. They were planning to reveal their identities only when they were discussing.

However, I never imagined that Su Yang could see through their identities at a glance.

"Mr. Su Yang is right. Before, the Revolutionary Army did not have any interaction with the Whitebeard Pirates." Koala explained.

"So what? Are you here to fight?" Su Yang asked again.

"No no no...Mr. Su Yang, don't get me wrong, we came to you without any malice, we are just entrusted by the above to discuss things with you.

35 Sabo also hurriedly said.

"Negotiate things?"

Su Yang was a little puzzled, but he didn't understand that the Pirates and the Revolutionary Army had completely different positions, so what could be negotiated.

"Then tell me. Year

Sabo looked around, then smiled and asked, "Can I come into the ship to discuss?"

Su Yang stood up straight on the ship's guardrail, then stretched:

"Whatever you want.

After leaving this sentence, Su Yang slowly walked towards the inside of the boat, while Anna and Emily followed behind Su Yang.

"You stay here to observe the situation around you, discuss it, and let me go with Koala. Sabo arranged for the members of the revolutionary army behind him.

"Yes!

Soon, Sabo jumped with Koala, jumped on the boat, and walked towards the inside of the boat.

However, the moment the two of them stepped into the boat hall, their brows furrowed.

The breath of the people around them seemed to make both of them breathe quickly.

It even made them both have an illusion that what they entered was not the inside of the boat, but the den of the beast.

At this moment, Sabo was a little fortunate that it was right not to let Koala do this task alone.

Because, his intuition told him that the group of people in front of him were dangerous, too dangerous.

"You two, please sit aside for a while. Lord Su Yang went in to wash."

Anna ordered.

Sabo nodded and sat on the wooden chair next to Koala.

As for Diablo and the others, since Sabo came in, he glanced at them, then ignored them the whole time, enjoying a delicious breakfast.

Soon after, Su Yang finished washing up and walked out of it.

Then he sat at the dining table, and while eating breakfast, he said calmly, "Let's get to the point, I don't like to be around the corner. 4.6

"Mr. Su Yang saw through our identity, and must have clearly understood

the purpose of our revolutionary army.

Before Sabo's words were finished, Su Yang interjected.

"What you're saying is that your purpose is to overthrow the unequal rule of Celestial Dragons that dominates the World government.

Sabo smiled slightly when he heard it: "Sure enough, Mr. Su Yang knows, so I won't introduce too much, I would like to invite you to join us in overthrowing the rule of the World government.

Hearing this, Su Yang stopped the movements in his hands, raised his head slightly, and looked at Sabo.

Then he laughed: "You revolutionary army really look up to me, but unfortunately, I am not interested."5

94 Sabo who restores memory

(please ask for full order)

With Su Yang's voice falling, Sabo's eyes paled. Although before he came, he had thought about a lot of results and made a lot of preparations, and he had been convincing himself before that this time, as long as he went back safely. .

But... Really at this moment, Sabo is still full of a sense of loss.

"Mr. Su Yang, actually, you don't have to answer me in such a hurry."

Sabo forced a smile, trying not to convey his disappointment to Su Yang's side.

"Yeah, Mr. Su Yang, think about it carefully. You must have seen the unequal rule of the World government Celestial Dragons." Koala looked directly at Su Yang and said softly.

Su Yang was thinking while eating breakfast. He was still wondering, why did the revolutionary army come to him?

It turned out...that he wanted to cooperate with himself to overthrow the

unequal rule of the World government Celestial Dragons.

However, it is clear that Su Yang does not want to be involved in this 'great cause'

He is also not as ambitious as others, wanting to be the world overlord, and the pirate king.

Compared with these, Su Yang still wants to be a salted fish, eat, drink and play 10 times a day, and the girls change every day.

This... is the life he wants.

Instead of fighting every day, you chase me today, and I chase you tomorrow.

"We are not great saints, we are pirates, do you know what pirates do? Do you think a pirate should do something like this?" Su Yang asked back.

Su Yang's words made Sabo and Koala speechless.

Seeing that the two of them didn't speak, Su Yang smiled again and said, "Okay, let's do whatever we need to do."

Sabo smiled faintly, stood up together with Koala, took off his hat, bent down slightly, and bowed to Su Yang to show his respect.

"Excuse me, Mr. Su Yang, thank you for giving me a chance to discuss.

Although Su Yang rejected their cooperation, it did not affect Sabo's respect.

However, just when Sabo and the others were about to turn around and leave, Su Yang seemed to have thought of something and suddenly made a sound.

"Oh yes, if I guessed correctly, your revolutionary army's intelligence network is very strong.

Of course, in fact, this is not what Su Yang guessed, but the fact that the Revolutionary Army's intelligence network is very strong and can master

events happening around the world.

For example, in the original book, after the Straw Hat Crew defeated the Baroque work club led by Crocodile, the revolutionary army could know the news.

Take himself as an example. If the intelligence network of the Revolutionary Army was not strong, how would he know that Su Yang came to the Sabaody Archipelago, and how would he know that Su Yang's ship was docked here.

"Um!"

Sabo finally nodded after hesitating for a moment.

"Help me find someone.

Su Yang made another request.

Sabo glanced at Koala, and finally nodded. After all, this is not difficult for the revolutionary army, but if he said no to help, then he probably won't get out of here.

"Yes, but...I hope the person you're looking for has a certain reputation, otherwise, it's a bit of a needle in a haystack." Sabo explained.

Indeed, the intelligence network of the Revolutionary Army is indeed very strong, but if you say that no one knows anyone except Su Yang, then the intelligence network is useless no matter how strong it is.

I'm afraid, even if he walks past him, he doesn't necessarily know it's him.

Su Yang just smiled faintly, did not answer Sabo's question, but said something in his words: "Actually, strictly speaking, helping me is also helping yourself.

Obviously, neither Sabo nor Koala understood what Su Yang said, and looked at Su Yang with a puzzled face.

However, Su Yang didn't care, he swallowed the food in his mouth, and then said gently: "Help me find out where the Fire Fist Ace is.

As soon as the name Ace came out, as expected, as Su Yang guessed, Sabo's pupils shrank violently in an instant, and his heart was also touched.

Koala also clearly noticed Sabo's movement, raised his head slightly, and looked at Sabo's face.

"What... what's wrong? Sabo?"

Sabo's face changed suddenly, he took a slight step forward, forced himself to calmly said: "Su..... Mr. Su Yang, can you show me the photo?"

99

"There are no pictures, but I can conjure them up for you to see. 39

Su Yang said, stood up slowly, and then waved his hand, the wooden object detached from his hand, fell to the floor, and turned into a human shape at a speed that could be seen with the naked eye.

Finally, a miniature version of Ace's Wooden Golem appeared.

And Sabo's eyes were already moist after seeing this miniature Wooden Golem, and the tears could no longer flow out.

He walked over to the miniature Ace Wooden Golem, stretched out a slightly trembling hand, and touched it.

Yes, he remembered.....

Ace... is his own sworn brother.

Before, he always felt as if he was missing something important, but now, he finally knew what he was missing.

At this moment, he also understood what Su Yang said just now, "helping me is also helping you" means.

If he said earlier that he would not help, Su Yang would not have said the name Ace, nor would 430 make a miniature Ace Wooden Golem.

In this way, he himself will not remember..... this missing memory.

"Sabo??"

Koala came to Sabo and looked at him worriedly.

"I'm fine, Koala. 35

Sabo swallowed his saliva forcefully, although the tears could not stop flowing, but his heart was happy.

After speaking, he looked at Su Yang, bowed again, and said, "I'm sorry, Mr. Su Yang and the members of the Seventeenth Division, made you laugh."

"However, Mr. Su Yang, you are truly an unexplainable existence, thank you very much for letting me retrieve this missing memory, but if you don't tell me your purpose, I'm afraid I will It doesn't help you find the location of Fire Fist Ace."

Obviously, Sabo was afraid that Su Yang had found Ace. Then it's not good for Ace. (According to the clues in the original book, Sabo doesn't know about Ace, otherwise, he should have remembered it long ago when he read the newspaper and learned about it.)

"Snapped!

Koala tapped Sabo's head lightly, and then said, "Sabo, what are you thinking? What is the purpose of Mr. Su Yang looking for Fire Fist Ace, they are all captains of the Whitebeard Pirates."

95 Strikes, Beasts Pirates Three

Disasters (please order)

"what???"

Sabo was stunned when he heard Koala's words.

"Ace.....also joined the Whitebeard Pirates???" 35

He looked at Koala and asked back.

Koala nodded and smiled slightly: "Of course, Fire Fist Ace is the captain of the second division of the Whitebeard Pirates, and Mr. Su Yang is the captain of the seventeenth division of the Whitebeard Pirates.

"That's it."

Sabo sighed, but did not expect that Ace would join the Whitebeard Pirates.

Soon, his eyes turned to Su Yang again, and he smiled slightly: "I see, leave it to me to find the location of Ace, and when there is news, I will send someone to inform you."<sup>5</sup>

"Uh-huh!"

Su Yang didn't say much. After simply responding with two words, he continued to eat breakfast.

"Then, we won't bother, let's say goodbye.

After Sabo left these words, he left with Koala.

on the road.

"Hey, Sabo, what a pity, I didn't expect Mr. Su Yang to refuse so decisively." Koala sighed as he walked.

In fact, what she would most like to see is Su Yang's promise to overthrow the unfair rule of the World government together.

It's a pity..... Su Yang refused too decisively, without any hesitation.

"He's actually right, they're pirates and our paths are different, but...

Koala, this time, it seems that it was a very correct decision for me to follow." Sabo is in a good mood now, He raised his head and looked at the blue sky.

Koala pouted and shrugged: "Is it because the Fire Fist Ace thing makes you feel good? However, I didn't expect you to know the second captain of the Whitebeard Pirates. Why haven't I heard of you before? ~

When Sabo heard this, he glanced at Koala, smiled and said softly:

"Ace...is my brother!

"Um?"

Obviously, Koala was shocked when he heard this.

"Why...why? I've never heard of you before. 55

"Because... I have been missing this memory."

Hearing this, Koala wanted to say something, but swallowed it.

Sabo smiled calmly and continued: "Of course, retrieving this missing memory is only one of them, but... I think the more important thing is to accompany you this time, because... ..this Whitebeard 17th Division is too dangerous.""

Listening to Sabo's words, Koala also cooled her back, she shuddered, and then said.

"When you said that, I suddenly recalled that the moment we stepped into the boat hall just now, my intuition kept telling me to get out of here quickly."

Koala said, sighed deeply, and then continued: "It's the first time I have this feeling when I grow up so big."

"No wonder...the Seventeenth Division dared to attack the Holy Land Mariejois, and had previously seriously injured Marine Admiral, Sakazuki. 95

While Sabo muttered, he breathed a sigh of relief at the same time, thanks to Su Yang they are not from the World Government, otherwise it would be really difficult to fight against this kind of guy.

When Sabo and the others left, Su Yang and the others were as if Sabo had never been here, and didn't take their affairs to heart at all.

Today, as it was yesterday, some people go to collect the necessities, and some people go to find the right boat.

And Su Yang, naturally, was taking a break from the busy schedule.

However, what Su Yang never expected was that just yesterday, the ship of the Beasts Pirates had also arrived at the Sabaody Archipelago, and a search had been launched.

Tavern.

"Why would you let me do such a thing?"

Carrying a large case of fine wine, Aknorollia was walking on the road, yelling at Su Yang in front of her.

"You're right, I think it's time for us, the Seventeenth Division, to find some coolies. Su Yang was also carrying a large case of fine wine and nodded thoughtfully.

Akurolia:

"If I had known, I would not have come with you. 35

Aknororia originally carried it with two hands, but it was replaced with one hand. Then, he took out a bottle from the box. After biting off the cap, he poured a few mouthfuls into his mouth.

".'But...the taste of this wine is really good.

Su Yang glanced back, and then reminded: "Take it easy, there is still a long distance from our ship, don't come back in time, there is only one box left.

"What's the point of that?"

Su Yang shrugged: "It doesn't matter if you're willing to move. 35

As soon as the voice fell, when Akunoroli was about to say something, suddenly, there was a commotion in front of him.

The crowd started frantically running towards Su Yang.

Su Yang and Akronorlia were slightly taken aback, when they wanted to take a few quick steps to see what happened.

But..... at this moment, a loud voice rang (okay).

"Su Yang, it seems that my luck is very good, I was the first to find you.

As soon as the voice fell, a huge figure jumped up and landed not far in front of Su Yang.

What caught Su Yang and Akurolia's eyes was a tall, strong man with a

ponytail and two braids, and a metal jaw on his mouth.

He wears a feather-like coat, with two ivory-like ornaments on his head and on his shoulders, with spiked willows.

And he is one of the "Three Disasters" of the Beasts Pirates, Jack.

I'm sorry, the author is stupid. I didn't read it after copying it, so I uploaded it and copied half of it. Now it has been added back. I'm sorry, I'm sorry Zhou.

96 Wood Style Awakened Power

VS Jack

"Jack?"

When Jack came into Su Yang's eyes, Su Yang was quite surprised. After all, this guy was shot into the sea by himself before, and he never expected that now he is standing alive in front of him.

Acunorolia held the box in one hand and the wine bottle in the other, and looked at Su Yang with a twinkle in her eyes, and said calmly.

"Did he come to work with you again?"

"Um????"

Su Yang glanced back at Akurolia suspiciously, and then smacked his tongue: "Why, you look at the guy's aura, like you came to cooperate with me or something?"

As soon as these words came out, before Aknorollia could reply, Jack added a sentence.

"Are you surprised to see me, didn't expect me to be alive?" Jack sneered.

Su Yang shrugged, but his heart didn't have much turbulence, he smiled slightly, and said, "Compared to life and death, I am more surprised, 430, why are you here?"

Jack unhurriedly pulled out the 'Shotter Knife' from the back of his neck, and said confidently.

"Why do you appear here? You can ask such stupid words, of course I'm here to sweep away the shame before.

To be honest, Su Yang wanted to laugh when he heard this. Jack was no match for him before, not to mention that he now has abilities such as Sage Body, Eight Inner Gates and so on.

Even if you put aside your own abilities, just relying on the current crew, not to mention you Jack, even if Kaido comes here is useless.

"I have to say, Jack, you are quite brave." Su Yang squinted and smiled, his face still calm.

At this time.

Aknorollia walked to Su Yang's side and said calmly: "By the way, help me move back, this guy, just leave it to me to deal with.

Akurolia's initiative was a bit beyond Su Yang's expectations.

However, Su Yang directly folded the box in his hand on top of the box held by Aknororia and said with a smile.

"No, you help me get it back, I just want to test something.

Yes, the test that Su Yang mentioned is exactly the power after Wood Style's awakening.

Acunorola hesitated for a few seconds, but didn't say anything more, holding two cases of fine wine in her hand, and said as she walked.

"You're a really good captain... Just don't overdo it, I'll go first.

Jack watched Akurolia pass in front of him, but he didn't intend to shoot.

After all, in his eyes, a guy who doesn't even have a reputation or a bounty is not worthy to let his own knives stain with blood.

The surrounding crowd also hid far away, but did not leave, but hid aside to watch the play.

"Go back," Jack said suddenly.

"Yes, Captain Jack."

The pirates who followed Jack nodded and stepped back.

The next second, Jack took the lead, waving the Schotel knife in his hand, and charged towards Su Yang.

At this (baeg) moment, grass, saplings and other plants have begun to grow on the ground where Su Yang is standing. Obviously, this means that Su Yang has used the ability of Wood Style to awaken.

I saw him slowly raise his hand, a green light spot appeared out of thin air from his finger, followed closely, and I saw him flick.

The green light spot shot out like a bullet.

Jack was very confident. Looking at the green light spot flying over, he directly took it with a shovel knife.

"when!"

The green light spot was photographed directly on the ground.

"Are you too embarrassed to take out an attack with this amount of power? Su Yang? During this time, I've become stronger." Jack roared.

And Su Yang smiled lightly: "I'm sorry, I've become stronger too."

As soon as these words were said, suddenly, the green light spot that had just hit the ground turned into a monstrous tree, directly flying Jack up.

"What? What flew just now...is it a seed??"

After flying upside down, Jack quickly landed smoothly behind the Master's center of gravity in the air.

As for Su Yang, obviously, he was a little dissatisfied with this blow.

"This trick, for other people, may be really good, but for me Jack, it doesn't hurt at all. 35

Su Yang waved his hand and said calmly: "Don't get me wrong, I didn't think that this trick would work for you, I just tried to see if it could be used like this."5

Obviously, Jack's anger rose a lot after hearing Su Yang's words.

"You bastard, don't look down on people.

Jack swung the SCHOTTEL knife again and rushed towards Su Yang like a beast.

At the same time, Su Yang's hands had already emitted a faint green light.

Immediately after, he touched the ground with one hand, and the green light spread instantly. The next second, he pulled, a huge wooden object directly pulled up on the ground, and covered Armament Haki in an instant.

Afterwards, Su Yang swung the wooden whip and threw it directly at Jack.

97 Both sides have come to support? (Please complete order)

Facing the wooden whip, Jack was a little stunned, and immediately stopped the pace in his feet, holding the Schotter knife for defense.

"Dang." sounded.

The huge wooden whip collided with Jack's Schotter knife.

A powerful air flow was immediately generated, constantly scouring everything around.

As the wooden whip rolled, Jack was constantly retreating. When the wooden whip slid to the end, it made a 'pop' and directly sent Jack- flying away.

The huge impact made Jack pass through dozens of buildings in a row, and finally stopped.

Immediately afterwards, a long smoke slowly spread around.

Su Yang looked into the distance, and then revealed a satisfied smile.

"It seems that this move is not bad, and the power is quite strong."

After sighing, Su Yang released the wooden whip he was holding.

"Boom..." a sound.

The huge wooden whip fell to the ground and returned to its original appearance.

In the smoke, Jack pushed away the cement board that was holding him down, holding the SCHOTTEL knife in both hands, and crawled up with a bewildered face.

"This guy. What the hell is going on with this guy Su Yang? He assimilated the texture of the ground into his Devil Fruit power in an instant. Although he hasn't seen him for a while, but... why do I feel that guy's ability seems to have a qualitative leap?"

"Ta Tata..."

At this time, Su Yang was stepping closer to Jack step by step.

He stretched out a hand with a faint green light and pressed it against the wall, and where he touched, no doubt a large chunk of it turned into a wooden object.

Of course, Su Yang doesn't have to touch it with his hands all the time, he can use his mind power to spread, but in this way, it will consume more physical strength.

And he just happened to be walking towards Jack again, so there was no need to use his mind power to control the spread and enlarge the assimilation area.

"boom!"

At this time, Jack had already rushed out of the smoke, holding the weapon in his hand tightly, and slashing towards Su Yang's head.

"Bastard, in this short period of time, I have done enough to defeat you."

Looking up at Jack who fell from the sky, Su Yang grinned and saw that he waved his hands and touched the things that had turned into wooden

objects, all of which rushed towards Jack who fell from the sky.

"Boom..." A sound.

Jack hadn't landed yet, and was swept away again.

Meanwhile, the other side of the Sabaody Archipelago area.

Jhin and Quinn are talking on the phone.

"Huh? What did you say? That guy Jack has gone to fight Su Yang alone?" Jhin asked in confusion.

"Yes, that bastard Jack, we have made it clear before that if we find Su Yang's whereabouts, we will be notified immediately, and then we will take action.

Quinn looked unhappy, for fear that Jack would startle the snake, and finally let Su Yang and the others escape.

Jhin pondered for a moment before speaking calmly: "It's estimated that Jack was afraid that Su Yang might run away, so he tried to contain him, let's... hurry up and take a look.

"Well, that's the only way to do it now. I hope that the seventeenth division of the old guy Whitebeard can be successfully resolved today. In this way, the concerns of Governor Kaido can be well resolved."

Quinn said slowly.

"The rest, we'll talk about it later. 35

Jhin responded with a sound, hung up the phone bug in his hand, and then led a group of people to quickly run towards the area where Su Yang was.

At the same time, on the third-floor window of the eaves, a pair of sharp eyes were also paying attention to the movements below.

And he is one of the three dessert stars of the BIGMOM Pirates, Charlotte Katakuri.

"I didn't expect that the guys from the Beasts Pirates would also be

interested in the Seventeenth Division of the Whitebeard Pirates? Now it looks like a really good show. Katakuri muttered to himself.

After Jin and the others left, Katakuri left with a weapon in hand.

After a long time, Sabaody Archipelago, on the coast.

Except for Akurolia and Su Yang, everyone else has returned to the ship.

And, it's already starting to pack up and get ready to leave the ship.

The reason is also very simple, because, Uchiha Madara, they have found a new ship.

After a while, Akurolia returned to the ship with two cases of fine wine.

"Where's Su Yang?"

Diablo asked curiously when he saw that only Akunororia had returned.

Akurolia put the wine in her hand on the deck of the ship, then stretched and lay on the deck chair, and finally said slowly.

"I met an enemy in the middle. I wanted to shoot, but Su Yang wouldn't let me go and let me bring the wine back."9

"enemy?"

At this time, lying on the top of the boat, Uchiha Madara stuck his head out after hearing these two sensitive words.

·0 for flowers·

"Tsk... This guy Su Yang, after all, he is very beautiful, but he is not a virtue.""

While speaking, Uchiha Madara stood up, then jumped, landed on the deck of the ship, and continued.

"Tell me the place, I'm going to pull that Su Yang guy back and tell him what's important."

The tornado on the side rolled his eyes at Uchiha Madara, and then complained: "You two are not the same thing, Madara, I think you just want to join in."

"You are all unreliable, let me go." Ace Kano didn't know when he had already taken the divine axe Rita in his hand and tried to leap.

"Aren't you the same? Except for me on the boat, you are all the same thing." Tornado complained.

0

After a few minutes.

on the road.

"Why did you come over here, didn't you just say on the boat that you are not interested in fighting? 35 Uchiha Madara glanced at the tornado floating in the air and complained.

"Don't call me jerk, asshole Madara, of course I'm here to supervise you."

Tornado retorted.

"There is absolutely no need for this, because Su Yang is there." Diablo explained.

"You are so annoying, Diablo, can you shut up?"

"What Diablo said is true.

Ace Kano said with a smile while carrying the divine axe.

Tornado was finally invincible with two fists and four hands, and there was nothing to say about Uchiha Madara, Ace Kano, and Diablo.

In the end, he crossed his hands on his chest, raised his head bulgingly, and even raised his flying height a lot.

As for Giorno Chopper, he was neutral, watching them bicker, and felt a very warm feeling inexplicably.

Of course, not everyone followed, Akurolia, and Anna also wanted Emily to wait on the boat.

Soon after, Su Yang over there.

Today's Su Yang, not only has Wood Style, Wood Style Awakening, as well as Sage Body, Eight Inner Gates, plus Haki, it is obvious that Jack

has no chance of winning at all.

Now, Su Yang just used Wood Style's awakening ability, and Jack is no match.

"I see you...it's the same as before. 99

Su Yang looked at Jack, who had transformed into a mammoth, and couldn't help but laugh.

Jack, who transformed into a mammoth, not only possesses brute strength, but also possesses powerful resilience and anti-beating abilities due to his huge body.

However, Su Yang's side is not inferior, and even strictly speaking, his fighting ability and recovery ability are far better than Jack who turned into a mammoth.

"You bastard, stop looking down on people." Jack's eyes were bloodshot, and he let out a furious roar.

In fact, he felt a little helpless, because, in the previous battle, he had already noticed that Su Yang was far superior to him in both physical skills and Devil Fruit abilities.

Now, the reason why he doesn't leave is that on the one hand, he is waiting for the support of his big brothers Jhin and Quinn, and on the other hand, it is a matter of self-esteem.

He swung the huge elephant trunk and drew it directly towards Su Yang.

Su Yang "430" jumped agilely, easily dodged Jack's trunk attack, and landed on the top of the building on the other side.

"It's useless, Kong has brute force, you can't kill me at all.

"To shut up!!!

Jack roared again, swinging his trunk again and swiping towards Su Yang.

But.....the result was the same as before, Su Yang easily dodged.

Of course, Jack still didn't give up and continued to swipe his trunk towards Su Yang.

"Boom.

"Boom.

The billowing smoke spreads out towards the surroundings.

"Shu...." sounded.

Su Yang emerged from the smoke and landed on the street.

The next second, he reached out and touched the ground, followed by a light green light that spread in all directions at an extremely fast speed.

Wherever he passed, whether it was rocks, buildings, or trees, all turned into wooden objects.

"call!"

Su Yang let out a breath of hot air, and then sneered: "Using the mind to launch this move, does it really consume one's own physical strength? 99

After Jack saw that the ground he was on had turned into a wooden object, he subconsciously ran to the area behind him that had not been assimilated.

Just stepped out of the wooden object area, the next second, I saw Su Yang wave his hand, and the ground that turned into a wooden object and the building instantly merged together.

On the ground, a giant hand radiating green light rose from the ground, followed by clenching his fist, and punched Jack with a punch.

Seeing that he couldn't escape from the attacked area, Jack simply didn't run away, swung his elephant trunk towards the falling from the sky, and

hit the fist that was dozens of times bigger than the direct one.

"drink!

Su Yang gave a light drink and instantly covered the huge fist with Armament Haki.

"boom!!!!

At the moment when the trunk and the fist collided, a huge airflow lifted everything around.

"Pfft!

Jack spit out a mouthful of blood, followed by his entire body being pressed to the ground by this huge fist.

"...a sound.

In addition to another airflow, countless cracks were cracked on the ground.

In the distance, the pirates who followed Jack were worried after seeing this scene.

"Jay... Captain Jack."

"The situation is not good, this time...it won't be the same as last time.

"You bastard, if Captain Jack is here, he'll beat you up if he hears you say that.

"Captain Jack won't fall so easily, besides, our support is coming soon. 99

"That's right, I'm worried for nothing, how could we possibly lose this time. 35

Naval Headquarters, Sengoku Office.

Just now, he received a report from Sabaody Archipelago.

Sengoku worriedly put down the phone bug in his hand.

"Why did that guy from Kaido fight with the Seventeenth Division of the Whitebeard Pirates? Sengoku thought to himself.

Hearing this, Crane, who was sitting on the sofa and reading the

newspaper, also said: "It's really unexpected, but... This is not necessarily a bad thing for us Marine. 0"

"Uh-huh!"

On the other sofa, Kizaru also nodded, and then continued: "Indeed, no matter who is killed or injured, it is also very good news for us. Also, Mr. Sengoku, do we need to intervene?"<sup>5</sup>

"intervention?"

As soon as he heard these two words, Sengoku had a bad premonition.

Last time, he organized people to attack Su Yang and the others.

Although the final result...Su Yang and the others escaped, but they didn't get any benefit from the Marine.

The most important thing is that these guys will take revenge.

If Marine is now involved in the battle between their pirates again, and their cooperation is a small matter, in case they attack the Holy Land Mariejois again, it will really be worth the loss.

"No no no no.... The Seventeenth Division is a bunch of lunatics. We Marine do not intend to interfere in this matter, but the situation is still up to the Master." Sengoku said slowly, his eyes flashing slightly. , The mind seems to have planned a conspiracy.

And this little detail, of course, could not escape the eyes of the crane, she slowly said: "Don't you want to...""

Sengoku sighed softly, and then said, "It would be a pity to give up such a good opportunity. The result I want...4.6...is the inseparable fight between the Whitebeard Pirates and the Beasts Pirates, The ultimate winner is our Marine.""

Yes, Sengoku is planning to use the fishing reels to expand the conflict between the Beasts Pirates and the Whitebeard Pirates, so that the two forces will fight each other.

If things really go according to their claims, they Marine will be the biggest winner of this event.

"If it really happens according to what Mr. Sengoku said, we Marine are just greedy for a leisurely time." Kizaru said with a smile.

"Hahahaha, it seems, Sengoku, although you can't escape the punishment of the years, your crazy ideas are still as many as before.

Ask for a subscription.

99 Su Yang: Three against one,

I'm not afraid (please order all)

Sengoku glanced at the crane, and said angrily: "It's too old to say this, anyway, all in all, Marine can't act rashly this time, Whitebeard's seventeenth division is too tricky, and too crazy, No one can guarantee what kind of things those lunatics will do.

Crane stood up, picked up the cloak engraved with 'Justice' on the sand, and said gently.

"Okay, leave this matter to me, I will handle it properly.

After saying that, Crane opened the door and was about to go out when Sengoku reminded him.

"Xiaohe, be careful. If there is an accident, don't be impulsive. You can't deal with those guys."

Hearing this, Crane sneered: "Sengoku, although I'm old, I'm not yet demented. With such a powerful enemy, will I mess around?"

10.

Su Yang's side.

"Pfft.

"Pfft.

In the ruins, Jack had changed from a mammoth form back to a human

form, the mask on his face had been shattered, and blood kept spilling out of his mouth.

"Tap tap.

Su Yang's figure passed through the layers of smoke and came not far from Jack, with a smile on his face.

"Looks like... I'm better than that, Jack!"

Jack stared straight at Su Yang, but did not speak.

After all.... as Su Yang said, he lost, and he lost outrageously.

"The last time I let you save your life, but this time you won't have such good luck, so... Do you know what I'm going to do next? 39

While speaking, a sharp wooden thorn grew out of Su Yang's hand, and his other hand that had been free broke it.

However, just when Su Yang was about to end Jack's life, suddenly, a bullet shot towards him.

Su Yang's body tilted slightly, so he easily escaped the blow, and then looked around, and the one who shot was the pirate who followed Jack.

"You bloody bastard, what are you trying to do to Captain Jack?99

After all, he pulled the trigger again and fired several shots, but without a doubt, they were easily dodged by Su Yang.

The next second, Su Yang directly threw the wooden thorn in his hand.

The speed of the wooden thorn was far faster than his bullet, and it passed through his forehead in an instant, and then his eyes didn't have time to close. already fell to the ground.

"Ah"

Su Yang sneered, but didn't care too much, and put his attention back on Jack.

However, just when Su Yang was about to do something, all of a sudden, as soon as he arrived at the figure and its fast speed, he rushed down

towards him.

Su Yang was startled, and immediately jumped to dodge.

"Boom..." a sound.

The smoke rose again.

After landing smoothly, Su Yang looked away, and a figure stood in front of Jack.

He was of even build, tall and stocky. His entire body, including his face, was covered in dark clothing.

The huge wings on the back have flames spewing out at all times, wearing a mask and goggles helmet, wearing a black double-breasted shirt with two skulls on the collar.

There is a pair of black feather wings on the back, and black gloves are worn, leaving not an inch of skin outside.

There are ornaments on the arms and legs, a long knife hanging from the waist, and flames around the back of the head.

Apparently, he is the Beasts Pirates, one of the three plagues, Jhin.

Su Yang is no stranger to Jhin.

He patted the dust on his body and said with a smile: "I just said, Jack was defeated by me for the first time, how dare he come to seek revenge from me this time, it turns out... there are helpers, but the two couples Well, I'm not afraid."

As soon as Su Yang finished speaking, suddenly, another figure descended from the sky and landed next to Jhin.

He wears sunglasses, has purple lips, has a blond braid on his head, and is obese (thought he would be too popular if he lost weight, so he insisted on not losing weight).

The left hand is a mechanically modified prosthesis, there are two golden beards on the mouth, the right arm has the word QUEEN and the Beasts

Pirates logo tattoo, wearing a black and white suspender. There were two knives pinned behind him and a cigar in his mouth.

And he is also one of the three plagues of the Beasts Pirates, Quinn.

"What two-on-one, right....should be three-on-one. 99

As Quinn spoke, he glanced back at Jack, who was kneeling on one knee, and said angrily, "I'm not wrong, Jack, you should still be able to fight. Jack gritted his teeth and stood up, nodding his head and saying, "Yes, big brother.

"Didn't we already say it before? We found Su Yang and the others. Don't be impulsive. Look at you, what have you done?"

Although Jhin 430 didn't look back, just listening to Jhin's tone made Jack feel like a child who did something wrong.

"I'm sorry, big buddy, I was wrong, this time, I was really impulsive."

Jack lowered his head and said softly.

"If we came later, it is estimated that you can't stand here and talk to us properly." Quinn said angrily.

"Okay, now, it's not the time to talk about this, but to deal with this guy in front of you." Jin said calmly.

Su Yang glanced at the three of them, but he didn't make too many waves in his heart.

He naturally knows that Jin and Quinn are not too weak, but he is not weak now.

In the battle with Jack, Su Yang simply used the ability of Wood Style's awakening, and did not even enter the state of Sage Mode.

"Three-on-one? I might as well try."

"Be careful, bro, this guy seems to have developed his Devil Fruit to a certain extent, and he can easily change the properties of the surrounding objects." Jack, who was standing behind Jhin and Quinn, did not forget

to instruct him.

Ask for full order.

100 Su Yang: Sorry, my support is

here too (please order all)

Hearing Jack's instructions, Jhin nodded, and at the same time, he spread his wings, exerted force under his feet, and instantly flew to the sky.

"Quick fight, everyone."

Quinn hummed, and started to run towards Su Yang.

Jack behind him, after a pause, he reached out to wipe the blood from the corner of his mouth, and then ran towards Su Yang.

As for Su Yang, at this time, horns grew on his forehead, obviously he entered the state of Sage Body.

In the air, Jhin pulled out the long knife around his waist, covering Armament Haki instantly, and then slashed heavily in Su Yang's direction.

A golden crescent-shaped blade of light was released from Jhin's long blade.

Su Yang raised his head slightly and stared at the light blade, he didn't mean to take it hard.

He jumped up and quickly dodged to the side.

"Boom..." A sound.

The position where Su Yang stood just now caused a violent explosion in an instant, and a powerful air current washed away everything around him.

Su Yang just landed smoothly, and at the same time, Quinn fell from the sky with a roar, waving his fists.

"Bastard, kill me."

Quinn's figure was reflected in his eyes, and this time Su Yang didn't plan

to dodge.

He counterattacked with a wave of his fist, and the moment Armament Haki also waved it, it covered his arm.

"Bang....." sound.

The two fists collided, and an air current was set up around again, and the impact caused the ground on which Su Yang stood to be torn apart.

"Obviously, just grab it, you have no hope of winning." Quinn laughed, his tone full of disdain.

And Su Yang just grinned and said solemnly: "If you think you can, just try.

"Hmph, arrogant."

As Quinn's voice just fell, at the same time, Jack rushed out from behind Su Yang, waving the two knives in his hand, and slashed directly at Su Yang.

"Hahahaha, what's the matter, there's no way to avoid it~`." Quinn laughed strangely.

Su Yang frowned slightly and said softly, "Wood Style, Wooden Golem Jutsu."

As his voice fell, the area where Su Yang stood, instantly caused an explosion.

The billowing smoke spreads in all directions.

And at this time, Quinn and Jack flew out of the smoke.

After landing smoothly, they looked around, and what caught their eyes was a huge wooden Arhat.

As for this wooden arhat, Jack couldn't be more clear in his heart, because this wooden arhat was the same wooden arhat that Su Yang had knocked him into the bottom of the sea.

Until this moment, there were still some shadows in Jack's heart.

He swallowed his saliva forcefully and shouted at Quinn and Jhin: "Be careful, bro, this wooden man is not as unbearable as he imagined.

"Bullshit, do you think I'm like you? Jack, we can't be as reckless as you are." Quinn retorted.

As time passed by every second.

On the other side of Sabaody Archipelago, a huge Marine warship slowly entered the port.

It was Marine's Great Staff Crane who got off the boat.

At this time, a Marine soldier hurried forward and saluted He: "Comrade He. 95

"Um!"

Crane nodded, and then asked again, "How is the situation now?"

"Now Jack, Quinn, and Jhin, known as the three plagues of the Beasts Pirates, are teaming up against Su Yang, captain of the Seventeenth Division of the Whitebeard Pirates."5

Hearing that, after a pause, he continued to ask, "What about the battle situation?"

The Marine soldier shook his head. With his strength and experience, he couldn't tell which side had the upper hand and which side had the lower hand.

And the crane seemed to realize this, so he didn't ask any more questions, that was to change the subject and continued to speak.

"Then you didn't act rashly, and they found out. 35

The Marine shook his head again and replied, "No, but, although I can't see who has the upper hand right now, after a while, it should be the Whitebeard 17th Division who has the upper hand.

"Because, the support from Su Yang will be here soon, and the members include Diablo, Ace Kano, Tornado, Uchiha Madara, and a brand new

face.

"A new face?"

After He heard this, his eyes flashed slightly, and he couldn't help but have a bad premonition in his heart.

"Is it possible... that guy Su Yang's 17th division has recruited a new member? 35

"Counselor Crane, you're making it difficult for me. I only know of this person, but I don't know what the relationship with him is." Marine replied truthfully.

The crane sighed softly, but without saying anything, she stepped forward.

Meanwhile, Su Yang over there.

His battles with Jack, Quinn, and Jhin also intensified.

The once auspicious town has now been turned into a ruin, black smoke is floating everywhere, and the earth is riddled with holes, and many innocent citizens are involved.

But.... this is the life of the weak, they have no way to resist, they can only accept this cruel fate.

`.....

"Boom....

The continuous explosion sounded again, and the billowing dust and smoke was like a mist, surrounding the surroundings.

It has to be said that Jhin, Quinn, and Jack's three disasters teaming up is quite tricky. If you want to get a result in a short time, it is impossible.

"This guy's strength... It's really beyond my expectations. Whether it's speed, strength, or defense (okay), he's very strong. Jhin stood in the air, frowning slightly. With a wrinkle, his eyes were always fixed on Su Yang and Mu Luohan, and he didn't dare to relax.

"Indeed, Jack is not ashamed to lose at the hands of such a man." Quinn responded.

But just as they prepare to launch a new round of attacks on Su Yang.

Suddenly there was a voice.

"Su Yang, you guys are really greedy. You cheated that guy from Akurolia back, but you are here to enjoy the feeling of sweating profusely."

When everyone heard the sound, they saw several figures on the top of the ruins.

Undoubtedly, they are Uchiha Madara, Ace Kano, Giorno Chopper, Diablo, and Tornado.

"I'm sorry, it seems that my support is also here." Su Yang looked away from Uchiha Madara and the others, turned to Jack and the others, and said with a smile on his face.

101 Beasts\_3Disasters VS 17th

Division (please complete order)

Ps: Let me say something before I start the chapter. I saw someone in the comment area saying that the name of Akunororia was spelled incorrectly. It was Akunororchia. , In fact, both names can be used, whether you search for Akunororia or Akunororchia, they are ultimately equal to the black dragon

If you all like to call this Akunorokia, then I'll change it from the next chapter, you can say it in the comments. 3

Jhin's eyes glanced at Uchiha Madara and the others, and after frowning slightly, an inexplicable unease sprouted in his heart.

He could clearly feel from Uchiha Madara and them that a coercion emanated from them.

"Jin, things don't seem to be going well. Su Yang's entire team is here."

Quinn looked at Jhin in the sky with uneasy eyes.

"Brother, there are a few more who haven't come.

At this time, Jack spoke from the side.

Just as they were talking, Diablo and the others all jumped and landed on the shoulders of Mu Luohan.

"Okay, Su Yang, you should go and rest for a while, just pay 430 to us for this kind of thing. 35

Although Uchiha Madara was talking to Su Yang, his eyes were always on Quinn and the others, his eyes were full of greed, and he was already eager to try.

Ace Kano leaned on Mu Luohan's neck and said with a smile on his face:

"It's not good, there are so many of us, it's a bit unreasonable for two to fight one.

At this moment, Diablo grew a pair of wings behind him, and then slowly flew into the sky, speaking while speaking.

"There is a guy who has wings like me. I should deal with him, you should have no opinion?"

As soon as he heard Diablo say this, Ace Cano continued: "Then...that guy has weapons, and I also have weapons. You should have no problem with me dealing with him."

No doubt the guy Ace Cano was talking about was.... Jack.

"Then this last one...let me come, since I came here, I haven't shot, let me feel the power of this world. Giorno Chopper also spoke. say (baeg) the way.

Uchiha Madara on the side is a bit confused with the tornado, good guy, who's mouth are you going to be fast??

"Wait, what about me?" Dragon Roll asked.

Diablo looked at the tornado and joked: "Didn't you say that you are not interested in this kind of thing? Why, you want to go back at the critical

moment?"

Tornado blushed with anger and wanted to say something, but there seemed to be nothing to refute, because she did say so before.

"Humph!"

Tornado snorted coldly and landed next to Su Yang, ignoring Diablo and the others.

"Since the task has been assigned, let's start moving." Ace Kano danced the divine axe Rita in his hand.

Just as Ace Kano's voice fell, suddenly there was a sneer from the side.

"What about me?" Uchiha Madara asked.

Everyone looked at Uchiha Madara and paused.

Subsequently, Ace Cano. He stretched out his hand and pointed to the pirates who were following them in the distance behind Quinn and said.

"We all know that you like to fight more with less, so those guys are handed over to you."

Uchiha Madara looked around, then sneered: "It's not worth the effort to kill them.

After that, Uchiha Madara jumped directly, regardless of what they said, and launched an attack directly towards Jhin above the sky.

But before anyone arrived, Diablo quickly blocked Uchiha Madara.

"Madara, that guy is mine."

"Idiots, it's just what you said, and I don't admit it."5

Obviously, Uchiha Madara didn't buy their words.

It was obvious that Uchiha Madara had a fight with Diablo.

This move directly confused Jhin, Quinn, and Jack.

The three of them you look at me, I look at you.

All three had a big question mark on their faces.

Seeing this scene, Su Yang sighed softly.

"These two guys are at such a time, and it makes people worry."

While muttering, Su Yang cast his eyes on Tornado and said.

"If you want to go, you can go, and if you don't go, leave it to me."

As soon as the dragon roll heard Su Yang say this, the displeased face just now burst into a smile.

"Well, Su Yang, after so long, you finally gave me a satisfactory answer."

After leaving this sentence, the tornado flew directly to Jhin.

In the distance, the pirates who followed Jack and the others, the phone bug they were holding, suddenly rang at this moment.

"Blublu..."

"Blublu..."

"Blublu..."

The pirate who was holding the phone bug was startled and looked at the phone bug in his hand. He didn't have time to think about it, and immediately connected.

Before he could speak, a loud voice came from the other side of the phone bug.

"Jin, how are things going on your side?"

As soon as the pirate heard this familiar voice, he immediately looked at the simulated face of the phone bug, when he saw this familiar face.

He paled in shock, and said hesitantly: "Kaido... Governor Kaido!!"

"Um?"

Kai Duo, who was drinking at this time, heard this strange voice, and when he glanced at the phone bug and found that it was an unfamiliar face, he asked.

"Who are you guy? Why are you holding Jhin's phone bug."5

"Kaido.... Governor Kaido, I am under Jhin. 35

"Grumpy gurgle..."

Kaido frantically poured fine wine into his mouth, and then said calmly,  
"Where's Jhin?"

"Report, Governor Kaido, Lord Jhin is fighting against the Seventeenth  
Division of the Whitebeard Pirates."

102 The only 1 who can become 1  
Piece is Governor Kaido (please  
order)

"Then....how is the battle going now?"

Kaido stared at the phone bug and said in a serious tone.

After listening to Kaido's words, the pirate hesitated for a few seconds,  
and finally swallowed his saliva and said truthfully.

"The situation doesn't seem to be very optimistic, because the  
Seventeenth Division of the Whitebeard Pirates seems to be all present,  
Jack, Quinn, and Lord Jin may be confronted by wheels.

When Kaido heard this, he was instantly angry. He threw the wine bottle  
in his hand to the ground, and then shouted angrily: "What a joke, this is  
my Kaido's capable man."

After listening to Kaido's roar, the pirate felt a little aggrieved.

"Tell those guys what I said, if they don't get rid of that old Whitebeard's  
Seventeenth Division, they won't have to come back. 99

After Kaido said this, he didn't care whether he answered or not, and  
directly threw his anger on the phone bug in his hand.

I saw him grabbing angrily, and the phone bug in his hand was instantly  
crushed by him.

"Bring the wine! 99

Kaido yelled out the door.

Meanwhile, Sabaody Archipelago above.

Ace Kano vs Jack.

Giorno Chopper vs Quinn.

On Jhin's side, because of the tornado's shot, Uchiha Madara and Diablo never fought again, and the format became three-on-one.

All but Giorno Chopper had the upper hand.

As for who was the worst, it was undoubtedly Jack, who was already bruised when he fought Su Yang in front of him.

And now, with the powerful heaven-defying Ace Kano, he is only beaten throughout the whole process, and has no power to fight back.

Of course, Jhin's side wasn't too bad either. Although he wasn't as miserable as Jack, he wasn't much better, because he had to deal with powerhouses from three different worlds.

Since the start of the fight, he has basically been dodging, and he has no power to fight back. Once he is distracted, he will only be hit by fate.

After a moment.

"Bang bang bang..."

"Bang bang bang .."

Jack went from mammoth form again and was knocked back to human form by Ace Kano.

As Jack flew out of the direction, a straight deep groove appeared on the ground, and smoke billowed.

"Tap tap..."

Ace Kano, holding the divine axe Rita, walked in the deep ditch at a slow pace, his eyes always staying at the end of the deep ditch.

"Yeah, can't you do it so soon? You're so weak compared to those guys before!" Ace Kano came to Jack and looked down at him.

"Pfft.."

"Pfft..."

Blood spurted out of Jack's mouth involuntarily. At this moment, he

already knew that he was a lamb to be slaughtered.

He staggered and stood up, greedily breathing the surrounding air, his eyes were bloodshot.

"Why, do you still want to drag your exhausted body to fight with me?"

Ace Kano looked directly at Jack in front of him and asked.

And Jack didn't speak, his eyes looked around.

Looking at Quinn and Jhin, I don't know why my heart is a little sad, and the eyes seem to have become apathetic from the moment they fell just now.

Jack squatted down slowly, picked up the weapon on the ground, and did everything he could, wielding his two knives and slashing towards Ace Kano.

And shouted: "The only one who can become One Piece is Governor Kaido."

Facing this blow, Ace Kano felt like Shisui, he raised the divine axe Rita, and with a 'swipe', he slashed straight down.

"Shh..."

Between the sword, the light and the sword, Jack's body seemed to freeze, standing motionless.

"Did da.. 39

"Did da... 99

From Jack's body, blood kept dripping onto the ground.

Seeing this scene, Ace Kano calmly said: "It's really boring, is this the end?"

As soon as he finished speaking, the weapon in Jack's hands fell to the ground with a clatter.

Following him, his body also split in two and fell to the ground.

·0 for flowers ·.....

Yes, as one of the three plagues of the Beasts Pirates, Jack, fell here today.

In the distance, the members of the Beasts Pirates watching the battle, after seeing this scene, their pupils shrank violently, an unbelievable appearance.

"Captain Jack..."

"Jay... Captain Jack is down."

"Impossible, impossible, how could Captain Jack be defeated by that guy."

99

"It's over, the situation seems to be getting more and more unfavorable for us. Now that Captain Jack has fallen, only Lord Quinn and Lord Jhin are left."

"Apart from the fact that Lord Quinn seems to have the upper hand, Lord Jhin is not too optimistic."

0

"Hurry up and contact Governor Kaido."

The pirate with the phone bug nodded and tried to dial Kaido's contact information, but, obviously, he couldn't get through at all.

"Contact....Can't get in touch!!!"

"Damn, what the hell is going on!!!"

While they were discussing, Ace Kano turned around, looked at Su Yang above the wooden Luohan, and said, "It seems that I am the first to finish work."5

Following these words, Quinn and Jhin's eyes also swept in the direction of Ace Kano.

When the two of them saw Jack who had been split into two halves on the ground, no doubt, their hearts were touched, and their pupils shrank violently.

"Jack!!!!!!"

Jhin shouted loudly above the air.

However, just as he shouted and was distracted, Diablo instantly kicked him to the ground.

"Boom..." A sound.

The billowing smoke and dust spread out in all directions.

"Shh!"

Jhin came out of the smoke, but their target was not the three of Uchiha Madara, but the direction of Ace Kano.

"Huh? Another guy who's going to die? Then I'll... let you do it.""

Send an update.

103 Quinn Jack Falls

As soon as Ace Kano's voice fell, Rita swung the divine axe and slashed directly at Jin who was flying in the face.

And Jhin, of course, did not sit still, and saw him waving the long knife in his hand to counterattack, while roaring: "You bastard, give me death.

As soon as the words fell, the divine axe Rita and Jhin's long knife collided, and a powerful airflow was immediately generated.

"The strength is not bad, it's a pity, but if you want to compare with me, you are just a sad weakling." Ace Kano said with a smile.

Jhin just frowned, ignoring Ace Kano's sarcasm.

However, at this time, three figures fell behind Jin.

They are Diablo, Yu "430" Chibo Madara and Tornado.

"Hey, hey, Ace Kano, you're going too far. That guy is ours. We are divided into three, and we are already having a lot of trouble. The tornado is floating in the air, with his hands on his hips, and he is not angry. said towards Ace Kano.

However, if the three of them worked together, Jhin wouldn't be able to

last so long.

But... Obviously, in this case, it is impossible for them to work together.

When Diablo on the side heard what Tornado said, he was instantly unhappy. He refuted Tornado's words and said, "What three are divided into one, obviously you two guys forcibly inserted it."

Uchiha Madara put his hands on his chest and said with a look of disdain:

"It's just your own arrangement, we don't admit it at all.

"Yes yes yes yes, Madara is right." Tornado nodded and sided with the Uchiha Madara class on rare occasions.

Diablo didn't continue to play tricks with them, he launched the attack first, and said, "Let's see who has the ability to eat him first."

At the same time, the tornado also activated its own super power, limiting Diablo's movements.

Seeing this scene, Uchiha Madara didn't sit still either, jumping up, waving the scythe in his hand, and slashing towards Jin.

When Ace Kano saw this scene, he didn't intend to get involved in it. He activated his own power, bounced Jhin away, and left quickly.

And Su Yang, who was standing on the wooden Luohan, sighed helplessly: "These guys are really worrying.

While speaking, the horns on his forehead slowly receded, obviously this is his state of exiting Sage Body.

Immediately following, the wooden Arhat under his feet also disappeared, and he landed on the ground smoothly.

"Shh" sound.

At this time, Ace Kano landed next to Su Yang, and then said with a smile: "Those three guys are really messing around.

Facing Ace Kano's words, Su Yang also pouted and shook his head, spread his hands and said, "It's not the first day you know them."

"Hahahaha...that's what I said."

"Giorno Chopper seems to be in trouble, please go and help."

After listening to Su Yang's words, Ace Kano's eyes turned to Giorno Chopper.

Giorno Chopper is actually not very good at fighting, technically he prefers to be a support.

Ace Kano didn't hesitate, smiled at Su Yang and said, "Leave it to me."

In the distance, Marine was observing the situation on Su Yang's side.

"Counselor Crane, Beasts... One of the three plagues of the Beasts Pirates, Jack, has fallen into the hands of Ace Kano." Standing beside Crane, a Marine soldier said hesitantly.

The crane put down the telescope in his hand and said with a solemn expression: "Although this battle is not over yet, the result has already been determined."

"Yes, did the Seventeenth Division of the Whitebeard Pirates win?"

Marine soldier asked.

"Idiot, aren't you talking nonsense? Do you think the Beasts Pirates have the power to turn the tide?" Another Marine refuted.

"Right, right, have you forgotten that Marshal Sengoku personally attacked and suppressed the Whitebeard Regiment's Seventeenth Division."

"Yes, after those guys attacked the Holy Land Mariejois, they escaped unscathed. This kind of power is not comparable to the Beasts Pirates."

"That's right, what's more, there are only three capable Beasts Pirates, and the others have little ability. Su Yang's side has the smallest number, but each one is extremely powerful."

Listening to their discussion, Crane sighed softly: "Beasts Pirates lost the battle, and the result was already decided before it started."

Crane was right, this battle had already ended before it even started.

On Giorno Chopper's side, after Ace Cano's participation, the results were quickly divided. Quinn's fate was the same as Jack, who died in Ace Cano's divine axe Rita.

As for Jhin, after seeing that Quinn was killed like Jack, he no longer planned to fight, and chose to evacuate directly, while the flying tornado and Diablo naturally wouldn't give up so easily, and started immediately chase.

Originally Uchiha Madara also wanted to pursue Susanoo, but he gave up after hesitating for a few seconds at 4.6.

Su Yang came to Quinn's body, stared at him, his eyes flashed slightly, and then said with a chuckle.

"It seems that our feud with Kaido is completely settled."

However, Su Yang didn't care. After all, he was. Now, with his 17th battle strength, Kaido's stubbornness was not false at all.

"Diablo and Tornado, if I had given that guy to me, this wouldn't have happened." Uchiha Madara's voice reached Su Yang's ears before he arrived.

Su Yang turned around with a smile on his face: "It doesn't matter, whether that guy is alive or dead, there is no threat to us.

104 Staff Crane, We Meet Again

(Seeking Full Order)

Meanwhile, Sengoku over there.

When he heard the news from the crane, he tightly held the phone bug in his hand, his eyes were a little empty, and his face was unbelievable.

"You....what did you say? Jack and Quinn were beheaded by the Seventeenth Division of the Whitebeard Regiment..."

After Sengoku paused, he looked directly at the phone bug and

continued: "Crane, are you sure?"

"Well, I can see clearly, now the bodies of Jack and Quinn are still lying on the ground?" Crane at this time, holding a phone bug in one hand and a telescope in the other hand, was observing Su Yang and their every move.

Sengoku was silent for a few seconds, leaning back in his chair, his eyes fixed on the ceiling, and he sighed deeply.

"Though things were a little out of my expectation, this result is exactly what I want. 35

Indeed, Su Yang and the others killed Admiral of the Beasts Pirates, Kaido will naturally not give up, and will definitely look for Whitebeard to settle accounts.

The harder they fight, the happier Sengoku will be. It is best if both sides fight 10 times to the death, and finally Marine will come out and remove the two stones that they have always wanted to move but can't move.

"Looks like another storm is coming in New World...., hopefully it will go as we think."

Crane also sighed softly, after all, since the Whitebeard Pirates established the 17th Division, this 17th Division has brought them too much trouble to the World Government and Marine.

"This guy Kaido has been doing for so long, but he has done something that makes us Marine happy. In the future, I think New World will usher in big news within a few days.

"It's best to include the other two Four Emperors, and finally let us Marine and the World government finish, so that the structure of New World will be completely changed."

"Okay, Sengoku, let's talk about it after I go back. The battle seems to be over. If you continue to stay here, if you are discovered, it will not be

worth the loss." Crane explained.

If their whereabouts were discovered by Su Yang and the others, obviously, there was only one ending, and the end would be the same as Jack or Quinn.

"Okay, be careful," Sengoku told him when he hung up the phone bug.

Su Yang and the others hadn't left yet. He, Uchiha Madara, Giorno Chopper, and Ace Kano were sitting on the ruins, quietly waiting for the tornado to roll over them.

"Do we really need to help?" Giorno Chopper looked at Su Yang and asked curiously.

Su Yang leaned back slightly, put his hands on the ground, looked at the sky, and said calmly.

"We don't need to worry, Diablo and Tornado are more than enough."

While speaking, Su Yang stood up, stretched, and looked up at the sky:

"Let's go, we're going back. 99

After a pause for a second, Su Yang seemed to have thought of something, looked at Uchiha Madara and the others, and immediately said, "By the way, how is the boat search?"

"The boat thing has been dealt with, go back and pack up, that's it."

Uchiha Madara responded.

"That's good. 35

Su Yang nodded, and just a few steps away, he stopped again.

"what happened again?"

Giorno Chopper asked curiously.

Su Yang lightly patted his forehead with his hand and muttered,

"Before... I didn't think of it before.

"What happened?" Uchiha Madara also asked curiously.

"The heads of the two guys Ace Kano killed are very valuable." Su Yang

said excitedly.

Indeed, if he remembered correctly, Quinn plus Jack and the two of them could exchange for more than 2 billion Bailey.

Wouldn't it be a big loss if I didn't take the two of them away?

Although Su Yang and the others often buy things without giving money, they can't just let Marine make money in vain.

After a moment.

Sabaody Archipelago, Area 66, Marine Base.

Ever since they received news of the Whitebeard Pirates' Seventeenth Division fighting against Admiral under the Beasts Pirates, they have gathered their forces.

However, they were later disbanded under Sengoku's orders.

"Is it really a surprise?"

The Marine soldiers guarding the gate sighed heavily.

"Yeah, if we Marine were also involved in this matter, how many lives would be lost."

"Fortunately, the following orders are that we don't need to shoot, let alone any dangerous actions.

"That's right, fighting those monsters is scary just thinking about it."

"I agree with this, after all, the guys from the 17th Division, even standing up for Marshal Sengoku to take action personally, can't help it.

"Shh, don't say things like that, if the above hears this, we won't be able to eat Kabuto and leave."

"Hello Staff Crane!

Suddenly, not far away, there was a shout.

Several Marine soldiers looked around, at this time, 430 Crane was walking over with a group of people.

"Everyone, don't act rashly, do you know that?" He reminded the Marine

Vice Admiral who was stationed here as he walked.

"Don't worry, Staff Officer Crane, Marshal Sengoku has informed us not long ago, let us Marine pretend not to know, and we will go to clean the battlefield after the 17th Division leaves. 35 Marine Vice Admiral said with a smile.

Although his officers are the same as He's, He's people are beyond his reach.

Crane nodded with satisfaction and continued: "It seems that Sengoku has already made arrangements. In that case, I will go back first."

"Counselor Crane, this has already arrived at the door. Let's go after you go in and sit down." Marine Vice Admiral warmly invited him. After all, with the reputation of Crane, he will be able to brag about it in the future.

Crane hesitated for a few seconds, originally wanted to refuse, but when he thought about it, he didn't seem to have anything important at hand, and he just happened to be a little thirsty, and he was walking after drinking a cup of tea.

"Okay! 99

He's voice just fell, and suddenly at this moment, behind He, came a voice.

"Yo, isn't this... Staff Officer Crane, long time no see.

105 Pirates take pirates to Marine  
to exchange m1y? (please order)

When Crane heard this familiar voice, her pupils shrank violently, and her back became cold.

She swallowed hard, and turned her head back a little stiffly.

What catches her eye is a young man with a ponytail, blond hair, black pupils, tall stature, sword eyebrows and star eyes.

Yes, he is the captain of the Seventeenth Division of the Whitebeard Pirates, Su Yang.

At this moment, he grabbed a large bag in his hand, and the bottom of the bag was dripping with bright red blood.

Obviously, the moment Crane saw Su Yang, all her nerves were tense, and Su Yang's arrival was too unexpected and completely caught her off guard.

"Everyone, all on level 1 alert!!!" He turned his head and shouted.

"What....what should I do, Crane...Staff Hehe???" Marine Vice Admiral on the side was so frightened that Kakuzu shuddered and stammered.

If Crane was not here, he would have been frightened to the ground the moment he saw Su Yang.

After all, yes, in his eyes, even Marshal Sengoku can't do anything about Su Yang, and he is just a Marine Vice Admiral who has just been promoted. Although he has practical experience, he is only catching some cats and dogs.

A level like Su Yang is simply not within his reach.

Crane's sharp eyes glanced at Marine Vice Admiral beside her, she also wanted to ask, what to do.

"What else can I do? Act on a whim? Now, whether it's asking for support or anything else, it doesn't work." He explained, his eyes fixed on Su Yang again, for fear that if he didn't pay attention, Su Yang would start attack.

And with the call of the crane just now, now, a large group of Marine soldiers ran out of the base, holding guns and aiming at Su Yang.

"Staff Crane, don't get me wrong, I'm not here to fight with you today, of course, if you want to fight, I don't mind playing with you, and you know the price naturally~°" Su Yang said calmly .

When he heard Su Yang say that he wasn't here to fight, Crane didn't know why, but always felt a big stone in his heart fell.

After all, it is true that if they really fight Su Yang, their chances of winning are almost zero.

"Everyone, put your guns down.

He shouted loudly, for fear that someone accidentally fired a shot. If he fired, the consequences... She simply didn't dare to think about it.

Su Yang squinted and smiled: "That's right, I don't like fighting and killing, but it's not impossible for me to solve it by force.

"call.....

He sucked in a breath of cold air, and then slowly exhaled it. After hesitating for a few seconds, he continued, "Tell me, Su Yang, what is your purpose?"

Su Yang threw the big bag in his hand, then spread his hands and said:

"What purpose can I have, I just came here to exchange money, inside the bag is one of the three plagues of the Beasts Pirates, Jack, and Quinn's head, I remember that their bounty was more than 1 billion.""

Crane glanced at the black bag on the ground. She had been observing Su Yang's every move before, and naturally she would not suspect that it was fake.

However, Su Yang's move surprised her. One pirate took the heads of the other two pirates to find Marine for money. This was the first time she had seen such a thing.

'Su Yang this guy... It's really hard to figure out what's going on in my mind...

Crane thought to himself.

"It is indeed more than 1 billion."

Crane nodded towards Su Yang and said calmly.

"Don't you want to take a look at Staff Crane?"

"No need, you've already done it, it must be Jack and Quinn's heads inside, but the amount is huge, we need to pool the money, I'm afraid you need to wait for a while. 35 He said solemnly.

"It doesn't matter, I have a lot of time, you don't mind if I go to your base to drink a cup of hot tea and wait.

Su Yang didn't wait for Crane's answer at all, and walked over at his pace, and all the Marine soldiers gave way to Su Yang.

The Marine Vice Admiral, who was standing beside the crane, looked at the crane, as if to imply that a pirate went to the base where Marine was stationed to drink tea?

However, the crane ignored him and looked at Su Yang and said, "You can do whatever you want. 99

"Fighting with Jack and the others, I'm hungry too, just give me a whole meal, the big meal you Marines eat. 35 Su Yang said casually.

Crane was a little unhappy, but he had no choice, so he arranged for Marine Vice Admiral on the side.

`Do as he says. 35

"Yes, Staff Officer Crane."

As for Su Yang, he wasn't afraid of Marine being poisoned, because they didn't dare, because they knew that if there was chaos, they couldn't bear the consequences.

"puff.

Sengoku spit out the hot tea he just drank, then quickly put down the teacup in his hand, turned to pick up the phone bug beside him, and said in surprise, "You...what did you say? That kid Su Yang took it. Jack exchanged money with Quinn's head?????"

"Um!

Crane responded calmly now.

"This lunatic...what the hell is going on in his head?" Sengoku stroked his forehead (okay), a little headache.

"Hurry up and make arrangements and send the money here, otherwise, things will be very unfavorable for us Marine. 35 Crane explained.

Although Sengoku was surprised by Su Yang's actions, he couldn't help it, because he didn't want to fight Su Yang and the others in Sabaody Archipelago because of money.

If it is hit...the loss may be more than 2 billion.

"I see, I'll arrange it right away, but there's nothing wrong with that kid, so be careful. Crane!" Sengoku reminded.

"Don't worry, I can see that Su Yang doesn't mean to fight with us, he's just a boat that really comes to exchange money. 39

Sengoku pouted and shook his head: "I really don't understand, what is that guy doing with so much money? He's a pirate!!!"

106 When Mr. Sengoku came, you said there was only 1 (please order all)

In fact, Sengoku said it is not bad.

In the original book, the Luffy gang described are well-behaved, do not do some things of burning, killing and plundering, and their behavior is full of goodwill.

But... in the original book, what is shown to everyone is only the bright side, but the other side that is not known is extremely cruel, all kinds of things, only you can't think of it, there is nothing they can't do.

So, if you really want to say it strictly, the Straw Hat Pirates can't be regarded as real pirates, to put it bluntly... They are more like a group of adventurers.

As for Su Yang's behavior, it is considered quite satisfactory in the pirate world. Under normal circumstances, if you have money, I will give it to you, and if you have no money, I will still take it.

Will kill too, but.....not like some pirates with twisted hearts slaughtering villages for no reason.

Of course, as for snatch, Su Yang will also snatch when he encounters something he likes.

So, if everything is orderly, then it would be meaningless to be this sea 430 thief at all.

If all the pirates were the same as the Straw Hats, Marine wouldn't need to suppress them at all.

Because, the Straw Hat Pirates Fuck, is more righteous than Marine.

All in all, Sengoku would be surprised that Su Yang came to exchange money.

"This matter needs to be hurry up, so as to avoid some changes."

Although the crane's tone was very relaxed, at this moment, her brows were wrinkled and her heart was uneasy, but also, whoever puts a time bomb in her arms, who can feel at ease.

"I know, I will handle this matter myself, and I will talk about the rest when I get there.

Sengoku scribbled the end, and without waiting for the crane to respond, he hung up the phone bug in his hand.

"Sengoku.....

He looked at the phone bug in his hand with a complicated expression, and finally swallowed all the words he wanted to say just now.

She stretched out her hand and caressed her forehead, her eyes seemed a little godless: "I originally wanted to tell you not to come, lest that guy Su Yang misunderstand that he is here to fight.

Speaking of the back, He sighed, and then muttered: "Forget it, that guy Su Yang has no intention of fighting, the main thing is that I don't mess around here, basically words can solve it.

After a long time.

Marine is stationed at the base, above the dining table.

Su Yang looked at Uchiha Madara, Ace Kano, Diablo, Tornado, and Giorno Chopper in a daze.

"Why did you follow me?????" Su Yang asked curiously

"It was Madara who told us that you came here, so we came after thinking about doing nothing, but Marine's food is really good." "While eating the dragon roll, he couldn't help but praise. .

"Idiot kid, don't involve me in everything, obviously you wanted to come, so we came along." Uchiha Madara snorted angrily.

Tornado smacked his tongue and shook his head: "Bastard Madara, how many times have I said it, don't call me a kid.

In the noisy atmosphere, Ace Kano forked a bunch of elbow meat. After tasting a bite, he held it in front of his eyes and observed it again, but he chuckled to himself: "I think. There is still a certain gap in what Anna does."

Now, in this situation, Su Yang and his group just treat this place as their own home.

Su Yang's group is like a (bag) Shisui, but the Marine soldiers on standby not far away are extremely nervous.

"It's the first time in such a long time that a pirate is so open and honest with Marine! 35 One of the Marine soldiers couldn't help but whispered.

"Grumpy gurgle...

Another Marine soldier next to him swallowed hard, looked around carefully, and finally said in a low voice: "I still saw the Seventeenth

Division of the Whitebeard Regiment from such a close distance.

"It seems that everyone from the 17th Division is present. The sense of oppression they bring makes it hard to breathe."

"Nonsense, this is just the majority of the seventeenth division, and the other members were not present.""

"I don't know why, but I have a feeling that I envy them, if only I were Su Yang."

As soon as he finished speaking, the Marine soldier on the side patted him on the head, and then complained: "Don't do these daydreams, let's be honest and realistic."

At this time, another Marine soldier also stuck his head over, and then whispered: "I have heard about Su Yang and the others before, but I have never seen him, so I always thought that Su Yang It would be a middle-aged man in his forties or fifty years, but he didn't expect to be so young.""

As soon as he finished speaking, another man leaned over his head:

"Don't say that Su Yang is so young, look at their team members, they all seem to be very young. 35

"Yes, yes, I didn't expect that the Seventeenth Division would be a bunch of such young guys."

On the other side of Su Yang's dining table, Crane leaned back against the chair and crossed her hands on her chest. Her eyes were always on Su Yang and the others, and she never left.

At the same time, he was also a little depressed in his heart. He originally thought that there was only Su Yang, but unexpectedly, most of the team members came.

Now, there is no doubt in her heart, and she is even more uneasy.

"boom

Suddenly, at this moment, the gate was pushed open, and a group of Marines led by Sengoku walked in.

Hearing the sound, Su Yang and the others also looked around, standing on the right side of Sengoku was Kizaru, one of the three Marine Admiral, and on the left was one of the three Marine Admiral, Aokiji.

Obviously, when Sengoku saw Su Yang's group, he was stunned, and Aokiji and Kizaru were the ones who reacted the most.

Good guy, when you came, you told me that there was only one Su Yang????

"Mr. Sengoku, it's been a long time, but you seem to be trying to fight me."

107 Kaido: Impossible, this is absolutely impossible (please ask for full order)

Crane also gave Sengoku a speechless look, "Good man, come as soon as you come, and you brought two Admirals, everyone will misunderstand that you want to fight.

However, Sengoku didn't think so. The reason why he brought two Admirals here was mainly because Aokiji and Kizaru had nothing to do.

On the other hand, he was worried that after Su Yang received the money, he would do something again, and the presence of two Admirals would be a shock.

But..... I never thought that, my dear, basically the entire 17th band of your special mother is there.

"Don't get me wrong, Su Yang, I'm not here to fight you, but to pay for the heads of Jack and Quinn." Sengoku said submissively.

As the marshal of Naval Headquarters, he naturally would not bow to Su Yang in terms of aura.

Su Yang didn't mean to fight, he stood up, picked up the white tablecloth on the table, elegantly wiped the stains on the corner of his mouth, and said calmly.

"So, do you bring the money?"

"What do you think? We're Marines, so naturally we do what we say."

Sengoku retorted angrily, but at the end, he added another sentence.

"However, the cash was not enough, so we replaced it with some gold and silver treasures, which are worth more than Jack and Quinn's heads.

In the market, it is estimated that it can be exchanged for about 1.5 billion baileys, and then plus 1 billion baileys in cash, a total of That's 2.5 billion baileys.

Due to time constraints, Marine couldn't get that much cash for a while, so Sengoku planned to use some gold and silver treasures as collateral.

Seeing that Su Yang didn't make a sound, Sengoku frowned slightly and said, "Of course, if you only want cash, then you need to wait for a while, and I will contact the World government to deliver it to you.

"No need."

Su Yang denied it, then looked at Uchiha Madara and the others, and said, "It's time to go, don't eat, our goods have arrived."

Uchiha Madara and the others nodded and wiped the stains from the corners of their mouths with white tablecloths.

When passing by He's location, Su Yang smiled slightly and said, "Thank you for the hospitality of Staff He, if we fight next time, I will let you go."

Although the words were ugly, Crane didn't want to cause any sudden change, so she squinted and smiled: "Then I... thank you in advance. 35

"Let's go, those things are outside, right? Mr. Sengoku." Su Yang walked to Sengoku and asked aloud.

Sengoku just nodded and didn't say anything.

Su Yang just smiled and passed Sengoku, and then he didn't forget to raise his hand, wave it, and say goodbye to them.

After Su Yang and the others left, Crane stood up and sighed softly:

"Sengoku, you are too messy."

"Yeah, Mr. Sengoku, when you came, you said that Su Yang was the only one." Kizaru didn't forget to complain. be ready.

Sengoku also had a look of grievance, and said to the crane: "Xiaohe, you didn't tell me, they are all there."

"They came from behind..."

"That's none of my business. Sengoku shrugged.

crane:

Kizaru:

Aokiji:

Beautiful, this pot is thrown!

Sabaody Archipelago, on a coast.

A body with broken wings was washed ashore by the waves.

His blood has also dyed the sea water on the edge a reddish color.

".....35

The seawater mixed with blood kept coughing out of his mouth.

Yes, he....is Jhin who was pursued by Diablo and Tornado before.

Now he is in unprecedented embarrassment, the mask, and even the armor on his body has been shattered.

The wings have even been broken off...

When he fell into the sea, he thought he was dead, but unexpectedly, the waves hit him back on the shore.

With the passage of time, the powerlessness brought by the sea water gradually recovered.

However, he did not stand up for the first time, his eyes were looking

straight at the sky like this, and his heart was full of guilt.

·0 for flowers·

"Quinn...

"Jack.

"Governor Kaido, I'm sorry to disappoint you, Beasts Pirates, I have no face to go back.

In a flash, the next day came.

In the back, Kaido couldn't contact Jhin, Jack, Quinn and the others, so he asked people to come out of Wanokuni to see if there were any newspapers.

For this matter, the people under Kaido managed to do it smoothly, because they got the newspaper shortly after leaving Wanokuni, and then rushed back to Wanokuni as soon as possible, to the place where Kaido was.

.0

"Guy.... Governor Kaido, big thing, big thing is bad."

One of the pirates hurriedly took a newspaper and came to Kaido.

At this time, Kaido was still drinking. After hearing this disappear, he slapped the pirate who reported the news and flew out.

The newspaper also fell to the ground.

"Fumbling.... really mind blowing. 55

After Kaido scolded, he stretched out his hand to pick up the newspaper on the ground and spread it out. Soon, his pupils shrank violently.

On the forehead, there were rare beads of sweat.

"The Beasts Pirates are capable leaders, known as the three plagues of Jhin, Jack, and Quinn in the Sabaody Archipelago and the Whitebeard 17th Division. In the end, Jack and Quinn were killed and Jhin disappeared."

In one case, Kaido naturally wouldn't believe it, but seeing the heads of Jack and Quinn printed on the newspaper, plus the fact that they can't connect now, all these signs suggest that this is true.

"Whoa whoa..."

Kaido's hand holding the newspaper has begun to tremble, his breathing has begun to become rapid, and his anger is rapidly rising.

"Impossible...impossible, this is absolutely impossible!!!

Kaido angrily slammed the newspaper on the ground.

"Boom..." sound.

The ground shook immediately.

108 Whitebeard: When did I have such a team

The thick smoke and dust gushed out towards the entrance of the cave directly like a flood.

The members of the Beasts Pirates stationed outside were a little stunned at this moment.

He quickly poked his head toward the hole.

"Inside...what's going on inside?"

"It seems... it seems to be the sound of a fight going on inside."

"No...Impossible, inside, isn't Governor Kaido the only one inside?"

"Could it be that there was an enemy attack?"

"Enemy attack? It's unlikely, right here...it's the territory of one of the Four Emperors. How dare a guy with no eyes dare to come here to make trouble."

"Boom..." a sound.

As soon as these words fell, an explosion sounded again inside, followed by the dense smoke "four three zero" dust rushing out again.

"It seems...and it is, but anyway, let's go in and see what's going on."5

Another pirate nodded, and in the next second, they held weapons and ran in at an extremely fast speed, while shouting.

"Governor Kaido...Fa, what happened."

As soon as the words fell, the scene that caught their eyes shocked them.

Kaido seemed to be possessed, constantly hitting the wall with his head.

"Kaido... Governor Kaido, what are you doing?"

After seeing such a strange situation, one of the pirates couldn't help asking.

Who knows, after hearing this, Kaido came back to his senses, grabbed the talking pirate with one hand, and threw it out.

"Get out! Get out of here!"

Another pirate swallowed his saliva forcefully. In this situation, he didn't dare to speak. He would end up being caught by Kaido just like his friend, and then thrown out.

When the pirate went out, Kaido also stopped hitting the wall, his eyes were bloodshot, and his anger value had already exploded.

Recalling this helplessness at this moment...it seems that after he left Rocks Pirate, he never encountered it again.

Kaido squatted down and picked up the torn newspaper fragments in the pit. He stared at the newspaper with a complicated expression on his face.

Probably, after staring at the blank paper for dozens of minutes, Kaido growled.

"what...."

His roar directly caused the entire cave to vibrate, and some rock debris fell one after another.

"Edward Newgate, you old man, you are always so angry."

"This feud, I Kaido wrote down, I will make your entire Whitebeard

Pirates doomed!!!

The Seventeenth Division of the Whitebeard Pirates beheaded two Admirals under Kaido's command. Undoubtedly, this news is also a first-class event in New World.

On the Moby Dick.

The captains who had no mission during the period were all standing on the deck of the ship.

And in front of them was their father, Whitebeard.

Recently, Whitebeard's physical condition is not very good, he has been infusion, and today, naturally.

The reason why everyone gathered on the deck of the ship, for no other reason, was because Su Yang and the others killed the Admiral of the Beasts Pirates.

"It's a bit unbelievable. The Seventeenth Division established by the Su Yang brothers actually faced the three disasters under Kaido's command. Not only did they have no casualties, but they even killed two, and one was missing? 35

I saw a short but cute man with short brown hair, blue eyes, and said incredulously.

He was dressed in white-green 16th-century clothing and a pair of white leggings, and held a saber with a hilt like the swollen strap on his shoulder.

Yes, he is Harta, captain of the 12th division of the Whitebeard Pirates.

"Brother Harta is right, to be honest, when I saw this newspaper, I didn't believe it either. You said, isn't this a trouble? We still know how strong Su Yang is. How can you match a guy with that kind of strength?

Another squad leader said.

"Could it be that among the team members Su Yang has recruited

himself, there are strong players?"

Faced with these words, Joz, who had been silent for a while, spoke up:

"Brothers, don't keep your cognition on when Su Yang left, Su Yang, now we are part of the Whitebeard Pirates. Among the team captains, the one with the highest bounty.0"

As soon as these words came out, many of the squad leaders who didn't care about Su Yang were stunned.

"No...Impossible, Joz, Marco's bounty is 1.374 billion Bailey, Su Yang's kid has been out for less than a year, you have already exceeded it if you tell me. Marko?" one of the squad leaders teased.

"I think so too, if that's the case, wouldn't it be too outrageous?" Another squad leader smiled, then looked at Marko, and continued: "You said what I said was right, Brother Marko .

Marco frowned slightly, although he didn't want to admit it, but, there is no way, Su Yang's bounty is higher than his own, it is indeed true.

"Joz is right, the captain of the Whitebeard Pirates has the highest bounty by far, Su Yang, and all the members of the seventeenth team have exceeded 100 million, and some have even exceeded 1 billion. "5

As soon as these words came out, some unsuspecting squad leaders were immediately stunned?

Good guy, this is not a trouble, his team members are higher than my captain's 4.6 bounty?

However, just when they wanted to say more, at this moment,

Whitebeard, who had been silent, spoke up.

"What they say is true...

When everyone heard this, everyone's eyes turned to their father.

"Dad...

"Goo la la la la..."

Whitebeard laughed up to the sky.

"This kid Su Yang, to be honest, when I learned that his bounty has changed so much, I was quite shocked, even the original Roger, and the original captain, were not so fast. increase.

Ask for full order.

109 Dad, let's go to Kaido

(please order all)

"Dad, it's one thing to increase the bounty quickly. The key is that the Su Yang brothers have recruited a large group of guys with terrifying strength in such a short period of time." Marko said with a solemn expression.

As soon as Marco's voice fell, Joz also stood up at this time and continued to add: "Brother Su Yang is also true, they recruited partners and didn't let us know, if it wasn't for the World Government's announcement of a bounty, we would be afraid. Do not know at all."

"Goo la la la... 99

At this time, Whitebeard laughed again, and then responded: "Don't talk about you guys, Su Yang, you didn't even tell me, the captain of the boat, Marco, actually, he has already talked about this topic now, putting seventeen Let me tell you the members of the squad and the bounty.

"Okay, Dad, but, you need to wait a while, because, I can't remember.

After leaving this sentence, Marko quickly dropped 10 heads, went to the ship, took out a stack of bounties, and finally returned here.

He walked over to Whitebeard and said aloud.

"First of all, let's talk about the captain of the 17th division, our Su Yang brothers. Currently, the bounty is 1.568 billion Bailey, and the captain's bounty is temporarily ranked first."

"And then there's the 17th Division member, Uchiha Madara, with a

bounty of one hundred and fifty million baileys.

"Player, Diablo, the bounty is 853 million Bailey."

"Player, Ace Kano, bounty, 1.145 billion Bailey.

"Player, Tornado, Bounty, 300 million Bailey."

"Player, Emily, bounty, 100 million Bailey."

"Player, Anna, bounty, 100 million Bailey."

"The above, plus Su Yang's seventeenth division, there are seven people in total. As for whether there are any other members who have not received the bounty, it is not clear for the time being." Marko said slowly. Obviously, after Marco's voice fell, many squad leaders leaked stiff expressions.

After all, it was, Su Yang and his team's bounties were increasing at a ridiculous rate.

In a short period of time, Su Yang's bounty has gone from zero to more than 1.5 billion Bailey. This kind of record can even be called a legend.

"This special girl is too outrageous, the bounty of the whole team is so high!!!

"Yeah, if I hadn't watched Brother Marko read it out, and Dad's affirmation, I wouldn't believe such an outrageous thing at all."

"Wuwuwuwu, I'm a piece of shit, it's been more than ten years since I was offered a bounty, and my bounty hasn't reached 800 million Baileys.

"What the hell did the Su Yang brothers do during this period of time, to make the World Government so jealous, and they immediately offered a reward of 1.5 billion Bailey."5

"Captains, don't forget, it's not over yet, the ghost knows if more outrageous things will happen in the future."

"Well, it makes sense. After Brother Su Yang was born, he put more and more pressure on us, and he felt more and more that he was not a

qualified captain."

"Okay, now is not the time to talk about this, but the storm of New World is coming." Marco said with a solemn expression.

Whitebeard asked everyone to gather, not to announce Su Yang and their bounty, but about Kaido.

After Marco's voice fell, everyone became quiet and looked at their father.

Whitebeard sighed softly, and then said calmly: "I think everyone knows what I called you to come here this time."

"Su Yang and the others...beheaded Kaido's bastard's right-hand man, Kaido's bastard, naturally he won't let it go, ours should be ready to fight anytime, anywhere, as Marko said. Yes, the storm.... is coming.

"Dad, if Kaido wants to fight, we will fight him!" Joz said aggressively, his eyes full of ruthlessness.

"Yeah, although we haven't had a big conflict over the years, there are often some small conflicts, so let's take this opportunity to fight a big one.

"Now, Kaido's right and left arm has been broken by Su Yang and the others, Dad, this is a good opportunity.

"The best thing is to call the 17th Division back, just right, I also want to meet the little monsters of the 17th Division."

"That's right, let the Kaido guy know that we haven't done much for all these years, and it's not that we're afraid."

The surrounding atmosphere, and everyone's words and words, became warm-blooded, they were all motivated, and even wished, now, immediately, immediately fight with the Beasts Pirates.

"I'm not afraid that the bastards from Kaido will come to trouble me, the only thing I worry about now is Su Yang and the others..." Whitebeard said calmly.

Of course, if Whitebeard is now aware of Su Yang's situation and overall strength, he must have regarded Kaido as a fart.

However, in Whitebeard's eyes, although Su Yang's 430 bounty is as much as 1.5 billion, in terms of strength, he does not think that Su Yang, the 17th division, can match Kaido.

"Dad's concern is that, with Kaido's character, Su Yang cut off his right-hand man, and he is bound to seek revenge on Su Yang first. 35

"Or... Dad, call Su Yang back.

Hearing this, Marko sighed deeply and stood up and said: "This is indeed a very good solution, but the only fly in the ointment is.... We lost the way to contact Su Yang.

"No, haven't we been in contact with him all the time?"

Whitebeard unplugged the infusion tube, he stood up, facing the sea and said: "Just today, when we tried to contact him, we found that we couldn't get in touch, the phone bug in his hand... seems to be dead. .

Indeed...., after the battle at Holy Land Mariejois, the phone bug Su Yang used to contact Whitebeard was broken.

Moreover, the dramatic thing is that Su Yang also forgot the phone bug number of the Whitebeard group, and the Whitebeard group didn't know the phone bug number of Su Yang's heart.

Therefore, at this moment, the two parties have completely lost contact.

110 After the years, the war torn

Whitebeard

After everyone heard it, they all bowed their heads, not knowing what they were thinking or what to say.

Now, the two sides have lost contact, and both Whitebeard and Kaido have a five-fifty advantage, and no one can guarantee who will find Su Yang first.

"Dad, tell me what to do, we all listen to you, Daddy. 99

"Yes, yes, what you want to do, just give your father an order.

Everyone looked at the great back of their father, and the cloak behind him fluttered with the sea breeze. At this moment, it was as if they saw the majestic back of Whitebeard when he was young, leading them to fight in all directions.

However, when Whitebeard turned around, their eyes flashed slightly, and their eyes were already wet.

Yes, what appeared in front of them now was no longer the youthful and energetic body that was in good health back then.

Rather, it is a body that has been ravaged by years and wars.

At this moment, they seemed to have grown a lot in an instant, because they knew that Whitebeard could not stand in front of them all the time, and the more time passed, the more they needed to stand in front of Whitebeard.

Whitebeard's benevolent gaze scanned everyone on the deck of the ship, and a moment later, a smile spread across his face.

"Idiot, of course Kaido has to fight, and Su Yang has to send someone to contact him.

Hearing Whitebeard's words, everyone's emotions were not as high as before, thinking that they had grown a lot in an instant just now.

"Dad, Su Yang's side, leave it to me, I'll send someone to find them."

Marko stood beside Whitebeard and said.

"Let a few stronger ones go."

Because of the lack of understanding of Su Yang and their strength.

Whitebeard is still worried that if Su Yang is found by Kaido first, he will be in a disadvantageous situation.

Therefore, he still intends to let the stronger person go, and if Kaido

really finds it later, it will also make the situation a little better.

"Don't worry, Dad, just leave everything here to me~".

Whitebeard nodded with satisfaction, Marko was doing things, and he was still very relieved.

"Then Brother Marko is going to send someone to deal with Su Yang's affairs, then Dad, leave the task of monitoring Kaido's actions to me." Joz also stood up and asked for the task.

"I don't worry about your approach, as for the others, all prepare to fight, in case that bastard Kaido suddenly attacks.

"Yes, Dad!!

The 17th Division of the Whitebeard Pirates killed Kaido's right-hand man, and this incident was rumored in New World.

Even the red-haired Shanks were shocked when they learned about it.

Among the Four Emperors, only Charlotte Linlin does not know, because, in her eyes, only food can gain her insight, and she is not so concerned about other things.

In a flash, the next day came.

Holy Land Mariejois.

Within a splendid castle, Naval Headquarters Marshal, Sengoku, and Naval Headquarters three Admiral, Aokiji, Kizaru, Akainu, plus Naval Headquarters Vice Admiral and Staff Officer, Tsuru.

At this time, they are having a major meeting.

As for the content of the meeting, it was naturally the New World, the movements of the two Four Emperors, Whitebeard and Kaido.

"According to the information obtained by the investigator from New World, the Four Emperors Kaido and the Four Emperors Whitebeard have all made certain moves. According to this progress, they will meet each other soon."

Sengoku, who was sitting at table C, leaned back against the chair, folded his hands and clasped his fists on his chest, and had a very serious expression on his face.

"What about the movement of the Seventeenth Division?" Akainu asked with a solemn expression.

"The Seventeenth Division is still in the Sabaody Archipelago. It seems that they are waiting for something, and it is not ruled out that they just stop at the shore. 35 He said that for the news of the Seventeenth Division, her side has more Masters. .

"If the Seventeenth Division goes back and joins the Whitebeard Pirates, then.....the battle between Whitebeard and Kaido has basically come to an end before the battle begins.

Akainu continued to speak, and while speaking, his eyes involuntarily looked at his abdomen, as if the scar on his abdomen had begun to ache again.

However, what made him even more painful...his strength was unable to take revenge.

"Sakazuki is right, in terms of the strength of the Seventeenth Division, it can basically be said that the Whitebeard Pirates are now the two emperors in general. If they are allowed to return to the New World, the Whitebeard Pirates will undoubtedly win. 35 Sengoku also expressed his opinion.

It was at this time that Crane put forward his own different views.

"Things may not be as bad as we thought, after all, if Whitebeard wanted Su Yang to return to New World, the 17th Division may have already made a move, and it is impossible to stay in Sabaody Archipelago now.

"Comrade Crane is right. After all, the Whitebeard Pirates took action in New World yesterday. If they wanted Su Yang to return to New World,

they should have taken action a long time ago." Kizaru said with a smile.

"It seems... it seems that fate seems to be on our side this time, so it is, we are recuperating and ready to go!

Sabaody Archipelago, a certain coast.

"Blublu...

"Blublu...

"Lord Su Yang, the phone bug is ringing!

Emily stood in the kitchen and shouted.

However, she didn't get any response from Ren (okay) He, she wiped the water from her hands and walked into the hall without taking off her apron.

The hall was empty at the moment, and she walked outside while holding the still ringing phone bug.

Right now, outside.

Su Yang and Diablo are fishing.

Uchiha Madara and Akronorlia were lying on the lounge chairs chatting.

As for Tornado, Ace Kano, and Giorno Chopper are fighting the landlords. (Because the boat was boring, Su Yang added entertainment.)

Such a leisurely picture, it seems quite warm.

Emily looked at this picture, she didn't know why, but she always had a very satisfied feeling.

"Blu Bleu.....boat"

At this time, the ringing of the phone bug made Emily calm down, and he hurriedly walked in the direction of Su Yang and said.

"Lord Su Yang, someone is looking for you.
