Су Ян однажды отпавился в мир пиратов и стал капитаном семнадцатой дивизии полка Белоуса.

Не закреплєн за членами команды, не беда, благо система призыва активирована.

Мадара, Черный Дракон, Торнадо, Мисака Микото и др. все они члены семнадцатого отряда Су Яна.

Воюющие Государства: «Я оцепенел, в команде играть труднее, чем с Белоусом».

141 I, Saiyan Race Invincible

Kong didn't answer Whitebeard's words immediately, but slowly took off the cape he was wearing, and said gently while dropping it on the ground.

"Yeah, Whitebeard, we haven't seen each other for decades. I didn't expect to see each other again, and it would be like today."

"Gooooooooooooooooo..."

Holding Cong Yunqie in his hand, Whitebeard laughed loudly and said,

"I'm not interested in you Marines. The purpose of my coming here is to save my important people. Now, please let me go.

"What nonsense are you talking about, beard!!!" Akainu interjected.

Whitebeard gave Akainu a contemptuous look, and then said

disdainfully, "You don't have the right to speak here, magma kid!!!"

"I'm afraid, it can't be as you wish, the old man is the commander-in-chief

of the World Government! Ace has the most evil bloodline, he is One

Piece, the son of Gol D Roger, for such hidden dangers, we must

obliterate him and cradle him in. 35

"As for the captain of your Seventeenth Division, Su Yang, that guy is also the same. Although he doesn't have any evil bloodline, his actions have already created a serious threat to the World Government, so he must also be obliterated." Kong said firmly.

"Humph!"

Whitebeard snorted coldly, disdainful of Kong's words: "If you have the skills, you can try, I am Whitebeard!"

Seeing that Kong didn't retreat, Whitebeard didn't waste any time with him, he directly waved Cong Yunqie in his hand and slashed towards Kong and the two of them.

"First meeting, Captain of the Seventeenth Division of the Whitebeard Regiment, Su Yang!" The old man with glasses said first.

Su Yang glanced at the three Five Elders who surrounded him, and couldn't help but smile bitterly.

"Do you.....the world and the government think too much of me~"?"

That's right, the three Five Elders are besieging themselves, I'm afraid Whitebeard doesn't have this treatment either.

And what about himself? Speaking of the bounty, it's only 1.5 billion, not even half of Whitebeard's.

Speaking of power, there is only one of the Four Emperors, the Whitebeard Pirates.

Speaking of purpose.... It doesn't have the ambition of the revolutionary army to overthrow the world, the government, and the government.

but.

The results of it?

Good guy, say hello directly to the three Five Elders.

"You deserve this treatment, because your body is full of uncertainty."

Another old man with curly white hair responded.

"I'm curious, the horns on your forehead are not your Devil Fruit ability, if I guess correctly, it should be unique to your race.

"Huh, it's really surprising, I didn't expect that there are races that we don't know about in this world. 35

Seeing that Su Yang didn't say anything, the three Five Elders tacitly agreed that what they said was the truth. However, they did not act so quickly, but wanted to find out what would be beneficial to them from Su Yang's body as much as possible. information.

"Moreover, I also know a more important news, that is, in your race, one person is born with a horn, but in this era, there is a person with a pair of horns, I'm not wrong." Bald, The bearded old man with a splayed figure continued to speak.

Su Yang was naturally not stupid, he knew from the beginning that Five Elders wanted to find favorable news from his own mouth.

However, as to why the Five Elders said that Su Yang his race was born with a horn, and this era has a person with a pair of horns, Su Yang did not know what they meant.

After all, he didn't know about the dream of Lord Yimu.

"Can you say something that I can understand? Every sentence is full of words, which is really unbearable. 33 Su Yang really complained, compared with their scheming, he is really a little witch. See the witch.

"We can never wake up a person who is pretending to be asleep.

Su Yang listened to this, the corners of his mouth twitched a few times, and finally decided to come to a plan.

"Well, it seems that my race has been investigated by your World government, but so what? Our patriarch predicted that one day, the man born with double horns will lead us to overthrow the World Government. Su Yang opened his mouth and came, and told him about a general type

of plot he saw when he had not traveled.

However, Su Yang thought that the Five Elders would refute him, but, he never imagined that the Five Elders... really believed it.

Mainly, because Im's dream, in the dream, is a man with a pair of horns, leading a group of people to fight with Im in the sea.

`Hehehe....

One of the old men laughed.

"Nonsense, the next few thousand years will be ruled by our world government.

"That's right, maybe, if we didn't find your trace, it might really be as your patriarch predicted, but now we have found you."

so special,

Su Yang cursed inwardly.

Are these three dog things still addictive?

If this is the case, then one more plan will be counted.

"Don't brag, our race is naturally no different from ordinary people. Even if we pass through you, you may not be able to find out, (the king's) even, even we have to have a special method to determine whether we are compatriots. 35

The old man with glasses smiled with satisfaction at Su Yang's words:

"You have underestimated our world, the government, and the government. To be honest, we have mastered another way."

One sentence, another sentence?

Su Yang was dumbfounded, and it was estimated that he was pulling it off, and he could publish a book soon.

"Don't be funny, our Saiyan race is invincible, immortal, and fearless!!

Qi!"

As soon as these words came out, the three Five Elders leaked satisfied

smiles.

"Su Yang....you're worth dying for."

"Well, I didn't expect that, before dying, he also made a great contribution to our world, government, government."

"Boom! 95

As soon as the voice fell, the ground suddenly shook violently.

142 Tribute to Might Guy, Night

Guy

Everyone heard the news and looked.

At this time, Whitebeard activated the Shock Fruit ability and was dealing with Kong and Akainu.

The earth cracked huge cracks, and the huge explosion sounded incessantly, and the hot magma sprinkled all around.

According to their level of fighting, I'm afraid Marineford can't last long.

"Shh!"

Suddenly, at this moment, the old man with glasses launched a surprise attack on Su Yang.

He instantly drew out his long sword, covered it with Armament Haki, and slashed out instantly.

As for Su Yang, he had been on guard since the three Five Elders had fallen by his side, so he had noticed when the old man with the eyes drew his sword.

I saw a jump, barely dodging this slash.

However, in the next second, the old man with the splayed beard who appeared above his head kicked out again.

"Damn, it's really tricky!"

Su Yang cursed, then quickly proceeded to Armament Haki defense.

"Bang! 99

A kick fell to the ground.

"Boom..."

The rich smoke and dust spread out in all directions.

The three Five Elders didn't give Su Yang a break.

From the moment Su Yang fell to the ground.

The old man with glasses had already jumped into the air.

Waving the long sword in his hand, he activated his sword skills.

"Shhhhh..."

Like a net of heaven and earth, the slashes kept falling to the ground.

What followed was a continuous explosion.

The smoke and dust spread out in all directions like a flood.

When the old man landed smoothly.

In the smoke and dust, a figure came out at an extremely fast speed.

"Sure enough? It's of no use at all."

The old man wearing glasses looked at Su Yang not far away and frowned.

"It seems that things are more difficult than expected. 35

"Everyone, don't be careless, this guy... but the existence that made our old friend fall.

"Don't worry, the three of us are considered top-notch existences, that kid...it's impossible to have the chance to turn the tide."5

(baeg) "Whoohoo.....'

At this moment, Su Yang was making his breathing steady.

The clothes were also shattered by the sword skills of the Five Elders just now.

Even on the two arms, the sleeves were intact, and the middle of the clothes was chopped like noodles.

"Looks like that can only be used.

Su Yang's eyes sank slightly and said softly.

The trick he said was, of course, Eight Inner Gates.

This time, Sage Art Wood Style True Several Thousand Hands is not suitable.

The reason is simple, the strength of the three Five Elders is top notch.

Whether it's defense, strength, or speed.

It is even better than Su Yang after opening the magic.

Once you turn on Sage Art Wood Style True Several Thousand Hands, it's just a waste of your own stamina.

Because their speed was too fast to hit at all, they stood up on top of the Senju Buddha statue by themselves, and the other two Five Elders naturally wouldn't watch in vain.

Only....Eight Inner Gates.

Come and fight them hard.

"Eight Inner Gates, open!"

Su Yang's Eight Inner Gates had just opened, and they had not continued to lift the restrictions, thus raising the level, but at this time, the three Five Elders joined forces to attack again.

This directly interrupted Su Yang's spellcasting.

"boom!"

"Boom"

...

"Shhhhh...'

It's just less than a minute.

The ground Su Yang was standing on just now collapsed.

Flying sand and rocks, thick smoke billowing.

If faced with one, Su Yang can still make a move.

But...Faced with three, Su Yang can only defend and rarely find a chance

to counterattack.

After all, the combat experience and strength of the three Five Elders are top notch.

Whitebeard's side couldn't even come to support him. He was held back by Akainu and Kong.

As for Joz and Marco, they couldn't get out at all. Sabo was approaching the execution ground, preparing to implement a rescue plan.

As for the other squad leaders, they have that energy, but they don't have that strength.

Time passed quickly, and in the blink of an eye, more than ten minutes had passed.

"Boom...

Along with falling to the ground again, there was a burst of laughter in the smoke.

"Hahahahahahaha!!!39

The three Five Elders fell to the ground, staring at the smoke.

"Is this guy... giving up resistance?"

"I don't know, after all these time battles, I have mastered his strength.

Facing the three of us, he can't fight back at all."

"However, it is worth mentioning that this guy's defense is really scary, he obviously doesn't know Conqueror's Haki, but he does need to be wrapped by Conqueror's Haki to break his armor!

"Yes, what's even more evil is that he obviously won't be entangled with Conqueror's Haki, but he can break our armor!

"It's a pity that such a guy... was not born in our Celestial Dragons."

Suddenly, at this time.

Amidst the smoke, came a voice.

"Kabuto Kabuto turned around, and finally let me find a chance.

When the three Five Elders heard this, they looked at the smoke in surprise.

"This guy...."

"Everyone, look at the top of the smoke, what is that?"

"Red gas?"

"Damn..."

The old man wearing glasses scolded, then clenched the long knife in his hand, and immediately ran towards the smoke.

The moment he entered the smoke, the next second, only a loud 'bang' was heard, and the old man wearing glasses flew out.

At the same time, the smoke and dust also dissipated directly with the impact of this blow.

At this moment, Su Yang's figure came into everyone's eyes again.

However, at this time, his hair and eyebrows had turned red, and he was swaying with the airflow, and his whole body was wrapped in blood-red steam.

The bespectacled old man who climbed up from the ground helped his eyes, and then looked forward in an incredible way.

"Swipe!"

At this time, the other two old men also fell next to the old man wearing glasses.

"What the hell did this kid....?"

"I also feel that, just for a moment, I feel that his own strength has increased countless times.

"That can't be done, this guy is in this form, let our old friend fall?"

143 You Can Experience the

Power of 8 Gate

For this matter, the three Five Elders did not care to draw conclusions.

After all, he didn't know anything about Su Yang.

They didn't know if it was Su Yang's hole card.

In other words, he has more powerful cards.

Whatever the case, the three Five Elders were finding it extremely difficult.

As Su Yang accumulated strength, the blood vapor on his body became more and more intense.

With him as the center, a huge airflow was released from his body.

Even the ground closest to him, whether it was the corpse lying around or the ground, was directly forcibly swept away by this powerful airflow.

The rich blood steam rose into the sky and directly washed away the cumulus clouds above the sky.

The scorching sun shone on the earth, and the sky was cloudless.

The appearance of Su Yang, the momentum alone, made many Marines horrified and looked terrifying.

"This...what the hell is going on here?"

"Okay, it's scary, just the airflow generated by itself makes the cumulus clouds above the sky collapse, and there are no clouds in the sky.

"Damn? I don't remember someone analyzing his Devil Fruit ability as a Zoan? Why did he display an ability that has nothing to do with Devil Fruit's ability?"

"It's terrifying. The current sense of oppression has never been tried before. This guy...is a monster!"

"More than a monster, this is simply a demon!!! Damn it, this guy ruined all the victory I had left in my heart."

"However, having said that, who are these three old men? 35

"No...I don't know, who cares who he is? Their actions tell us that it's better not to be an enemy. 99

"Yes, yes, I hope these three old men can destroy the captain of the seventeenth division!!!

Not to mention the surprise on Marine's side, even the Whitebeard Pirates and his affiliated pirates were stunned.

"This guy...is this guy the captain of Dad's newly established 17th Division? The strength is terrible.""

"Indeed, just the sense of coercion generated by oneself can make people feel terrified?"

"The Whitebeard Pirates are awesome, the father is awesome, and the captain of the 17th division is awesome.""

The movement caused by Su Yang was great, and almost at this moment, everyone's eyes turned to him.

"This..

"This, is this still the Su Yang I know?

Marko was shocked, and seemed to understand in an instant why Su Yang's bounty had suddenly become so high.

Who can resist this kind of momentum and this sense of oppression!

Suddenly, Marko remembered what he said to Su Yang when Su Yang left the ship.

'Su Yang, I'll wait for you to come back, next time we have a full-scale battle.

And Su Yang's answer.

'Next time...I will definitely beat you, Marco.

Now, just thinking about it, Marco couldn't help but tremble in his heart, my dear, who wants to fight this monster with all his strength.

Isn't this what a punch?

"This guy....is he still as frightening as ever?" Kizaru couldn't help but said.

For everyone else, even Whitebeard, what he meant was that his heart didn't match what he said and the expression on his face.

The only one, only Su Yang....

What his heart and expression have already said are synchronized.

"Looks like you've escaped a catastrophe!

Suddenly, behind Doflamingo, Mihawk spoke to him unexpectedly.

"Sigh, sigh, sigh..."

Although Doflamingo was in a panic, he still used his evil smile to hide it.

"Is that right? I should thank this guy Sakazuki well, otherwise... I guess I'm already on the ground now, sigh..."

On the field, no doubt, whether it is Marine, Pirate, or Shichibukai, they all refreshed their views on Su Yang.

I got a clearer understanding of this terrible man.

The screen returned to Su Yang's side.

"Don't be discouraged, everyone, there are only three of us, Su Yang, no matter how many incredible moves he uses, he can't beat the three of us."

The old man with eyes cheered the old comrade next to him.

·0 Seeking Flowers·

"It makes sense, it's just that the aura it exudes is compelling, the specific power is not necessarily strong or weak?"

"Let's solve it quickly, it's time to let this matter come to an end perfectly.

Just as they were discussing here, suddenly, Su Yang took the initiative to launch an attack.

The reason is also very simple, the longer he stays in the Eighth Gate, the longer the physical damage he will inherit.

Moreover, the physical strength consumed by the Eighth Gate is extremely large.

In an instant, Su Yang had already fallen from the sky.

"So fast!"

"The speed is much faster than before!"

"Elephant Elephant!"

"One foot!"

Su Yang gave a light drink.

Punch out.

The punch has not arrived.

The strong impact directly caused the ground on which the three Five Elders stood to collapse.

His skin also shook violently due to the influence of the airflow.

The bespectacled old man resisted the pressure and quickly used a long knife to cover Conqueror's Haki for defense.

"Bang!" A muffled sound.

The old man wearing glasses fell directly into the ground at a speed that the naked eye could see.

"Get out of the way! 35

The old man with glasses roared angrily.

The old man on the left and right quickly dodged in different directions.
boom!"

"

What the bespectacled old man could never have imagined was that the shock caused by the impact of this punch was directly transmitted from the long knife to the inside of his body, causing him internal injuries.

"Pfft!"

Blood could not help but spit out directly from his oily mouth.

"Drink! 39

Su Yang roared, and just wanted to perform a combo on him, when the other two old men had already adjusted their state and attacked Su Yang

from both sides.

"Two feet!"

No way, Su Yang can't activate the old man wearing glasses, but that doesn't mean he can't activate it on the other two old men.

Su Yang turned around in the air, spun to drive the airflow, and punched the old man who came first.

144 Sorry, Captain, We're

Late

Accompanied by Su Yang's fist.

"Boom!" sounded.

A huge air current rushed directly towards the oncoming Five Elders.

At this speed, he couldn't dodge at all, but he didn't mean to dodge either. The original intention was to punch Su Yang.

However, when Su Yang raised his fist, he was instantly rushed out by this air current.

His head was twisted to his shoulders, flying backwards at an extremely fast speed.

"Damn... This airflow directly makes my whole body unable to move!!!

At the same time, another old man had reached the sky above Su Yang, waving his fist and hitting it directly.

"boom..

However, at the moment he played, Su Yang had disappeared in place, and when he reappeared, he had already gone behind another old man.

"Three feet!

"boom!

Strike again with fists.

A huge airflow appeared again.

Against the back of the old man before.

The two air currents collided, sandwiching the old man in the middle, unable to move.

"What are you doing? Dodge! 35

At the same time, the old man with eyes had climbed up from the ground and shouted at the old man who was frozen in the middle.

The old man who was caught between the two air currents wanted to scold his mother, but the reason was not that I didn't want to dodge, but that the body was directly caught by the two air currents and couldn't move.

"His attack is coming again!"

Another old man also shouted towards the old man caught in the air.

However, what is the use of "four seven seven"?

At this moment, Su Yang was already above him, and he made a big kick.

"boom!"

With the blow of this punch, a huge airflow rushed down, and the head of the old man in the middle was continuously lowered by the airflow.

On the other hand, he used all his strength to raise his head hard, if he followed this airflow, his head would be broken.

"what!!!!!"

The old man wailed, and a large mouthful of blood poured out of his mouth.

"Shhhh!!!!

The two old men arrived to the left and right of Su Yang in an instant.

Attack quickly.

above the sky.

There was a deafening sound that ripped through the air.

Four figures fell.

In the end, Xixiang still didn't fully play.

The three Five Elders stood together, gasping for breath.

Likewise, Su Yang was gasping for breath.

The Eight Inner Gates cost him too much.

"This guy!!!! It made the old man lose face!!!" The old man who was caught in the air just now roared, and reached out to wipe the blood from his mouth.

"Sure enough, this body can no longer support our continuous violent attacks." Another old man said solemnly.

"However, I can feel that with such a terrifying move, he can't support it again." The old man wearing glasses expressed his opinion.

"Such a guy can't stay, it will definitely pose the greatest threat to our World Government in history.

"Not only can he not stay, but even the 'Saiyan' race he calls can't keep one. 99

(Note: Don't get me wrong, I saw someone in the comment section misunderstood that I had summoned the people in the Seven Dragon Balls, here is the protagonist's nonsense, the Five Elders cliché earlier, Su Yang said directly and casually, don't think that the summoning Saiyan.)

Su Yang is also looking directly at the three Five Elders.

"These three old things are really too tricky. When they join forces, there is no flaw at all."

He murmured, there was nothing he could do right now, his physical strength was not enough, so he would come back to Xixiang again, the final big move with Eight Inner Gates.

So, comparing the two moves, Su Yang decided to use the last one.

If you continue to use Xixiang, if you do not achieve satisfactory results.

Next, he had a headache.

Su Yang didn't dare to gamble, and didn't want to joke about such a risk.

Only the final move, the Night Guy, might be able to win.

At this moment, Su Yang has also done a good job, and will inherit the result of the physical injury tomorrow.

At this moment, his body was slightly tilted, his hands were on the ground, and he was ready to dive.

"product!

As this sound fell, the blood vapor on Su Yang's body became even larger, and a strong airflow was generated again.

Washed this smoky battlefield.

Su Yang's eyes flashed at this moment, and there were many streaks like magma flowing on his body, and what followed was that the red steam shape changed into a dragon shape.

The red dragon opened its mouth and roared, resounding throughout Marineford.

And the moment everyone saw the red giant dragon appear, they were all shocked and couldn't shut their mouths.

"This...what the hell is this???"

Sengoku's exclaimed face stiffened, and this huge sense of oppression made him intuitively tell him that if he resisted this blow, he would definitely die.

"Damn, is this Su Yang's true power?"

Under the execution platform, Garp was also shocked, and he felt such an overwhelming sense of coercion for the first time since he became a Marine.

Even the Rocks back then couldn't do that, and neither did Roger.

"It's not good!!! Is the situation going to reverse?" Tsuru, who was standing beside Garp, said anxiously.

"Whoa, whoa, whoa...."

On the other side, Doflamingo smiled wickedly: "This time, I didn't come for nothing, such a spectacular battle is simply hard to find."

Of course, his heart was full of emotion, thanks to Akainu joining the Five Elders, otherwise, he would be Doflamingo standing opposite Su Yang now.

"This kind of power, is it really possible for humans to do it?" Mihawk, who was standing behind Doflamingo, was also surprised. This was the first time in many years that he had leaked such surprise. expression.

"That guy, it seems that he has used an incredible move again!" Aokiji, who was fighting against Joz, sighed deeply.

"This guy really used an unexpected move again!" Kizaru's eyes sank slightly, and his face was extremely ugly, standing above the void.

Compared to Marine and Shichibukai's reactions, the Whitebeard Pirates were even more outrageous, and they couldn't even speak clearly.

"Su Yang????"

"Captain Su Yang???"

"Sir Su Yang????"

"Su Yang, is this your true strength?"

"This sense of coercion makes me feel that my breathing is not smooth.

Whitebeard was even more emotional, staring at Su Yang, at this moment he didn't know whether to say it was happy or sad.

"Su Yang, have you grown up to this point?"

When Whitebeard said this, a satisfied smile escaped his lips.

"Go ahead and do what you want?"

On the other side of Marine, he also said a word in unison.

"Is this...the Captain of the Seventeenth Division of the Whitebeard Pirates, Su Yang?"

The screen turned and came to Su Yang's side.

At this moment, he has completed his savings.

The three Five Elders also recovered from their shock.

"Come on, you must not let him release such a move." The old man wearing glasses shouted.

"No, that guy seems to have completed his savings!!!"

"Damn it! Disperse quickly, you two will look for opportunities to attack from the other side, and I will meet you head-on! The old man with glasses roared.

The other two old men nodded and dispersed towards the left and right sides.

At the same time, Su Yang exhaled a white breath.

Then he ran wildly, and the ground he stepped on was shattered.

When running wildly, a red giant dragon followed.

It roared with its huge mouth open, and the sound shocked the entire Marineford.

The old man with glasses also wanted to use his strongest swordsmanship to attack at this moment.

He swung the knife quickly, and at the same time, Su Yang was already fast approaching.

However, when he was about to make a move, he was dumbfounded,

The long knife in his hand was bent.

"What? Space is distorted?"

When he reacted, Su Yang was already close.

His pupils shrank violently, and he was helpless for a while.

Seeing Su Yang jumped up, he kicked over.

He subconsciously resisted directly with the long knife in his hand.

"Night Guy!"

With a roar resounding through Marineford.0

Su Yang kicked the long knife.

"Crack!

The long knife unexpectedly shattered in an instant, followed closely, and directly touched the abdomen of the old man wearing glasses.

"Pfft... ah!"

Hot blood spewed out of his mouth.

The bones above his chest shattered instantly.

Immediately afterwards, his entire body fell to the ground.

Then he was kicked by Su Yang and flew backwards.

An unprecedented huge airflow hit the surrounding crowd.

The crowd flew upside down in this huge airflow.

The old man wearing glasses had his body broken midway, no vital signs, his eyes turned white, and the glasses frames he wore before were nowhere to be seen.

"Boom!!!!"

With a loud bang, the entire Marineford was in turmoil.

The sea surface frozen by Aokiji was all torn apart, and the waves kept surging up.

After a loud bang, what followed was a huge flush of smoke and dust.

Everyone was shocked at this moment.

Whether it was Marine or Pirate, they all stopped, no one was still fighting, and their eyes were so dull.

in the smoke.

Su Yang has lost his Sage Body state, and his Eight Inner Gates form has also been released. He knelt on one knee on the ground, gasping for breath. This blow... has consumed all his physical strength.

As time passed by, the smoke and dust covering the entire Marineford gradually thinned.

The waves stopped beating and the ground stopped shaking.

quiet

All of Marineford fell silent.

You can even hear the people around you, their hearts beating 'thump, thump'.

The other two old men turned stiff and approached the giant pit, and looked at the end of the big pit with their eyes fixed. The old man with only half of his body left, tears could not stop flowing.

"what.

Their lips trembled, their bodies trembled, and they couldn't say a word for a long time.

When the two of them came to the half-corpse of the old man, he even knelt down and stretched out his trembling hands.

"Even you... have you left us???"

"what!!

"I do not accept!!

"I don't accept this ending!!!

"I absolutely do not accept it!!!!39

"Ahhh!!!"

The two old men wept bitterly, not paying any attention to the gazes of the people around them.

I want to reach out and pick up the half corpse, but.

The body is only half, and they can't hold it at all. 4.6

Su Yang stared straight ahead not far away.

Now, he doesn't even have the strength to stand up.

He laughed wildly.

"It seems that it's not a loss to die like this!!!"

He knew that he couldn't handle the remaining two Five Elders.

Even the heavyweights of the Whitebeard Pirates can't come to support.

Waiting for him, there are only two runaway Five Elders left.

"Sir Su Yang!!!"

Rem and Ram jumped out of the boat at this time and ran over worriedly.

"do not come!!!!"

Su Yang shouted hoarsely.

Although Rem and Ram heard it, it was the only time they resisted Su Yang's order.

"Don't come here, go away!!!!"

"Sir Su Yang, please forgive us for being one-sided!!!!!"

"Su Yang!!!!"

The two old men stood up suddenly, their anger has risen to the extreme.

Su Yang turned to look at Rem and Ram who were running towards him.

At this moment, he felt very uncomfortable.

"You two fools!!!"

Su Yang roared.

Suddenly, at this moment.

Above the sky, a huge ship hit the ground head-on.

"Boom..." a sound.

Above the battlefield, dust was flying, and thick smoke engulfed the ships.

The only thing that can be seen is the flag flying in the wind and writing

17 in red!!!!

(Send the big chapter, ask for a monthly pass, flowers!!).

145 This is the home field of the

17th division (please complete

the order)

"What....what, it seems to have fallen from the sky?"

"I don't know. I didn't notice it at all. My eyes were always on that monster, Su Yang of the Whitebeard Pirates."

"When it fell, I seemed to see... a huge ship.

"Come on, don't make any jokes, whose ship will fly in the sky?"

"That's right, have you ever seen a flying ship?"

"No."

"Have you seen it?"

"I haven't seen it either.

"That's right, what the hell is falling from the sky????"

The Marines were talking at this time, speculating about what suddenly fell from the sky.

However, on the execution stand, Sengoku looked at the flag with 17 written on it at the top, and his face had become extremely ugly at this moment.

This flag...

It is no stranger to him, and even has seen it many times.

10

Yes, he guessed it, it was not the Whitebeard Pirates who joined the pirates, nor the former 16th Division, but the 17th Division that was established not long ago.

"This gang... Are these guys still here? Obviously... obviously it's just a little bit short, damn it!!!!"

Sengoku frowned, meaningless.

Hearing Sengoku's abuse, Ace looked at him stiffly.

His eyes had been on Su Yang's body just now, until he heard a rumbling sound, he looked at the scene of the incident in astonishment, and only barely saw the boat.

However, when he saw the flag with 17 written on it, he seemed to have an answer in his heart.

"It's just a squad, as for making you a dignified Marshal Marine overwhelmed? 35

At this moment, Ace is quite puzzled. Su Yang has such strength, it's okay if his face is ashen, but now, the crew of his 17th division is here, and he also shows such an embarrassed look?

Could it be that the members of the 17th Division are also as strong as Su Yang?

Thinking of this, Ace thought of his second team. Apart from his own strength, in his eyes, everyone else was the work of a three-legged cat.

(Ace doesn't count Teach.)

'No no no... It is absolutely impossible to have such a perfect squad.

If this is all about the strength of Su Yang, wouldn't it be like a new Four Emperors pirate group?'

Ace quickly rejected his previous idea.

"Good luck to you, Ace!!!"

Although Sengoku was very reluctant to admit such a result, he knew that when he saw the flag of the Seventeenth Division, the Whitebeard Pirates would turn the tide in this war.

"What do you mean, you guy, your speech is always inexplicable, and people can't understand it." Ace asked back.

Sengoku smiled: "It's not interesting, but even so, I will never let you go, do you know why I keep standing here?"

"why?"

"Of course? For when things can't be stopped, I can kill you right away!"

Sengoku's eyes were firm.

Yes, he had always thought so. One of the reasons why he didn't

participate in the battle was because he was afraid that the Whitebeard Pirates would suddenly come over and save Ace.

The second is that when things can't be stopped, he can end Ace's life as quickly as possible.

After Ace heard it, he remained silent, and continued to look at the smoke and dust.

Marco flapped his wings and landed beside Whitebeard.

"Dad...I see, the flag of our Whitebeard Pirates is hanging on the boat, and the flag with a 17 written on it, if I guess correctly, it is the seventeenth of our Whitebeard Pirates. The squad is here.

Whitebeard's eyes sank slightly: "Is that boy's partner Su Yang here? It's too timely, just in time, I also want to witness, the young people he recruited, is it what I thought in my heart? like that.....

After Marco heard this, he looked at his father suspiciously.

Then look at Akainu and Kong with gloomy faces in front.

In a trance, Marco seemed to understand something.

"I also want to see what kind of division this seventeenth division is, it actually changed the faces of most people on the battlefield.

"Hey...what the hell is going on here, why, why did a ship fall from the sky." Gekko Moria looked at the place where the smoke was, with a puzzled expression, and said inexplicably.

"Huh huh... things seem to be getting more and more interesting, this 17 should represent, this is the symbol of the seventeenth division of the Whitebeard Pirates!" Doflamingo smiled evilly, anyway It's none of his business, so he doesn't care who comes.

"The seventeenth division? Is that incredible division full?" Mihawk also guessed after hearing Doflamingo's words.

"Squad Seventeen?"

Hancock, who is also one of Shichibukai, is confused, but she doesn't blame her. After all, 477 doesn't pay attention to these things.

When Hancock's words fell, suddenly a shout came from below.

"Look, everyone, a giant dragon is flying over. 99

With the fall of this voice, everyone looked up to the sky.

Sure enough, a huge stream flew over at a very fast speed.

After a while, he fell directly to the place where the ship just fell.

The mixed air flow directly blows away the smoke and dust that enveloped the ship.

At this moment, the true face of this ship appeared in everyone's field of vision.

"This is...this is the Seventeenth Division of the Whitebeard Pirates!!!99

"Damn, the entire Whitebeard Pirates team is here!!! 35

"The one lying on the guardrail of the ship is a member of the

Seventeenth Division, Uchiha Madara, with a bounty of one billion and fifty million Baileys.

"The one next to Uchiha Madara, is Diablo, with a bounty of 853 million Baileys.

"And sitting on the parapet with an axe... is Ace Kano, with a bounty of 1.145 billion baileys.""

"Floating on the boat...is a tornado, a bounty, three hundred million baileys.

"And... several guys, we don't know who they are, they should be new players recruited not long ago."

146 17th Division, each show

Kamui (please complete order)

"What the hell is the Seventeenth Division of the Whitebeard Pirates?

Why is the bounty of the members so high, even higher than the captains

of other divisions."

One of the unwitting Marines wondered.

"Don't you know this? The Seventeenth Division is all a bunch of lunatics.

They attacked Marine, attacked the headquarters of the World

Government, and then left unharmed. The World Government has long

listed them as the most dangerous and extremely evil. people.

After hearing this, many Marine soldiers were already half cold.

"Damn, the pirates that have appeared so far are enough for us, and now

there is a team of outrageous monsters with a high average bounty.

"It's over, we can't compete at all!!"

"Shut up, if our commander hears this and charges you with disturbing

the morale of the army, you can leave without eating Kabuto. 35

Meanwhile, on board.

Uchiha Madara they are tied in a row.

Their eyes looked down at the battlefield below.

Soon, it fell on Su Yang.

"Sorry, Captain, we're late!"

"It's all my fault for going in the wrong direction. It wasted so much time

for us. If it was a little later, we would probably have come to clean up

the battlefield." Diablo said politely and solemnly.

The tornado floating in the sky immediately gave up, and said cursingly:

"Can you blame me? I knew you would fly over by yourself, you bastard

Diablo. 39

Diablo ignored the tornado and wanted a helper: "You're right, Madara!"

Uchiha Madara smiled wickedly, with a look of indifference: "It doesn't

matter, as long as you can get there, and, it seems, it's not too late, the

show has just begun?"

"Have you heard, Madara has started to do personnel work~".

Tornado put his hands on his hips and scolded Diablo angrily.

And Diablo just smiled.

This kind of shit happens a lot to them.

Both sides have evolved to a state of immunity.

"Hehehe..."

Ace Kano smiled aside, and then said calmly: "The atmosphere is the same no matter where it goes."

Su Yang's side.

With the support of Rem and Ram, he stood up.

The eyes of the two of them were already wet. She looked at Uchiha Madara and the others, then looked at Su Yang, and said, "That's great, Mr. Su Yang, they are all here."

"Hoo! 35

Su Yang also sighed softly, these guys came in time, otherwise, the consequences would be unimaginable.

Not far from Su Yang, the two Five Elders looked solemn.

"What the hell? Why? These guys from the Seventeenth Division came here?"

"Damn, didn't that guy from Sengoku say he received information that he might attack the Holy Land Mariejois?"

"It's a miscalculation, it's going to be tricky now."

"No...., even if Marine suffered heavy losses in this battle, Su Yang, this guy killed our two old friends, he must not be allowed to live!!!"⁵⁵

The two old men quickly reached an agreement, and while Su Yang had not recovered his strength and the other team members had not come here, the two of them ran fast.

"Su Yang, take your life!"

Just when they ran for a while.

Above the sky, an axe instantly fell in front of them.

"Boom..." a sound.

The earth cracked directly.

The two Five Elders who sensed something wrong also stopped immediately.

"Damn... this plan doesn't work."

"Shhhhh..."

Meanwhile, Diablo and Ace Cano have come to Su Yang and the Five Elders among them.

"It's not good to take advantage of the opportunity." Ace Kano said with a smile after picking up the divine axe Rita, which was chopped on the ground, and carrying it on his shoulders.

"Our captain is tired, let us two be your opponents!" Diablo also said with a smile.

The two Five Elders frowned, their strength had already been experienced in the Holy Land Mariejois, and each possessed a unique skill.

"Ace Kano, Diablo, I leave it to you two, I have to go to rest." Su Yang said flatly.

"Don't worry, leave it to us, Su Yang!"

"Yes, you can rest assured!"

At the same time as the words fell, Tornado had also arrived here and used his super power to bring Su Yang, Rem and Ram back to the ship.

At this time, except for Acunorolia and Giorno Chopper, who were still on the boat, everyone else had already started to let go of themselves and showed off their Kamui.

"Can I help?" Giorno Chopper came to Su Yang's side and asked curiously.

Su Yang shook his head: "No, it's just that his own consumption is too

outrageous, and now the ability can no longer be used, and it needs to wait for a while. 35

"That's fine.

Giorno Chopper nodded.

Under the execution platform, Garp's expression was complicated, and his heart was full of happiness and joy.

Xi is coming from the 17th Division, and the chance of Ace being rescued has reached 100%.

You are here from the 17th Division, and they can't get enough of their bones.

He Yuguang glanced at Garp, and then said flatly: "Garp (Zhao Zhao), this is the result you are looking forward to!

When Garp heard the sound, he looked at Crane. He, Crane and Sengoku were both old partners, so even if they didn't say it, they could see their minds clearly.

"You know, Xiaohe, I have nothing to do.

Crane smiled: "It's not your fault, Garp, Sengoku and I both know it! 99

When Garp heard this, he also laughed: "Women are really gentle at this time.

"Crack!"

Sudden sweat.

At this moment, the execution platform collapsed directly.

Such a sudden thing made Ace and Sengoku a little confused.

Even Garp and Crane paused for a while, and while they quickly ducked, they glanced at the execution platform.

"Ace, sorry, I'm late."

At this time, Sabo jumped up, holding the steel pipe, and said to Ace.

147 Areas of gravel, less than half

of my points (please order all)

(Cavinka has been stuck for a long time, and his head hurts)

"Sabo!

The moment Ace saw Sabo, his eyes flashed slightly, slightly surprised.

Sengoku also stood firm on the collapsing execution platform, and then, looking at Sabo fiercely, whispered softly.

"The boy of the revolutionary army!! 35

"Ace, wait for me a moment, I'll save you right away." Sabo soothed, and his eyes fell on Sengoku.

He knew that if he couldn't pass the Sengoku level, then he wouldn't be able to get Ace out.

"Not ashamed to speak."

Sengoku roared at Sabo.

As the voice fell, a gleaming golden light flashed.

Sengoku's body gradually became larger, and within a short while, a huge golden Buddha came into view.

Yes, this is exactly the ability of the Sengoku Zoan, the phantom beast, the human fruit, and the form of the Great Buddha.

"Be careful, Sabo, don't underestimate the enemy 477.""

Ace reminded.

Sabo took off his obstructing coat and said solemnly: "Don't worry, I know what I know.

However, just as his voice fell.

A blue arrow shot directly.

Sabo was startled for a moment, and Armament Haki quickly covered his hands to defend.

"Bang.....", Sabo quickly moved to the side, and stopped after a while.

Immediately, looking up, the arrow was shot by a giant with only a half

blue body, and under the giant... it was Uchiha Madara.

This strange move of Uchiha Madara directly made Ace, Sengoku, Garp look stupid.

"This guy....what's the matter? Attacking one's own side?" Sengoku's eyes sank slightly, looking at Uchiha Madara puzzled,

And not far away, facing the unexpected attack of Uchiha Madara, he was at a loss.

"Xiao He, what are you talking about? Garp frowned slightly and asked He to understand.

Crane's face was solemn, she shook her head, and said softly: "You ask me, how do I know, after all, the Seventeenth Division of the Whitebeard Pirates are a bunch of lunatics, who can know what is in their minds? thinking about something.

"It seems to be right, how can a normal person think about it, what is a madman thinking?

Garp also did not choose to shoot, and Crane did the same, still observing the current situation.

However, at this time, Ace's anger rose, after all, Sabo was his own brother.

"What are you doing? Sabo is my brother!" Ace roared towards Uchiha Madara not far away.

And Uchiha Madara, ignoring him completely, after releasing Susanoo, jumped to the place where Sabo was standing just now.

"What am I talking to you? Asshole, Sabo is our own." Seeing that Uchiha Madara ignored him, Ace shouted again.

Uchiha Madara turned her head to look at Ace, her eyes flashed, and she sneered: "I remember you, that brat who doesn't know how high the sky is."

"You bastard... what are you talking about? I'm talking to you about business? Our enemy is Marine, the World government." Ace reminded again.

"Don't get me wrong, those are your enemies. In my eyes, they are... just a tool for me to relieve my boredom." Uchiha Madara didn't know that Ace and Su Yang were both members of the Whitebeard Pirates. So as to give him a good look.

wrong...

Strictly speaking, it was precisely because Ace and Su Yang were both members of the Whitebeard Pirates that Uchiha Madara said that baeg.

Or else, with Uchiha Madara's character, an unfamiliar person is chattering in his ear, and he has already dealt with it.

And say, that sentence, the classic lines.

'Mere gravel, not half as good as mine!

"Mr Madara, why are you here?"

Sabo asked with a confused expression.

"Where are there so many and why? This guy, but I saw it first, so if you want to make a move, go for a replacement. 35 Uchiha Madara calmly said.

Sabo:

Ace:

Sengoku:

In addition to them, including Garp and Crane were also stunned.

Sabo is even more scolded in his heart, good guy, he is going to fight Sengoku, he can say, he doesn't want to participate in this kind of battle.

"Damn, I thought this guy Uchiha Madara was on the wrong drug, and even, for a moment, I thought it was our Marine's undercover..

Sengoku murmured inwardly.

"Come on, let me be your opponent.

Uchiha Madara had already leaked a wicked smile with excitement, holding a sickle in his hand, pointing at Sengoku.

After Sengoku frowned slightly, he raised his fist directly, and then threw a punch, a huge shock wave hit Uchiha Madara.

As for Sabo, taking advantage of this opportunity, he immediately came to Ace.

Just wanted to pull Ace out of here first, but at this moment, behind him, there was a sound of heavy footsteps.

The two suddenly turned their heads, and what appeared in front of them were two pale old men.

Yes, these two people are Garp and Crane.

"Garp!"

These two words came out of Ace and Sabo's mouth almost at the same time.

"Garp, is there really no problem? There is absolutely no need for you to do this! Crane asked from the side.

"Old man...also Marine! 35

"what ever!

"Back then, if you could listen to me, I would be able to protect you rightly!

Garp roared at Ace and Sabo, then raised his fist and punched it.

And the other side.

Since the 17th Division came here, it has completely become their home.

The situation turned around at once, and most of the people were having a good time.

"Really? Then I'll reward you with a good thing." Tornado said with a smirk on his hips.

The next second, what followed was a roaring sound from above the sky.

Everyone looked up and was dumbfounded, a huge meteorite was descending at an extremely fast speed!

148 Blackbeard: What is this

special situation? (Please

complete the order)

"Grumbling

When many Marine soldiers saw this scene, the line of defense in their hearts collapsed, and they lost their determination to resist.

"Fake... Fake it!! 95

Some Marine soldiers could not hold the long knives in their hands and fell directly to the ground.

Some of them just slumped on the ground, looking up to the sky and laughing, with beads of sweat on their foreheads.

The expressions on some faces are like smiling but not laughing, like crying but not crying.

"This.... how to fight this! 35

"This is a total crushing crush!

"We can't win, we can't win!"

"Damn it! Originally, I was thinking of taking advantage of this achievement to get promoted, but now it seems that it is still a question whether the small life can be saved.

"Damn it, I'm still a male... ah, I'm going to die before I can enjoy it, it really makes me feel uneasy!"5

"It's all to blame for the monsters from the Seventeenth Division, it's all to blame for them!!!

And since Su Yang's 17th Division came to Marineford, his side has been free.

At this moment, his eyes stared at the meteorite falling from the sky, and he sighed in his heart.

"I didn't expect that a little baby could have such power. It seems that this kid Su Yang has really found a group of very powerful teammates! 99

"Dad, it's not just that little baby, other people... are also outrageous, seeing them, I deserve to be the captain! 35 Marco added.

Although I said earlier, when he saw the bounty, he had already given himself a vaccine, knowing that Su Yang, the 17th division, was not easy. However, I never imagined...that it was so outrageous.

"Goo la la la..."

Standing at Cong Yunqie, Whitebeard looked up to the sky with a long smile: "Indeed, the home court here is now owned by Su Yang's Seventeenth Division, even if it was... the Battle of the Valley of the Gods back then, it wasn't the same. To have such a sight!" 5

"The Valley of the Gods?"

Marco heard these three familiar and unfamiliar words, and he had heard Whitebeard mention it before, but he had never told them about the Valley of the Gods.

Thinking, this may be a bad memory of Dad, so Marko didn't ask too much.

"It's all over, it's just emotion."

Speaking of which, Whitebeard sighed: "I have to admit that we are getting old, and this era... belongs to you young people.

At this time, Whitebeard had already made a decision in his heart, but....

When this is brought up in front of them, it still needs to wait until the end of this battle.

And suddenly at this time, one of the Shichibukai who had closed the sword, Mihawk drew the long sword again.

After rotating for a few laps, and then a flat A, a huge sword energy rushed towards the meteorite.

With a sound of "Boom...", the meteorite exploded in an instant, turning into countless fragments of different sizes and falling down.

Of course, even so, there are still some Marine soldiers and some weak pirates injured by falling meteorite fragments.

Time just passed by minute by minute.

On the battlefield, Susanoo, black dragon, fireball like the sun, etc., etc.

The appearance of these things directly caused Marineford to collapse in a large piece.

If this battle continued, Marineford would sink to the bottom of the sea within half an hour.

The Blackbeard pirates who just arrived in Marineford secretly were dumbfounded.

Especially Blackbeard, he originally wanted to send Whitebeard away, but in this situation, if someone from the Whitebeard Pirates found out, he would be sent away by Whitebeard on the spot.

"Damn..."

"Damn..."

Blackbeard scolded twice, his face extremely ugly.

"Captain, what's wrong?"

Lafitte asked curiously.

Others looked over suspiciously.

Moreover, when he came, Blackbeard said that he was going to do something big, and he seemed very happy.

However, after arriving, it was like a completely different person.

"This is, after that guy Whitebeard and I left, a newly established division called the Seventeenth Division was led by that guy Su Yang."

·0 for flowers·

of course.

Blackbeard and Su Yang knew each other, but the relationship was not very good, for no other reason, because Su Yang was a traveler, he knew Blackbeard's ambition, so over the years, he didn't have much dealings with him.

"It's just a squad, it won't make you worry so much." Shiryu on the side said.

Shiryu, formerly the warden of Impel down in the deep-sea prison, was sentenced to death sentence on suspended sentence because of bloodthirsty, often murdering prisoners, and was detained at LEVEL6 at the bottom of the prison.

He also joined the Blackbeard Pirates during the Impel down riot not long ago.

Therefore, he didn't know much about the Seventeenth Division.

Of course, Blackbeard only understood a little about it in the newspaper, and he didn't take it too seriously at the time, but when he saw it at the scene now, it was so meow that he lost his confidence in an instant.

"Shiryu, although this 17th Division was established not long ago, the bounty was outrageously high. Besides, according to the scene, these people were very troublesome. Lafitte reminded him.

"Don't act rashly. Now, it's definitely not our chance to make a move. We need to wait until they hit both sides before we make a move."

Blackbeard ordered.

Although everyone didn't say anything, they still nodded. After all, no one wanted to fight with these guys.

The ship of the Seventeenth Division.

At this time, Su Yang's physical strength has recovered a lot.

He stood up slowly, his eyes first glanced at the battlefield, and finally fell on Whitebeard.

"Sir Su Yang, take a good rest, let the other adults go to the battle. 99 Rem and Ram both came over, watching Su Yang's move, thinking that he was going to fight again.

Su Yang smiled lightly, then stroked Rem's head with one hand and Ram's head with the other, and said deeply: "Next time, you won't be allowed to be so messy, you know?"

"Sir Su Yang...."

Rem and Ram raised their heads, those clear and bright eyes staring at Su Yang.

Su Yang hugged them. Going into his arms, he said solemnly, "I'm sorry, I made you worry."

149 Blackbeard and Whitebeard

When the two girls heard Su Yang say this, they shook their heads in his arms, and then said softly, "Sir Su Yang has been taking too much, and it's my fault that Rem and my sister can't help."

Su Yang stared at Rem and Ram in his arms. For some reason, there was always an indescribable feeling in his heart.

Especially when it was a close call, Rem and Ram desperately rushed to his side.

"call!"

Su Yang sighed heavily, then straightened Rem and Ram, and said gently:

"Okay, other things, after the war is over, let's go back and talk about it.

"Sir Su Yang, you can rest again!"

"Yes, Mr. Su Yang, anyway, the situation on the battlefield has been brought under control, so it doesn't matter if you go on or not.

Rem and Ram persuaded by the side.

Su "477" Yang gave a wry smile, and then explained.

"Don't worry, I'm not going to fight, I just...have something to tell Whitebeard.

After all, before Rem and the others could make a sound, Su Yang jumped and left the boat.

After a while, Su Yang came to Whitebeard.

When Su Yang was about to say something, Whitebeard first looked at Su Yang with a solemn expression, and then said in a low tone.

"Sorry, Su Yang! 39

"Um?"

Hearing Whitebeard's words, Su Yang looked surprised, his eyes lifted slightly, and his eyes were fixed on the man in front of him who was many times bigger than himself.

"I'm not a qualified captain...years

Whitebeard's meaning is very clear, probably, at the moment when Su Yang was in crisis just now, but he, as the captain of Su Yang, couldn't rescue him immediately.

Su Yang was really surprised by what Whitebeard said.

He smiled calmly: "What are you talking about, Whitebeard, are you a qualified captain? Haven't I been clear all these years?"

"Gooooooooooooooooo..."

Whitebeard laughed at this moment.

"Don't say it's the Sengoku guys, even me, I'm quite shocked to see your strength today, how long has it been, you have not only found a group of reliable partners, but your own growth has also reached Astonishing proportions.

"I know... these days, you must be working hard! 35

Su Yang was slightly startled.

What Whitebeard said was right.

But only... In the back, Whitebeard guessed wrong.

Su Yang not only did not live a hard life, but lived a very nourishing life.

"Okay, Whitebeard, stop making fun of me. 35

"Have all the members of your Seventeenth Division arrived?

Whitebeard changed the subject and asked.

Su Yang shook his head: "There are two more that haven't come. 35

"After the war is over, you can call them back together. I have something important to announce." Whitebeard said solemnly.

Su Yang has been with Whitebeard for so many years, when he said this,

Su Yang felt that what Whitebeard was about to announce was not simple.

If you think about it carefully, perhaps in the original book, Whitebeard also thought about announcing ten important things.

It's just that people are not as good as heaven. In the original book, both he and Ace will fall here.

"it is good!"

Su Yang nodded, then said, "Whitebeard, let me give you a present! 35

This time, it was Whitebeard's turn to look at Su Yang with a surprised look on his face, and wondered, "What gift?

Su Yang didn't answer right away, and gave Whitebeard a pass, only to see him smile slightly, and at this moment, he immediately entered the state of Sage Body.

The next moment, a horn grew on the forehead at a speed that could be seen with the naked eye, and a reddish flame was burning at the end of the horn.

Whitebeard just looked at Su Yang like that, silent.

As for Su Yang, he didn't hesitate. On his fingertips, a green ball of light

the size of a fist quickly condensed.

Then on top of the green light ball, a layer of white light is wrapped.

Finally, it was thrown towards the fortress of Naval Headquarters.

Since the powerful people in Naval Headquarters are now focusing on the battle, no one has noticed Su Yang's actions at all.

So... at this moment, the energy ball emitting white light flew smoothly to the Naval Headquarters fortress.0

"Boom.

With a loud noise, the fortress of Naval Headquarters collapsed directly.

Due to the great movement, most of the people looked at the collapsed Naval Headquarters fortress.

"F...what happened?"

"The Naval Headquarters... collapsed?"

"Yes... it's Su Yang, Captain of the Seventeenth Division of the Whitebeard Regiment!"

"Damn it, isn't that guy seriously injured? Why does it look like Anyang is safe now???"

"Damn it! It's getting more and more difficult, we can't win at all!!

Just when they were talking about Su Yang, all of a sudden.

Another voice came.

"Behind the fort... what's that behind the fort?"

"Like... like a giant."

"Not only that, but who is the person standing in the direction of the execution stand?"

Blackbeard and his party were stunned at the moment.

I was thinking of waiting for Marine to fight the Whitebeard guys to the death, they were looking for a chance to play.

However, now.... was suddenly discovered.

"Damn..... Su Yang the bastard!!"

Blackbeard gritted his teeth and scolded, but in the next second, he packed up his inner anger and laughed.

"Hahaha 4.6 haha..."

"Long time no see, Dad!"

When Whitebeard's eyes reflected Blackbeard's figure, his anger instantly rose to Ultimate.

"Teach.....you bastard!!!"

After all, he raised his arm directly, waved it directly, and the next second, he directly activated his own Shock Fruit ability.

A powerful shock wave rushed towards Blackbeard with great speed.

Wherever he passed, the Marines and the buildings were all thrown up.

"Boom..." A sound.

The fortress, which had been in ruins, exploded again.

Whoa, whoa, whoa.....

Buildings large and small collapsed.

150 Ace Kano, join us World

government (please order)

Billowing smoke and dust rose up.

After a while, the smoke gradually dissipated.

The Blackbeard Pirates slowly got up, and their eyes were all focused on Whitebeard.

The same is true for Blackbeard, he showed a hideous smile, stared at Whitebeard, and then said solemnly.

"I really don't care about friendship, and if that's the case, it's impossible to show mercy!"

Facing Blackbeard's words, Whitebeard frowned slightly and said calmly:

"Only you are not worthy of being my son, Teach! You violated the only

iron rule on my ship, you killed your comrade! Now, it's up to me to take your son of a bastard. Let him rest in peace!

Blackbeard didn't take it seriously, and laughed horribly.

"Is Daddy angry or scary as always?"

"Shut up. Teach!"

Whitebeard waved Cong Yunche at Blackbeard, then continued: "Come and make a break, Teach. 99

Blackbeard didn't seem to realize the difference in strength at this time, or maybe he was too arrogant.

"Just to my liking.

While speaking, Blackbeard's body began to release something like a black mist.

And this is the ability of his natural 10 series, Dark Fruit.

Whitebeard just flickered his eyes slightly, and then said to Su Yang, who was beside him: "Your gift... I like it very much. 39

After all, he was not polite to Blackbeard, and while dancing the cloud cut, he quickly approached Blackbeard.

As for Su Yang, he smiled faintly, and then disappeared in place at a very fast speed.

When his figure appeared again, he had come to the back of the Blackbeard Pirates.

"If you shoot, I will kill you instantly, because... this is the grudge between our Whitebeard Pirates and your captain.

"Of course, if you want to try it, it doesn't matter, I don't recommend wasting a little more time and killing you all. 99

After coming to their back, Su Yang sat on the ruins and gave them a command.

Lafitte and his party turned their heads and glanced at Su Yang.

As one of the first crew members to join the Blackbeard Pirates, Gizas Badgers was the first to be unhappy in the face of Su Yang's arrogant tone.

"You bastard, what are you talking about!"

The words and actions were carried out together, and he directly raised his fist and punched Su Yang's head.

"Shh!"

When Gizas Badgers never thought of it, he clearly felt that he was about to hit, but in an instant, Su Yang disappeared in an instant.

When he appeared again, he was already in the sky.

"Badgers, be careful!" Lafitte shouted.

However, Gizas Badgers' current strength was too late to react, and Su Yang punched him directly in the forehead.

"Bang!" A sound.

Jizas Badgers was directly blown up by this impact bomb, and then in mid-air, he spun a few times, and planted his head on the ground.

His eyes turned white, his face was distorted, and blood kept overflowing from the corners of his mouth.

"Badgers!! 39

The members of the Blackbeard Pirates shouted.

At this time, Su Yang had already landed on the ground and stepped on Gizas Badgers' head.

"Let him go! We will never interfere." Lafayette said with a frown.

But Su Yang stomped his foot, smashed Jizas Badgers' head, and said blankly: "You are not qualified to negotiate terms with me! Understand?"

"Damn..."

With the lessons learned, Lafayette and the others no longer dared to act rashly.

Meanwhile, on the other side of the battlefield.

Diablo and Ace Cano also had a big advantage.

"Yoyo, is this not going to work? Is it really boring?" Ace Kano said with a smile to the old man in front of him, carrying the divine axe Rita.

The old man of the Five Elders frowned. When he was besieging Su Yang before, he had consumed a lot of his physical strength and was injured.

What made him even more depressed was that no matter how he attacked Ace Kano, he could never hurt him.

"Hehehehehe..."

At this time, the old man burst out laughing.

Ace Kano looked at him with a puzzled expression.

"With your strength, you can't even be a captain in the Whitebeard Pirates. That old fellow Whitebeard is really blind. 35

"Why, do you want to come to me, I will give you the supreme right.

At this moment, Five Elders, a cunning old man, even threw an olive branch in the middle, trying to win over Ace Kano.

Unfortunately, what he didn't know was that all of Su Yang's team members were 100% loyal.

"Ha ha ha ha ha.....

Ace Kano laughed involuntarily after hearing this. At first, when he saw the old man laughing, he thought he was going to use some kind of move.

477 But he never expected to say such a tiger-wolf word.

"Are you worthy?"

The look on Ace Kano's face became serious.

"As long as you agree, I can give you anything you want, and the treatment is definitely better than staying in the Whitebeard Pirates. The 35-year-old man continued unwillingly.

Ace Kano, however, lost interest, directly stretched out his finger, and a giant Great Fireball like the sun condensed in an instant.

Not too far from Marineford.

A pirate ship is heading for Marineford at breakneck speed.

The pirate flag on the boat fluttered in the wind.

And standing at the front of the boat was a one-armed man with red hair, three scars on his left eye, and a short stubble around his mouth.

Yes... they are the Red Hair Pirates, one of the New World Four Emperors.

"I don't know.... What's the situation in Marineford now." Shanks stared at the endless sea, and said with some worry in his heart.

Recommend a friend's book, click on my homepage, or search for the title to read "The Crow Thinks I'm Weak, Stealing Mera-mera Fruit Overnight".

151 Daddy Don't Kill Me,

I'm Your Son

Listening to Shanks's words, Benn Beckman, who was sitting on the ship's guardrail, glanced ahead, then put his eyes on Shanks and said.

"Boss, you don't have to worry too much, I think Whitebeard will handle this matter well, after all, his title of being the strongest man in the world is not something he just said with his mouth.

Shanks looked at Benn Beckman, and sighed softly: "If it was before, I wouldn't worry about anything? But now, Whitebeard is still unable to escape the punishment of time!

"The last time I saw him, I could already feel that his body was very bad, and this time the battle would probably cause a dark wound on his body.

"What's more... This time, the World government came prepared, waiting for Whitebeard to jump into the pit.

At the same time as he was talking, Shanks looked at the sea again, his

deep pupils made it difficult to understand.

Benn Beckman didn't say anything, his eyes stayed on Shanks for a few minutes, and finally looked at the sea.

At this moment, a fat man wearing small sunglasses, a green and white striped hat, a green and white striped shirt, and a yellow coat came over.

"It's all to blame for Kaido. If it wasn't for the purpose of intercepting Kaido's sneak attack, we would have reached Marineford long ago." Laki Lu said calmly.

"No way, Laki Lu, if we don't intercept Kaido, Kaido will attack Whitebeard from behind, and things will become more complicated."

Benn Beckman reminded.

"yes!

Shanks also responded at this time, and continued: "If Kaido also joins in, then things will become more complicated and completely runaway, and no one can stop it.

As he was talking, the image of him encountering Kaido gradually appeared in Shanks' mind.

The difference from the original is that blocking Kaido this time is not in exchange for any conditions.

Simply.... just convincing Kaido of the pros and cons.

At the time, Shanks said so.

'If you Kaido insists on doing this, then you will be facing two Four Emperors pirates, and maybe even Marine will lean to his side.

The reason is also very simple, if Kaido is fighting the Whitebeard Pirates and the Red Hair Pirates to the death, do you think Marine will pass up a chance to completely wipe out the Four Emperors?

The answer is...not possible.

Although Kaido was stubborn in front of him, he tried a few tricks with

the red hair, but he didn't say yes, so he left with someone.

"Hahahahaha..."

Shanks burst into laughter and said relieved: "Forget it, now, it's useless to worry about it any more, it's just up to fate, I can come, it's an explanation for Luffy and Captain Roger! 95

However, what Shanks didn't know was that the Whitebeard Pirates, with the arrival of the 17th Division, had the upper hand in Marineford.

At this moment, Marineford, more than half of the area has sunk to the bottom of the sea.

Marine's side appeared, unprecedented loss.

Shichibukai's people are also shrewd. Since Doflamingo suffered a big loss from Su Yang, the other Shichibukai didn't dare to provoke the 17th Division, but instead focused on other teams. Captain, or on the body of ordinary members.

After all, yes, they're just here to make up the numbers, not to give Marine a hard time, they're gone.. it's just a cutscene.

In addition, it is worth mentioning that Luffy and his party have also arrived, but when they arrived, they were stunned, and the situation was completely different from what they thought.

Now, I'm still indulging in the reunion with Ace and Sabo.

As for Whitebeard's side.

The ability of Whitebeard in front of using Shock Fruit was restrained by Dark Fruit to a certain extent, and Blackbeard in front was still proud.

And to Whitebeard.

'Did you see it, Dad, this is the ability I took from the captain of the fourth division, Saatchi. '

However, in the next second, he regretted it. Whitebeard directly attacked with Cong Cloud Cut, which caught Blackbeard by surprise, and

slashed his abdomen with a knife.

"Ah...it hurts, it hurts! Damn it!"

Blackbeard lay on the ground, clutching the long wound while rolling on the ground.

Before he could regain his senses, Whitebeard made another move immediately, and saw him jumping forward. To prevent Blackbeard from moving, he stepped on Blackbeard's hand with one foot, and the other hand was cut with clouds. The handle is pressed.

And Whitebeard's free hand grabbed Blackbeard's head with one hand.

". 'Pride, rashness, that's your weakness!

While speaking, a white circle appeared on Whitebeard's hand.

Obviously, this was the ability of Shock Fruit.

As for Blackbeard, after seeing this scene, he panicked completely, and hurriedly played the emotional card again.

"Stop, daddy! Stop, I'm your son! Are you really going to kill me? 35

Hearing Blackbeard's words, Whitebeard's eyes sank slightly, his brows moved slightly, and he said coldly: "I said, Teach, only you are not worthy of being my son.

As soon as the voice fell, Whitebeard released the ability of Shock Fruit, which immediately caused a violent explosion in the direction he was standing.

The aftermath of the explosion (Zhao Zhao) was rushing towards Su Yang at a speed that could be seen with the naked eye.

"Captain!! Sweat!

Lafitte and his party were in a hurry, but they didn't dare to act rashly.

After all, behind them, there was a guy like a beast.

Once they make a move, it is naturally a good thing to be able to help their own captain, but what they are most afraid of is that they will die at

the hands of Su Yang before they can make a move.

Lafitte made eye contact, and seemed to decide something. In an instant, all of them turned their heads and attacked Su Yang.

In the face of this sudden attack, Su Yang was slightly startled, but it was within his expectations.

After all, he didn't believe that the Blackbeard Pirates would be so honest and obedient.

"It's so... I'll make it happen for you.

152 Blackbeard: Hey, I'm

here, hey, I'm g1 (for

flowers)

I saw Su Yang waved his hand gently, and a huge tree root burst out on the ground in an instant, like a flood, attacking Lafitte and the others.

In a blink of an eye, they pushed them far away.

"In the current state, I can't deal with the Five Elders, but against you...that's more than enough!"

Su Yang gave a small smile.

Just as those words fell, suddenly, a voice came from behind Su Yang.

"Successful sneak attack!"

As soon as the voice fell, San Juan Evil Wolf directly lifted a huge building and smashed it down towards Su Yang.

"brush!"

The huge building fell down with great speed.

However, Su Yang's body did not move too much.

I saw him slowly raise his right hand, covering Armament Haki instantly.

"boom!"

The huge building smashed into Su Yang's hands.

The ground he stepped on shook a little, followed by a faint smoke rising

slowly.

"what?"

San Juan Evil Wolf was stunned for a moment, and he was a little unexpected about this result.

"Crack.

"Crack...477

At this moment, the huge building began to crack, followed by shattering to the ground.

Su Yang turned around, looked at the giant countless times bigger than himself, and grinned.

"Yes, if the sneak attack is successful, you should be rewarded with something. 39

After all, Su Yang instantly disappeared in place, and when he reappeared, he was already in the air.

"Don't look down on people, you bastard." San Juan Evil Wolf roared, clenching his huge fist and hitting Su Yang directly.

And Su Yang, of course, also punched back.

"Bang! Luo

A huge fist collided with a tiny fist, what San Juan Bad Wolf never expected was that his fingers dented in an instant.

The whole person took many steps back.

"what!!!!"

"It hurts...it hurts!!!35

Su Yang didn't give him a chance to breathe, rushed over quickly, and slapped him on the stomach.

"Wood Style Cutting Technique!

As the voice fell, countless tree branches (baeg) skyrocketed from his body.

"Boom..." and fell directly to the ground.

"San Juan Bad Wolf!!!"

Lafitte and his party shouted.

Su Yang turned around, squinted and smiled: "Don't worry... it will be with you soon. 95

The members of the Blackbeard Pirates were miserable, and Blackbeard himself was even worse.

Although his self-righteous Dark Fruit had a little restraint on Whitebeard, but... in terms of physical skills, Blackbeard was not half as good as Whitebeard.

It didn't take long for him to lose a few more teeth, and his whole body was covered in blood.

"Dad....Dad stop...stop, I'm your son!" Blackbeard, who was grabbed by Whitebeard's head and raised, begged for mercy.

However, there was no movement on Whitebeard's face.

"Teach, damn you, you know what?"

"I know it's wrong, I was lost by this Dark Fruit, and that's why I killed Brother Thatch." Blackbeard continued to play the emotional card, hoping that he could impress Whitebeard and let Whitebeard spare his life.

"You not only killed Thatch, but also handed over your captain to the World government. You have seriously violated my bottom line, Teach!"

When Whitebeard said this, his anger had obviously increased a lot.

"Forgive me, Dad, I've been following you all these years, no credit or hard work." Blackbeard struggled constantly, trying to escape Whitebeard's control.

Unexpectedly, at this moment, Whitebeard directly threw Blackbeard up, and then waved his arm to activate the ability of Shock Fruit. When

Blackbeard fell into a suitable position, he directly waved it.

"Crack!

The thing that was like a barrier cracked in an instant.

Blackbeard's body was damaged and he was vomiting blood.

"This punch, I did it for Saatchi!"

While speaking, Whitebeard ran wildly, then jumped, raised his fist, and activated the ability of Shock Fruit again.

"This punch is for Ace!

"boom!"

With the fist hitting Blackbeard.

Something like a barrier cracked open again.

Blackbeard vomited blood again, his eyes turned white, and he lost consciousness when he fell to the ground.

After landing smoothly, Whitebeard stared at Blackbeard who was lying motionless on the ground. In his heart...the big rock finally fell.

"#....."

Suddenly, at this moment, a voice came from behind Whitebeard.

Whitebeard looked back and saw that Ace had landed beside him.

His eyes fell on Blackbeard, his expression became complicated, and it took a moment for him to say these two words through gritted teeth.

"Teach....

"Teach is a member of your second division. I will leave the matter of knowing his life to you. It can be regarded as a revenge for you."

Whitebeard said calmly.

Ace nodded, and while walking, a raging fire was already burning on his body.

"fire punch!!!

With a roar, the place where Blackbeard lay just now caused a violent

explosion in an instant, and the heat wave washed over the surroundings.

As for Su Yang, he has already done everything, and the Blackbeard Pirates did not miss a single one, and they all died in his hands.

"Tsk tsk tsk...It seems that it's going to be a lot smoother than expected!

Su Yang glanced at their corpses with indifferent eyes, and said expressionlessly.

I saw him leap and land next to Whitebeard.

As soon as it hit the ground, the ground shook violently.

Parts of Marineford are sinking again.

"Your teammates from the 17th Division... are really surprising."

Whitebeard looked down at the sinking area and praised.

Yes, Whitebeard has thought about it, all the members of Su Yang's 17th Division are not fuel-efficient lamps.

However, I never imagined that it could be so outrageous.

It's no exaggeration to call yourself one of the Four Emperors of the Seventeenth Division!

Su Yang smiled lightly: "It's okay, it's just...everyone is a little uncomfortable.

153 The Marineford situation, the shocked red haired gang (full order)

Whitebeard looked at Su Yang's Versailles smile, stood at Cong Yunqie, and laughed up to the sky.

"Gu la la la... Su Yang, you stinky boy.

Su Yang was speechless for a while, but what he said was the truth.

They are good for everyone with great strength.

But...at the same time, the character is also outrageous.

"Su Yang, I'm sorry, I caused trouble for you and Dad because of my

affairs. 35

While speaking, Ace's figure came out of the smoke.

Su Yang took a look, and there was some embarrassed Ace in front of him. He just smiled lightly and didn't say much.

After all, his main purpose for this trip was not to rescue Ace, but because of - Whitebeard.

As for- another reason.

In other words, he originally thought that such a huge battle of Summit War would be able to harvest a lot of Summoning Fragments.

But, looking at it now, he thinks too much, Marineford has sunk in half, not to mention a lot of summoning fragments, and now he doesn't even see a single one.

"Idiot, what are you talking about? You are part of my Whitebeard Pirates." Whitebeard's kind eyes stared at Ace.

Ace lowered his head, the more his father said that it didn't matter, the more uncomfortable he felt. On the contrary, if Whitebeard scolded him now, his mood would be much better.

"Okay, don't think too much about other things, let's talk about it later, now, Ace has been rescued, Teach guy has also learned his due lesson, we don't need to continue with these troublesome Marines The entanglement continues, 35 Whitebeard said calmly.

Su Yang nodded to Ace, but there was no drop of summon fragments, so Su Yang didn't care about the time to leave.

"Let's go, everyone starts to evacuate." Whitebeard instructed.

Uchiha Madara VS Sengoku

The battle between Susanoo and the giant golden Buddha.

However, let's just say, even if Uchiha Madara didn't open the full Susanoo, Sengoku was tight.

"boom

"Bang.55

Susanoo wielded a huge blue long sword and slashed at Sengoku's golden Buddha one by one.

Sengoku kept retreating while defending.

Soon, he retreated to the brink of collapse.

He glanced back at the rolling sea water deep below.

Sengoku's brows furrowed sharply.

"It's all because of the appearance of you guys... that made things like this! 95

Sengoku roared angrily, raised his fist, and hit it directly.

A huge shock wave rushed towards Susanoo.

Uchiha Madara quickly controlled Susanoo for defense.

"Boom..." A loud noise.

Susanoo directly rubbed the ground and stepped back dozens of steps.

Compared to Sengoku's side, he was relatively lucky. On the other hand,

Ace Kano and Diablo's side, the two Five Elders were not so lucky.

The one who fought against Diablo was seriously injured.

The one who fought against Ace Kano fell directly.

Most of the body has been charred.

"My old friend...how come you...even you have left me.

An old man in a black suit, with curly white hair, a fluffy white beard, a flat hat, and a scar on the left side of his face knelt on top of the charred corpse, weeping again.

That's right, how could he bear it when his old friends left one after another.

"This old guy, crying and crying is really bad for his image." Ace Cano stood beside Diablo and said calmly.

Diablo looked indifferent and said indifferently: "So what, when he murdered Su Yang, he was already sentenced to death."

Ace Kano smiled slightly: "That's right, war, there is always someone who has to pay the price."

When Ace Kano's voice just fell, suddenly at this moment, not far away, a Marine soldier shouted.

·0 for flowers·.....

"Everyone, look.. In the sea, another ship is approaching!!!

"...that is, one of the Four Emperors, Red Hair Pirates!!!

"Damn it, can Red Hair Pirates help Whitebeard too?

"Damn, we have no chance of winning with the Whitebeard Pirates alone, and now, with the Red Hair Pirates, we don't even have that one percent win rate.

"Why is this happening, how did the promised seamless plan, the promised plan to destroy the Whitebeard Pirates, become what it is now.

"Damn it, what is the plan to destroy the Whitebeard Pirates, this motherfucker's plan is to destroy our Marines.

"That's right, the Red Hair Pirates, one of the Four Emperors, is involved, and it is our Marine's plan to destroy it.

Meanwhile, Shanks' boat.

All of them stood at the front of the boat, their eyes fixed on the disrespectful Marineford that had collapsed, and they all fell into deep thought.

"Boss..... What the hell did Marineford go through before, to become what he is today." Yasopp said solemnly.

"It's really heroic? Marineford has become like this." Laki Lu was also surprised.

"Whitebeard, Ace, Su Yang, Marko, etc., etc., etc., all, it seems... we are

not too late, and the result is not as bad as we expected! Benn Beckman said slowly.

"A.....

Shanks let out a sigh of relief. He had never expected such a result.

"It looks like... Whitebeard's plan to rescue Ace this time is going well, hahahahaha, it seems that it doesn't matter if we come or not."

"At the other end, are we going to return?" Laki Lu asked.

"Idiot, you've come here, if you go back at this time, it won't be in vain.

I beg for some data support, please.

154 We fought and forced you to

pre10d? (Please complete the order)

Hearing this rant, Raki Lu laughed instead.

"Hahaha...that's what I said, Boss."

"Anyway, no matter what the course of the battle at Marineford is, at least this outcome is what we want." Benn Beckman got off the ship's guardrail, put his hands on his chest, and leaned against the guardrail.

"Yeah, the process doesn't really matter, the important thing is that the result is what we thought in our hearts." Shanks also showed a relieved smile at this moment.

Compared with the relief on the red-haired side, Marine couldn't calm down.

Good guy, I can't take a single Whitebeard pirate group, and your mother-in-law also has a Four Emperors pirate group?

The original plan was to destroy the Whitebeard "Four Seven Seven" pirates, or the Beasts Pirates.

18...

now what?

The guys from the Beasts Pirates were not seen, and Marine was beaten to pieces by the Whitebeard Pirates.

No matter how you look at it before, the plan was to make a steady profit without losing money, but now, after losing his wife, he lost his army.

Today... Summit War, will be the most humiliating day in Marine's history.

"Damn!!

Sengoku's gaze was reflected in the Red Hair Pirates ship, and his face was extremely solemn.

The reason why he was able to pull away was because Su Yang informed Uchiha Madara that they were going to retreat.

"The Whitebeard Pirates' tossing is over, is it the turn of the Red Hair Pirates?"⁹

At this moment, Sengoku finally couldn't hold back any longer and cursed directly.

Crane and Garp also came to Sengoku's side at this moment, and their faces were also not good-looking.

Today, the battle at Marineford was completely different from what was expected from the start.

"Not necessarily, the character of the red-haired guy, if we Marine didn't take the initiative to provoke them, they probably wouldn't have shot like us." Crane analyzed his opinion.

"Red hair????"

At the mention of these two words, Garp's eyes stared like copper bells, and his inner anger gradually rose.

Yes, Luffy had instilled in him the idea of being a Marine since he was a child, but Shanks intercepted him halfway and successfully dragged Luffy into a pirate.

How could Garp not be angry.

"If the redhead wants to fight, then we will fight him to the death! Garp clenched his fists tightly and was ready to fight.

At this time, Sengoku and Crane both cast contemptuous glances at the same time.

It seems to be saying, you old man, what are you thinking in our hearts? We don't know? You are thinking about the red-haired guy who took your grandson crooked, and now you go to him to vent your anger.

"Garp, take a good look at our current situation." Sengoku frowned and reminded.

Garp came to his senses and glanced over the battlefield.

Marineford is now torn apart, the waters of the bay are red with blood, and the Marines are wounded, maimed, and dead.

The beacon smoke was floating around, and looking at it like this, Marine's damage had exceeded 75%.

Of course, on the Whitebeard Pirates side, the death is not too small, but they are basically weak, generally a little strong...and only suffered a little injury.

Overall, the loss is not large.

Garp was silent.

Naturally, Sengoku and Crane didn't say much.

Because they...they couldn't be more clear.

This is the price of war!

"Sengoku, Ace is here with you, under your care. 35

In the Whitebeard Pirates, except for the Seventeenth Division, everyone else gathered at the place where Marineford docked.

"..."

Hearing Whitebeard's words, Sengoku felt very uncomfortable, but he

couldn't do anything about him.

After all, yes, now he doesn't dare to act rashly. If he messes up, Whitebeard won't leave, and he will come to fight again, and the people from Red Hair Pirates are involved again, so let alone the current 75% loss, or even 100% possible.

"Squeaky squeak!!!

At this time, the Red Hair Pirates' ship had already docked, but seeing that Whitebeard had already left, and Marine had not pursued, Shanks didn't plan to disembark.

"Whitebeard, I didn't expect us to meet so soon." Shanks stood in front of the boat and greeted Whitebeard.

Whitebeard glanced at him out of the corner of the eye, and then sneered: "What? Red-haired brat, are you going to come to see my joke? If so, then you made a mistake. 0"

For this, Shanks didn't want to explain anything, only to see him laugh out loud: "You're still the same, Whitebeard.

"Shanks!!!"

In the crowd, Luffy ran out and waved at Shanks.

"Yo, Luffy, long time no see, I didn't expect you to come." Shanks greeted him with a smile.

As soon as he finished speaking, not far away, Sengoku shouted loudly:

"Redhead, what are you doing here?"

Shanks shifted his gaze from Luffy's to Sengoku's body, and then still had a smile on his face: "I just wanted to come over to see the ending, not to fight with you Marines!"

Hearing what Shanks said, Sengoku's heart also fell. After all, Marine didn't talk about casualties now. Even the ones who were still alive were already exhausted. The Four Emperors Pirates, the consequences can be

imagined.

"Sengoku, this is the end of the day, of course, if you haven't had enough, let us be your opponents. 33 Shanks put one hand on the hilt of the knife and looked straight ahead with a firm gaze. Sengoku at .

As long as Sengoku doesn't listen to their dissuasion, Shanks will not hesitate to shoot.

Sengoku frowned, man, I still need you to say, if I still want to fight, I will stand here and talk to you in 4.6?

Sengoku kept silent, which saved Marine's face a little, and Shanks naturally regarded him as Sengoku's acquiescence.

"Redhead, you're quite good at it. We fought and forced you to pretend."

Marko had already returned to the boat, and was sitting on the boat's guardrail at the moment, and said solemnly to Shanks.

"Yo, isn't this Marco? How about, have you considered what I said last time?" Shanks was not angry, but asked with a smile.

"Idiot, don't ask such silly questions!!" Marco retorted.

"Hahahahaha..."

Shanks continued to laugh.

And at this time, on the battlefield, the ship flying with the number seventeen floated up, and then came to the sky above Whitebeard.

155 Summit War ended, the

unforgettable 17th division

(please order)

Shanks glanced at the flying ship with a look of shock in his eyes.

"A Lion Fruit capable person?"

He subconsciously guessed.

There was a complicated look in his eyes.

"So....Is the Golden Lion no longer in this world?"

He sighed.

Years are not forgiving.

In a trance, Shanks felt that the battle between the Golden Lion and Roger happened yesterday.

He witnessed a glorious era.

I have also witnessed the fall of one by one, the big men who were amazed at the sea in those days.

".....

I saw him sighing lightly, regaining the complicated look in his heart, and then greeted Su Yang in the boat floating in the air with a smile on his face.

"Su Yang, I didn't expect that we would meet again so soon."

Su Yang heard the sound and looked over. The moment he saw Shanks, his face was calm and he said, "Indeed, it's been 10 times so soon."

"How about you, do you want to come to me? Shanks didn't shy away from Whitebeard being here, and asked jokingly.

but.....

As soon as Shanks said this, before Su Yang could answer, Marco below couldn't help cursing.

"Enough, redhead, don't be too reckless, you guy."

Shanks didn't care, and said to Marko with a smile: "Marko, you're overreacting, I'm inviting Su Yang.

When Marco heard it, he said angrily, "Redhead, you are too despicable, Su Yang is from my Whitebeard Pirates, so I can't react very well. Right, Dad."

Whitebeard glanced at Marco and just smiled lightly, not overreacting.

"Okay Shanks, how about I be the captain." Su Yang sat on the ship's guardrail and said with a small smile.

Shanks was at a loss for words, but he didn't expect Su Yang to answer like this.

At this time, the crew behind Shanks fell into the lower stone road.

"Hahahaha.... This is the boss who is directly shriveled.

"It's so funny, it's the first time I've seen this expression of the boss.

"It's okay, boss, it's not impossible to make Su Yang the captain...hahahaha.

Faced with the joking, outspoken, and generous Shanks of his own crew, he naturally didn't take it to heart, and instead laughed along with him.

After a while, he replied to Su Yang.

"Forget it, you'd better stay at Whitebeard by yourself.

"Ha ha ha ha.....

This time, there was laughter from both the Red Hair Pirates side and the Whitebeard Pirates side.

"Okay, it's time for us to leave." Whitebeard instructed everyone, then jumped up and boarded the Moby Dick.

"Okay everyone, it's time for us to go. In this war, our Whitebeard Pirates won." Marko also shouted.

At this moment, both the pirates who joined the Whitebeard Pirates and the Whitebeard Pirates themselves shouted with enthusiasm.

"We won.

"We won. 99

Sengoku listened to their shouts with helplessness in his eyes.

"There's no need to be too angry... What they are stating is just a fact." He said in a deep voice.

Garp and Sengoku didn't speak, and Kong and Marine three Admiral on the other side didn't speak either.

Their gazes sent the Whitebeard Pirates away.

"Boss, it's time for us to leave," Benn Beckman reminded.

Shanks nodded, then turned and stepped off the front of the boat.

"Sail, let's go back to New World.

"Where are we going?

On the ship of the Seventeenth Division, Tornado sat on the ship's guardrail and asked casually.

"It's not certain yet, but the only certainty... We won't follow Whitebeard back to New World." Su Yang was lying on the reclining chair, sipping juice while responding to Tornado's words.

After all, even though Emily and Anna said that they were not summoned by Su Yang, they are still members of his 17th division.

Even if you want to go back to New World, you have to take them both with you.

Tornado was silent for a while, but didn't say much. After all, no matter what Su Yang decided, she felt that it didn't matter too much.

"By the way, Su Yang, those two old men have already been killed by me and Ace Kano." Diablo added at this time.

Hearing this, Su Yang's heart didn't have much turbulence, it was only a matter of time before the two Five Elders died at the hands of Ace Kano.

Now, Su Yang has killed two, Ace Kano and Diablo have also killed two, that is to say, the Five Elders have now become an old star.

"That's right, killing them will save them from hanging out next time." Su Yang nodded in satisfaction.

.477.....

After sailing a distance.

Sabo and the people who came with Luffy began to part ways, and after a while, only the Whitebeard Pirates were left.

The ships of the Seventeenth Division also landed on the sea and sailed

side by side with the Moby Dick.

As for Su Yang, they boarded the Moby Dick with Uchiha Madara.

As soon as they landed, the crowd began to cheer enthusiastically.

"Captain Su Yang, you are so handsome on the battlefield."

"Yeah, your move is so outrageous, it scared me directly."

"Although I was also frightened, you are so handsome, without you, our plan to rescue Ace would not have been so smooth.

"Captain Su Yang, please tell me what Devil Fruit you are eating.

"Yes, yes, I also want to know, this Devil Fruit is simply heaven-defying."

"And what is the name of the last move, that red dragon is the most Haki I have ever seen in my history. If you don't think about it, then let me give you a name!"

6635

Su Yang looked at them speechlessly.

Facing the suddenly enthusiastic crew of the Whitebeard Pirates, Su Yang felt a little uncomfortable for a while.

156 Marco, do you want to experience the medical skills of my team doctor (please complete order)

"Come on, come on."

"You guys...don't flatter me, my goosebumps are about to get up."

Su Yang waved his hand and hurriedly stopped them, then hurried through the crowd and came to Whitebeard, while Diablo and the others followed slowly.

"Whitebeard, because I wanted to rescue Ace, I didn't have time to introduce the members of the 17th Division to you. Now that our battle with Marine is over, let me introduce you to the members of my 17th

Division.

Facing what Su Yang said, Whitebeard didn't speak, just watched with interest.

This also shows that Whitebeard is the default.

"This long-haired man, named Uchiha Madara, was the first partner I found after leaving the Whitebeard Pirates.

With that, Su Yang pointed at Diablo again, and continued to speak.

"This one, elegant and noble, is called Diablo. 39

"This one, the one with the axe, is named Ace Kano."

"This, green-haired, Loli-faced named Tornado. 35

"This is the 17th division doctor, Giorno Chopper.

Having said that, Su Yang pointed to the still flying Acunorolia, and then said calmly: "As for the one in the sky, the name is Acunorolia!

When Su Yang's words fell, everyone's eyes couldn't help looking up to the sky.

A huge black dragon with mysterious patterns on its black scales appeared in their field of vision.

Acunorolia's strength, when they were at Marineford, they could see clearly.

Suddenly, at this time, a member of the first team asked.

"Su Yang... Captain Su Yang, I have a doubt!

Su Yang looked at him and gave him a gesture of saying please.

"Why...why does Akronoria fly in the sky and not come down with us~"?"

Su Yang gave him a thumbs up and complimented: "That's a good question because he's seasick!"

"??????"

"??????"

After everyone listened to Su Yang's answer, you look at me, I look at

you, this is the first time they have heard of such a strange thing.

However, Su Yang did not explain too much to them, but continued.

"And these two people next to me, I think Whitebeard already knows, Rem and Ram."

"There are two other members of my 17th Division who, for some reason, were not able to participate in this operation, their names are Emily and Anna."

"The above are all the members of my seventeenth division!" Su Yang said slowly.

Whitebeard nodded thoughtfully. He once said that Su Yang's 17th division is an independent division. As long as the members of his 17th division do not break the rules of the Whitebeard Pirates, then Whitebeard will not interfere with anything of the Seventeenth Division.

"What the hell? Team doctor? Captain Su Yang, the configuration of your 17th division is too good." One of the team members said.

"Indeed, but what I'm more curious about is who will be better than the team doctor of the Seventeenth Division and the ship doctor of our general Whitebeard Pirates." Another member of the team continued to say.

"I'm also very interested when you say that, but Captain Marko is our ship doctor, and his Devil Fruit is also good for healing, so I still think that Captain Marko is invincible in terms of medical skills."

"Oh, you are going too far, we just won the battle with Marine, you are here to step on and hold one, I'm afraid it's not right!"

Facing their booing, Joz also frowned immediately.

"You guys, what are you kidding me, even if the team doctor of Su Yang's 17th division is really not as good as Marco, so what?"

"Sorry!!! Captain Joz!

After the players who were booing heard Joz's words, they immediately bent down and said to Joz.

"It's not me who you want to apologize, but the team doctor of the seventeenth division. 35 Joz said angrily.

On the contrary, on Su Yang's side, whether it was him, Giorno Chopper, or the other members of the Seventeenth Division, there was no wave on their faces.

"Sorry, Mr Giorno Chopper!

After being reprimanded by Joz, the team members immediately apologized to Giorno Chopper.

Giorno Chopper smiled slightly, not taking such a boring thing to heart at all.

`It doesn't matter, the name of my team doctor is also given to me by Su Yang, in fact, in a certain sense, I'm not the same as me!"

"what???"

When everyone heard this, they were immediately startled, and at the same time they felt a little disappointed. In fact, they really wanted to see Giorno Chopper and Marco compete in medical skills, but after hearing Giorno Chopper's words, they I knew that I was thinking too much.

Marko sighed lightly when he saw their appearance. In fact, Marko couldn't understand it. The reason they did this was because it was too boring to stay on the boat all the time, so they wanted to create a lively atmosphere. , there is no malice in the heart.

At this time, Su Yang also stood up, and he explained gently: "Let me explain it like this, in ordinary illnesses, Marco wins, but if it is a serious injury, no one in the world can compare to Joe. Runo Chopper!"
undoubtedly.

After Su Yang's words fell,

(Zhao Zhao) In addition to the members of the 17th Division, others including Whitebeard also cast suspicious glances at Su Yang at this moment.

There is no one in the world that can compare to Giorno Chopper?

Obviously, everyone's reaction at first was sweat of disbelief.

However, when they thought about the various Kamui of various members of Su Yang's 17th Division, they seemed to feel reasonable again.

"Su...Captain Su Yang, this...is this true?"

"If that's the case, wouldn't it be too stupid.

"There is no one in the whole world who is an opponent of the big injury, this is directly invincible just by listening to it! 35

"This...this is unbelievable!"

There is no doubt that after Su Yang said this, Marko would have been completely interested in this guy named Giorno Chopper.

157 I didn't expect it, I,

Chopper also have it! (please order all)

"You guy...I can't see that you have such a skill." Marco walked over, reached out and patted Giorno Chopper on the shoulder, calmly said.

Giorno Chopper paused, then smiled: "Su Yang exaggerated, I'm not that good, and I'm not even a team doctor."

"Mr. Giorno Chopper, you are too modest, Captain Su Yang said you have it, you have it.

"That's right, otherwise, everyone is bored on the boat anyway, Giorno Chopper and Captain Marco will have a medical exchange between them.

After everyone heard this, the interest that had been extinguished just now ignited again.

"I agree."

"I agree too.""

The pirate who proposed Giorno Chopper to discuss with Marco continued: "Of course, Giorno Chopper, we are only proposing such a thing, as for whether or not to participate, it still depends on you and Marco Captain's meaning.""

"I'm bored anyway, so I don't have any problem. After all, I also want to see Giorno Chopper's medical skills." Marco smiled lightly.

At 477, Giorno Chopper's eyes turned to Su Yang.

Su Yang gave a wry smile, then waved his hand and said with a smile:

"Don't look at me, if you want to learn from each other, then go.

Giorno Chopper looked back. Ever since he boarded the Whitebeard Pirates, he has always felt a little uncomfortable and has nothing to do. Now, since Marko wants to learn from himself, it can also relieve his boredom.

"If this is the case, then please advise."

Hearing Giorno Chopper say that, Marco smiled.

As for the subject of discussion, it is also based on individual needs.

Marco is good at big and small diseases, so the crew joined the pirates in the Whitebeard Pirates and found a sick person.

As for Giorno Chopper, Su Yang said he was good at treating major injuries, so he brought in someone who was seriously injured during the Summit War.

Because the subjects of treatment are very different, it is difficult to judge who wins and loses, and in the end, by decision, it is ultimately up to Whitebeard to judge.

And Whitebeard, before he even started, had already figured out what to do in order not to hurt Giorno Chopper's confidence.

And his strategy was 'both sides have different strengths, so the end result is a draw.

After a moment.

"Captain Marko, you are right about everything." A man with a thin face and pale lips continued to ask, "Do you have any way to treat it?"

Marco smiled calmly: "Yes, although one of our pirates had this kind of disease before, but because yours has dragged on for a long time and it has become more serious, it will be very difficult to treat, but don't worry, I If it can be cured, it can be.

"Yes, yes, Captain Marko said this, there is indeed such a thing, since Captain Marko said yes, then it must be possible.

"Yeah, I was there at the time, and the symptoms were exactly the same as you said. In the end, after Marco's treatment, the guy was completely cured."

"As expected of our Whitebeard Pirates' ship doctor, we are still quite capable.""

"Captain Marko seems to have a good chance of winning this game.

"Indeed, I think so too.

"It's still a little too early to say this. After all, Captain Su Yang said that Giorno Chopper is unrivaled in the world in terms of healing serious injuries.

With this voice falling, everyone's eyes turned to Giorno Chopper.

And Giorno Chopper was also shocked at the moment, Marco just based on some symptoms to determine what the disease is.

That got him Giorno Chopper, and it must have been a mess (baeg).

"Hey, Su Yang, that guy Giorno Chopper doesn't look like he can win, but

the look on your kid's face makes me think Giorno Chopper won't lose. 39

Whitebeard looked at Su Yang sitting next to him in surprise.

Hearing the sound, Su Yang looked at Whitebeard, then smiled lightly:

"Whitebeard, I still say that, Marco beat Giorno Chopper with major and minor illnesses, but Giorno Chopper is invincible in the type of major injury. ."

"Oh? 35

Whitebeard looked at Su Yang's firm eyes, and asked tentatively, "Giorno Chopper, that kid, should have eaten some Devil Fruit."

Su Yang didn't plan to tell Whitebeard about Giorno Chopper's abilities now, so he said, "No hurry, keep watching.

"Gooooooooooooooooo...

Whitebeard burst out laughing, but did not continue to ask, his eyes continued to return to Marko.

"Giorno Chopper, the equipment needed for the operation has been prepared, and the people have already advanced, just waiting for you to perform it." At this time, a hot woman in a white coat gently moved towards Giorno Chopper said.

"what?"

Giorno Chopper was caught off guard by the words of the woman in the white coat.

Obviously, that kind of thing, he will not use.

"Must....must use that kind of thing? 99

Giorno Chopper asked.

Before waiting for the woman in the white coat to speak, Marco, who was not far away, spoke up: "Look at you, if you think you can treat it without need, then follow your method."

"According to my method, then push people out here.

"what?"

After hearing this, the woman in the white coat was obviously a little surprised. After living for so long, it was the first time she had heard that there was no need for any surgical equipment to treat someone who was seriously injured.

"However, the seriously injured person is in a very bad condition and needs to be rescued." The woman in the white coat reminded her. From beginning to end, she still believed in scientific treatment methods.

"Do as he says."

"Yes! 35

After Marco said this, the woman in the white coat immediately shut up, walked in quickly, and pushed the seriously injured man out.

Giorno Chopper glanced at the man lying on the push bed, and then his eyes flashed slightly.

Such a man, during the Summit War, his hands had been cut off, and the amputated limbs were not recovered. There was also a long scar on his abdomen. A closer look showed that his internal organs were also damaged.

Now, he is dying... . . .

The reason why those people pushed them didn't expect Giorno Chopper to live as long as he could.

But... Maybe for others, he must die.

But for Giorno Chopper, it was a piece of cake.

158 The 17th Division is really a group of terrible guys (please order all)

As for the crowd, they stood beside them, quietly watching Giorno Chopper's every move.

Because they all wanted to know how Giorno Chopper was going to save the man who was already on the verge of hell in front of him.

In the original JOJO, only the avatar can see the avatar, but here, as long as Su Yang recalls it, including Su Yang himself, they can see the avatar of Giorno Chopper.

When Su Yang and the others saw the stand-in, they knew that Giorno Chopper was about to use his abilities.

"Sweep Sweep!!!"

Suddenly, at this moment, Su Yang threw a few pieces of wood that he had made towards Giorno Chopper.

Giorno Chopper took it as well, and with a smile on his face - said to Su Yang.

"You still understand me, Su Yang!"

"Let's start now."

"Hmm!" Giorno Chopper nodded.

The crowd looked bewildered.

There was a big question mark on their faces.

undoubtedly.....

Too.

It is the first time they have seen such a wonderful treatment method of taking a few pieces of wood to treat a seriously injured person.

"Hey, you said, is it really feasible for that guy named Giorno Chopper to treat with a few pieces of wood?" One of the pirates asked in a low voice towards the man beside him.

The man shook his head and said softly: "No...I don't know, I have never seen this kind of treatment, but I also believe that Captain Su Yang won't lie."

After another person heard this, he also added a sentence: "Indeed, if

other people do this and kill me, I will not believe that a few pieces of wood can cure such a critically ill person, but this kind of thing If it happened in the seventeenth division, I think it is very reasonable."5

"I think so too, after all, at Summit War, they stared at me, showing all kinds of abilities I'd never seen before."

The people on this side were discussing, and Giorno Chopper had already started on the other side, and I saw him constantly throwing his fists at the wood placed on the deck, shouting: "Hadhahadahada... .

But...in the eyes of Marco and the others, Giorno Chopper is punching into the air, while in the eyes of Su Yang and the others, Giorno Chopper is punching in the air, but His avatar's fist had already hit the wood.

When Giorno Chopper stopped throwing his fists, everyone was shocked that there was a change on the wood.

"Look... look, that's... what's that?"

"Wood, the wood has grown fingers!!!"

"Damn, what's the situation with this special lady.

"Me too... I don't know, this is simply outrageous, throwing a fist at the air can actually make the wood grow fingers.

"This... what kind of ability is this!"

"I'll just say, the guys of the Seventeenth Division, there are only things you can't think of, and there's nothing they can't do. 35

"It's incredible, it's incredible, I'm very curious, what Devil Fruit did Giorno Chopper eat to have this ability.

Obviously, at this moment, not only the ordinary crew members were shocked, but even Marco and the others, and even Whitebeard were surprised.

"This guy....

Whitebeard's eyes sank slightly, and then looked at Su Yang with

surprised eyes.

Yes, Whitebeard has seen countless Devil Fruit abilities after going to sea for so many years, but this is the first time he has seen such an extremely weird one like Giorno Chopper.

At this moment, Su Yang also looked at Whitebeard, and then smiled calmly: "I said, the serious injury type, Giorno Chopper is invincible in the world! 35

"This really opened my eyes, I didn't expect that such people still exist in the world, gu la la la...

Speaking of the back, Whitebeard burst out laughing.

Marko was speechless in shock at this time, and just watched Giorno Chopper's every move quietly.

Moments later, the required organs were made, and something that shocked them even more happened.

They assumed that Giorno Chopper would need surgical sutures after the organs were made.

·0 for flowers·

However, it never occurred to me that Giorno Chopper installed it directly like a machine part.

.....

Everyone's facial expressions at this moment are like petrification.

The heart also suffered a great blow.

The three views have also been completely refreshed, and of course, the same is true of cognition.

"call!

Giorno Chopper didn't notice the eyes of the people around him at all, just sighed lightly, wiped the sweat on his forehead, and muttered:

"Fortunately, I finally caught up.

"This...this is done???"

"I'm a man, what's the situation? It's installed like the installation parts?"

"The most important thing is not this, anyone can install it like a part, but no one can connect it together perfectly like Giorno Chopper.

"Ahem, I'm part of the first team, but I'm sorry, Captain Marko, this time I'm on Giorno Chopper's side.

"Although I have been helped many times by Captain Marco, this time I am also on Giorno Chopper's side.

"Captain Marco, don't be too discouraged, it's not that your medical skills are not strong enough, but Giorno Chopper's medical skills are directly heaven-defying.

Marco frowned, although he lost completely, but... what these guys did, he couldn't help but want to beat them up.

Whitebeard laughed thoughtfully, originally thinking that he would not hurt Giorno Chopper's confidence, and wanted to make this match a draw, but now that he looked at it, he was thinking too much.

The worry is not Giorno Chopper, but whether Marco's confidence will take a hit!

"Su Yang...you boy, where on earth did you find such a scary guy?????"

Whitebeard asked Su Yang.

Of course, if there were one or two Whitebeards, they wouldn't ask too much.

However, what is outrageous is that the entire Seventeenth Division is such a terrible guy.

159 Turning Point, Whitebeard

Pirates Disbanded (Part 1)

Facing Whitebeard's words, Su Yang's sharp eyes looked straight at Whitebeard, then the corners of his mouth raised slightly, and he said

gently.

"Of course...wishers get on board."

Hearing Su Yang's words, Whitebeard was stunned for a moment, and then stopped for dozens of seconds.

At first, Whitebeard thought that Su Yang would tell himself how he bravely invited them to board the ship, but he never expected that he would directly say "wishers to board the ship".

Good guy, the one who wished the special meow came aboard.

"Goo la la la la..."

Whitebeard picked up the jug, poured several gulps into his mouth, then reached out to wipe the foam from his mouth, and finally put his eyes back on Giorno Chopper and the others, and announced.

"Although the medical skills competition this time is very exciting, both sides have their own "four seven seven" have very good points, but, as Su Yang said, in the face of big and small diseases, Marco completely defeated Giorno Chopper, but, in In exceptional circumstances, Giorno Chopper won over Marco."5

"So, according to the comprehensive judgment, if there is a winner or loser, Giorno Chopper is better than Marco."

As soon as Whitebeard's voice fell, everyone began to cheer.

"The team doctor of the seventeenth division is really strong!!!"

"Yeah, I didn't expect it to surprise everyone!!!"

"Yes, yes, I didn't expect Captain Marko to be deflated. This kind of thing is really rare."

"You said that I also had a few words of Hada Hada, and then I also punched the wood. Will the wood grow?"

"I don't know if the wood will grow, but I'll be shouting after you, look, there's an idiot here."

As soon as these words came out, there was a burst of laughter all around.

After half a day, Wanokuni, Oni Island.

"Grumpy Grumpy..."

Kaido is sipping on suffocating wine, and his mood is getting worse and worse.

Finally, halfway through the drink, Kaido threw the jug in his hand on the ground.

Then he shouted angrily: "Redhead, you bloody bastard, threatened me!!!

The pirates stationed outside immediately ran in after hearing the movement inside.

"Kaido... Governor Kaido, Fa, what happened."

Hearing the sound, Kaido just stared at them. He originally wanted to use the two of them to vent his dissatisfaction, but he thought that he still had something to ask, so he stopped.

"I asked you to collect information about the Battle of Marineford. How are you doing?" Kaido said solemnly, looking at the two of them with cold eyes.

"Report to Governor Kaido, the results of the Battle of Marineford have come out, but before, you ordered us not to disturb you, so we originally thought that we would tell you when you came out.

"So what's the result? Did the red-haired kid join forces with the Whitebeard Pirates?" Kaido asked, frowning.

"This... I don't know the specific details, but it turned out that Marine was defeated in this battle, Whitebeard successfully rescued Ace, and finally left Marineford smoothly.

And after Kaido heard this, his anger level soared at a speed that the naked eye could see. He directly picked up the mace on the side and hit

the speaker.

"boom!"

The pirate flew out in an instant, then hit the wall, slid down, and fainted.

As for the other, he looked at Kaido, swallowed his saliva, and shivered.

However, instead of attacking him, Kaido yelled at him: "Bring the wine!"

"Yes yes yes... Governor Kaido.

"Su Yang, Whitebeard, red-haired, I have written down your account.

marineford.

Many Marines are still cleaning the battlefield, and some Marines have already left.

but.

Sengoku and Kong were still standing on top of the ruins, looking at the ruins with sad eyes.

"Okay! Sengoku, you don't need to blame yourself. It's not what you and I could have imagined that things have turned into this." Kong comforted.

Sengoku's expression was extremely complicated. He wanted to say something, but when the words came to his mouth, he swallowed.

"Speak, just say what you want, I'm not an outsider.

"The storm is coming! My intuition tells me that this guy Su Yang is far more threatening than the Rocks back then!

Having said this, Sengoku paused, then firmly said: "No... In fact, his threat is far greater than the Rocks!!"

Kong also nodded in agreement, and then sighed: "Yes, the guys from the Seventeenth Division alone have killed four pillars of the World Government, and now, the Five Elders are only The last one left, the Whitebeard Pirates cannot be destroyed, and this sea will never have a peaceful day!!!

Sengoku laughed at himself, and then said with a sullen face: "Destroy them, it's easier said than done, unless... we can join the forces of the pirates to kill them like we did in the past, but, even so, the second Where is Roger?"

The atmosphere also became solemn here, and the two did not speak for a long time.

Finally, Kong patted Sengoku on the shoulder, and then said softly:

"Okay, Sengoku, don't think too much, just give yourself a good rest and rest!"

Sengoku put away that complicated look and nodded.

On Whitebeard's side, he did not immediately return to the New World, but settled down at 4.6 on a certain island and held a celebratory banquet.

The Whitebeard Pirates and the pirates who joined the Whitebeard Pirates also participated, and the atmosphere was very lively.

Everyone was eating barbecued meat, drinking fine wine, and talking about their heroic killing experience in Summit War.

"Just the Marine guys, they still want to kill me, who knows that the piece of armor I killed won't stay, hahahahaha..."

"As long as you eat some peanuts, you won't say such things, but I saw you being chased and beaten by Marine Vice Admiral!"

"Bah, what are you talking about?"

"Stop pretending, I saw it too, I'm super brave, okay! I directly took the blow of Hawkeye Mihawk! 39

"Tsk tsk tsk, wake up, you are even more outrageous, and Mihawk."

160 Turning Point, Whitebeard

Pirates Disbanded (Part 2)

"Who do you really look down on? What I said is true."

"The situation is too small. I would beat Admiral to death. If Dad said he was going to retreat, I would beat him to death."

The topic gradually changed, and everyone laughed at this moment.

"Alright, alright, stop bragging, it's really unbearable.

"But then again, the 17th Division led by Su Yang is really outrageous!

"Yes, yes, this is true, not bragging."

"Yeah, I still remember Su Yang's last move. I guess if it was used to hit me, I would be paralyzed on the spot."

"Che, it's really useless, if it was me, I guess he would immediately come to help me up and tell me not to die.

"Ha ha ha ha..."

Just when the discussion was in full swing, it was suddenly at this time.

There was a cry from Marco.

"Everyone is quiet, Daddy has something important to announce. 35

Hearing the sound, everyone immediately became quiet, and everyone's eyes turned to Whitebeard.

Whitebeard held Cong Yunqie in his hand and a pot of fine wine in the other hand, and then walked up to the heights, only to see that he poured the fine wine into his mouth first, and after a while, he said calmly.

"Me! Edward Newgate, the luckiest thing in my life is meeting you.

Hearing Whitebeard's tone and adding this sentence, everyone was at a loss.

"Dad...Dad what's going on!

"No, I don't know, doesn't it mean that there is something important to announce?

"I don't know why...I always have a feeling of unease.

"Me, me too, even when it was important, Dad used to call himself Whitebeard, but today he used his own name!!!"

"Don't think about it too much, this may be the whim of the father!!"

At the same time, after Whitebeard finished saying that, he continued to pour fine wine into his mouth and continued speaking.

"In my life, the best thing I've done is to form the Whitebeard Pirates."

"The Moby Dick carries the joys and sorrows of many of us. I am a qualified captain, but also an unqualified captain."

"Because of my decision, this time...a lot of people paid for my mistake!!"

When Whitebeard said this, Ace's eyes below immediately became wet, and his lips trembled slightly and shook out two words.

"Daddy!!"

"Dad, we never regret it!"

"Yeah, no matter what time, your choice is always right.

"That's right, even the dead brothers thought so!

"Dad, I'm sorry, it's all because of my willfulness!"

Ace shouted.

"Ace, it's none of your business!"

Whitebeard retorted, and then immediately said: "I am a remnant of the old era. The new era has no ship that can carry me. I, Edward Newgate, announce that the Whitebeard Pirates, starting from this moment, disband!"

This sound, not too small or too small, entered the ears of everyone, like thunder, and everyone stared at Whitebeard in front of them with their eyes wide open.

They couldn't believe it.

I also don't want to believe it.

From beginning to end, they never thought that one day, Whitebeard would want to disband the Whitebeard Pirates.

Each squad leader also looked at Whitebeard in disbelief.

Before this matter, only Whitebeard knew about it, and even Su Yang, a traveler, still did not expect that Whitebeard would say such a thing.

They all thought that when Whitebeard was talking about an announcement, he meant something else.

Su Yang's eyes sank slightly, and there was a complicated look in his eyes.

"Whitebeard... When you were in Marineford before, when you said something important to announce to me, did you mean... this one?" Su Yang whispered, a look on his face. dignified.

Soon, everyone went from stunned to unbelievable, and finally fermented.

"Dad.... What are you talking about?" Marko said in a trembling voice at this moment.

"Yeah, Dad, why...why is it so sudden, what exactly happened, didn't we win in Marineford?" Joz also said with a look of surprise.

"Dad, don't, the Whitebeard Pirates are my home!"

"Yeah, Dad, please, don't disband the Whitebeard Pirates!"

"Yes, Dad, if we do something wrong, we must change it!"

"There is nothing wrong with you, you have always been excellent!!"

Whitebeard shouted loudly, and the voice entered their ears. Suddenly, at this moment, everyone's emotions began to explode.

"I don't accept it, Daddy, I don't accept this decision!!" Marco was already in tears, and he was speaking to Whitebeard so loudly for the first time ever.

"I also don't accept this ending, Whitebeard Pirates, Moby Dick is the one that I have carried for most of my life, if it is gone, then the fire in my life will also disappear.

"Dad, why do you say something like this when celebrating? I've always

listened to you before, but this time, I won't!"

Whitebeard looked at their expressions, needless to say, his own heart was even more uncomfortable.

However, if they have been under his protection, they will never grow up, and he will always fall one day, but when that day comes, neither Marine nor Pirate will miss this opportunity.

So... instead of this, it is better to let them adapt to this cruel world before they die.

Only then, when that day comes, can he leave in peace.

"Please allow the selfish me to make this decision."

Listening to Whitebeard's words, everyone fell silent again, and they just stared at Whitebeard like this, not saying a word for a few minutes.

Like a walking corpse, Marko silently turned around and left slowly.

What followed was that almost everyone, like everyone else, silently turned around and left slowly.

They all returned to the boat.

Only Su Yang sat quietly on the rock without saying a word.

Whitebeard continued to drink.

161 Over the past 10 years,

thanks to your care (please

complete the order)

Time just passed by minute by minute.

The lively atmosphere not long ago has long since disappeared without a trace.

Looking around, there is a sense of sadness.

(It was omitted from the previous writing, it should be that only the members of the seventeenth division are still there.)

Whitebeard was still drinking alone, while the members of the 17th

Division did not speak and looked at Su Yang quietly, while Su Yang was drinking from time to time and looked at Whitebeard from time to time.

I wanted to say something, but I swallowed when it got to my mouth.

"Su Yang....."

Suddenly, at this time.

In Su Yang's ear, a gentle voice sounded.

Su Yang heard the sound and looked over. At this time, Rem was sitting next to him, and the slender jade hand was placed on Su Yang's thigh.

Su Yang just smiled lightly and put his hand on the back of hers, but didn't say anything.

Rem didn't speak either, she only felt that at this time, she had to stand by Su Yang's side to be his strong backing.

The surroundings were quiet again.

After Whitebeard drank the wine from the jug in his hand, he stood up, holding Cong Yunqie, facing the sea.

sunset.

The setting sun shone on Whitebeard.

The majestic back is still the same as usual.

Makes you feel safe.

Su Yang watched, with mixed emotions.

In a trance, Su Yang seemed to have flashed in his mind that when he first got on the ship, Whitebeard was standing in front of the Moby Dick.

It was also a sunset time.

Also this magnificent back.

It seems that everything has a beginning and an end.

"Gooooooooooooo..."

At this point, Whitebeard burst into laughter.

"I have to admit, I'm getting old..."

Saying this, Whitebeard turned around, and those unpredictable eyes stared at Su Yang.

"Su Yang, what are your plans in the future~°!

Su Yang shook his head and said softly, "I don't know.

Indeed, the decision Whitebeard made was too sudden. For a while, Su Yang had no idea what he was going to do next.

"Don't be confused, just do what you want to do, I saw the back of Rocks from the 17th Division, but you are better than him, because your team has what Rocks doesn't have. 99

What Whitebeard said, naturally, was unity. Although Rocks was strong back then, the relationship between its members was bad, and no one wanted to rely on others.

The demise of the Rocks Pirate is still inseparable from the poor relationship between the crew.

If the Rocks Pirate back then could be as united as the Whitebeard Pirates he is today, then the Valley of the Gods will definitely not be the result.

Su Yang stood up slowly, then bowed deeply to Whitebeard, and said in a high tone: "I have been taking care of you for more than ten years, Whitebeard."5

Whitebeard grinned, but didn't say anything.

He picked up the unfinished jug beside him, and sat alone on the rock, facing the sea and watching the sunset.

Su Yang bowed again, and then slowly backed away.

Su Yang and the others boarded the Moby Dick, and the squad leaders who were at this time were all sitting under the ship's guardrail, their heads resting on their knees, not saying a word.

Su Yang also had mixed emotions, turned to Uchiha Madara and said, "Okay, let's go back."

Everyone nodded and didn't say anything. They just jumped and jumped back to the ship of the Seventeenth Division.

And at this moment, a prompt sounded in Su Yang's mind.

[Ding....Detected that the Whitebeard Pirates have been disbanded, and the 17th Division of the Whitebeard Pirates originally bound has been invalidated. □

[Ding....Please bind the host to new forces as soon as possible to avoid unnecessary loss of summon fragments. □

Su Yang paused, quickly sat on the deck of the ship, and opened his attribute panel.

warehouse: none

Glancing at his attribute panel, Su Yang fell into silence. The incident happened too suddenly, and he was not prepared at all.

Right now, he has only two options to choose from.

The first is to establish a new pirate group, or a new force, to continue to sail this sea.

The second is to wash your hands in a golden basin and go back to be a salted fish (Zhao Zhao), but, obviously, Su Yang and the others killed four Five Elders, whether it is the World Government or Marine, naturally it will not be so easy. let go of yourself.

Thinking of the pros and cons, Su Yang decisively gave up the second idea. If he really wants to be a salted fish, he must overthrow the World government and deal with all threats.

In this way....he can find eternal peace.

However, as the behind-the-scenes bosses of World Government, Im and Su Yang know very little, even, it can be said that they do not.

It would be too risky to go there abruptly.

Indeed, maybe Im has some tricky abilities, and when the Holy Land Mariejois Su Yang once watched anime, he still remembers Doflamingo saying that there are some 'national treasures'

Just in case, Su Yang felt that it would take some time to eliminate this huge threat.

162 Set up a new pirate group

Anyway, for him, time is not in a hurry.

Now that he has made his own decision, Su Yang has nothing to think

about.

Back to reality from the thoughts.

He closed the attribute panel in front of him.

His eyes glanced at Marco and the others again.

At this moment, since Whitebeard announced the dissolution of the Whitebeard Pirates, he has lost his soul.

But also, Whitebeard announced the dissolution of the Whitebeard Pirates, which is undoubtedly a fatal blow to the people of the Whitebeard Pirates.

And Su Yang saw it more clearly, so he didn't fall into a state of collapse like them.

However, if you want to say that you have no feeling at all, it must be impossible, after all, the Whitebeard Pirates are also where he has lived for more than ten years.

He was in a bad mood, and also felt sorry.

However, he knew that the idea of disbanding the Whitebeard Pirates had already been considered by Whitebeard for a long time.

Therefore, in that situation just now, whether it was the squad leader, the ordinary members, or the pirates who joined the Whitebeard Pirates in 477, they all spoke out to discourage him, but Whitebeard remained unmoved.

Su Yang didn't say anything, turned around silently and left.

back to his boat.

At this moment, everyone was sitting in the living room, and when they saw Su Yang coming back, all of them turned their attention to Su Yang.

"Now that Whitebeard has disbanded the Whitebeard Pirates, what are you going to do, Su Yang." Uchiha Madara sat on the sofa and asked Su Yang seriously.

Su Yang also sat on the sofa and poured himself a cup of hot tea without rushing. After a while, he said lightly: "I want to hear your opinions. 35

"I have no opinion, I will listen to you. 35

Tornado was the first to speak.

"I don't care, what do you want, I'll just follow." Diablo also followed.

"Otherwise, let's be gangster superstars. 35 Giorno Chopper gave his opinion.

Akurolia:

Ace Kano: ".(baeg)....

Su Yang: The first ""

Good guy, even when Giorno Chopper came into the world, his original goals remained the same.

Is this the original intention?

But...It's a pity, my lord, that times have changed.

"Gangster superstar? What kind of thing is that?" Uchiha Madara asked in confusion.

Ace Kano: "Sounds like an organization too, but it feels so earthy. 35

"Giorno Chopper, you brought that thing here??" Tornado groaned.

Here, for now, only Su Yang, Tornado, and Giorno Chopper lived in a very similar world, so Su Yang and Tornado naturally knew what a 'gangster' 'superstar' was. .

"What's wrong, isn't it right?" Giorno Chopper asked rhetorically.

"It's not that it's inappropriate, it's just that it hurts our image." Su Yang raised his brows and said.

"The Whitebeard Pirates were disbanded. I remember Su Yang once said,

"Let's do as the locals do. We came to this world, so let's follow the meaning of the villages and follow the custom. Let's form a new pirate group by ourselves." 99 Uchiha Madara expressed his own opinion.

"Madara, it seems that we have a rare chance to come together again."

Diablo said calmly.

"Do you want to form a new pirate group, um.... it seems to feel very good." Tornado blinked his eyes and nodded thoughtfully.

"I also think that this is a very good idea." Ace Cano also nodded.

"If so many people agree, then it's up to you. To form a brand new pirate group, the first step is to have the name of the pirate group, and then have our own pirate flag. Su Yang took it slow. said.

"Do you have a name for our Pirates? This is simple, let's just call it the Konoha Pirates." Uchiha Madara said without hesitation.

Su Yang: "???"

"What the Konoha Pirates, it's a blast, the gangster superstar Pirates."

Giorno Chopper retorted.

Su Yang: "???"

"No, no, your names are too unprofessional, I think it's called the Hero Pirates!" Tornado also expressed his own thoughts.

Su Yang: "???"

"Tornado, aren't you the same? What heroes, we are pirates! I think it's called the Devil Pirates." Diablo said with a grin.

Su Yang: 66.99

"No way, Diablo, the word "devil" has already been used badly, and there is no deterrent to outsiders. I think it was originally called the Seven Deadly Sins Pirates. 35 Ace Kano said with a look of shock. .

Su Yang is numb, my dear, you are all moving things from your own world.

"Forget it, the name of the pirate group is still up to me to choose, the pirate pattern is up to you." Su Yang sighed lightly.

Time flew by and the next day came.

Marco they thought about it all night.

Finally, finally figured it out.

He also calmly accepted the result of disbanding the Whitebeard Pirates.

The pirates that joined the Whitebeard Pirates have begun to leave one after another.

Even some of the original Whitebeard Pirates had already left by boat.

However, for these things, Su Yang is not clear.

Because today was the day Eight Inner Gates inherited the physical loss,

Su Yang woke up in pain early in the morning.

However, it may have been an experience, and everyone asked when they first started.

After Su Yang said not to worry, everyone left.

"Madara, the latest newspaper, the bounty for our entire team has changed again.

At this time, Diablo slowly came to Uchiha Madara with a large stack of rewards in his hand, and handed it to him.

Kneeling and begging for the name of a pirate group.

163 The latest bounty of the 17th

division (please complete the order)

Uchiha Madara paused, but still reached out and took the thick stack of wanted notices.

In the thick stack of wanted notices, there is also a new newspaper.

Uchiha Madara first took out the newspaper inside and spread it out.

"Battle of Marineford? The biggest conflict between Marine and pirates in recent decades. 35

Looking at the title, the expression on Uchiha Madara's face didn't show much waves.

As for the content of this time, it is 100% true.

Surprisingly, though, Marine is still in the newspapers and apologizing to people all over the world.

The content of the apology, you don't need to think about it, it probably means that they couldn't wipe out the vicious Whitebeard Pirates, and they felt deeply remorse...etc.

(Note: At the beginning, it was broadcast live to the whole world. Later, due to the fierce battle, the props of the broadcast were destroyed, so most people knew about the front, and knew nothing about the latter.)

"Tsk!"

Uchiha Madara clicked his tongue and threw the newspaper in his hand on the ground.

His eyes looked at the other - the wanted warrant in his hand.

"Whitebeard Pirates, Captain, Edward Newgate, with a bounty of 5.683 billion Baileys.

"Whitebeard Pirates, captain of the first team, Marco has a bounty of 1.536 million Bailey."

This time in the Battle of Marineford, everyone in the Whitebeard Pirates' bounty has risen a lot.

Uchiha Madara turned a little impatiently, and then increased the speed of his hands.

After all, too, he didn't care about the wanted notices of the rest of the Whitebeard Pirates.

All he cares about... are the people from the Seventeenth Division of the Whitebeard Pirates.

Soon, he turned to Su Yang's.

"Whitebeard Pirates, Captain of the Seventeenth Division, Su Yang, with a bounty of 3,054,000,000 Baileys. 35

"I didn't expect that Su Yang came early and participated in the Marineford battle, and the bounty was doubled." Ace Kano said with a smile.

"What about me, what about me?"

Tornado leaned beside Uchiha Madara, stuck his head out, his eyes fixed on the wanted notice. .

And Uchiha Madara's eyes flashed slightly, then reached out and pushed her head away, and said, "Little devil, you blocked my sight. 35

Tornado was a little stubborn, and even though Uchiha Madara pushed his head, she pushed her head in hard.

In the end, Uchiha Madara saw that there was nothing he could do, so he raised the wanted notice and looked at it.

Seeing this scene, Tornado pouted angrily, with a displeased expression on his face, crossed his hands on his chest, and looked at Uchiha Madara angrily.

"Okay, next one. Ace Kano, a member of the Seventeenth Division, has a bounty of 2.59 billion Bailey.

Ace Kano was slightly surprised when he heard this: "Oh, do I also have a bounty of more than 2.5 billion? But, I seem to have done nothing when I was in Marineford. 99

Uchiha Madara glanced at him and said flatly: "Come on, shut up, Ace Kano.

"Don't pay attention to him, just turn over the next one." Dragon Roll urged.

"Diablo, a member of the Seventeenth Division, has a bounty of 2.53 billion Bailey."

"Giorno Chopper, member of the Seventeenth Division, with a bounty of 520 million Baileys."5

"Akunorolia, a member of the Seventeenth Division, has a bounty of 1.35 billion Baileys."

"Rem, a member of the Seventeenth Division, has a bounty of 300 million Bailey."

"Rahm, a member of the Seventeenth Division, has a bounty of 300 million Bailey."

"Anna, a member of the Seventeenth Division, has a bounty of 250 million Bailey. 35

"Emily, a member of the Seventeenth Division, has a bounty of 250 million Bailey.

"the last one.

Uchiha Madara glanced at the tornado on the side, then deliberately dawdled, and said: "Little Guitou, a member of the seventeenth division, the bounty is 1,035,000,000 Bailey.

"Che, Eyeless Marine, I have performed so well that I only gave me a bounty of 1 billion." Tornado said angrily while standing aside.

"What about you, Madara?" Diablo asked curiously, sitting on the sofa.

Uchiha Madara just wanted to put away the wanted order in his hand, but unexpectedly, the wanted order was suddenly covered with a layer of green light, and immediately, all the wanted orders fell into the hands of Tornado.

·0 Seeking Flowers·

Uchiha Madara just smiled lightly, then leaned back on the sofa and closed her eyes.

Tornado quickly found Uchiha Madara's wanted notice, coughed dryly, and announced: "Super annoying bastard Madara, with a bounty of 2.575 billion baileys."35

"Depend on!"

Speaking of the back, Tornado couldn't help but scolded, and then said:

"Marine is really blind, my performance on Marineford is much better than Uchiha Madara, but he is a higher self. More than twice as much."

In a blink of an eye, another day passed.

Su Yang was numb, this time the stamina was far greater than he imagined, and the pain did not completely disappear until noon.

All that was left was his tired body and the soreness all over his body.

Su Yang weakly opened his door, and Rem and Ram, who were sitting in the living room, hurried over after hearing the sound.

"Sir Su Yang, are you alright?"

Rem and Ram stared at Su Yang with a pale face, a little distressed.

"Now....it's all right." 9

Su Yang said with a wry smile.

In fact, this pain is nothing compared to death.

"That's good, we are all worried to death." At this moment, Rem's sad face finally squeezed out a smile.

"What are you worried about, I said it's fine, it's just... an old problem, and besides..."

Su Yang didn't say anything after that, and his unsatisfactory stomach gave Rem and Ram a big hint.

"Grumble!..

"Grumble!..

Ram and the others smiled slightly: "Okay, we know, what Mr. Su Yang wants to eat, Rem and I will prepare it right away.

"Just as usual... oh no, more meat and more wine."

"Alright alright.... I'll go get ready with my sister right away." A.

164 Former Whitebeard

Regiment, Captain of the 17th

Division, Su Yang bids you

farewell

After a long time.

Su Yang had already had enough to eat and drink, and after resting for a while, he went to take a shower and put on a clean clothes, during which he also read the latest reward and wanted notice.

However, he didn't make any waves, because he didn't care about the bounty.

When he left his ship, he found that the Whitebeard Pirates had already left.

There are only a few former team captains left, namely Marco, Qiaozi, and Ace.

However, what Su Yang never imagined was that Whitebeard was still sitting on the rock, standing on Cong Yunqiu, his eyes facing the sea.

"White... Whitebeard.

Su Yang came over, first looked at Marco and the others, and finally put his eyes on Whitebeard.

And "four seven seven" Whitebeard opened his eyes slightly after hearing Su Yang's voice, but soon, he closed it again and asked.

"Listen to them, you're sick."

Su Yang nodded and said calmly: "Yes, but it has recovered today.

"That's good, let's leave. 35

After leaving this sentence, Whitebeard did not speak.

And Su Yang's eyes turned to Marko, and then asked: "This... What's going on, Whitebeard...

Before Su Yang could finish speaking, Marco said with a frown: "Yes, since that day, Dad has been sitting here without eating or drinking for several days."

"Dad said, if we don't leave for a day, he won't eat or drink, or leave this rock, until he dies." Qiao Zi also added.

"Su Yang, help to persuade!" Ace followed suit.

However, before Su Yang could speak, Whitebeard on the side spoke again: "I have made up my mind and will not change, if you want me to live a few more years, just leave me here.

"Father.

At this moment, Marco suddenly realized that his heart was very complicated. At first, the reason why he did not leave was because he thought that as long as Su Yang came, he would definitely be able to persuade Whitebeard, but it backfired.

"Okay, Dad, I know, I hope you can take good care of yourself in these days when we're not here. 99 Marco wiped the tears from the corners of his eyes.

"Father's decision, no matter what we do, we can't change it. For the sake of father, let's leave quickly." Qiao Zi said choked up.

His heart was also very uncomfortable, but he also knew that as long as they didn't leave, Whitebeard would not leave for a day, and Whitebeard was not as hungry as he was when he was young.

In addition to his past injuries and his age, Whitebeard won't be able to last long if he continues like this.

"Att....."

Su Yang sighed deeply, not expecting Whitebeard to do such an incredible job to force them away this time.

I saw Su Yang bent slowly, bowed towards Whitebeard, and shouted loudly.

"Former Whitebeard Pirates, Captain of the Seventeenth Division, Su Yang bids you farewell."

Seeing Su Yang's actions, soon, Marko, Qiaozi, and Ace also bowed and shouted loudly.

"Former Whitebeard Pirates, First Division Captain, Marco bids you farewell.

"Former Whitebeard Pirates, Second Division Captain, Ace bids you goodbye. 99

"The former Whitebeard Pirates, the captain of the third division, Qiao Zi bids you farewell.

What Su Yang and the others didn't know was that the man who claimed to be the strongest in the world, after hearing this, there were big tears streaming down his eyes.

Soon, after the farewell ceremony, Su Yang and Marco turned around silently and left slowly.

"What are you going to do next. 35 Su Yang asked Marko.

"me.....

Marko said, looked at the blue sky, and smiled solemnly: "Shortly rest for half a year, as long as a few years, and may even retire, or may form his own pirate group."

"Marco, if you set up a pirate group, remember to contact me, I will be your deputy captain." Qiao Zi said.

Marko smiled: "Let's talk about it when the time comes, right now... it's still early.

After the words fell, their eyes fell on Ace.0

Ace was silent for a while, then said softly: "My original goal was to make my father the pirate king, but my father has retired, so... let me be the pirate king!

"Is it still the same as before, called the Spade Pirates?" Marco asked.

Ace nodded.

In the end, they all looked at Su Yang in unison.

"How about you? Su Yang."

Su Yang faced the sea and calmly said: "If there is no accident, it should be... also set up your own pirate group."5

Several people chatted for a while on the coast, and finally left here.

Marko, Ace, Joze and they head to the Sabaody Archipelago, one of them needs to buy a new ship, and then go to the New World.

As for Su Yang, he left in the opposite direction. He was going to pick up Anna and Emily.

Whitebeard's eyes were fixed on the drifting ship, and he finally put down Cong Yunqie in his hand, while reaching out to wipe the tears on his face.

"I didn't expect to lose my temper at such a time.

"Go, everyone, the new era belongs to you."

The news of the disbanding of the Whitebeard Pirates quickly spread throughout the world on 4.6.

Sengoku, who was on vacation, immediately became restless after hearing the news.

Hastily dialed Garp's phone bug.

"Garp, where are you now?"

"Huh? Why? Sengoku, I'm on vacation right now, don't ask me to do anything or anything, and I'm back in East Blue now. 35

Garp quickly reminded that at this time, Garp only needs to relax for a few months, and he does not want to participate in anything with Marine during these months.

"I'm also on vacation. I'm looking for you today, not to talk about work, but to ask you, do you know about the disbandment of the Whitebeard Pirates?"5

Sengoku's words made Garp stunned for a moment, and then asked back:

"You.... What did you say? The Whitebeard Pirates disbanded???",

165 New 4 Emperors Appeared

ps: As the Chinese New Year is approaching, there are a lot of things to

do. I really didn't have time to code words yesterday, I'm sorry.

Speaking of which.

Garp pouted and laughed.

"Hahahaha.... Sengoku, what are you talking about, with Whitebeard's character, how could you disband the Whitebeard Pirates.

"Moreover, with the performance of the Whitebeard Pirates in Marineford, it is even more impossible to disband the Whitebeard Pirates.

After all, the Whitebeard Pirates have only entered their peak state for decades, so what is there? Reasons for disbanding?"

Indeed, what Garp said is right, the Whitebeard Pirates are quite special.

They say that they are a pirate group, but they are actually more like a family group, and Whitebeard's goals and ideals are all stored in the Whitebeard Pirates.

How could 10 be disbanded so easily?

Facing Garp's words, Sengoku was silent for dozens of seconds, and then solemnly said: "Garp, I'm serious, to tell you the truth, when I heard the Whitebeard Pirates disbanded, I immediately said. The reaction is the same as yours, they all thought it was a rumor."

"But after investigation, this is not a rumor. That guy Whitebeard really disbanded the Whitebeard Pirates."

As soon as these words came out, Garp's smile on his face was restrained.

His eyes, which had not become cloudy due to the ravages of the years, stared straight ahead, before slowly opening his mouth for a long time.

"Is...is it a conspiracy?"

"It's not clear for the time being, but I don't think it's that simple. I'm afraid it's a conspiracy by Whitebeard." Sengoku raised his eyebrows slightly, feeling a little uneasy in his heart.

It's no wonder that Sengoku is suspicious, it's only because Whitebeard has been acting so erratically lately.

After all, it is.

The former Whitebeard Pirates have basically had no major conflict with Marine for decades.

B.....

This year, the action was so big that it kept their Marine executives guessing.

"Indeed, as you said, the actions of the Whitebeard Pirates are really confusing." Garp said with a smile.

"Damn, this just ended the Marineford battle. I thought they would be able to calm down for a while, but I never thought that abnormal things would start to happen. I really didn't take a vacation to let me calm down for a while."

Sengoku scolded, since Whitebeard became the Four Emperors, he once thought that as long as the Marines didn't trouble them, the members of his Whitebeard Pirates would also calm down, but now it seems that he is thinking too much.

"Ha ha ha ha....."

"Sengoku, this is something that can't be helped, isn't it?"

"I know! 35

"Actually, if the Whitebeard Pirates really disbanded, it would be a good thing for us. If we Marine still have to deal with the Whitebeard Pirates, we can destroy them one by one. 99

"Garp, do you think things would be that easy?" Sengoku asked.

Garp's face sank, and he continued: "Sengoku, isn't this something we can't do anything about, we just have to accept it, don't we?"

"call!"

Sengoku sighed deeply.

Yes, this kind of thing is not something they can control at all.

The only thing they can do is to accept it calmly.

And ... make corresponding countermeasures.

"Okay, continue to take your leave. In addition, I'm also ready to resign as Marshal Marine. I've been running around for most of my life, and it's time to take a good rest.

"Hahahaha... Sengoku, I said it long ago, we are getting old, this era belongs to their young people."

Time flies, and a few days have passed.

The news of the disbandment of the Whitebeard Pirates, after the news agency Master received the news, they immediately published the news of the disbandment of the Whitebeard Pirates.

In just two days, the news spread almost all over the world.

New World, on an island.

Shanks held the newspaper in his hand and watched the news of the disbandment of the Whitebeard Pirates. Although it had nothing to do with him, he always had a bad feeling in his heart.

In a trance, in his mind, the scene when Roger was disbanding the Roger Pirates flashed through his mind, which made him a little uneasy.

"Anyway... Whitebeard, did you choose to do that too?"

Looking at the newspaper in his hand, Shanks let out a sigh of relief.

"Head..."

La Kilu looked at Shanks' heavy expression and called out in a low voice.

Shanks smiled faintly: "It's nothing, it's just, the Whitebeard Pirates have

disbanded."

"It's really a pity." Benn Beckman also said.

477 Speaking of this, Shanks' face became solemn again.

"The Whitebeard Pirates are disbanded, and a bigger storm is coming."

Shanks pulled out the western sword from his waist and stuck the newspaper on the ground, his eyes glowing with cold light.

"Yeah, the territory that once belonged to the Whitebeard Pirates, whether it was Charlotte Linlin, Kaido, or the World government, will inevitably move, because the balance of the New World Pirates is out of balance." Benn Beckman said calmly.

"The situation can only be stabilized when the new Four Emperors appear. However, I feel that this new Four Emperors is still a member of the original Whitebeard Pirates." La Jilu said.

"Su Yang is that right!" Shanks looked at La Kiludao.

While eating the barbecued meat in his hand, La Keelu said with a smile:

"In the former Whitebeard Pirates, who has this ability, only Su Yang's Seventeenth Division, although it has not appeared yet, but... ..In fact, new Four Emperors have appeared.

"Good analysis this time, La Kelu."

Benn Beckman said with a smile, in fact, whether it was him or Shanks, they had already thought about it, but they never mentioned it.

166 Announcement, the

establishment of the Dimensional

Pirates

"Hey hey, don't look at me every day to know how to eat, but my heart is very delicate." La Kilo said with a smile.

"Come on, La Kelu, don't be careful, even a bit of a savvy person knows that after all, every guy in the seventeenth division has a very high

bounty. 35

"And, I guess, it's very possible that they will become a pirate group with a very balanced bounty, just like our pirate group." Benn Beckman said calmly.

"Beckman, this is not the same as what you said. Don't be careful, as long as you are not blind, you can see it." La Kilu replied.

Benn Beckman:

Asrad Island.

Su Yang has successfully retrieved Anna and Emily at sea.

However, they did not leave immediately, but leaned on the island's port.

As for the reason, it is because he needs to think about the name of the pirate group, and then come up with the flag of his own pirate group.

on board.

Everyone gathered together, although Su Yang said that the name of the pirate group reminded him, but everyone kept silent, for fear of disturbing Su Yang's thoughts.

A second, a minute, a blink of an eye, an hour has passed.

Tornado couldn't sit still, he was lying on the sofa while stretching, and muttered: "Su Yang, have you thought about it? It's been more than an hour. 99

"I see, or just choose the one I propose and forget it, it's called the Seven Original Sins Pirates." Ace Kano spread his hands on the top edge of the sofa, sitting in a big boss posture.

"Tsk, choose yours, why don't you call me the Konoha Pirates." Uchiha Madara retorted casually.

"A...

Su Yang sighed.

Caressing his head, he said: "Forget it, I don't want to, I can't think of it

after racking my brains, let's choose a backup plan, let's call it the Dimensional Pirates.

"Dimensional Pirates~"?"

Everyone was also stunned, and then their eyes turned to Su Yang.

Su Yang explained slowly: "The reason why it is called Dimension, first of all, whether it is me or you are from different worlds, and the meaning of the word Dimension is concise and representative, what do you think?"

"I think this kind of thing, you don't need to ask our opinion, you ask

Madara, Madara must say no Konoha Pirates, you ask Giorno Chopper, he must say no gangster pirates Good group." Tornado said calmly while yawning aside.

"In that case, let's call the Dimension Pirates." Diablo agreed.

"I have no opinion.""

"I have no opinion either. 55

"Okay, then, I announce that the Dimensional Pirates are officially established.

Su Yang's voice just fell, suddenly.

In his ear, the sound of the system sounded.

[Ding.... The Seventeenth Division of the Whitebeard Pirates was successfully unbound. □

[Ding. Successfully bound the Dimensional Pirates. □

[Ding.. Bind to get random enhancement card x1]

[Ding..Congratulations to Host for becoming the highest authority and obtaining Conqueror's Haki. □

Following the system's voice all the way, Su Yang didn't even regain his senses when the attribute panel that belonged to him popped up.

Warehouse: Enhancement Card x1

Looking at the virtual panel that popped up, Su Yang finally recovered.

"Will you get a reward for binding a new one?"

He murmured inwardly, as if he felt that he had opened a New World.

"Then I announce the dissolution of the pirate group, and then re-establish it, will I get bound rewards again?"

Su Yang murmured again secretly.

At this moment, his mouth Kakuzu raised slightly, as if he had thought of a note that was not playing.

Suddenly, at this moment, the tornado lying next to Su Yang gently kicked Su Yang's thigh with his little foot, and then asked in surprise.

`Your expression, you must be thinking of some bad idea!

Su Yang glanced at the tornado from the corner of his eye, and said in a bad mood, "I'm thinking about something bad, can you think about something good?"

While speaking, Su Yang stood up and continued: "Okay, you decide on the flag pattern of the Pirates, I'll go outside to get some air."

After leaving this sentence, Su Yang walked outside, and the others were stunned for a moment, and then began to discuss the pattern of the pirate flag.

And Su Yang, as soon as he got outside the boat, tried it right away.

"Disband the Dimensional Pirates.

As soon as Su Yang finished speaking, the system let him know that he was thinking too much.

[Ding..... The strength of the host's self-created bound group cannot be unbound, unless all members are killed in battle, they can be automatically unbound. □

Su Yang's eyes sank slightly, and he knew that things were not so simple. However, if he hadn't been established so quickly before, he would have really been able to smack the system.

(Zhao Zhao) The reason is very simple , just need to join the other party , then let him disband , and then find another one , so that he can be bound again .

But.... I don't know if the reward will be limited, but there should be a limit, and the system won't let it go so easily.

"Use a random booster card."

□Ding.....Used successfully. sweat□

[Ding. This time, Sage Body is strengthened. □

[Ding....Strengthened successfully. □

"Sage Body strengthened?"

Su Yang was a little overwhelmed. Strengthening the Sage Body was something he never thought of.

The system didn't prompt him to have any special abilities if he was strengthened. He had no choice but to try it himself.

Along with that, enter the state of Sage Body.

At this moment, Su Yang first had a pair of horns growing on his forehead. (Good brother, successfully filled the hole in Yimu's dream. Hehe.)

167 Exclusive Vessel

'Shura' (please order)

After a pair of horns grew on his forehead, his hair color and body gradually turned white.

The clothes below the neck are also turning white at a speed that can be seen with the naked eye.

In his hand, a black long knife without a blade appeared.

The light wind blows slowly, and Su Yang's white robe dances with the wind.

Su Yang was slightly startled, a little caught off guard when he saw his own changes.

He took a leap of his life, jumped onto the ship's guardrail, and watched his figure reflected in the sea.

His pupils shrank slightly.

"Dude, isn't this the Six Paths Sage Mode from Hokage Ninja?"

Su Yang murmured, looked carefully, and found many differences.

"Forget it, no matter what, I can feel the current state of Sage Body, and my strength has been qualitatively improved again.

Just as Su Yang sighed, suddenly, in his ear, a voice sounded again.

[Ding.....The pirate flag has been determined, and the Host has completed the final binding. □

[Ding..Congratulations to Host for obtaining the exclusive ship "Shura" produced by the system]

□Ding.. Is the Host summoning now!□

Su Yang hesitated for a while, and finally nodded.

"Summon 493!"9

[Ding...summoned successfully. □

The voice that accompanied the system fell.

Suddenly, the sky darkened.

Su Yang was slightly startled and looked up.

At this moment, a huge ship has fallen down.

"Boom..." A sound.

Suddenly the sea rolled over.

The huge waves directly pushed the boat Su Yang to the shore.

With such a big movement, Uchiha Madara and the others ran out immediately.

"what happened?"

"Is Marine here?"

"Tsk tsk, isn't it a good time to come? Just let them be the gifts for us to set up the pirate group!"

"Indeed, I didn't play enough last time, I hope they can let us play a little more this time.

When the Shura came into their eyes, they were all stunned for a moment.

Two huge red long dragons were attached to the left and right sides of the hull, and the dragon eyes flashed with crimson light.

In front of the bow, there is only a black dragon with a huge mouth open, and the pair of dragon eyes are also flashing with crimson light.

Below the boat guardrail, there are nearly 50 small faucets lined up, but they all have their mouths closed.

"What's the matter? Why? I always have a feeling that this ship is guiding me on board!"

Uchiha Madara's eyes sank slightly and took a few steps forward.

"Oh? I thought I was the only one who felt this way, but I didn't expect you to have it too." Diablo also asked curiously.

He himself thought that the ship might have something to do with the demons above, but after hearing Uchiha Madara say this, he knew that it was not related to the demons, it should be related to the summoned ones.

"I also feel..."

"Me too.

"You guys feel pretty good, it's the ship that guides us on board!" Su Yang stood at the front and shouted.

"This... what's going on?" Ace Kano walked to Su Yang's side and asked.

"Yeah, am I still one of Marine's gang?" Tornado used his own superpowers and also floated beside Su Yang.

Su Yang's eyes were fixed on the huge ship ahead, and the corner of his mouth rose slightly.

"This is... an exclusive ship given to us by the Dimensional Pirates!"

"Belongs to us?????"

"Belong to our exclusive ship!"

"This ship looks like a match for us!"

"Indeed, I agree with that too."

"And compared to most people, our ship looks a lot more Haki."

"Let's go, let's go take a look first. (baeg)"

After Su Yang left these words, he took the lead and jumped on the Shura.

Others followed.

The Shura is very different from other ships except for its appearance.

Internally, it's pretty much the same.

But....one thing has a big difference.

That is, this Shura... has no control room.

This is a mind-controlled ship.

However, not everyone can control it.

Only Su Yang, and the summoned.

Moreover, what Su Yang never imagined was that this Shura also had its own exclusive attribute panel.

Ship number: Shura.

Controlled personnel: Su Yang, Uchiha Madara, Diablo, Ace Kano,

Tornado, Giorno Chopper, Akurolia, Rem, Ram. (New summoners will be added by themselves.)

Function: flight, diving, attack, defense.

With a brief glance, Su Yang paused.

"The function of this boat surprised me. It can still fly and dive. However, this has made me a lot more convenient, and I don't need to be coated in the future. 35

After muttering, Su Yang quickly started trying.

The thoughts began to be transmitted into the Shura.

Su Yang controls the boat and starts to attack.

The little dragon head on the side facing the sea started to open its mouth quickly.

A deep red energy ball condensed.

Immediately after that, it shot out at an extremely fast speed.

"Whoa, whoa, whoa... 35

Countless energy balls were launched.

The sea in the distance exploded in an instant.

"Boom....

"Boom...

Huge waves surged into the sky.

This power really surprised Su Yang.

His eyes were withdrawn from the sea in the distance and placed on the faucet in front of him.

"I don't know how powerful the dragon head launched from the bow is?

But... the small dragon head has this power, and the big dragon head naturally need not say more.

With a murmur, Su Yang did not test the power of the big faucet.

First, he had no subjects to test.

You can't cast one on the island.

Moreover, the launch consumption is only the physical strength of the manipulator, that is to say, as long as your physical strength is invincible, then he can continuously launch.

"This is more practical than I expected!

Next, Su Yang tested other functions.

Flying is good, defense is strong, and diving is like sailing on the sea.

All in all.... Shura is awesome.

168 Charlotte Linlin's

Ambition

ps: All the manuscripts that the author saved before were lost, and the mentality jumped directly, but there was no other way, so I had to rewrite it.

Meanwhile, New World.

Since the disbandment of the Whitebeard Pirates, the disappearance has spread to the new world.

The New World began to turmoil.

The country that once granted the Whitebeard Pirates asylum, or the people of the territory - began to panic.

Many have left the Whitebeard Pirates' turf.

As for the reason, it is also obvious.

Because the Whitebeard Pirates were disbanded, the country or territory that once granted Whitebeard asylum was likely to arouse competition from other Four Emperors.

In order not to be implicated, they left early.

New World, All Nations, Cake Island.

In the huge palace, at this moment, Charlotte Linlin is still enjoying delicious Anko rice cake soup, and below, are her children.

"Well...

Charlotte Linlin has a happy look on her face as she licks, licks, and clings to the Anko rice cake soup that sticks to her hands.

Obviously, the Anko rice cake soup this time made her quite satisfied.

And below her children are standing aside, watching quietly. ?

"Well...

Licking off all the Anko rice cake soup sticking to her hands, Charlotte Linlin, contentedly, set her eyes on the newspaper on the side table.

"I didn't expect that old fellow Whitebeard would disband his pirate group, this is a perfect opportunity.

Saying that, Charlotte Linlin's eyes flashed a cold light.

The news of the disbanding of the Whitebeard Pirates spread throughout New World, and Charlotte Linlin already had a plan in her heart as soon

as she got the news.

She intends to take advantage of the present opportunity to take over all of Whitebeard's territory.

Perospero, who was standing on the side, heard Charlotte Linlin's words, and his expression couldn't help but move: "Since such news spread, most of the residents of Whitebeard's territory have begun to flee, and I am afraid that others will know about it. Bar."

"What does that mean, Perospero?"

"We're going to take all of Whitebeard's territory before anyone else!

As she spoke, Charlotte Linlin reached out and grabbed the remaining Anko rice cake soup on the table and shoved it into her mouth.

"But Mom, although the Whitebeard Pirates were disbanded under Whitebeard's orders, that old guy didn't die...'

"Also, it is said that Marco and the others did not choose to leave, and are still guarding those sites.

"If we attack, I'm afraid Whitebeard will do it?"

Katakuri was a little worried, after all, they were discussing now, but they wanted to snatch the man's territory.

Edward Newgate, known as the strongest man in the world.

Although Whitebeard has announced the disbandment of his pirate group, that man is not dead.

·0 for flowers·.....

Once their actions provoke Whitebeard's counterattack, the consequences are hard to predict.

"Besides, I don't know if the Seventeenth Division of the Whitebeard Regiment will take measures to respond to our actions..."

"Huh? 99

Charlotte Linlin smiled, and her sharp eyes were like two knives,

glancing at Katakuri.

The atmosphere in the entire palace instantly became dull.

The group of sons and daughters next to her also immediately followed suit.

Although Charlotte Linlin had not paid much attention to the news of the Seventeenth Division of the Whitebeard Pirates.

But after all, what Su Yang and his team members have done are really sensational.

So far, the news about the 17th division of the Whitebeard Pirates has more or less been known to the members of the Big Mom Pirates.

"It's just a squad under that old man Whitebeard. I'm not afraid of Whitebeard, let alone just a squad. It's not enough for me to fear."5

"Of course, if they're going to fight our big mom pirates, let him try!

Saying that, Charlotte Linlin resumed the smile, and began to gulp down the Anko rice cake soup again.

"Okay, now get ready for me to take over Whitebeard's former site!

Mmmmmmmmm..." 9

169 They, they are demons

(seeking complete set)

On the other side, the Shura is sailing on the sea.

Numerous lounge chairs have been placed on the deck of the Shura.

Most of the people, including Su Yang, were leaning on the reclining chairs.

"Although I also use my mind to control the ship, I feel that this is far more wonderful than using my own superpower to control it. Tornado exhaled lightly, and his face was full of relief.

The same is true for Su Yang and others on the side.

The appearance of the Shura made up for the last shortcoming of the

Dimensional Pirates.

With the Shura, they don't need to find a powerful navigator at all.

At the same time, three nautical miles away from the Shura, a pirate ship with a height of three stories was slowly approaching, and there were many small combat ships behind it.

The flag hoisted high above the mast indicates that this pirate group is the Kid Pirates.

Standing on the deck with a red-haired man of "four nine three" is Kid, one of the eleven members of the Pirate Supernova.

The other person standing beside Kid, dressed in pink and with a long braid, is Apu, who is also one of the supernovas.

Apu raised one leg, patted his palm gently, and a series of sound waves spread to the front in an instant.

hum!

After receiving the return wave of the sound wave, a smile appeared on Apu's face, and said, "Kid, didn't you want to change a ship for a long time? A good pirate ship came to the door. "

There was a smile on Kid's mouth, and he said, "Oh? A pirate ship that can be seen by a picky guy like you should be pretty good!

"Little ones, approach at full speed!"

Then, many crew members of the Kid Pirates began to frantically push steam power.

After dozens of breaths, a huge ship appeared in everyone's sight.

Two red dragons hovered on both sides of the ship, and the red body looked extremely dazzling under the sunlight.

The front end has a hideous black faucet.

Everyone including Kid was stunned and their eyes widened.

"Great, our Kid Pirates can finally have a qualified pirate ship. A look of

excitement appeared on Kid's face, and his fists were tightly clenched.

Immediately after, his eyes fell on the pirate flag, a look of doubt appeared on his face, and he said, "A strange sign? It should be a little-known little pirate group!"

"Wrap the ship. 35

Following Kid's order, many small boats galloped quickly, cutting off all the back roads of the Shura.

On the deck of the Shura, Su Yang, who was just lying on the reclining chair, slowly opened his eyes, his eyes flashed slightly, and he said randomly and gently: "I noticed it, let's go and see what's going on."

Su Yang's voice just fell, suddenly.

Swish!

The figure of Uchiha Madara disappeared immediately, and the next moment appeared directly in the air.

Uchiha Madara in midair looked at Kid and the others who were approaching, a helpless look flashed in his eyes.

"Just sand and gravel."

Kid, who is a supernova 11 person, can be regarded as a little famous, however, he is still not in the eyes of Uchiha Madara.

"Then just destroy them directly."

The tornado turned into a cyan afterimage and appeared directly in front of Kid and others.

boom!

Under the control of the tornado power, a large number of huge blisters immediately rose above the sea.

One by one, the blisters directly wrapped all the many small ships surrounding the Shura.

"What's the matter? Who is it?"

"Sea water, how can we be wrapped in sea water?"

"Could it be this little girl's hand? It's absolutely impossible. 99

The many crew members of the Kid Pirates were full of horror, and many shells and close-up weapons attacked frantically in front of the blisters.

However, it is impossible to shake the blisters with the blessing of psychic power.

"A bunch of ignorant guys, pay the price for your recklessness." 5

The voice of the tornado was extremely cold, and a bright light flashed in his eyes.

boom!

Accompanied by a roaring sound, a large number of blisters burst directly in an instant.

The many small ships of the Kid Pirates were instantly turned into powder, and many crew members died.

"It's your turn."

Tornado slowly turned around and looked closely at Kid and Apu.

At this moment, Apu's face was extremely ugly, and he said word by word: "This is... This is, can't be wrong, this is the member of the seventeenth division of the original Whitebeard Pirates? We are here. Got into big trouble again.""

Kid pouted, but he didn't take it seriously, not to mention the members of a mere squad, even the Four Emperors, he just touched it now.0

"So what, she's just a little girl."

"As long as the other members of the 17th Division are not there, this little girl is not worth mentioning at all. It's just a pity that my crew members are gone."

"Little girl?" Tornado slowly raised his head, his eyes were full of coldness.

hum! hum!

The invisible power of thought instantly vacated the air, turned into air cannonballs, and rolled straight ahead.

Kid's expression changed drastically, he quickly stepped back, and suddenly opened his arms.

"Mechanical Arm!

All the metalwork on the entire boat was attached to Kid's arms.

Two giant robotic arms with a length of more than 30 meters were instantly formed.

"go to hell!"

Kid suddenly waved his mechanical arms and instantly rolled forward.

boom!

Accompanied by a huge roar, a large number of telekinetic air cannonballs collided with the mechanical double walls.

Thick gunpowder spreads all around.

When the smoke cleared, Kid fell on the deck with a shocked face, and the two huge mechanical arms had long since turned into dust.

"What? How is this possible?" Apu's face was full of shock.

He was very aware of Kid's true strength, but he didn't expect that under Tornjuan's hands, he couldn't even hold on to a single move.

"You..." Kid's eyes were full of shock, and his mind was blank.

Tornado curled his lips and said disdainfully, "It's really boring."

"However, since you took the initiative to come to the door, I can only blame you for being unlucky."

boom!

A large amount of psychic power rushed up, and Kid's body directly turned into a pile of blood mist.

Apu on the side stood there, the joints of his body trembled constantly,

and the messy noise continued to spread from it.

The Paramecia sound fruit ability was directly frightened, and the body lost control.

"You're very motivated, little devil."

A light wind blew, and the figure of Uchiha Madara appeared beside the tornado.

"Uchiha Madara, the great pirate with a bounty of 2.575 billion belis! 35

One of the surviving Kid pirates couldn't help screaming.

"Run! This man is a real devil!

A group of surviving crew members began to flee, and some even jumped into the sea without hesitation.

170 Black Dragon: Laozi is no longer seasick (please order all)

Uchiha Madara looked at the scene in front of him indifferently, and his heart was not disturbed.

After all, it is, like this guy who is not even one ten thousandth of himself.

For him, it is optional.

Their life and death are only between their own thoughts.

"Damn it! Are these guys looking down on me? They weren't scared when they saw me, but seeing you, it's like a mouse seeing a cat.

Tornado clenched his fists tightly, and his face was full of bad looks.

"My bounty is higher than yours." Uchiha Madara squinted slightly and glanced at the tornado beside him.

35

Tornado was at a loss for words and wanted to refute something, but he swallowed the words, after all, Uchiha Madara was right, his bounty was indeed much higher than his own.

Moreover, many of the Kid Pirates in the field did not think that the many blisters just now were released by a tornado, and instead attributed everything to Uchiha Madara.

hum!

"Damn!!!"

The tornado suddenly shouted, and the huge psychic power immediately sprayed away towards the surroundings.

boom!

Immediately above the sea surface, a huge hole ten meters deep appeared, and with the help of a large amount of seawater, like a cannonball, it sputtered frantically towards the surroundings.

Swish!!

One after another, the sound of breaking through the air sounded, and the bodies of the many Kid Pirate crew members who were madly fleeing quickly became a sieve.

Many people died with unbelievable expressions on their faces.

"Scratch flopping sound!"

Under the panic, Apu began to frantically twist the joints of the supreme body.

A large number of sound waves emanated from the inside of its body, rushing towards the front.

However, many sound waves completely dissipated the first time they touched the sea water.

Many sea water still penetrated his body.

"how can that be?"

Apu's face was full of astonishment, and a dense hole had appeared on the surface of his body.

boom!

With a dull voice, Apu's body also fell on the deck.

At this point, the Kid Pirates, the group is destroyed!

At this time, the Shura also came to the side of the main ship of the Kid Pirates.

Su Yang was lying on the ship's guardrail and jokingly said, "Did you kill them all? Didn't you leave a single one alive?"

"Huh? Want to stay alive?"

"There's no other way to stay alive, I can only blame Su Yang for not saying it sooner, I've already dealt with them all." The tornado stall on the side spread his hands, and some Tsundere replied.

Su Yang didn't answer, and looked at the pirate flag among the many wreckage in front of him, plus the two huge iron arms he saw before, he basically knew the true identity of the incoming enemy.

"Unfortunately, Kid is a good pirate supernova.""

In the original book, when Kid faced Kaido of the Beasts, he would rather die than surrender. In the end, he was imprisoned in an underground cage, but he still refused to surrender.

And this guy owns Conqueror's Haki.

In a sense, Kid's future is immeasurable.

Those who own Conqueror's Haki are always in the dark above the sea.

It's a pity... Su Yang and the others accidentally wiped it out on the cradle.

At this time, Aknororia, who was not far away, suddenly said: "This should be the first battle of our Dimensional Pirates since the establishment. Although it is just a group of unremarkable guys, it is still a good start. "5

Giorno Chopper couldn't help but nodded and said, "It's true, but...it seems that with our strength, few people can beat us.

"Chopper, be confident, we are not afraid of anyone." Diablo smiled slightly.

While they were discussing, Su Yang couldn't help but said: "Acunorolia, shouldn't you guy, under normal circumstances, transform into a dragon form, or lie on the bed? What? I'm no longer seasick. ?"

Hearing that, everyone here turned their attention.

Aknororia stood there blankly, with a confused look in her eyes.

At this moment, this guy's face is ruddy, and his gestures are full of freedom and ease, and there is absolutely no depression after boarding the ship at first.

"It seems to be the case! 35

Tornado excitedly approached Akurolia's side 493, looked at it carefully and said, "This is really a miraculous thing, originally Su Yang was thinking about how to solve your seasickness problem, but I didn't expect it. The problem has completely disappeared.""

The Ram and Rem sisters on the side were also relieved.

Since Akurolia is not seasick, then his food problem can be solved easily.

On weekdays, in order to take special care of the seasick Akunorolia, Rem racked his brains, and even Ram was pulled over from time to time to discuss.

All kinds of nutritious meals are constantly changing, but it can only make Akunorolia a little comfortable.

"Is it because of the Shura?"

Su Yang secretly guessed in his heart.

Immediately he said: "It seems that many benefits of the Shura are still waiting for us to discover. 55

In the eyes of everyone in the Dimensional Pirates, an excited light soon appeared.

At this moment, the status of the Shura in the hearts of everyone
skyrocketed.

Akurolia's long hair fluttered in the wind, a look of anticipation appeared
in her eyes, and the corners of her mouth raised slightly.
