Су Ян однажды отправился в мир пиратов и стал капитаном семнадцатой дивизии полка Белоуса.

Не закреплён за членами команды, не беда, благо система призывает активирована.

Мадара, Чёрный Дракон, Торнадо, Мисака Микото и др. все они члены семнадцатого отряда Су Яна.

Воюющие Государства: «Я оцепенел, в команде играть труднее, чем с Белоусом».

202 Rescue!

"Prince Shark, Prince King, Prince Roller, as Dr. Giorno Chopper said, his treatment is special!"

"The last time he healed the brothers of the Whitebeard Pirates was by pushing people in front of him!"

"So please rest assured, the three princes, just do as Dr. Giorno Chopper said! Cough....cough...cough..."

Hearing that King Star and Rollover Star also asked questions along with his eldest brother, Giorno Chopper didn't explain it himself, but Muir took the lead in answering it in advance.

When the three princes, Shark Star, King Star, and Rollover Star heard that Muir said this, they no longer insisted, but were more curious about the treatment that Giorno Chopper would use next.

Of course, the curiosity returned to curiosity, and the more calm and calm King 507 Zi Shaxing did not delay at all, and ordered the guards of the Dragon Palace around them to bring the seriously wounded over first. In a short time, the first murloc guard of the Dragon Palace Guards who

was seriously injured was carried over.

Because of the fierce battle just now, the murloc guard's hands have been cut off by Cracker's cracker soldier's great sword.

And because Dafu detonated the "Lantern Man", the broken arm that he had no time to retrieve, under the explosion of energy, it was annihilated with all the blown ashes around him, and he could never find a single broken arm. Dot.

In addition to his broken arms, the (baeg) murloc guard of the Dragon Palace Guard Army also has a long knife edge on his stomach.

It was also caused by the big knife of the biscuit guard.

At this time, everyone around was able to see clearly from the incision of his knife that some of the intestines had been severed and were gushing blood.

At this time, the guards of the Dragon Palace Guards had obviously had a lot of gas out and a little air in, and they looked like they were dying, and they were not far from death.

If it wasn't for relying on his powerful thoughts to hold his breath, or at this time, he would have met under the Yellow Springs with the guards of the Dragon Palace Guards who had been killed before.

Looking at the injury of the Dragon Palace Guards, let alone Neptune, Shark, King, and Roller, who have never seen Giorno Chopper's tactics.

It was that Muir who had seen Giorno Chopper's rejuvenation before, and he was a little clueless at this time.

After all, the situation shown by the guards at this time was really too bad.

If it was put into the hands of any doctor on The fish men island, it is estimated that the final result would be nothing but a certain death sentence.

And such a certain death, in Giorno Chopper, can not be counted here.

The reason is also very simple.

Nothing more than Giorno Chopper's ability, against this kind of injury, it is simply a "Tianke" situation.

Among the crowd, only the members of the Dimension Pirates looked at Giorno Chopper with confidence, and the rest quietly watched Giorno Chopper's every move.

They all wanted to know, how exactly did the magical treatment that Muir said work?

How will Giorno Chopper save the murloc in front of him with half of his foot already on the coffin board?

However, when they were staring at Giorno Chopper, he had activated his ability and called out his stand-in.

It's a pity, because only the avatar can see the avatar.

Therefore, Giorno Chopper's stand-in can only be seen by Su Yang and the Dimensional Pirates who were summoned by Su Yang through the system.

203 Shark Star's Shock!

"Shu~huh~huh~"

At the moment when Giorno Chopper appeared as a substitute, Su Yang made a move with his right hand and directly used the ability of Wood Style to create a few pieces of wood out of nothing, and threw them at Giorno Chopper.

Looking at the wood flying towards him, Giorno Chopper, who had already cooperated with his own captain once, nodded to Su Yang and said:

"Then I'll start!"

"Hada! Hada! Hada! Hada!!!!"

Giorno Chopper was talking to Su Yang, he also raised his fists, and at the same time controlled his stand-in to smash his fists on the pieces of wood.

Neptune, Shark Star, King Star, Roller Star and others who can't see Giorno Chopper's stand-in around are stupid.

The minds of each of them are now filled with little question marks.

What's this...what's the joke???

They really don't understand what Giorno Chopper is doing.

From the moment Su Yang made wood and threw it at him, everyone was--already confused.

After all, no one could have imagined that the murloc bodyguard would be treated with wood for such a serious injury?

But in the end, before the treatment, whether it was that Muir or Giorno Chopper said that the treatment method will be special, so just use wood, just assume that everyone has no knowledge and has never seen such a magical strength.

But now that Giorno Chopper got the wood, not only did he ignore the dying murloc guard, but he also screamed "Hada Hada" to hit the air with the rim.

Such an operation directly impacted everyone's worldview.

"Murray, are you sure that Mr. Giorno Chopper used a few pieces of wood to treat the injuries of the rest of the Whitebeard Pirates?"

Finally, Jinbei was the first one who couldn't hold back, and quietly approached Namur and asked him.

Jinbei's actions were naturally captured by Neptune, Shark and others.

Because several of them had the same doubts in their hearts, they didn't say anything to stop them, but pricked up their ears, ready to eavesdrop on how Muir would answer.

"Cough...cough...I'm pretty sure!"

"Last time, Mr. Giorno Chopper treated everyone like this! 99

·0 for flowers.....

"Precisely because it's so unbelievable, unheard of and unseen, that's why

I just told you that the treatment method will be quite special! Cough..."

Namur nodded when he heard Jinbei inquiring about him, coughing and answering for Jinbei with certainty.

.....0.....

It was also between the two of them talking and the people around them eavesdropping.

Giorno Chopper has also stopped his damage and stopped throwing punches.

Something that shocked everyone around happened!

With Giorno Chopper's actions just now, the ordinary pieces of wood just now had undergone earth-shaking changes.

On the unremarkable wood just now, two arms have grown out at this time, and these arms are very realistic, even the ten fingers are very delicate.

Seeing Giorno Chopper stop throwing his fists, Shark Star took a closer look and found something surprising, so he sighed:

"Huh? This wood... This wood has grown arms and fingers, it's incredible!" A.

204 dimensional pirate group,  
extraordinary!

"Doramifa~ I saw that Dr. Giorno Chopper was just punching in the air, it's amazing how the wood can change so much!!!"

"Red roll ~ roll roll ~ I guess Dr. Giorno Chopper should be a Demon fruit power! These are all magical abilities from Devil Fruit!"

As the eldest brother Shaoxing fell, the two younger brothers "Five Zero Seven", King Star and Rollover Star, also quickly spoke in agreement. Of course, it wasn't just the three princes of Shark Star who were shocked by this.

Whether it is the fish people of the Sun Pirates, the guards of the Dragon Palace Guards, even Jinbei and Neptune, they were all shocked by Giorno Chopper's wonderful hand.

Jinbei and Nipton are not those ignorant guys. They have been in the sea for so many years, especially in The fish men island, where the so-called portal of the New World is located, the Demon fruit power they have seen is extraordinary.

I have also experienced a lot of strange Devil Fruit abilities.

But for being as eccentric as Giorno Chopper is at this time, it's really a first point!

"This is indeed a very magical energy!"

"Little friend Su Yang's Dimensional Pirates is truly extraordinary!"

After looking at each other with Jinbei, Neptune turned his head to Su Yang and opened his mouth in admiration.

Su Yang didn't answer, just smiled slightly, raised his head and pointed to Giorno Chopper's direction with his chin, signaling the Mermaid King Neptune to look down.

It looks like it is saying: "Continue to look down, the following is more exciting!"

0

Neptune naturally understood Su Yang's gesture, so he also turned his attention to Giorno Chopper's direction, wanting to see what kind of surprises and surprises this guy could bring to him! as predicted!

After Giorno Chopper took control of the avatar's fist, he took the arms, intestines and other organs needed by the murloc guards.

Not only did he not find any surgical tools, needles and threads to sew up the murloc guards.

On the contrary, he held the arms and organs made of wood, just like children putting together Lego toys and assembling Transformers. After aligning them with the corresponding positions, they installed them directly.

"Whoo...complete one!"

"Next!!!"

Giorno Chopper said softly without turning his head after installing everything for the murloc guards.

At this time, everyone's facial expressions were like petrified when they looked at the scene in front of them.

Their hearts have already been strongly impacted, and the three views have been bombarded with some incomparable thoroughness.

"This...is this the end?"

"Now it's like pressing parts to fit people, will it fall off after just flipping the arm?"

Jinbei wiped the sweat from his forehead and asked Giorno Chopper.

"Cough...cough...not falling!"

"I heard from the brothers in other squads that after installing it, it is the same as the original organ, and it is easy to use and operate!"

"And the Giorno Chopper 4.6 is really as easy to assemble as it is to fit parts as we see it!"

"When he connected the organ made of wood to the human body, he was able to connect it flawlessly!"

Just like when Jinbei asked Giorno Chopper before, before the deity

could answer, there was already a human answering machine named Namur, who answered his questions while coughing.

205 Strange roar!

After Giorno Chopper healed the first murloc guard and showed his marvelous medical skills, the rest of the disabled patients were all quickly lined up. team.

So, an assembly line job appeared!

First, Su Yang used Wood Style to produce wood blocks of different sizes in batches.

Then Giorno Chopper screamed "hahaha" in his mouth, and used his stand-in ability to turn those wooden blocks into organs that were lost, broken, and needed to be replaced one by one.

The assembly line quickly reached Namur.

After a few minutes of operation, Giorno Chopper had put on a new pair of lung lobes for Namur, so that he would no longer be coughing while talking, let alone coughing up blood.

"Hahahaha! Amazing skills! It's really amazing medical skills!"

"Dr. Giorno Chopper worked hard!"

"Since the patients have been treated, please get on the boat and join us in the Dragon Palace to have a banquet and relax!"

After watching Giorno Chopper finish the last person's treatment, Neptune also laughed and invited Su Yang and Giorno Chopper to them. This time, no one had any other opinion.

Su Yang took Rem, Ram, Uchiha Madara, Giorno Chopper and others on the cruise ship prepared by the Dragon Palace.

The only one left, Akurolia, used his mind to control the Shura and floated behind the cruise ship.

Along the way, the three princes, Shaoxing, the second prince, and the

third prince, are all like a very thoughtful tour guide, explaining the various scenery of The fish men island to the dimensional pirates on the cruise ship.

And The fish men island, which is full of fairytale-like scenery, easily captured the hearts of Rem, Ram, Tornado, Anna, and Emily.

Especially in the process of sightseeing, there are also beautiful and hot mermaids one after another, offering them the unique desserts, fruits and other specialties of The fish men island.

There was not much time, and the cruise ship had already arrived at the entrance of the Dragon Palace.

Under the leadership of Neptune, Su Yang and the others used bubble coral to create bubbles for themselves to survive and move in the water, and then followed Nepton and "floated" in the direction of the Dragon Palace.

In order to cover up the shortcomings of seasickness and other means of transportation, Aknororia, who insisted on driving the Shura to follow, was guided by the right minister to find a place to stop the ship...

As the place where the royal family of The Fish Men Island lived, the Dragon Palace was naturally built beautifully.

It even made the girls of the Dimensional Pirates come to a fairy tale kingdom.

"Boom 507! Boom! Boom!!!"

"Boom! Boom! Boom!!!"

Just as everyone was visiting the Dragon Palace under the leadership of Neptune, a roar came from one direction in the Dragon Palace.

Hearing this movement, Uchiha Madara, Diablo, and Ace Kano also frowned slightly and looked at Neptune.

smash?

Do you want to renovate the Dragon Palace for a banquet?

On the other hand, Neptune, the king of mermaids, and the three princes of Shark Star, King Star, and Rollover Star all turned unpleasant after hearing this voice.

206 The Sadness of the Mermaid

Princess!

Looking at Neptune's slightly falling faces, Su Yang seemed to realize something, so he also opened his mouth and asked Neptune:

"I heard Whitebeard mention it before about Uncle Neptune and the Mermaid Princess!"

"And...it seems to be entangled by some unknown guy!"

"Has it not been dealt with until now?"

After hearing Su Yang's question, Neptune shook his head with a bitter face, sighed and said:

"Alas... the old man does have a hard-working daughter named Shirahoshi!"

"She's been targeted by a guy named Vander Deacon since something happened!

"That guy is a fruit power, he can use the fruit power to throw things thousands of miles away to Shirahoshi's location! 35

"In the beginning, the little girl, Shirahoshi, just received letters, flowers and other gadgets from that guy!

"But as Shirahoshi refused to show love to that guy, he started throwing weapons like crazy every day!"

"In order to protect Shirahoshi from being harmed by those weapons, we had to arrange Shirahoshi to live in an iron-shell tower made of steel, and this residence lasted for a few years..

As soon as he mentioned his little girl, Neptune's box was instantly

opened, and he couldn't stop telling Su Yang and everyone in the Dimension Pirates about Shirahoshi.

As he spoke, Aknorollia, who had docked the boat, also followed under the leadership of the right minister.

Just because Nepton was talking about Shirahoshi at the time, he didn't interrupt him rashly, and just listened quietly.

When Rem and Ram heard that the mermaid princess named Shirahoshi had been trapped in an iron tower since childhood due to such reasons, their eyes turned red, and their hearts rose with infinite sympathy for Shirahoshi. Affection.

"Sir Su Yang!"

"We... can we help Princess Shirahoshi?"

"She is so pitiful that she was forced to live in an iron tower by a bad guy! 95

Immediately, the two kind sisters also pulled Su Yang's sleeves and asked Su Yang.

Hearing the request of the two sisters Rem and Ram and herself, Su Yang, who had been very fond of Shirahoshi, the mermaid princess in her previous life, naturally did not refuse.

"It's not a big deal!"

"Since you want to help her, let's help! 55

"That guy Vander Deacon may have a hand in evading the pursuit of ordinary people, but he is unlucky when it comes to us!"

After he smiled and said a word to Rem and Ram in a gentle tone, he turned his head to look at Mewtwo and said, "Mewtwo! Go and get that guy named Vander Deacon back!"

0

Hearing Su Yang's order, Chao Meng nodded, then stretched out his right

hand and summoned his huge spoon that was almost as tall as himself.

`Predict the future!!!

Then he put the spoon on his chest and closed his eyes tightly, a powerful and mysterious super energy wave emanated from his body and the spoon.

So, under the watchful eyes of everyone, the huge spoon in Chao Meng's hand began to bend slightly in one direction.

After the head of the spoon and the handle of the spoon completely formed a 90-degree angle, Chao (Li's Zhao) Meng retracted the strong super energy fluctuation and opened his eyes.

"Captain Su Yang! I have used my superpowers to find the location of the man named Vander Deacon! 55

"I'm going to arrest people now!"

After Chao Meng opened his eyes, his temperament was still cold and he said something to Su Yang, and he was ready to use his super power to fly away.

But as soon as it set off, it heard a stout voice scale from behind him:

"Wait! Stinky cat, I'll go with you!"

207 Mew2 and Black

Dragon's alliance?

This sudden voice made Chao Meng stop his figure, and the expressions of everyone in the Dimension Pirates changed slightly.

Everyone cast their gazes on Akunoroli, who had just spoken.

This... what is this operation???

"Humph! Look what I do!

"The stinky cat's body is still adapting to the rules, and its strength needs to be improved!

"This is the sea under 10,000 meters. If we lose, we will lose all the face

of our Dimension Pirates!"

Feeling the surprised eyes of everyone, Aknororia shook her head up and said to everyone.

But the people of the Dimensional Pirates, after hearing that he actually found such a reason, the color of exploration in their eyes is even stronger.

Of course, there are a lot of honest people in the pirate group. When watching Akurolia, 507 will also look at Uchiha Madara and Diablo with a thief.

kindness!

Sure enough, the mortal enemies both value each other and dislike each other!

Is there anything wrong with Acunorola doing this?

No problem, scientific, reasonable.

Originally, Mewtwo was also very surprised when he heard Akurolia call him to stop.

But after hearing the words of Acunorolia, I also understood the kindness of this guy.

At this time, it was not long before Chaomeng was summoned by Su Yang to the world of pirates, and his body had not fully adapted to the rules of this world, so he could only use a part of his superhuman strength.

In Su Yang's words, the unblocking degree of the system has reached less than 40%.

"Cut! It's the first time I've heard that lizards can swim!"

After realizing the good intentions of others, even though the person who spoke was his usual nemesis, Chao Meng didn't reply as usual, but just said something softly.

Seeing that Mewtwo was only taunting, but not rejecting it, Su Yang also smiled and shook his head, and said to Akunororia:

"Okay! Then Akurolia, you can go with Mewtwo!

After hearing Su Yang's words, Akurolia also nodded to him, walked to Mewtwo's side, and followed the way he came, towards the entrance of the Dragon Palace leading to The fish men island. go.

"Right! Gentlemen, take this with you!"

At the same time, the great prince Shaoxing suddenly imitated (baeg) Buddha to realize something, he hurriedly shouted to the two of them, and at the same time, he also quickly caught up and gave the two coral-shaped objects to them.

"This is coral that makes bubbles!

"When you need to use it, just press here! 35'

After handing the coral-shaped object to the two, Shark also explained it to Akunororia, who was not there just now.

Aknororia nodded, accepted it, and left with Mewtwo.

Looking at the backs of Mewtwo and Akurolia leaving, the Mermaid King Neptune said to Su Yang with great gratitude.

"Such a kindness, the old man is grateful!!!"

"Little friend Su Yang, and everyone from the Dimensional Pirates, please come with me to the Iron Shell Tower, and I will ask Shirahoshi to thank him personally!

As soon as Neptune said this, the eyes of the children of Tornado, Rem, and Ram suddenly lit up.

That's a mermaid princess!

Fairy tales represent innocence and beauty!

The changes in the expressions of their crew members were naturally captured by Su Yang, who knew what they were thinking of him, so how

could they disappoint them?

So he also nodded to Neptune, and agreed with a smile: "So...then I'll bother you!"

208 Tornado shot!

The group also changed the path to the Dragon Palace banquet hall and walked towards the iron tower where the mermaid princess Shirahoshi was.

Under the leadership of Neptune, everyone quickly came to an iron tower made of pure steel.

The steel walls are full of potholes and pits, and there are traces left by the impact of weapons of different sizes.

In the corner of the wall, there are also piles of long knives, giant axes, artillery shells, Iron Body and other miscellaneous debris.

"Whoo~ whoo~ whoo~"

"Whoosh~ whoosh~ whoosh~"

At the same time, a new round of objects turned into shadows and were thrown by Van der Deaken.

"Humph!"

Looking at the giant axes flying towards the iron-shell tower, Tornado, who had long been angry at Shirahoshi's story, snorted coldly, and saw her right hand waved, and the telekinetic force was instantly used by it.

"Huh~~"

"boom!!!"

Immediately, those flying giant axes stopped in mid-air as if someone had pressed the pause button, and then landed straight on the ground due to gravity.

"Thank you Miss Tornado for blocking it!"

Watching the tornado shoot out, the great prince Shaoxing also bowed

slightly to thank him.

"Humph! I just can't get enough of that nasty guy!"

"Su Yang! After Mewtwo and Aknorollia get that guy back, you have to give him to me!"

"When the time comes... hum! I will definitely teach him to be a good man!"

When the floating tornado heard Shaoxing's words and glanced at Shaoxing, he also pouted and said angrily.

"Okay! After a while, Chaomeng and they catch people, I will hand them over to you!"

"You let go and do it, and teach him to be a good man!"

Looking at the tornado's behavior, Su Yang did not refuse, but agreed with a smile.

While speaking, they also walked into the iron-shell tower under the leadership of Neptune.

In any case, the Iron Shell Tower is where the Mermaid Princess lives.

Although the outside is made of thick steel, the interior of the iron-shell tower is still very dreamy.

Except for the furniture that is all blue and pink, the decorations in the house are all top-grade.

In the innermost part of the room, there is a very huge shell bed, and an equally huge figure in the curtain is also sitting on it.

·0 for flowers·

"Shark~Shark~"

Watching Su Yang's group come in from the door under the leadership of Neptune and Shark Star, a shark in a red T-shirt also floated over quickly.

Originally, seeing the arrival of Neptune and Shark Star, the expression on the shark's face was still very happy.

But after seeing the unfamiliar faces of Su Yang, he immediately grinned and looked at them defensively.

...0.....

"Captain Su Yang, this shark is called Meikaro, Shirahoshi's pet!"

Seeing that the shark acted like this towards Su Yang and his group, in order to prevent misunderstanding, Shark star also stepped forward to explain to Su Yang and others, and at the same time shouted to the shark:

"Meikaro, these people are my The fish. The distinguished guests of men island, don't be presumptuous!"

.

"Yes... it's Brother Shark! Are you here?"

Just as Shaoxing's voice fell behind, a sweet but timid voice came from the curtain of the shell bed.

Afterwards, a huge mermaid with a huge figure, long pink hair, and a very sweet and lovely face got off the shell bed, and floated towards the crowd with the help of the buoyancy of a circle of bubbles around her waist.

209 Mermaid Princess Shirahoshi!

[Ding... Detect nearby summon fragments!]

Just after following everyone into the iron tower, Su Yang's ear rang the familiar prompt sound of the system again.

"Huh? Fragments actually appeared here!"

After hearing the system's prompt tone, Su Yang raised his eyebrows slightly, and secretly said in his heart.

One of the reasons why he decided to enter the New World this time was to take the opportunity to find some summoning fragments.

"Five Zero Seven" But when Uchiha Madara, Diablo and the others played against Charlotte Daifuku and Charlotte Snag in Fishman Wharf before,

Su Yang did not receive any system alerts.

Just when he thought for a while that the summoning fragments could not be found on The fish men island this time, the system prompt appeared so suddenly.

And up... This time, the refresh location of the summoned fragments turned out to be in the bedroom of the mermaid princess Shirahoshi.

Such a situation was something Su Yang never expected.

At the same time, he was very happy in his heart.

Fortunately, he sent Mewtwo and Aknorollia to arrest people.

Fortunately, he agreed with Neptune's proposal. Fortunately, he took into account the wishes of Rem, Ram, and Tornado, and chose to follow.

Neptune and the others came together.

If not...

Then you really missed the rhythm of billions of millions!!!

Immediately, Su Yang also scanned the iron tower in accordance with the regularity of the refreshment of these summoned fragments.

Finally, in a corner of Shirahoshi's bedroom, Su Yang saw a dazzling orb of light.

Su Yang breathed a sigh of relief when he saw that the summoning shard was in the corner of the iron shell tower, not on the huge shell bed.

After all, Shirahoshi was still a child at this time.

If he wanted to pick up the summoning fragments that others could not see, he would rashly climb onto the bed of the little girl.

No matter how you listen to this, how do you feel that it is somewhat "violating the law"...

And if this matter spreads out, the reputation is not good!

He Su Yang wants to be the strongest man in the world!

Just taking on the reputation of someone who likes to climb on the bed

of an underage girl would really detract from that mighty image.

Just as Su Yang was brainstorming at the old god's ease, Shirahoshi also came to the door and came to greet his brother.

After seeing Su Yang's group, Shirahoshi's sweet smile, which was still smiling, instantly collapsed like a deflated balloon, and let out a scream at the same time.

"Hey!!! Who are you?"

"Woo~woooo~ Lord Father! Brother Shark! Brother King! Brother Sunfish! I'm afraid..."

After making a very scared expression, Shirahoshi also hid behind Neptune and Shark Star with tears in his eyes and sobbing in his mouth.

"...

"

Seeing his daughter's face turned like this, even Neptune's face showed a hint of embarrassment.

He just invited Su Yang and everyone from the Dimensional Pirates to come here, but what he said was that he wanted his daughter to come and thank them in person.

But don't say thank you now, just seeing the appearance of a group of people, this girl who has not been deeply involved in the world, immediately hides behind her timidly, and she doesn't even want to meet people, it's really very strange. embarrassing...

"I also ask Captain Su Yang and everyone to forgive me!

"My sister has lived in an iron-shell tower since she was a child, and she has never seen many strangers, so she is more afraid of life!

Shark Star, as the eldest prince, naturally couldn't let the scene cool, so he also stepped forward and explained to Su Yang and the confused Dimension Pirates.

210 Shirahoshi's Gratitude!

At the same time, he quickly turned his head and said to his sister Shirahoshi in his warmest voice: "Shirahoshi, don't be afraid, this is Captain Su Yang and the adults of the Dimension Pirates, they are all good people!"

Following Shaoxing's words, the second-eldest King Star and the third-eldest Overturning Star also stepped forward to comfort their sister.

"Yes, yes! Shirahoshi, Captain Su Yang is a good man. He just sent two adults from the Dimension Pirates to help you catch that guy Daken!

Doraimi is shivering~"

10...

"Red rolls~ roll roll~ wait for those two adults to catch Daken back, Shirahoshi will no longer need to live in the iron tower after Shirahoshi, and can freely enter and exit the Dragon Palace~"

With the assurances of her three brothers, and the meaning revealed in their words, the little girl suddenly let down her guard.

Especially when Shirahoshi heard that Su Yang also sent someone to help him capture Daken, and when he was captured, he would no longer have to live in the iron tower and could freely enter and exit the Dragon Palace. A bright.

Whether it is the mermaid king Nipton who is her father, or the three brothers, Shark Star, Emperor Star, and Rollover Star, none of them know that little Shirahoshi has always had a desire to go to the Mermaid Forest to see the sun. dream.

Now that I know that I will be free soon, I can go out from the Iron Shell Tower, go out from the Dragon Palace, and realize my dream.

For a moment, the little girl was as happy as if she had been hit in the

head by a pile of candy.

Not even bothering to cry anymore, Li Hua looked at Su Yang with a rainy look and asked:

"Su... Lord Su Yang!

"Yes...isn't it...As the king said, when the two adults capture Lord Daken, I will be able to enter and leave the Dragon Palace freely?"

The timid voice of the little girl could be heard in his ears, and Su Yang, who had been shouting because of the shards, also returned to his senses.

When I saw that Shirahoshi was exactly the same as when he read the original book in his previous life, he was a timid, crying and wanted to play.

Su Yang maintained a gentle smile, nodded to Shirahoshi and said warmly: "Yes! You will be free when Mewtwo and Aknororia catch him back!"

.  
After hearing Su Yang say this, the excitement on Shirahoshi's face could no longer be contained.

Her voice was timid, but she thanked Su Yang with great joy: "Thank you...thank you...Sir Su Yang!"

"It's nothing, Shirahoshi!"

"We have promised Neptune that The fish men island will be sheltered by our Dimensional Pirates from today!"

"You are the daughter of Neptune, the princess of The fish men island. You have been attacked and harassed by pirates, and we can't ignore it!"

35

507 "So...introduce you to some friends! This is Rem, this is Ram, this is Tornado..."

Hearing this, Su Yang smiled and shook his head. After answering a few

sentences with the little girl, he began to match up with the children of Rem, Ram, and Tornado who were already excited by seeing the murloc princess, and introduced them to them. know each other.

Shirahoshi had completely believed that Su Yang was a good person since he just learned from Su Yang that he was about to be free.

So at this time, after hearing that Su Yang was going to introduce his friends, he followed Su Yang's introduction and called them one by one:

"Master Rem! Master Ram! Master Tornado..."

211 People who grow up!

With Su Yang's matchmaking, Shirahoshi quickly became acquainted with Ram, Rem, Tornado, Anna, and Emily.

In particular, Shirahoshi is similar to Rem and Ram in certain habits, so he gets along best with these two sisters.

And the Mermaid King Neptune, the three princes of Shark Star, King Star, and Rollover Star, were also very happy when they saw that Shirahoshi had so many talking friends all of a sudden.

Although they have not heard Shirahoshi say that they want to go to the Mermaid Forest to see the sunshine, but as fathers and brothers, how can they not know Shirahoshi's inner loneliness.

Now that Shirahoshi can be so happy, chatting with the girls of the Dimension Pirates, they are a little more grateful to Su Yang and the Dimension Pirates.

And Su Yang was also looking at Shirahoshi, Rem, Ram and others, he also made a visit, wandered around in the iron tower, and took the summoning shard by the way. Into the bag.

The summoning shard this time was still an ordinary summoning shard, and Su Yang was not surprised at all.

Warehouse: Summoning Fragments X1

When the fragments were put into the system warehouse, Su Yang also glanced at the unlocking degree of everyone on the system panel.

Sure enough, after the battle at the pier, the unlocking degree of everyone's strength was a little higher.

Especially Uchiha Madara, who is only one step away from regaining his former world peak power!

Su Yang believes that as long as Uchiha Madara experiences the last hearty battle, the unlock rate will definitely exceed 60%.

In addition to the two-color Haki of his already master's armed color and sight color.

At that time, Uchiha Madara must be able to surpass the self in the world before Zhi (Li's Zhao) and walk to a new peak!

Just when Su Yang had a new harvest in the Iron Tower, and Shirahoshi was chatting with Rem, Ram, Tornado and a few girls, Mewtwo and Akurolia had also left the Dragon Palace. .

Chao Meng holds a spoon, wraps his body with super power, and takes off in the sea towards the guidance of the huge spoon.

And Aknorollia has also transformed into a black dragon, waving its wings and following behind.

212 Steady Mew2!

Because one of them is a genetic creation, and the other is a dragon body that has turned into a black dragon, both of them can breathe in water, so they did not use the bubble coral that Shark Star just gave.

The two were very fast, and after a while, they stopped at a rather barren boundary on The fish men island.

A huge ship appeared in front of them.

In front of this ship, Akurolia's black dragon body does not appear so huge.

Beside this giant ship, there is also a dilapidated ship with the coating unfolded and wrapped in bubbles.

According to the name engraved on the ship, Mewtwo knows the name of the ship The Flying Dutchman!

Outside the flying Dutchman, there stood a murloc whose height was no less than the size of a ship.

The huge murloc had a round head with an exploding head, a beard all over his face, and stared at his bull nose. 507 was topless, with his right

hand holding a flying Dutchman's anchor, as if he was holding a balloon.

.

"Captain Deacon! It's here~"

After the huge bearded man led the "balloon" to the side of the huge ship, he said sharply to the "balloon".

"Wait for me here! Poseidon! 35

As the voice of the giant bearded man fell, a thick voice came from the battered Flying Dutchman.

A four-legged murloc wearing a yellow-blue striped top hat, a white T-shirt, a yellow suit with shoulders and a baeg film appeared from the flying Dutchman, and headed towards the huge Swim inside the boat.

"This way please! Captain Deacon!"

After the four-legged murloc reached the deck of the huge ship, a murloc with a spear led the way.

Looking at the guy called "Captain Daken", following the murloc into the huge ship, Mewtwo, who had been hiding in the darkness, nodded to Akunorolia beside him and said, "No way. Accidentally, the captain asked us to arrest him!"

.

Hearing Mewtwo's words, Akunorolia immediately transformed into the form of a dragon.

"Since it's been confirmed, let's go arrest people!"

"Early finish early, Su Yang and the others are still waiting for us to go back for a banquet!"

"What are you waiting for here, stupid cat?"

Watching Mewtwo's voice fall, Akunorolia also asked Mewtwo with her arms folded in front of her chest.

"Stupid lizard! I was too embarrassed to expose you just now, are you still

pretending to be with me here?

"My body didn't adapt to the rules of the world, so you're fully adapted?"

"If we are all at the strength of the heyday, let alone this huge warship that doesn't know what weapons are hidden!

"Even if it's against a person who can build such a ship, then with our strength, we can definitely handle it!"

"But now we are half a catty, let's not talk about anyone!

"And the situation inside is not clear, so it is not good for us to act rashly!"

"Let's just say the worst thing, in case... we really screw up, don't say Su Yang is not to blame, we can't get past our own level!"

When Chao Meng heard the words, after those cat-like pupils glared at Akurolia, he also expressed his concerns to him.

Aknorollia was silent for a while after hearing the words.

Even if he didn't want to admit it, he had to face it.

Because of his body's incompatibility with the laws of this world, he is just like Chao Meng, and his peak strength has only been unblocked by more than half.

If this state is really against an unknown enemy, there is still a risk of losing.

213 Hody and Daken's

Pirate Alliance!

Because he was afraid of losing, he couldn't explain it to Su Yang, and he couldn't explain it to everyone in the Dimensional Pirates, so Akurolia decided to listen to Mewtwo's advice once and act more prudently.

Of course, if Su Yang knew about Chaomeng's scruples at this time, he would definitely laugh that Chaomeng was thinking too much!

The huge ship in front of them at this time was built by the murlocs

hundreds of years ago, named Noah!

It was not made by someone who is now occupying the magpie's nest.

And... in this huge ship "Noah", there are no powerful weapons.

It is purely a transport ship with a huge volume, or a "troop transport ship" is more suitable.

-Kun is missing, Comrade Wang Luffy, Armament Haki, twists and turns three blocks, and a burst of "Elephant guns and slaps" directly engages people in violent demolition. In that kind of intense situation, no strange weapons or mechanisms are activated.

If they just go up and arrest someone, what risk can they have?

Of course, Mewtwo and Akurolia don't know anything about all this.

Like thieves, the two followed behind Vander Deacon, ready to see what was going on inside the boat?

"Vander Deacon-they're here!!!

As Vander Deaken stepped into a certain cabin of Noah under the guidance of the murloc, there was a burst of cheers.

"Sorry for being late!"

"Just happened to encounter the eruption of a submarine volcano!"

Facing the cheers, Vander Deaken walked slowly to the interior of the cabin, and said to the few mermaids who were sitting on the master seat inside.

"So what's your business with me? The notorious guy on Fishman Street, Hody Jones!!!

After arriving in front of a few people in the main seat, Vander Deaken looked at the fair-skinned shark-fish man with pointed mouth and fangs in the main seat and asked.

"Words of infamy...to each other! Called the mad Vander Deacon!

"Please advise!"

Hearing Van der Deaken's words, Hody Jones pulled out his left hand that had been crossed on his chest, supported his hat, with a cruel smile, looked at Van der Deaken and said to him. said.

Speaking, Hody Jones also stood up, stretched out his right hand, and wanted to shake hands with Vander Deacon.

.0 Asking for Flowers...

"Uh.... Shake hands??"

"Then this is a little troublesome, you have to wait for me first!"

Looking at the right hand that Hody Jones stretched out, Vander Deacon hesitated subconsciously, and then spoke to him.

Hody Jones also paused in surprise when he listened to Vander Deacon's words.

Then, in front of Hody Jones, Vander Deacon took out a pair of leather gloves placed in the Kabuto under his clothes, and slowly put them on, then he explained the reason:

.0.

....

"For some special reasons, please don't mind! 35

"I am the ability person of the target fruit, my hands will mark the person who shakes hands, and the mark will be recorded at the same time!

"And the hands I have now are the marks of my beloved!

Van der Deaken said, and then shook hands with Hody Jones with his gloved hand.

The handshake of the two ulterior motives naturally attracted the cheers of the surrounding murloc pirates.

As everyone knows, all of their things are hidden in the dark by Mewtwo and Akunorolia.

214 Kill Without Amnesty!

"So...is that why he can throw weapons at Princess Shirahoshi at any time?"

Listening to Vander Deacon's words, Mewtwo murmured to himself.

"Hey! Stinky cat, did you think a little too much before?"

"Looking at the breath of the guys in the cabin, I don't think anyone can beat it!"

Just as Mewtwo was muttering to herself, Akurolia also poked its shoulder with her finger and said "five zero seven" to it.

Mewtwo was a little embarrassed when she heard Akurolia's words.

Just after sneaking in effortlessly, it has used the superpower in the body to scan the entire cabin, and even the entire Noah, and indeed did not find any existence of relatively large energy fluctuations.

"At least...we figured out why Princess Shirahoshi is being harassed all the time!"

"In this way, we can end the bond between the two for Princess Shirahoshi without future troubles!"

After Mewtwo hesitated for a while, he said to Akronoria as much as he could.

"cut!"

"This kind of rubbish, just kill it directly! There is also no future trouble!"

Acunorolia looked disdainful, and pouted, learning from Mewtwo's daily appearance.

Seeing that his mortal enemy was holding on to the pigtail of his misjudgment, he also learned how he used to be, and gave himself a strange set of yin and yang.

Chao Meng suddenly burned with anger, and no longer regained his former sense of reason.

I saw him walking straight out of the shadows, holding up the huge

spoon in his hand, and shouting to Vander Deacon: "Vander Deacon! On the order of our captain Su Yang, I'm here to catch you. Ryugu! The rebels die!!!"

When Mewtwo speaks, Haki is awe-inspiring, especially when he says the last word "kill", he is full of killing intent.

Don't ask why it suddenly jumped out.

Asking is tired, tired, all destroyed!!!

The sudden appearance of Mewtwo really shocked Hody Jones and all the murloc pirates in the cabin.

"Who are you! How dare you dare to trespass on the territory of our New Murloc Pirates! 95

A murloc with purple and blue stripes standing beside Hody Jones immediately yelled at Mewtwo.

"Humph! Although I don't know what kind of monster you are, but you trespassed on the grounds of our new murloc pirates and hurt my allies, then you will save your life!!!"

At the same time, Hody Jones also grinned at his sharp-toothed mouth, showing a cruel smile, and said to Chao Meng.0

As soon as Hody Jones's voice fell, as he waved his hand, a group of murloc pirates in the cabin also roared and rushed towards Mewtwo.

"Stinky cat! I told you a long time ago that you can't do this!"

"Didn't you say all this rubbish, they've already formed a pirate alliance, that's a gang!

"Except for Vander Deacon, whom Su Yang named to be captured, and then capture the leader, and kill the rest!"

It was at this time that the voice of Akronoria rang out in Mewtwo's ears again at 4.6.

Looking at Akurolia, who also appeared in the dark, even if Mewtwo

didn't want to admit it, he had to admit that what he said just now was really ineffective!

The group of fish-man pirates in front of them are indeed a group of extremely stupid guys.

He could only softly "cut" as his last stubbornness.

215 waves of missiles!!!

"Are there any accomplices? Let's kill the sacrificial flag together!"

"Don't say that there is another accomplice, just a few more will fall under the knife of our new mermaid pirate group!"

"The accomplice is still a human, Ka Ka Ka! Low-level guy, accept the trial of the fish man!"

One of the pirates who rushed towards Mewtwo saw Akurolia, who was in a state of recovery at this time, and the sound of rushing and killing became even louder.

The speed of the fish-man pirates is not slow, and a lot of them have rushed to the surroundings of Mewtwo and Akronorlia during the shouting.

"Ning is stubborn!"

"die!!!"

Looking at the fish-man pirates rushing up, Chaomeng's face was 10 indifferent, the huge spoon in his hand waved in the air, and a violent super energy swiped from it.

"boom!!!"

"Whoo~ whoo~ whoo~"

"Bang! Boom! Boom!"

Intense super dream power swiped out from the huge spoon head, bombarding the body of a group of fish-man pirates like an overwhelming sea.

In an instant, the murloc pirates spread out like a goddess scattered flowers, flying towards the surrounding cabin walls.

The appearance of such a strange state immediately stopped the murloc pirates who had not rushed over.

They looked at Chaomeng with a cold face, and dared not rush up.

"Humph! Waste! It's all a bunch of waste!!!"

Seeing that his gang of murlocs were not only enemies of others, he even saw that Kamui defeated several people with a single blow, so he no longer dared to charge. snorted coldly.

As he said that, he also took out a handful of capsules and threw them towards the murloc pirates who had not had time to rush forward.

After the fish-man pirates heard Hody Jones's cold snort, they still looked at each other in fear.

But after those capsules were thrown in front of him, one by one no longer cared about fear, and swallowed the capsules in one gulp.

In an instant, as those capsules entered their stomachs, all of them, who were originally terrified, seemed to have been replaced by another person, their eyes were red, their faces were fierce, and their eyes were full of madness.

"Kill!!! Kill them!!! 35

With the shouts of some fish-man pirates, they rushed towards Mewtwo again with guns and knives.

"Wave Missile!!!

Looking at the fish people rushing up again in front of him, Chao Meng naturally didn't hold his hand, only to see him waving his hand, and a blue-purple, flashing lightning-like light sphere fluctuated in his hand.

"Whoo~~~"

"boom!!!

The wave missile was condensed in the blink of an eye, released by Mewtwo, and bombed in the crowd of murloc pirates.

A huge explosion roared, directly killing the 507 pirates who rushed up. However, the death of the same kind this time did not make the remaining murloc pirates retreat.

On the contrary, this scene of broken limbs and blood dripping with blood aroused the fierceness hidden in their hearts on weekdays.

One after another with red eyes, irrational, and crazy faces rushed towards Mewtwo.

Looking at the fish-man pirates under his command, they were fierce and did not fear the charge of death. Beside Hody Jones, a short, red cigar Dharma Sharkman danced with excitement and thumped against the fish.

Human Pirates shouted:

"Yes yes yes! That's it! Rush up and kill them!!! Ka Ka Ka! For the great cause of the murlocs! Kill him!"

216 Smelly cat, I have to clean up the garbage like this!

"Shadow Ball!

For these crazy fish-man pirates who are not afraid of death, Chao Meng made another move, and a spherical energy ball that revolved at a high speed and looked like a black hole appeared again.

"Whoo~~~~~

"boom!!!

Still the same recipe, still the familiar taste.

The dark energy of the ghost system exploded in the crowd, and the violent and strange energy raged freely, reaping the lives of the fish-man pirates.

In a short time, the murloc pirates in the blasting range of the shadow

ball were also killed and injured.

The location where Chaomeng and the others exist at this time is the largest cabin in the entire Noah, so the number of fish-man pirates gathered here is not small.

They continued to charge, one after another, without fear of death.

Looking at these murloc pirates rushing in densely, Aknolia seemed to be unable to see the efficiency of Mewtwo any longer, walked directly to the front of Mewtwo, turned her head and said to him:

"Stinky cat, your attack efficiency is too low! Su Yang and the others are waiting for us to have a banquet~\*!"

"Let me show you how to deal with these ant-like miscellaneous soldiers!!!"

As he said that, he ignored how Chao Meng reacted, but raised his hands and put them in front of his mouth in a virtual horn blowing pose.

"The... roar of the black dragon!!! 35

With a loud drink from Aknolia, he opened his mouth, inhaled, and then spit out.

"Huh~~~

"boom!!!"

A huge dragon breath was spit out by Aknolia and charged towards the murloc pirates who were rushing up.

The surging dragon breath turned into a range attack, directly bombing a piece of murloc pirates to death.

Of course, Aknolia would not be satisfied with such a result.

I saw that the dragon breath in his mouth continued to output, and then his waist, head, and hands moved horizontally together, continuously bombarding from left to right.

The surging dragon breath was like a wiper, directly sweeping away the

dense murloc pirates in front of the two of them.

In a short time, the murloc pirates in the entire hall were almost swept away, and not many were still standing.

Only Hody Jones, Vander Deacon, and a few officers of the New Murloc Pirates are still alive.

Seeing that the field was almost swept away by her own dragon breath, Aknolia put down her raised hands, turned her head to look at Mewtwo, and said to him ostentatiously: ".`See? Garbage! Hey guys, it's more efficient to clean like this!!!

0

"Damn!!!"

"How dare you kill our fellow murlocs like this! 39

"I will never let you go, you damned human being, let me, Dothan, teach you a lesson with the hammer in my hand!!!35

As soon as Aknolia's voice fell, a strong murloc wielding a sledgehammer also rushed over.

At this moment, he saw that his hair was disheveled, his eyes were red, and his face was crazy. (Li's Zhao) had obviously taken the capsules that Hody Jones just took out.

"Shuh!!!"

"Pfft~~~~

Before the strong murloc named Dothan could touch the huge hammer in his hand to Aknolia, he saw a colorful slash across his neck, knocking him down.

"You're welcome!"

Aknororia looked at the strong murloc corpse separated from the corpse, and Mewtwo's indifferent voice also sounded in her ears.

217 Kill the cadre!

Just when Chao Meng slammed the strong murloc on the head, several other murloc cadres in the new murloc pirate group also roared and charged.

Among them, the king squid man Icarus Musi took off the racing helmet he was wearing on his head, exposing his sharp, reflective top of his head.

"Damn it!!! Killed Dothan too!"

"I want your life!!!"

"Let you see the sharpest attack in the world! The Spear of Usavan!!!"

Just listening to the loud shout from his mouth, the top of his sharp head began to gather rays of light, and then his body moved, and the whole person was like an arrow from the string, rushing towards Mewtwo and Akurolia.

"Destroy the Light of Death!!!"

Seeing Yi 507 Carlos Musi rushing in, the rays of light immediately began to gather in front of Chaomeng's mouth.

After forming a ball of light, it turned into a red-golden ray of light and a laser emitting terrifying fluctuations, welcoming Icarus Musi.

"boom!!!"

The laser and Icarus Musi's sharp and glowing head met, and a strong collision occurred immediately.

It's just that when the flames and the dust from the explosion dissipated, Icarus Musi, who was still alive and full of madness, was now under the attack of the wave of necrotic light, and turned into a squid, and he could no longer die. died!

"If you're talking about this kind of attack!"

"It's not that I won't!"

"It's just that there is a chance to shoot, I don't take the opportunity to

familiarize myself with other abilities of Master, let the body adapt to the rules of the world as soon as possible, and the next fight will still be unable to grab Uchiha Madara and the others!

Mewtwo glanced at Akurolia and said plainly after playing out this wave of his own attacks.

Just when he spoke, the contempt and disdain were very obvious.

After hearing Mewtwo's words, Akurolia's expression became even worse!

He thought that he was just in front of this stinky cat, pretending to be forced, but who would have thought that the face was turned around too quickly, and the clown was actually himself!!!

Even when Akurolia had a dark face, she did have eyes that didn't grow.

(baeg) "Shadow Chains □66 Songs!!!

I saw an iron chain flying from behind Aknororia towards his neck.

Originally looking at his chains, Akurolia didn't find them. Just when he was about to wrap around his neck, Jio, the Japanese bearded shark who performed this move, was secretly happy.

Only to hear Acunorolia grabbed the flying chain, and shouted at the same time:

"Trash-like ants, still want to attack me?"

"I can go to you!!!!

With the loud shout of Aknororia, Jayo felt a huge force coming from the other end of the chain.

Without waiting for him to react, he was dragged by the iron rope directly in the direction of Acunorolia.

When he was dragged in front of Aknororia, he discovered that Akronoria, who they once thought was an ordinary human, had now become a dragon man.

The skin of the whole body was replaced by tiny black scales.

At the same time, the sound of an object cutting through the air rang in Jayo's ear.

Before he could react, his head, which was covered with blue-purple stripes, was like a big stick knocking on a watermelon, and was blown apart by Akunororia's punch.

218 Hody J1s&#039; Last

Struggles!

"Cut! The stinky cat is lying again!

"This kind of rubbish can't even make me warm up! 35

Looking at the red and white things on the scales of his right hand,

Akurolia said with disdain after shaking her hand.

"Hit the water!!!

"Whoo~~~"

At the same time, with a loud shout, a black shadow came out of the sky and smashed directly into the back of Aknororia~'s neck.

It's just that Akurolia's neck was protected by black scales, and the water ball that shot from it did not cause any harm to him.

"Oh...mosquito bites are more than you--more!"

Aknorollia twisted her neck and turned to look at Hody Jones who attacked her.

At the same time, Chao Meng, who was beside him, stomped his feet and used the "Earthquake" skill against the ground.

"Boom~Boom~Boom~"

"Cough-cough-cough-cough!"

As a wave of seismic waves passed from Chaomeng's feet, the ground nearby began to shake like a mountain.

At the same time, the sound of the inner bottom shell squeezing and colliding with each other appeared from the ground.

Under Mewtwo's earthquake-controlled attack, from the very beginning of the battle, the new fish-man pirate group leader Cigar Dharma Sharkman Dharma sneaked underground and waited for an opportunity. Before letting him wait for the opportunity to break out of the ground to carry out a sneak attack, he himself was buried in the ground under Mewtwo's "Earthquake" skill.

Became the first guy in their new fish-man pirate group to get the qualification of "burial".

"Okay! It's just you and Vander Deacon now!"

"You can go with us without your hands, and we can't break your limbs!"

"After all... We always have to give Su Yang one or two lively people to go back to work to make it look better!"

Watching Vander Deacon on the side, under his powerful ability, kneel and take his fate there, and Hody Jones, who took the capsule medicine, is still aggressive, so Acunorolia also He asked him condescendingly.

"Humph! I, murlocs and humans, are inseparable!

"What's more, you killed so many people from my murlocs!!!"

"Murloc Karate□Nine Thousand Wa Zhengquan!!!"

After Hody Jones heard the words of Acunorolia, naturally, he would not give up his resistance, but instead shouted and launched his own attack on Acunorolia.

·0 for flowers.....

"Are you really a master?"

"Snapped!!!"

Looking at the fist swung by Hody Jones, Acunorolia directly slapped it and hit Hody Jones in the face, causing it to rotate three hundred and sixty degrees.

"After taking a wave of medicine, I used myself as a dish!!!"

"Snapped!!!

As soon as Hody Jones finished turning, he saw Akurolia slap his left cheek again, causing Hody Jones to turn in the opposite direction again.

With the magical two slaps of Acunorolia, even the swallowed pill capsule, Hody Jones, who was controlled by animal nature, briefly recovered a little sanity.

These two guys...incomparable!!!

Just when Hody Jones finally realized the truth and knew that Akurolia and Mewtwo were not the ones that their new fish-man pirates could afford, it was actually too late!

Their new fish-man pirates have paid the price of blood for their arrogance.

The entire pirate group, except for the leader, was wiped out by Akunorolia and Mewtwo!

219 This is it?

"Huh~~~'

Just when Hody Jones was terrified and was about to escape, he saw that Akurolia, who was already like a great devil in his eyes, moved and appeared in front of him instantly.

And Akunorolia's claws wrapped in black scales also pinched Hody Jones' neck and lifted him up.

The strong sense of suffocation made Hody Jones feel even more fearful.

No matter the "May 23", there was no more crazy color than before, only deep fear.

"Cut! 39

"Rubbish!"

Looking at the terrified expression on Hody Jones' face at this time, Acunorolia suddenly lost the idea of arguing with this guy, and

murmured.

Then Akurolia looked at Mewtwo and asked him:

"Hey! Stinky cat, do you have any binding magic? Or similar skills?"

.

When Chao Meng heard Akurolia's words, he glanced at him in surprise, as if it was the first time he knew him.

"Look at what? I learned the dragon slaying magic used to slay dragons, and the power of the display is stronger than each other! 35

"And the enemies I encountered before were basically killed directly!

"It doesn't look like I have to grab one now and give it to Su Yang! 39

Akurolia was very uncomfortable with Mewtwo's eyes, and said to him with a stinky face.

And Chao Meng raised his eyebrows slightly after hearing this.

The expression on his face seemed to be saying: "Tsk tsk tsk...I didn't expect...you guys still have time like this!"

0

Of course, this move by Chaomeng was naturally given to him by Acunorolia, which made him even more unhappy!

Involuntarily, Akurolia also spoke to Mewtwo and urged:

"Hurry up and control these two guys, Su Yang and the others are still waiting for us to have a banquet! 99

When Chao Meng heard the words, the smile on his face became more intense.

At the same time, I saw Mewtwo's right hand holding a huge spoon gently waved, and the powerful wave of thought power was also released by it.

The majestic psychic power is like an invisible cage, wrapping Hody Jones and Vander Deacon in all directions, making their bodies unable to

move.

"That's it?"

Seeing that Mewtwo had restrained the two so easily, Aknororia blurted out a sentence in surprise.

"That's it!

"Everyone is still waiting for us, I don't want to make them wait too long because of you stupid lizard!

After Mewtwo replied indifferently, he said to Akronoria in a disdainful tone.

After he finished speaking, he also controlled his mind power, dragged himself, Hody Jones and Vander Deacon, and quickly floated away from Noah.

Seeing Mewtwo floating away like this, Akurolia was also irritated, but hurriedly chased after him.

"Eh!!!"

"who are you?"

"Captained Captain Deacon and Captain Hody!

"I warn you, let go of my 4.6 Captain Daken, or I will kill you with my huge fist!!!"

As soon as Mewtwo took Hody Jones and Vander Deacon out of Noah, he heard a very loud voice from the side.

The one who spoke out was the huge bearded, explosive-headed murloc

"Poseidon" who was left outside to guard the flying Dutchman before

Vander Deacon entered Noah to find Hody Jones!!!.

220 The Roar of the Black

Dragon!!!

The cry of the sea god also attracted the attention of the pirates who followed Van der Deaken on the Flying Dutchman.

"Damn it! You dare to catch us Captain Vander Deacon! You just don't take us seriously! 39

"That's it! You dare to arrest our Captain Van der Deacon, I just don't want to live, I advise you to release our Captain Vander Deacon quickly! Otherwise, you will look good!!!

"Poseidon, don't be idle, come with us to rescue Captain Van der Deacon!"

Accompanied by the shouts of the pirates, there was also the sound of footsteps running on the deck.

In a short time, a cannon was pushed out by the group of pirates, and aimed in the direction of Chao Meng. 10

"Tsk... I forgot about these fish that slipped through the net!"

It was at this time that Aknororia had already caught up, and when she saw the group of extremely alert guys, she slapped her mouth and said disdainfully.

"Let's release Captain Daken!!!"

"Whoo~~~~"

Accompanied by the sharp and loud voice of the Sea God, a huge fist whistled towards Mewtwo and Aknororia.

"Roar!!!"

Seeing that Sea God's huge fist was about to smash over, Akunorolia instantly transformed into a giant dragon, roaring and using his sturdy claws to directly hold Sea God's fist.

"The opponent is Demon fruit power, the gunner is ready, fire! Fire!!!"

"Boom! Boom! Boom!"

"Boom! Boom! Boom! 95

Seeing that Aknorollia instantly transformed into a giant dragon with a size comparable to that of a sea god, the pirates who were not afraid of

death became noisy again, and at the same time lit the artillery in their hands.

A series of artillery shells sounded, and the shells bombarded Acunorolia's body.

This is a special cannonball made by the murloc pirates. Although it will not explode like the land, the steel cannon ejected from the barrel can also hit the enemy with undiminished power.

However... a scene that shocked the pirates who followed Van der Deaken appeared.

They sank countless ships on the bottom of the sea, and the special cannonballs that were inexorable were not able to do any damage to Akurolia.

"Heh... ants are ants! 99

"Even if the body is huge, it's just a bigger ant!

"After delaying our time for so long, use your lives to make amends!

Seeing the ticklish attack on her body, Akurolia sneered and said to the Sea God and the pirates on the Flying Dutchman.

After saying that, I saw a quick suction from his abdomen, and a ray of light was brewing in his mouth.

"Roar of the Black Dragon!!!

"boom!!!"

With the loud shout of Aknororia, the breath attack full of terrifying energy suddenly spewed out of his mouth.

The first to be attacked was the sea god who reminded the giant.

The mighty and terrifying dragon breath wrapped the Sea God's body at that time, and in just a moment, the Sea God turned into a ball of blood, which was condensed in the sea water for a long time.

Because the distance was too close, the flying Holland was also affected

by the dragon's breath.

When the Sea God was corroded by the dragon's breath and destroyed into a huge blood group, the flying Dutchman also turned into countless debris under the influence of the dragon's breath.

And those pirates on the Flying Dutchman's boat also died on the spot, and finally their bodies were destroyed in the dragon's breath, and there was no bones left...

221 Shirahoshi, you are free!!!

Aknorollia destroyed the sea god and the pirates on the Flying Dutchman. Then, with Mewtwo, they escorted Hody Jones and Vander Deacon back to the Dragon Palace.

This trip of the two, although at the beginning, Chao Meng was delayed a little in order to act more prudently.

But when the real battle starts and ends, it's actually very fast.

After all, the strength gap between Mewtwo and Akunorolia, and the New Murloc Pirates and the Van der Deaken Pirates is not a star.

Almost all the battles were one-shot killings, and it didn't take too much time at all.

So much so that when the two of them brought Hody Jones and Vander Deacon to the gate of the Dragon Palace, Su Yang and his party were still staying in the iron-shell tower where the mermaid princess Shirahoshi lived.

"Your Majesty Neptune! Great joy, great joy!!!"

"Mr. Mewtwo and Mr. Akronoria from the Dimension Pirates are back!"

"And...they both brought back Vander Deacon~\*!"

Just as Mewtwo and Aknororia entered from the gate of the Dragon Palace and were on their way to the Iron Shell Tower, there were already fishmen guards from the Dragon Palace Guards who came to report to

Neptune.

In the iron tower, Neptune, who watched Shirahoshi talk to Rem and Ram, was overjoyed.

"what!!!

"Vander Deacon is back! Good good! It's good! Hahahaha!"

"Little friend Su Yang, thank you for coming, and thank you Dimensional Pirates for your help!"

"Thank you for allowing my daughter to live a free life that can walk under the sun again!"

"Little friend Su Yang, I promise you, from today onwards, my Neptune and the Dragon Palace Royal Family are your best friends with the Dimension Pirates!!!"

Overjoyed, Neptune looked at Su Yang with a smile and expressed his gratitude to Su Yang with excitement.

No one knows how painful it is for him, as a father, to see Shirahoshi imprisoned in an iron tower over the years.

Now the arrival of Su Yang and his Dimensional Pirates has not only solved the current serious trouble for The fish men island, but also regained freedom for his daughter.

It is also because at this time that his gratitude to Su Yang has reached the point of bursting, so he will make a friendship promise to Su Yang on the spot.

"Uncle Nepton, are we friends from the beginning? It's not a big deal!

After Su Yang heard this, he smiled politely.

"Shirahoshi! Congratulations, you don't have to be in the iron tower from today!"

`Dorami shivering~ Yes yes yes! Congratulations Shirahoshi, you are free from today!'"

"Red roll ~ roll roll ~ congratulations Shirahoshi! You can go wherever you want!"

After hearing the news, the great prince Shaoxing, together with the second prince, the third prince, and the third prince, also turned to look at Shirahoshi, and congratulated him.

They are also happy for their sister to be free later!

Hearing the congratulations from the three brothers, Shirahoshi, who was talking to Rem, (Lee Hao) Ram, and the children of the tornado, also burst into tears at this moment:

"Wooooooooo~~~ Mr. Rem! Mr. Ram! Mr. Tornado... rank"

"From today onwards, I can go out to play, bask in the sun, and visit the murloc forest! It's so good~"

"Sir Su Yang, thank you!!! Woohoo woo~~~"

Shirahoshi first called Rem to Anna in a series of times, and then looked at Su Yang with a rainy look and thanked him.

222si punishment! Immediate execution!

Mewtwo and Akunorolia took Hody Jones and Vander Deacon into the fun iron tower.

For Vander Deacon, the guy who caused his daughter and sister to be free, Neptune and Sharking recognized him at a glance.

But since Su Yang and the Dimensional Pirates were still there at this time, and it was Mewtwo and Akunorolia, who were going to capture the culprit, Vander Deacon, Neptune naturally couldn't. Lost courtesy.

"Mr. Mewtwo! Mr. Akunorolia! You two have worked hard!"

"Thank you two for helping us bring back the 523 gang of Van der Deaken!"

"As I just told my friend Su Yang!"

"Whether it's the two of you or everyone from the Dimensional Pirates, from today onwards, you will always be my Neptune's friend, and you will always be my Ryugu's most honorable friend!!!

Neptune took the lead in coming to Mewtwo and Aknorollia, bowed slightly to them, and expressed his gratitude to them.

"Thank you two gentlemen!"

At the same time, Shark also brought King Star and Roller Star along with his father, Neptune, and bowed to Mewtwo and Akunorolia (baeg).

Seeing Neptune and the Sharks three brothers expressing their gratitude to him in such a way, Aknorollia folded her arms in front of her chest and nodded secretly.

At least... such an attitude makes him very satisfied.

And Chaomeng, who was standing beside him, was already caught in an inexplicable mental shock at this time.

The emotional fluctuations emanating from the bodies of the three brothers Neptune and Shaxing were easily perceived by him with powerful super powers.

Such a heavy love is undoubtedly novel to him.

"No thanks, I just followed Captain Su Yang's orders!"

Although there was such a touch in his heart, Mewtwo's surface was as calm as ever, he said slowly.

"In any case, it was the two Vander Deacon who came to help us catch, and we deserved it!

Hearing Mewtwo's indifferent answer, Nepton didn't take it seriously, and after saying a word to Mewtwo very politely, he finally looked at Vander Deacon who was captured.

At this moment, Neptune no longer looked like the good old man he used to be, and he held the Seagod Trident in his hand full of majesty.

Neptune can be called the "Knight of the Sea", and he has been in charge of the king for many years. Naturally, he is not an indecisive master. He suppressed the monstrous anger in his heart, looked at Vander Deacon who was held by Mewtwo's mind, and judged him word by word:

"Vander Deacon!!!"

"Because of your ambition, my daughter Shirahoshi, the princess of The fish men island, has been trapped in the iron tower for 8 years!!!

"Now, in the name of the Mermaid King, on the charge of treason, I will sentence you! 99

"Sentence you to death! Execute immediately!!!

Following Neptune's order, several murloc guards from the Dragon Palace Guards came together with seastone handcuffs.

After putting seastone handcuffs on Vander Deacon and asking Mewtwo to release his psychic control, he escorted him out of the iron tower directly.

Because the sentence of Neptune just now is executed immediately.

So they didn't even have to go through other formalities, and took Vander Deaken directly to the execution grounds of The fish men island where such heinous criminals were executed.

223 Otohime's Death!

"Hody!!! Why were you brought here together!

Seeing that Van der Deaken was dragged away by the guards of the Dragon Palace Guards, Jinbei also looked at Hody Jones, who was brought back by Mewtwo, who was brought back by Mewtwo, and asked him.

"We went to catch people just in time for this guy to be allied with Vander Dyken!

"We showed up to ask for someone, and if he didn't give it, we fought!

"And then he was brought over by us!"

Hearing Jinbei asking about Hody Jones, Mewtwo also replied to Jinbei.

Of course, in Mewtwo's answer, he also deliberately concealed the fact that he and Acunorolia had killed off and killed all the murloc pirates.

Just Jinbei, what kind of people?

One of the original Seven Warlords of the Sea, the captain of the Sun Pirates, and a powerful man nicknamed "Sea Man".

He, who has been drifting on the whole sea all the year round, has never seen such dirty and dark things.

Just from the bloody smell of Acunorolia, he can tell that the guy of Acunorolia alone doesn't have less kills.

However, listening to Mewtwo's words means that when they go to arrest people again, Hody Jones is actually allying with Vander Deacon.

Add in what Vander Deacon did to Shirahoshi, and he couldn't care less.

On the contrary, Su Yang, who had been by the side, noticed that the moment Shirahoshi saw Hody Jones appear here, the expression on the little girl's face became extremely painful.

It's just that the little girl Shirahoshi has been clenching her teeth, as if trying to restrain her emotions.

At this time, an old story about The fish men island came to Su Yang's mind.

He remembered!

In the original novel, the wife of the Mermaid King Neptune, the three Shark brothers and even Shirahoshi's mother, Princess Otohime, was assassinated by the ambitious guy Hody Jones.

After the assassination, Neptune has been sending people to investigate the case, but only one human suspect has been caught.

The real culprit has never been caught!

And the appearance of Hody Jones when he murdered Princess Otohime was seen by Shirahoshi's pet, a shark named Mecaro.

Mecaro then informed Shirahoshi of the matter.

However, because of the will of Princess Otohime before her death, Shirahoshi has been enduring the pain, keeping this secret by himself and not telling anyone.

That's why Shirahoshi's reaction was so strange when he saw Hody Jones appear in the Iron Tower.

Su Yang looked at this little girl who was timid and timid in some aspects, but extremely strong in some aspects, and felt a slight sigh of relief in her heart.

"For the sake of summoning fragments, I will help you solve the last stone in your heart!

After casting a glance at Shirahoshi, Su Yang thought to himself.

Immediately, he turned to look at Neptune, the mermaid king, and asked him slowly:

"Uncle Neptune, I heard that your former wife, Princess Otohime, was assassinated eight years ago!

"And the culprit...hasn't been found yet?"

Su Yang's remarks shocked everyone, even Neptune and others didn't think how could Su Yang suddenly ask himself such a sad question at this happy time?

But thinking of their help to The fish men island and Shirahoshi, Neptune shook his head and said, "So far...haven't found it yet!"

224 Super Dream Hunting for

Murder!

"Uncle Neptune, as you have seen before!"

"The crew member of our Dimensional Pirates, Chao Meng, he has

powerful super powers!"

"I think...his super powers should be able to help find the murderer of Princess Otohime!

Facing the gazes of the Mermaid King Nepton, the three Prince Sharks, and the rest of the people in the Iron Shell Tower, Su Yang slowly pointed to Mewtwo and said to Nepton.

"Five two three" "What!!!"

"This... This Mr. Chao Meng's ability can still find the murderer of Otoji?"

"If that's the case, Mr. Chao Meng, please help us once again to help us find the murderer who killed Otoji!"

After Neptune heard Su Yang's words, his face was shocked, so he also hurriedly looked at Mewtwo and asked about it.

"This... not difficult!"

Seeing the appearance of Nepton's pleading to himself, and remembering the strange emotional fluctuations that Nepton had just had towards Shirahoshi, Mewtwo replied after pondering for a while.

As soon as Mewtwo said this, Neptune, the mermaid king who was joyful, gentle, and even incomparably dignified during the trial of Van der Deken, burst into tears and cried to Mewtwo: "Then... .Then...then ask Mr. Mewtwo!!!"

Chao Meng nodded when he heard the words, and with a wave of his right hand, he summoned his huge spoon again.

After waving the huge spoon for a while, Chao Meng stood the huge spoon upright, placed it in front of him, and slowly closed his eyes.

"prophet!!!

As Chao Meng burst out, a strong and mysterious strange wave suddenly radiated from his body and the huge spoon in his hand.

Just like when he was looking for the trace of Van der Deaken, the spoon

head of the huge spoon began to tilt and bend gradually.

It was just that something that shocked everyone in the iron-shell tower appeared.

At this time, the spoon head in Chao Meng's hand did not point to the place outside the iron-shell tower like the last time.

Instead, under the watchful eyes of the public, he pointed to Hody Jones, who was immobilized by Mewtwo with the "immobilization method".

"Shuh!!!"

At this moment, Chao Meng's tightly closed eyes also opened at the right time.

After opening his eyes, Mewtwo stared at Hody Jones, who was pointed at by the head of the spoon, and then slowly said: "Fortunately, I didn't kill you directly! Captain Su Yang, His Majesty Neptune! Kill Otoji. The person of the princess, it is him!!!

As soon as Mewtwo's voice fell, everyone except the Dimension Pirates and Shirahoshi, who knew the truth, looked at Hordy Jones in shock.

They never imagined that Mewtwo would identify Hody Jones as the murderer of Princess Otohime!

"Ho...Hody...Is...is it really you?"

Among them, Jinbei is the one who can't accept this fact the most.

After all, Hody Jones is arguably the most talented of their Murlocs, the next generation of Murlocs!

"Uncle Nepton, I absolutely believe the predictions made by my crew!

"And... 4.6 If the words of my crew do not convince you, I think if there is one person, you will definitely believe it!

Just when everyone was in disbelief, Su Yang stood up and said something to Neptune and the rest.

After he finished speaking, he also turned his head to look in Shirahoshi's

direction again, and said to him slowly:

"Shirahoshi, I think...you know who killed Princess Otohime, right?"

225 Shirahoshi's Will!

"Shirahoshi? What do you know?"

Seeing that Su Yang directed everyone's attention to Shirahoshi, Nepton couldn't help but look at Shirahoshi and asked Shirahoshi.

Feeling the eyes of everyone looking at him, Shirahoshi lowered his head slightly uncomfortably.

After pondering for a while, Shirahoshi still raised his head and said to Nepton with tears in his eyes:

"Father...Father...I already knew..."

As soon as this statement came out, all four were shocked.

Whether it was the Mermaid King Neptune, or the three princes Jinbei and Shark Star, everyone stared at Shirahoshi with wide-eyed and open mouths in shock.

"You... what did you say?"

"You know how Hody killed Otohime? 99

"What the hell is going on, Shirahoshi!"

Finally, Neptune, the mermaid king, took the lead in adjusting. He stared at Shirahoshi and asked him.

"Father...Father, it was Mecarro who secretly told me a few years after the incident!

"Mecarro was the pet of the Neptune Army!

"It saw everything that day!"

Hearing his father, Emperor Neptune, questioning him, Shirahoshi looked down at him and replied in a low voice.

"Sha-sha-sha-shasha~"

At the same time Shirahoshi explained, the shark Mecarro, who had been

protecting her before, also showed a fierce expression, looked in the direction of Hody Jones, and yelled at him.

Except for the people from the Dimensional Pirates, most of them are mermaids or murlocs.

So they can also understand that in Mecarona's "10 rustling" roar, it is accusing Hody Jones of the crime.

"It's so... Princess Shirahoshi, when you knew the truth, why didn't you tell us?"

With Meikaro's words, everyone couldn't help but believe it a little more, and Jinbei also raised the question that everyone was curious about to Shirahoshi.

Hearing Jinbei's question, Shirahoshi couldn't hold back the sadness and pain in his heart, and tears fell from his eyes.

"I...I CANNOT TALK!!!"

"If I...if I said it, there would be people who would hate Hody!"

"This way... this way... it will only make the dead mother sad!"

"This is... the last agreement I exchanged with my mother..."

"The queen said... no matter who the culprit is, you can't be angry or resentful!"

Shirahoshi spoke word by word, sobbed, and slowly explained the reason why he had been hiding the truth and did not tell others.

And as his sister said the last sentence, the words that the Great Prince Shaoxing said when Princess Otoji was attacked, her chest stained with blood, and she was lying weak in her arms.

"In order to obey my mother's dying teachings... Shirahoshi... all these years... are you in a hard-shell tower, bearing this truth alone?"

Seeing his sister sobbing at this moment, Shaoxing only felt that a huge stone was pressed against his chest, and his throat was extremely dry as

he stumbled and asked.

"You can't say that you hate the person who killed your mother!

"Even if this is my mother's last wish, it is almost impossible in reality!

"What a kind and pure girl, who else in the world can do that?"

Jinbei also looked at Shirahoshi in shock and sighed.

At this moment, the voice of a person who should not speak suddenly rang out.

"Tsk hahahahaha! It's ridiculous, it's ridiculous!"

When everyone heard the sound, they saw Hody Jones, who was controlled by the super dream power, his eyes were glowing with red light, and he was laughing wantonly.

"Shut me up!!! No laughing, bastard!!!

I saw Jinbei walking to the side of Hody Jones and punching the face of Hody Jones who laughed wildly.

"Cough...cough, cough, hahaha... how can you not laugh!"

"What a stupid girl!"

"It is also thanks to you that I have been able to prepare my plan for so long! 35

"If you had learned the truth from that guy at Mecarlo, and told the truth to others, I might have been executed a long time ago!"

"Listen! Shirahoshi, in this world, your behavior is called stupid!!!

Hody Jones, who was punched by Jinbei, spat out a mouthful of blood, and Hody Jones still laughed wildly and said to Shirahoshi.

"Humph!!! You just opened your mouth, didn't you!!!"35

As soon as Hody Jones's voice fell, Tornado, who had made friendship with the kind Shirahoshi, immediately pointed at Hody Jones' nose and scolded.

During the scolding, a powerful thought force burst out from the

tornado's body.

"Shh~shh~shh~shh~shh~"

"Boom! Boom! Boom! Boom! Boom! 35

"Ugh!!!!!"

Under the control of the tornado, the telekinetic force instantly wrapped the two rows of serrated fangs in Hody Jones' mouth, and then he struggled to pull it.

With the screams of Hody Jones, his mouth full of teeth was pulled out in an instant.

"Sir Shirahoshi, don't listen to this kind of nonsense! 35

"What you do is not stupid, but very strong!

Following the tornado's movement, Rem, who was talking with Shirahoshi just now, also took Shirahoshi's thumb with her own hand and comforted her with a warm voice.

At this time, the effect of the fierce medicine in Hody Jones' body had not subsided, and the pain in his mouth was quickly suppressed.

After Hody Jones coughed and spewed a pool of blood, his eyes were filled with flames of hatred. He looked at Neptune, the third prince of Shark Star, and Shirahoshi, and said to them disdainfully:

"Cough...cough...For me, a guy like Otoji is damn!

"What do murlocs want to make peace with humans? That stupid daydream!!!

"Our hatred with human beings cannot be extinguished, noble murlocs should rule over human beings, and human beings... can only be used as slaves! 35

Seeing what Hody Jones looked like at this time, Jinbei shook his head with a wry smile.

At this time, he has understood, and now Hody Jones is no longer saved!

Hody Jones is more of a monster than a murloc!

He is the product of the anger and hatred of the fish people on The fish men island!

He and his friends, growing up in a dark environment, have always accepted the will of hatred, and finally formed the distorted concept at this time.

"Alas... Your Majesty Neptune, I think Princess Otohime is right!"

"Hordy's twisted will and thoughts will eventually pull The fish men island to the abyss of doom! 35

After Jinbei sighed, he also spoke slowly to Neptune.

And Neptune also understood Jinbei's subtext.

After he pondered for a while, he asked the Dragon Palace Guards to call the left and right ministers.

Not long after, the ministers on the left and right came together, and after hearing that Hody Jones was the culprit in the assassination of Princess Otsuki, they were equally shocked.

After a brief shock, the left and right ministers also expressed their admiration for Princess Shirahoshi's perseverance over the years.

It was at this juncture that the capsule medicine that Hody Jones took finally failed.

And in front of everyone's eyes, his hair instantly changed from black to pure white, and his stout body also dried up in an instant, turning into a thin, old-fashioned appearance.

In the end, according to Nepton's order, he led people to suppress Hody Jones, and announced it together when the Dragon Palace announced that the Dimension Pirates would provide shelter for The fish men island.

"Little friend Su Yang, thank you and everyone in the Dimension Pirates for helping me and The fish men island so much!"

"Just now, Minister Zuo told me that the banquet is ready!"

"Please also go to the banquet hall with me to feel the enthusiasm from our The fish men island!!! Hahahahaha!"

Watching the minister on the left and the minister on the right escort Hody Jones away, after Neptune packed up his mood, he also turned his head and said to Su Yang and the people of the Dimension Pirates.

Hearing Nipton's words, both Su Yang and everyone in the Dimensional Pirates showed some smiles on their faces.

The son of the sea, who can refuse a banquet?

Especially the mermaid princess Shirahoshi, the sadness on her face gradually subsided after hearing that the two Remram sisters invited her to a banquet together.

"Brothers, let's go! Banquet 523!!!"

Seeing the high spirits of the crowd, Su Yang also spoke to the crowd in a timely manner.

After he finished speaking, he led the crowd to the banquet hall in the Dragon Palace under the leadership of Neptune.

The banquet hall of the Dragon Palace is located outside the Dragon Palace.

Everyone except Akronorlia headed towards the banquet hall on a huge flounder that looked like a flying carpet in the water.

After passing one palace and another gate, everyone finally came to a dark room.

In an instant, a beam of light hit Su Yang and the gigantic flounders that the Dimension Pirates were riding.

"The benefactor of the Dimension Pirates is here!!!"

"Thank you for protecting us The fish men island, we are so grateful!!!"

"Dr. Giorno Chopper, thanks to your life-saving grace, I will never forget

it!!!"

With the illumination of the lights, a large crowd of cheers instantly sounded in the dark room.

"Wow~ it's the soldiers of the Ryugu Guards, and the murloc pirates of the Sun Pirates! 35

The tornado looked at the bottom of the flounder, and it was the soldiers of the Ryugu Guards and the pirates of the Sun Pirates who made a huge cheer.

After hearing Tornado's words, Rem, Ram, Anna, and even Giorno Chopper, who heard his name, put their heads on the bubble wall on the giant flounder and looked at the soldiers shouting below.

"Hero! Hero! Hero! Hero!!!"

The crowd below also seemed to see the Dimensional Pirates on the flounder looking at themselves, and then they began to shout "hero" in unison.

"Lord Su Yang! Lord Ram, Lord Ram, Lord Tornado..."

"The front is the stage!"

Just as the fish people cheered in unison, Shirahoshi also quickly swam to their side, called Su Yang and everyone in the Dimension Pirates by name, raised his finger in the direction ahead, and said to them.

226 Social Bull 13 Giorno!

Dragon Palace is quite experienced in holding banquets.

After Su Yang and the others turned their attention to the stage, a professional host started to introduce.

"ladies and gentlemen!"

"In order to entertain the banquet of the Dimension Pirates, start now!!!"

"The first to appear is Maria Napoleon, the proud first female singer of The fish men island!!!"

As soon as the host's voice fell, a light hit the female murloc in the center of the stage from top to bottom.

When the light came, Maria Napoleon began her performance:

"Yo ho ho ~ yo ho ho ho ~"

"Yo ho ho ~ yo ho ho ho ~"

"Binks' wine, delivered to you!"

"Like the sea breeze, do whatever you want, ride the wind and break the waves!"

In the end, she is the first female singer of The fish men island. Even if she sang "Binks' Wine", which is the most popular in the sea, after her treatment, everyone in the Dimension Pirates who listened to the song would not be able to. Consciously admire the beauty of his voice.

Just as Maria Napoleon sang, as if to add to the program's effect, the host's voice sounded again:

"And then! There are special guests!"

"Their beauty makes men forget to breathe!"

"From the Mermaid Cafe, maid dancers!!!"

Accompanied by the host's voice, colorful chase lights also illuminated around Maria Napoleon at the right time.

One after another, beautiful and moving mermaids danced in the water.

"Oh~~~ This wonderful singing makes me, who dreams of becoming a superstar in the underworld, unconsciously want to sing along!"

"Aribati, get up!!! JOJO~~~"

The people in the Dimension Pirates were the first to be mobilized by the atmosphere, and it was Giorno Chopper.

At this time, he was like the patient with social cow 13 disease, pulling the collar on his chest, dancing with his posture, and singing along:

"Yo ho ho ~ yo ho ho ho ~"

"Yo ho ho ho ~ yo ho ho ho ~"

"Binks' wine, delivered to you! 39

"We pirates, split the waves!

"Piled on the waves, home is on the boat!"

Seeing Giorno Chopper in such an open state, the second prince, Emperor Xing, also got close to him.

"The banquet must be held like this to be happy! Dr. Giorno Chopper!

Doremi is trembling~~~

Huang Xing spoke with Giorno Chopper in his mouth, and sang along with him in his mouth.

"Red roll ~ roll roll ~ Dr. Giorno Chopper, let's dance our bodies together! 35

The three princes, who were born fond of dancing, also joined the lineup of King Star and Giorno Chopper in a timely manner.

With these three people taking the lead, the atmosphere of the Dimensional Pirates was also mobilized.

At the same time, one after another, beautiful mermaids, holding a portion of the food and wine with the characteristics of The fish men island, swam towards the huge flounder.

At the same time, the mermaid waiter also brought wine glasses of different sizes to Neptune and Su Yang and filled them up.

Only Ace Kano, which is fashionable and still in daytime mode, is not polite at all.

I saw him directly from the tray of the mermaid waiter, picked up the wine gourd filled with wine, and ate it, and said at the same time:

"It's finally here~!"

"When it comes to banquets, the least important thing is wine! 39

"Just let me taste what the wine on The fish men island is like! Haha!""

"Next, please, His Majesty Neptune, raise a glass for everyone to lead the way!"

As if receiving some signal, after the mermaid maid filled the wine for everyone, the host's voice sounded again.

And the Mermaid King Neptune raised the cup in his hand, looked at the people of the Dimensional Pirates, and said slowly:

"Before cheering, I have to say thank you anyway!"

"Everyone in the Dimension Pirates, thanks to you..."

However, before the Mermaid King Neptune could finish speaking, he was interrupted by Su Yang holding a glass of wine.

I saw Su Yang holding the glass high and shouting to the crowd:

"Don't say so many polite words at the banquet! Cheers!!!"

"cheers!!!"

As soon as Su Yang's voice fell, everyone in the Dimension Pirates also laughed, toasting and shouting with their captain.

In an instant, the atmosphere of the banquet was directly filled, and everyone was smiling and looking for people around to toast and drink. Neptune was the only one who felt aggrieved by the EMO-like self that was interrupted and ignored.

"Bring all the food up!!!"

"Let's eat, drink, sing and dance to your heart's content!!!"

At the same time, the left minister and the right minister also spoke to the mermaid waiters who were waiting around.

As soon as these words came out, the mermaids brought up a series of exquisite food.

Of course, some dishes that are suitable for drinking, such as grilled sea beast meat, cold seaweed, sea beast sashimi, are brought to Ace Kano, Uchiha Madara, Diablo and others.

In front of Rem, Ram, Dragon Roll, and Anna, they mainly used snacks, cakes, and all kinds of exquisitely decorated dishes.

"Sir Su Yang, try this, The fish men island's dim sum is of a high standard!

Shirahoshi also took some desserts and handed them over to Su Yang.

Su Yang took it with a smile, and after taking two bites, he suddenly understood one of the reasons why Charlotte Linlin, the old woman, would want to row The fish men island under her command.

"Yeah! The desserts made by The fish men island really have their own unique taste! Not bad!

Involuntarily, Su Yang nodded in admiration and commented.

"Because of the location, the wine at The fish men island is indeed better than some of the wines I bought before!"

"You can put more on the boat later!"

As soon as Su Yang's voice fell, Ace Kano, who was feasting on the side, also put down the wine gourd in his hand and praised.

At the same time, Uchiha Madara and Diablo have also begun to change from fighting to drinking due to some small disputes during the daytime fighting.

In less than a moment, the empty wine glasses next to the two of them had already become a hill.

The two sisters Remram, after hearing Su Yang's praise for the delicious desserts just now, asked Prince Shark to call the pastry chef who made the desserts, and began to ask people for advice on desserts. Production Method.

As for Acunorolia, it turned on the gluttonous mode, almost one big barbecue, and tasted the deliciousness of the grilled sea beast.

Of course, the most surprising thing is probably the most aloof Mewtwo

on weekdays.

Since he was shocked and infected by the strong emotions of Neptune and Shark Star today, the stubbornness and prejudice he once had in his heart have gradually melted away.

At this time, he was being dragged by Giorno Chopper, singing and dancing with the second prince Wangxing and the third prince Roverstar. The banquet continued until very late.

Ace Cannon's state of domination during the day and "Dad" at night was finally known to Neptune and Shark.

In the midst of laughter and laughter, Uchiha Madara and Diablo finally both fell drunk in the case of a draw.

The two sisters, Rem and Ram, have completely emptied the life of the pastry chef in The fish men island.

The rest of the people were basically full of food and drink, and Neptune arranged for Shark Star and Minister Zuo to send them to the bedroom prepared for everyone to rest.

Only Su Yang and Jinbei were finally begged by Neptune to stay temporarily.

Under the leadership of Neptune, Su Yang and Jinbei rode Neptune's blue whale to a secret room in the Dragon Palace.

After the three of them were seated, Neptune withdrew the left and right attendants, and after arranging the right minister to guard the door, he opened his mouth and said to Su Yang:

` Su Yang little friend, I invite you to come here this time, not for anything else, but for the little girl Shirahoshi!!!"

As soon as Nipton finished speaking, Su Yang raised his eyebrows and said:

"Shiraoshi?"

"Uncle Nepton, if you have something to say, don't make it so mysterious!

Hearing Su Yang say this, Neptune pondered for a while, and then said:

"I don't know... Little friend Su Yang, have you heard about the three ancient weapons?"

After Su Yang heard Nepton's words, he immediately showed an expression like that.

He had indeed speculated about it just now.

So at this time, after hearing Nepton's inquiries, he was not prepared to hide his clumsiness, and said directly:

"The three ancient weapons? Pluton, Poseidon, Uranus, I have heard of it!

35

"And as far as I know, Poseidon's existence is related to The fish men island!"

"Uncle Neptune, are you trying to tell me that Shirahoshi is Poseidon, one of the three ancient weapons?"

Sure enough, Su Yang's words made Neptune and Jinbei stand up in shock.

Neptune was shocked because Su Yang made a start on his own, and he could directly guess everything. (Lee is good)

Jinbei was shocked because Su Yang said that Shirahoshi, the mermaid princess, is Poseidon, one of the three most famous ancient weapons!!!

Nepton quickly controlled his emotions. After he took a deep breath, he nodded and said to Su Yang:

"Little friend Su Yang is worthy of the Newgate guy's brains! 35

"Surely talented and astounding!"

"Yes! As Su Yang guessed, Shirahoshi...is the Poseidon, one of the three ancient weapons!!!"

"That's why I want to make a deal with my little friend!"

When Su Yang heard Nepton's words, he was even more curious about the deal that Nepton said in his heart.

It's just that Su Yang didn't speak, just looked at Neptune quietly, waiting for his next words.

"Little friend Su Yang, you must have heard about the attitude of the World Government towards the three ancient weapons!

"And Shirahoshi is the secret of the sea god, after all, someone like Vander Deaken knows it!

"For this reason, I have to find a powerful party for Shirahoshi who can truly protect her!

"So...I hope to have Shirahoshi join your Dimensional Pirates and be your crew!

"To this end, I am willing to lead the entire The fish men island to fully support Su Yang and your Dimensional Pirates!!!

"I don't know Su Yang, what do you think?",

227 Neptune's Conditional

Subject!!!

Neptune's words made Su Yang silent.

Having lived in the world of pirates for many years, he fully understands the significance of Neptune's words.

A single sentence "full support of The fish men island" is already a very heavy price.

The second half of the Grand Line is different from the first half.

Because there are countless powerful pirates and criminals living here, Marine cannot systematically protect the islands and countries of the New World.

As a result, the situation in New World has always been in a state of division.

Each island and country will seek powerful forces and pirates to protect themselves.

Just this kind of relationship is more like a businessman opening a shop in this place to do business. Because the judicial agency can play a limited role in protection, the businessman will pay protection fees for the powerful associations and leaders involved in this area.

In order to seek a community and carry the handle, when other gangsters or unsightly things are looking for trouble, you can take action to solve the problem, so that businesses can do business with peace of mind.

The countries and pirates in the entire New World basically follow this "protection fee" model and relationship.

However, the condition proposed by Neptune at this time is different.

It is equivalent to him, the shopkeeper, who directly transferred the shop

The fish men island, in the state of a subsidiary country and subsidiary shop, to the name of Su Yang, and to the name of the Dimensional Pirates.

After Su Yang and the Dimensional Pirates, instead of "collecting protection fees" every month, they directly received share dividends every month and every year.

Not only can I get money every month, but also have the right to speak to the store.

Not even a good word.

If Neptune and the Dragon Palace Royal Family made Su Yang and the others unhappy that day, Su Yang and the others could directly replace the owner of this store as shareholders!!!

Therefore, Su Yang, who knew the difference in his heart, was shocked by the painstaking efforts of Neptune, his father, to plan for his 523 children, but also began to ponder whether the deal was worth it?

After all, Shirahoshi's identity is Poseidon, one of the three ancient weapons.

That is, once they show their power, they can order the existence of countless giant Sea Kings!

In the original book, it was even on the must-kill list of Im that guy!

Just at the stall where Su Yang was thinking, because of Shirahoshi's identity, Jinbei of Poseidon, one of the legendary three ancient weapons, finally came to his senses.

As he was once recruited by Marine to become one of the Seven Warlords of the Sea, he had naturally heard of the World Government's attitude towards the three ancient weapons.

So Jinbei also knows that if Su Yang agrees, once Shirahoshi's true identity is revealed, then the pressure that Su Yang and the Dimensional Pirates will face will be terrifying.

Looking at Su Yang who was in a state of contemplation, Jinbei also said to Su Yang after pondering for a while:

"Brother Su Yang! The old man knows Shirahoshi's identity. If it were leaked out, it would cause a lot of turmoil!"

"On the side of the World government, it will not give up!"

"As a member of The fish men island, I can't stay out of this situation!"

"If Su Yang brothers can agree to His Majesty Neptune's request and take Shirahoshi as a crew member of the Dimensional Pirates!"

"Then the old man is willing to lead the Sun Pirates, join the Su Yang brothers, become the affiliated pirates of the Dimensional Pirates, and never betray!!!"

"Jinbei..."

Seeing that Jinbei was also speaking out of righteousness at this time, and was going to use his freedom and his life to increase the stakes for

this matter, Nipton's eyes suddenly became wet, he turned his eyes to Jinbei, and called Jinbei very moved. .

"Hehe... Your Majesty Neptune doesn't have to take such an attitude!

"The old man is a part of The fish men island, if the Shirahoshi incident happens, The fish men island will still be involved!

"Since it's to protect the homeland, what's the point of a mere old man!"

"The old man also believes that Aladdin of the Sun Pirates will understand and make the same choice as the old man!"

Feeling Neptune's eyes looking at him, Jinbei smiled happily, put on a magnanimous expression that didn't take this matter to heart, and opened his mouth to comfort him.

When Neptune heard Jinbei say this, he knew in his heart that he had made up his mind, so he nodded solemnly to Jinbei.

After the two communicated with each other, they also turned their attention to Su Yang.

They are waiting, how will Su Yang choose?

Of course, for Su Yang, this matter is really nothing to consider.

Before, he brought people like the Dimension Pirates to the Holy Land of Celestial Dragons to make a scene.

Moreover, during the Summit War, he killed the Five Elders to the point of not being able to survive, and he had long since forged an insoluble feud with the World government.

In this case, he is still afraid of the pressure of the World government?

how is this possible!!!

The so-called one duck is also chasing, and a group of ducks is also released.

Su Yang has already stabilized the hatred value, and Su Yang is not worthless against Celestial Dragons and World government.

He entered the New World this time, not just to be able to walk around and see if he could find some summoning fragments somewhere.

After he made a few more helpers, everyone went to the Holy Land of Celestial Dragons and dealt with the great scourge of Im.

Then, let yourself live a carefree, bloodless life of salted fish.

What's more, Shirahoshi itself is Poseidon, one of the three ancient weapons, and can summon the existence of Super Sea Kings at any time.

With Shirahoshi's help, when the time comes to really start a war with the World government, it is also a force that should not be underestimated!

Now there is Neptune who wants to use the whole country as a backup for the Dimensional Pirates.

In addition, Jinbei has said that he will take the Sun Pirates as the head.

A great man once said: "Friends need to be made a lot!"

.  
Is there a better choice now than to accept Shirahoshi as his crew member?

No!!!

After a simple brainstorming, Su Yang looked at Neptune and Jinbei with his usual smile on his face.

Immediately, he said slowly to (baeg) the two of them: "Since that's the case, then Shirahoshi...I'm covered!!!"

"Hahahaha! It's really good, thank you Su Yang!"

"From today onwards, our The fish men island is a vassal of your Dimensional Pirates!

"Tomorrow, I will ask Minister Zuo to find more media organizations to publicize this news at the affiliated ceremony! 35

After hearing Su Yang's words, Nipton finally put down the big stone that

was hanging in his heart, and he said to Su Yang with a big smile.

As soon as Neptune's voice fell, Jinbei also bowed slightly to Su Yang, and said:

"Then in the future... I ask Captain Su Yang to take care of me and the Sun Pirates!!!"

Seeing that Neptune and Jinbei responded successively according to their promises, Su Yang thought for a while, and then said:

"I think Shirahoshi's identity hasn't been revealed yet!

"There should be few people who know about this matter except Uncle Nepton, Jinbei, and Vander Deacon who was executed!"

"At present, Shirahoshi is still young and has not shown her ability, so rushing her into the Dimensional Pirates will attract attention!"

Hearing Su Yang say this, Neptune and Jinbei also fell into contemplation.

The so-called things go wrong, there must be demons!

Once this kind of small details aroused suspicion from others.

It's okay if the World government doesn't investigate, but to find out Shirahoshi's identity again and again, it's superfluous and makes things even worse.

"Otherwise... let Shirahoshi join the Dimensional Pirates in the form of protons!

Just as the three of them were contemplating, Su Yang suddenly had an idea, and he opened his mouth and said to the other two.

"Proton?"

Hearing this, Neptune's brows first wrinkled, and then stretched out again, thinking that he had figured out everything.

Years of political experience made him realize the brilliance of Su Yang's proposal.

yes!

The fish men island has already surrendered to the Dimensional Pirates in the form of a vassal state.

As a royal family, shouldn't the Dragon Palace have a proton?

After thinking for a while, Nepton said to Su Yang decisively:

"Just do as little friend Su Yang said!"

"Tomorrow I will announce to the world that The fish men island will be included in the Dimension Pirates as a vassal state!

"Let Shaoxing be the heir to my throne, and Shaoxing and Shirahoshi will join the Dimension Pirates as protons!"

"Jinbei, I will pick out some elites from the Dragon Palace Guards and let them join the Sun Pirates!

"They'll work with you for the Dimensional Pirates while keeping Shirahoshi safe!"

Neptune said finally, he also looked at Jinbei and explained to him.

Jinbei and Su Yang couldn't help but be surprised when they heard Neptune's decision.

After all, he is the lord of a country. When he makes some decisions, he is indeed bold and courageous!

Not only did he directly designate the eldest prince, Shaoxing, as the future heir of Dragon Palace, but also let the heir join the Dimensional Pirates as a proton.

Such an approach undoubtedly focused everyone's attention on Shark Star.

In addition, there is Jinbei, the former Seven Warlords of the Sea, who will also lead the pirate group to join.

It is equivalent to two big materials, one big and one small, detonating at the same time.

It will naturally attract people's attention.

In this way, Shirahoshi, the mermaid princess who also joined the Dimensional Pirates as a proton, seems like a bonus!

It can be said... Neptune really took great pains to hide Shirahoshi's identity!

The beloved son of his parents has far-reaching plans!

For the painstaking efforts of Neptune's old father, Su Yang could not help but feel admiration and emotion in his heart.

He no longer objected, nodded and said to Nepton: "So...then do as Uncle Nepton said!

Having said that, the things that the three of them should talk about this time are basically finished.

At the banquet, Su Yang also drank a lot because of the toasts from time to time by Uchiha Madara and Ace Kano.

When the conversation was over, he took the lead to leave the secret room, and under the arrangement of the right minister who was standing guard outside, he went back to a palace to sleep and recuperate.

228 The fish men island

surrender!!!

As the right-hand man of Neptune, the left minister has been in power for many years, and his work efficiency is extremely high.

It only took only one day, and under his guidance, everything was ready for The fish men island to be attached to the ceremony.

The next morning when Su Yang and the others came to The fish men island, they held a ceremony in the largest mermaid square on The fish men island.

At the ceremony, the Mermaid King Neptune, under the support of the

Great Prince Shaxing and the Minister of the Right, presented the Trident of the Sea-God, which symbolizes the throne of the Mermaid King, to the leader of the Dimension Pirates.

And Su Yang also took over the Trident of the Sea God under the support of everyone in the Dimension Pirates, and also gave the pirate flag, which symbolizes the Dimensional Pirates, to Nip-Dun.

After Nip-Dun got the pirate flag of the Dimension Pirates, he instructed the great prince Shaxing to hang the pirate flag of the Dimensional Pirates on the Mermaid Square.

Since then, it means that The fish men island has been covered by the Dimensional Pirates!

Then the mermaid king Neptune began to announce one after another heavy news.

The first is to reveal that the culprit who killed Princess Otohime was not the human pirate found at that time, but Hody Jones, the murloc who served as the guard of the Dragon Palace Guard and the head of the new murloc pirate regiment.

Just when the people of The fish men island who came to watch the ceremony were talking about it because of this news, Neptune announced the second news.

The just-held subsidiary ceremony is not a traditional "belonging", but the entire The fish men island will submit to the Dimension Pirates and become a vassal of the Dimensional Pirates!

At the same time, he also announced that he will appoint the great prince Shaxing as the heir to the throne of his own mermaid king, and Shaxing and his sister, the mermaid princess Shirahoshi, will be promoted as the crew members of the Dimensional Pirates.

Once the news was announced, there was an uproar in the fish man

square and The fish men island!

None of the people of The fish men island could have foreseen such a change.

It was when everyone was so shocked by these heavy news that some murlocs even wondered if the Mermaid King Neptune was confused or threatened by someone to make this decision.

I saw Jinbei led the Sun Pirates to Su Bai, and asked Su Yang, the captain of the Dimension Pirates, to join the Dimension Pirates and become its affiliated pirate group.

Under the watchful eyes of everyone, Su Yang nodded in agreement, and asked someone to serve the Jiu Jiu.

After Jinbei drank Yizi wine with Su Yang, the Sun Pirates officially became an affiliated pirate group of the Dimensional Pirates.

All the islanders of The fish men island looked at everything that happened in front of them, as if they were living in a dream at the moment.

It can be said that this series of explosions directly brought unparalleled shock to the people of The fish men island.

The people of The fish men island they can't figure it out!

They don't understand!

The fish men island is so big, why did it suddenly become a vassal of the Dimensional Pirates?

Why would the next mermaid king join the Dimensional Pirates as a proton and become a pirate??

Of course, under these incomprehensions, even Jinbei, the "sea man", one of the original Seven Warlords of the Sea, brought all the Sun Pirates to join the Dimensional Pirates and became an affiliated Pirates. Shocked for them.

As for the mermaid king Neptune, he only mentioned one mouthful, and Shirahoshi, the mermaid princess who joined the Dimensional Pirates as a proton, was even less noticed.

And this is exactly what the Mermaid King Neptune, Su Yang and Jinbei want to see.

Chapter 233 News King: I want Su Yang to be famous!

New World, News Island.

In the World Economic News, it was crowded with people at this time, and every reporter was busy in a hurry at this time.

"The recent sea is really exciting, and big events are happening one after another!

"Yeah! Thanks to so many things, our papers are going to sell out again!"

"This is the news I just received, listen carefully, you must give this report the most explosive title!!! 55'

The reporters of the World Economic News sighed while dealing with the matter at hand.

!

The recent ocean news is constantly breaking out.

The Dimensional Pirates led by Su Yang entered the New World, took the lead in conquering The fish men island, and accepted The fish men island as a vassal of their own pirates.

Or Marine announced two measures regarding Marine's large-scale withdrawal of troops from the New World, the deployment of the first half of the Grand Line and the four seas, and the two measures of the World Conscription.

And the BIG·MOM Pirates, who are also the Four Emperors Pirates, formed a pirate alliance with the Beasts Pirates, and devoured the territory of the original Whitebeard Pirates in the New World.

Either one of the above is breaking news.

In the past few days, it seems like an appointment has been made, and countless waves have exploded on the sea one after another, causing shocks from all over the world.

"President! Which news is on the headline today?"

The "News King" Morgans, the president of the World Economic News, was staring at the blackboard in front of him at the time of the photo of the last Yuan Pirates flag floating in the mermaid square of The fish men island, when he heard a reporter's message. Inquiry.

"boom!!!"

After hearing the reporter's question, his white wings slapped the photo posted on the blackboard fiercely.

"Do you still have to think about it? Of course it's related reports from Su Yang and the Dimension Pirates!

"Su Yang's group has always been synonymous with boldness!"

"Attack on the Holy Land of Celestial Dragons, riot at Summit War, kill Five Elders, kill BIG·MOM Pirates Dessert General.

"These things, any one of them is full of breaking news, and it will definitely be a big hit!!!

Morgans opened his arms, as if he was in a state of excitement and frenzy, and said in a turbulent tone to the reporter who asked him.

"So...the headline this time is to choose The fish men island to surrender to the Dimensional Pirates and become the news of a vassal state?"

After hearing Morgans' words, the reporter was extremely excited and continued to ask.

Morgans was also very excited at this time, and soon made a very bold decision.

"No no no! Such news is so superficial!"

"We're going to do this this time, and we're going to report a wave of the most explosive news!!!"

"It's decided! Tomorrow's newspaper, I want to report the whole thing about Su Yang and the Dimension Pirates!"

"Whether it's attacking the Holy Land of Celestial Dragons, making a scene of Summit War, killing Five Elders, killing BIG·MOM Pirates Dessert General, or surrendering to The fish men island, I want all of them!!!"

"Our coverage, which is full of breaking points, will definitely sell! Hahahahaha!"

He smiled recklessly, as if the world was in his hands.

"Yes!!! President!!!"

"We will definitely make the best report and let the name of the Dimension Pirates resound in the sea!!!"

After hearing the order of their own president Morgans, all the reporters of the World Economic News were also very excited to respond to it.

Chapter 234 Good news of conscription, Fujitora smiles!

New Marine Headquarters

·0 for flowers ·.....

Garp, who was forced to lose his freedom due to the change of Marine's policy, couldn't drive his warship to travel around the world, as usual, holding his senbei and slack in the office of Buddha Sengoku.

And this old friend of his, at this time, also followed the top-secret call from the intelligence department with a sad face.

"I see!!!"

Obviously, at this time, he had obtained information about what the Dimensional Pirates had done on The fish men island from the intelligence department.

When Sengoku put down the phone bug in his hand, he looked up and

saw that Garp was still eating senbei there.

He, who already had a headache, rudely snatched the senbei from his hand.

After eating half of it with his mouth open, Sengoku put down the half-empty senbei bag and said to Garp with a serious face:

"Su Yang has entered the New World with the Dimension Pirates!"

"And... Uchiha Madara and Diablo easily took down the two sweet generals of the BIG·MOM Pirates!"

"Now The fish men island, the gateway to the New World, has been announced as a vassal of the Dimensional Pirates!"

Sengoku took a deep breath and spoke in a low voice, while raising his hand and rubbing the bridge of his nose.

Garp watched as Sengoku ate half of his senbei and didn't intend to return the senbei bag to himself.

So he held out his nose as big as a bull's nose, and his little finger on his right hand began to pick his nostrils.

At the same time, he opened his mouth and said to Sengoku with an attitude of hating iron.

"What did you say you were worrying about?"

"Don't that guy Sakazuki think that the proposal was approved at the meeting that day! 55

"New World will let them bite the dog. They are all pirates anyway, so it's easier to die!"

Sengoku held out Garp's remarks and sighed even more.

"There are countless innocent people in the New World... 99

Since the Marine General's all-hands meeting ended, his status has not been as good as before.

Not to mention that under the leadership of Sakazuki, Eagle began to

wander very actively.

Even many generals of the neutral faction began to tend to the various propositions of the Eagle brand at this time.

Although he was still in the position of Marshal Marine at this time, but in the recent times, any matter that needs to be decided at a meeting will basically be done with an eagle attitude in the end.

This situation also filled Sengoku's heart with fatigue.

"Bang bang bang! Year

Just then, there was a knock on Sengoku's office door.

"Enter!!!"

Hearing the movement, Sengoku quickly restrained the expression on his face, put on his usual majestic appearance, and said something to the door.

The one who pushed in the door was Marine Vice Admiral Crane, Marine Chief of Staff.

"Yo! Xiaohe, you are here!

"Come looking for this guy Sengoku, is there something wrong with the recruiting office?"

After seeing that it was a crane, Garp continued to pick his nostrils and asked the crane.

Crane had long been accustomed to Garp's behavior, and he didn't even look at Garp. Instead, he looked at Sengoku solemnly and said:

"Sengoku, just found a good seedling at the recruiting office! 35

"It's called Yi Xiao, a Demon fruit power, and the two-color Haki is very powerful! 35

"Vice Admiral, who was in charge of that recruiting point, passed on him and said he had Admiral strength!!!"

While talking, Tsuru also handed a document to Sengoku.

## 229 The Escaped Daifuku!

### New World

As always, the cake island is in full bloom, only the atmosphere in the tea party and the living room is completely different from the state of the outside world.

In addition to Charlotte Linlin, who is the captain, Charlotte Perospero, the eldest son, Charlotte Katakuri, the second son, and Charlotte Irwin, the fourth son, looked at the two people in front of them with solemn expressions.

Charlotte Daifuku escaped after all.

The one who escaped with him was Baron Dandan who survived because of the special ability of the fruit.

Of course, because of the self-destruction of the lantern man on The fish men island, he was once again fatally traumatized, and he has been upgraded from the chick viscount to the rooster earl again.

"Perorie... Daifuku, why are you two back?"

"What about Snag and Cracker?"

Dressed in a light yellow slender coat, light blue Madara hair, wearing a red and yellow striped hat, Charlotte Perospero, who was holding a huge sorghum in her hand, stuck out her long tongue and asked Daifuku with a frown.

As Perospero's voice fell, Charlotte Katakuri, who had been silent for a while, listened with his legs crossed, but for a moment, he seemed to see something that made him miserable.

"Was...killed?""

His pair of tiger eyes glared slightly, "five two three", flashed a strong killing intent, clenched his fists, and muttered a sentence full of hatred.

"Brother Perospero...they...they were all killed by the Dimensional

Pirates!!!

"The people who went to The fish men island this time... In the end, I was the only one left with Viscount Dandan..."

At the same time, when Charlotte Daifuku heard her eldest brother's question, the "□" face made a sad look, and she answered to the three brothers in front of her.

"what!!!"

"Daifuku, what did you say!!! 35

"Snagg and Cracker...they were all killed by the Dimensional Pirates!!!!

Different from Observation Haki's younger brother who has practiced to the extent that he can predict the future, Charlotte Perospero also cracked her big mouth after hearing Daifuku's words, her huge tongue hanging in the air, and looked at Daifuku in shock.

He never imagined that he would hear such bad news!

"Daifuku, this is no joke!"

"The strength of Snagger and Cracker is obvious to all of our brothers and sisters!

"Two dessert generals, two knight-level cadres, and the extra strength is no less than Cracker's you!""

"With such a lineup, even if it is not the opponent of Su Yang, it should not be destroyed by the group! 35

At the same time, Owen, the fourth son of Charlotte Linlin, also questioned Daifuku in disbelief.

Charlotte Daifuku is not at all surprised by the shock and questioning of her two brothers.

Even... He also thinks that if he hadn't personally participated in this battle, he might not be able to understand how powerful Su Yang's group can be!!!

He sighed slightly and said in a desolate tone:

"Yeah...yeah...I didn't think so at first! 35

"What's even more ironic is... Su Yang and the others... only four people came out, and they beat us all to pieces!

"If it wasn't for the fruit awakening at a critical moment, then I might not be able to come back to see you!"

In the end, as the eldest son, Charlotte Perospero, after hearing Daifuku say this, also understands that this time there must be something they don't know.

Moreover, the awakening of the fruit in Dafu's mouth also surprised him.

After all, in the entire BIG·MOM pirate group, apart from their mother Charlotte Linlin, only himself and his second child Katakuri developed the Devil Fruit ability in their bodies to the point of awakening!

So, he also asked Charlotte Daifuku:

"Fruit Awakening???"

"Dafu, what's the matter? You will tell us in detail!"

Listening to her elder brother's question, Charlotte Daifuku put away a little sad expression.

He nodded, and started talking with Pokemus and Baron Dandan as the advance officers of the first ceremony and then the soldier, to find the Mermaid King Neptune to negotiate, and then he was rejected by Neptune in the dragon palace of The fish men island.

At the same time, Duke Rooster, who was also involved in the whole incident, will also make supplements at an appropriate time.

Until the two of them said, Daifuku, Snag, and Cracker decided to use The fish men island to start a war with them, and then the Dimension Pirates stabbed them horizontally.

"That's it... Snag was killed by Uchiha Madara, Cracker by Diablo's hands!

"And I... met that guy Ace Kano!

"Originally, my life was on the line, and at a critical juncture, the fruit's ability was awakened, allowing my lantern to act independently of the body!"

"While my lantern and Ace Kano are fighting, Jinbei and that old Neptune come with reinforcements!

"I had to use the unique trick attached to the awakening to make the lantern demon self-destruct, which saved me!"

"During the explosion, I saw that Baron Dandan was still breathing, so I rescued him together, grabbed a pirate ship, and came back..."<sup>5</sup>

Charlotte Daifuku said word by word, and finally finished her experience in The fish men island.

After he finished speaking, several people in the living room were contemplating.

"I didn't expect... We still underestimate Su Yang, and we still underestimate the Dimension Pirates!"

"Fortunately, we have now formed a pirate alliance with Kaido's Beasts Pirates to fight Su Yang together!

"Katakuri... After all, there is no way to hide such a big thing from my mother!

"Mom, you still have to take the lead and talk to mom!"

After contemplating for a moment, Charlotte Perospero finally made a decision. After he sighed a few words, he also turned his head and said to Katakuri.

"Okay! I'm going to tell my mother myself!"

"Dafu, according to what you said, the self-destructing lamp demon should damage your lifespan, right?"

"I'll have someone give you some new lifespan in a while, and you will make up your own lifespan first!"

"Dessert will be missing two spots all at once, so it can't be empty all the time!"

"It just so happens that you have also awakened, and the two new vacancies will be filled by you and Perospero!"

Charlotte Katakuri is still the same high-cold look, only after he answered Perospero with his low and magnetic voice, he turned his head and said to Charlotte Daifuku.

Katakuri's words finally made Dafu An a little distracted.

With the assurance of Katakuri, he no longer has to worry about his mother taking his life away because of the failure of the action and the death of his two younger brothers.

He hurriedly replied: "Yes! Brother Katakuri! I'll go and fill up my lifespan first!".0

"Su Yang!!! I'm going to tear you to pieces!!!"

"As for the Dimensional Pirates he founded, I will also kill them all, destroy them, and die!!!"

Charlotte Linlin's rage-filled roar echoed across Cake Island.

Prometheus has also ignited a raging flame at this time, attached to Charlotte Linlin's head, setting it off like an angry ghost.

Although Charlotte Katakuri was in the middle of the reconciliation, Charlotte Linlin didn't find Daifuku to settle the account immediately.

But Su Yang and his former Whitebeard 17th Division, the current Dimension Pirates, are completely hated by Charlotte Linlin.

Her dream since childhood was to create a country where people of all races in the world can live together.

So she has been working hard all these years, not to mention her son-in-

law, and she is still giving birth to children like crazy.

Snag and Cracker are her favorite children.

What's more, they have great strength.

But in her opinion, such an "excellent" child was killed by Su Yang and his Dimensional Pirates!

It's just not taking her Charlotte Linlin and her BIG MOM pirates in the eye.

Looking at Charlotte Linlin's somewhat terrifying state of anger at this time, Charlotte Perospero also flashed a look of horror on her face.

It's not that he was terrified by his mother's words to go hard steel with Su Yang and the Dimensional Pirates.

But Charlotte Linlin has bulimia!

Every time she was very emotional, there would be something special she wanted to eat.

If she can't eat, her bulimia will flare up.

When he becomes mad, he is completely ignorant of the six relatives.

People stop killing people, and Buddhas stop killing Buddhas.

It was not until she ate what she suddenly wanted to eat that her emotions and state could calm down and stabilize.

no!

Must be advised first!!!

Thinking of this, Perospero and Katakuri exchanged glances.

"Mom! Calm down! Calm down!"

"According to our information, although Su Yang and his Dimensional Pirates, the crew members on board are generally stronger!

"4.6 But so what? We're now in a pirate alliance with Kaido's Beasts Pirates!

"In my opinion, now is a good time to cooperate!

Immediately, Charlotte Perospero spoke quickly and advised Charlotte Linlin.

"Kaido?"

Sure enough, Perospero's words caught Charlotte Linlin's attention, and she seemed to regain some sanity in her rage.

She also reacted at this time, and she agreed to alliance with Kaido before, not because she was worried about the occurrence of this situation at this time.

Now, as expected, the strength of Su Yang and his crew is really not something that his family can resist, so naturally they have to stand shoulder to shoulder with allies!

Figured out this section, Charlotte Linlin also took out the phone bug that had contacted Kaido before and dialed it.

"Blu blu blu~"

"Blu blu blu~"

"Linlin!!! You contacted me, are you planning to join forces to fight against Su Yang?"

The call was quickly connected, and Kaido's expression appeared on the face of the phone bug, and then Kaido's voice sounded from the phone bug's mouth.

And Kaido's first sentence when he answered the phone also proved that he also knew at this time that Charlotte, Daifuku and the others ate deflated at The fish men island!

230 Kaido's handwriting!!!

"Kaido! What happened on my side, now that you know!"

"Then you should also be clear about what it means for Su Yang and the others to enter the New World!"

"Our next move is not only to be fast, but also to put the elite power in

our hands together!

"Spread apart, he will only be destroyed one by one!"

"It's just like... in the Valley of the Gods!!!"

Hearing that Kaido already knew what was happening on his side,

Charlotte Linlin went straight to the point and said her thoughts.

Hearing Charlotte Linlin mentioning the battle in the Valley of the Gods,

Kaido on the other end of the phone line 10 also had a gloomy face and

gulped down a gourd of wine.

\*!

Back then, in the Valley of the Gods, if the cadres of Rocks Pirate hadn't

spread out, and even had quarrels with each other, how could Garp and

Roger join forces to overthrow them one after another?

At the moment, Su Yang is like Garp and Roger who had already teamed

up at that time, and he has already suffered a loss, so naturally he will

not give Su Yang and them another chance to attack!!!

"The thing about the Valley of God, I will not prepare to experience it a

second time!"

"Linlin!!! I will let the three disasters take the six sons of the volley to

Vaal Island!"

"The next action, let the juniors discuss it, and the land that is conquered

will be five or five points according to the previous agreement!!!"

After pondering for a while, Kaido also spoke to Charlotte Linlin.

As for the Vaal Island he mentioned, it was the island closest to the

BIG·MOM pirates after their Beasts Pirates swallowed and expanded

during this period of time.

When Charlotte Linlin heard that Kaido would send all the three disasters

and the six sons of the sky, she was quite amazed at his handwriting, and

at the same time, she was even more frightened by Su Yang's strength.

Even...to make Kaido take this seriously!

There were thousands of thoughts in her heart, but Charlotte Linlin's face didn't change, she even put on her usual smile and said:

"Mmmmm~~~ Kaido, since you dispatched all three disasters at the same time, then I can't be stingy!"

"I'll send my Dessert Four Stars and a few knights to Vaal Island to join them!"

When Katakuri took the lead in reporting to Charlotte Linlin what happened to Daifuku and the others on The fish men island, he also awakened the Daifuku fruit, and mentioned it and Perospero as the stars. Charlotte Linlin listen.

Therefore, when Charlotte Linlin was discussing with Kaido, she was also talking about the dessert star!

After all, in front of pirate allies, you can't weaken your own limelight!!!

In this way, after the two giants with ulterior motives agreed on everything, they hung up the phone and began to arrange 523 to cooperate to search the Whitebeard Pirates site.

On that day, Kaido Beasts Pirates, the three generals and the six sons of the volley, who originally scattered to search the territory, all converged toward Vaal Island.

In the same way, the BIG·MOM pirates also sent Perospero, Katakuri, Daifuku, and Owen, along with a few knights, and drove towards Vaal Island.

And the BIG·MOM pirates went to search the Whitebeard site before, and the various fleets of the fleet formed.

Except for the dessert, Smudge, the star will rush to Vaal Island with his fleet, and the rest of the ministers also quickly returned to the world to avoid the edge for the time being.
